## AMMON BUNDY

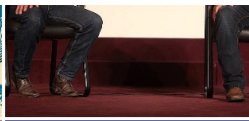

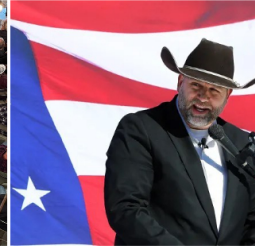

May 22, 2023

This time last year, Diego and I celebrated CPS' reluctant return of Diego's grandson Cyrus. However, since then we have been hunted like the early day reformers and are now both fugitives of the law. All because we would not stay silent about the wrongful taking of baby Cyrus. We are now in a new stage of deterioration in the legal process where our children can be taken and if we don't shut up about it powerful institutions will use the force of law to punish us.

**realammonbundy** St. Lukes hospital executives are:

- Seeking 7.5 million in punitive damages from Diego and I.
- Seeking to have me arrested & fined.
- Committing horrible crimes against children in Idaho.
- Using the courts to silence anyone who may tell the truth about what they are doing.

It's a humiliation ritual. They will throw however much money they want at this case, even if they can't get a return, because they just need to crush you. They have to use you as an example for the rest of us. Ammon. We have surrendered too much ground to the institutions, to media, to academia, to the corporations, to the many mechanisms of decay. They have infected every facet of our decent and wholesome lives. So, that any common man who speaks up against their perversion and wickedness is squashed from every side. Those who have followed you and know you, love you. Ammon. We love you. We love your family. We love what you've stood for and stood against. It's deeply saddening to see you have to go up against this monolithic evil and feel helpless. We have to keep up the good fight though! There's nowhere left for us to run. We are behind you, because we, like you, have nothing left.

## AMMONBUNDY

May 27, 2023

This time last year, Diego and I celebrated CPS' reluctant return of Diego's grandson Cyrus. However, since then we have been hunted like the early day reformers and are now both fugitives of the law. All because we would not stay silent about the wrongful taking of baby Cyrus. We are now in a new stage of deterioration in the legal process where our children can be taken and if we don't shut up about it powerful institutions will use the force of law to punish us.

**realammonbundy** St. Luke was a doctor a healer. Hospitals all around the world use his name for their medical facilities. Baby Cyrus, his mother, and his father went there for help and it ended up being a nightmare. This isn't what St. Luke would have wanted. Hospitals were meant to help, not hurt.

realammosbundy Update from June 7, 2023

St. Lukes and Holland & Hart are trying to make an example out of Diego and I by suing us for 7.5 million dollars for speaking out when Baby Cyrus was taken.

It appears that Holland & Hart is trying to stifle the people's voices and crush their ability to speak out against institutions or the government when they do wrong.

St. Luke's Children's Hospital webpage is still advertising minor hormone therapy and sex change surgeries. This video gives proof.

Here is a link to one of St. Luke's Hospital pages advertising transgender surgeries and hormone therapy for minors:  
<http://www.stlukesonline.org/communities-and-locations/facilities/clinics/st-lukes-childrens-essence-clinic>

Idaho passed a law that made both minor hormone therapy and child sex change surgeries illegal. However, that Idaho law does not go into effect until 2024. I guess all the children until then are sacrificial lambs to St. Luke's Hospital executives.

Edited · 10w

gloriaurwin1

Although ID CODE 18-1506B was signed into Law, it has not deterred those performing sex change to minors. Child mutilation, blockers & more because the Law does not go into effect 2024. This is a HUGE problem, there must be a window that allows for criminal charges retro to 2020. ALL entities, Parties, Individuals, Dr's, Medical facilities, Hospitals, establishments & Government involved in this atrocity must be held accountable for the damage already performed. Question is how will these big money players covered it up in 2024?

What happens to all the innocent children who's lives have already been destroyed?

Wake up Idaho! ID LAW does have in place protection for Children from any type of exploitation but it is being broadly ignored & manipulated by Leftist Liars(Lawyers) Police, Government & Courts. ID CODE: 18-1514.

St. Luke's executives, lawyers & witnesses lied to the jury many times. Here are a few examples of them lying to the jury. No wonder the jury was so motivated to hang us with \$52 Million. Idaho is not a place for lying doctors, lawyers, executives and reporters...go somewhere else to do your lying!

9w

Yup everyone lies except Bundy and Trump just trust us! I did nothing to Malheur National Wildlife Refuge, really it's all okay. What a bunch of BSI!

I wonder if they will ever leave my family alone?

This could happen to you...

8w

What possibly could be so important that they needed to haul you off from a parent/sports event. They couldn't wait til you were leaving they had to traumatize your family and poor strong wonderful wife!! SMH I will never understand it. I hope you are making sure to document this. You and your family are so important to our history. Thank you for always standing on what is right!

Evidence that CPS Agents Meridian Police & St Luke's Staff LIED about why they took Baby Cyrus

8w

slimkatie.x

I remember seeing a blog post by baby Cyrus' grandpa telling their side of the story when this first happened. It made sense and I wanted to show it to my friend recently so they could see both sides, but I can't find it again. Do you have the link?? Thank you!

This is purely political. How did the hospital come to know the Cyrus parents were affiliated with Ammon Bundy? It seems that the goal all along was to get to him. What was their plan next? Tell Ammon that if he stopped running for office they would let Cyrus go? It is difficult to believe this could happen in the US but even more difficult to imagine it happening in Idaho. Years ago I wrote a PR type book for law enforcement. The basis of the short book was about things police can do to restore trust and to combat the made up negative press. Things like this make it difficult to openly support law enforcement. The things the officers do while "just following orders" are disturbing.

iliveinabunker We had our hearing yesterday dealing with the pro transgender activist doctor who started a cps inquiry on my grandson here in Montana. Thank goodness the local cps ladies were reasonable and fair and realized that the complaint was retaliation for my daughter firing this doctor. My grandsons are home w my daughter tonight. These doctors use these complaints as a way to punish parents who disagree with them it's becoming obvious.

So sad. St Luke's did something very controversial and when protesters respond due to unwarranted police action and unjustified removal of child, they use their might and finances to destroy their opponent. Bully tactic. This is VERY dangerous.  
The attorney did not cite the facts correctly at all. The parents shld have been involved in every action taken to help this child. The decision to remove child cld have ended in a tragedy to the baby.  
Every customer of St Luke's shld be watching this closely. I don't know anyone who believes St Luke's CEO is doing the right thing. Terrible decision.

glotaurwin1 Thank you for standing firm on your values. Praying that Justice prevails. They will try to use your videos against you & they will try to blame you for people sharing them. They are EVIL LIARS! Every video & Post I share. I share at my own will. 1st Amendment. Nobody including Ammon Bundy ever asks me or expects me to share anything. I will share this video, letters and anything Ammon provides...why wouldn't I? The information is real, directly from the source & I want people to hear truth since the media & Lawyers like to take clips to fit their narrative to manipulate public opinion.

Damning evidence that Idaho CPS, Meridian Police and St. Luke's Hospital wrongfully took a baby and will stop at nothing to silence.

I'm so glad you didn't go to that joke of a court proceeding! They don't really have power without our consent. They do such a good job of manipulating and convincing folks to participate that's it's pretty easy to get the folks to consent/participate. I wish more people would learn actual law and understand who we are and the blessing of our natural rights given by God.
