**AFFIDAVIT OF ANNE HENDERSON
HAWS IN SUPPORT OF MOTION
FOR CONTEMPT AGAINST DIEGO
RODRIGUEZ**

WITH EXHIBITS A-C

STATE OF IDAHO)
 :ss.
County of ADA)

I, Anne Henderson Haws, being first duly sworn upon oath, depose and state as follows:

1. I am an attorney with the firm of Holland & Hart LLP (“Holland & Hart”) and serve as counsel for the Plaintiffs in this case. I make this declaration based on my personal knowledge.

2. This Motion seeks removal of the online content identified in Exhibit A to this Affidavit and sanctions for the posts removed by third parties. **Exhibit A** is a true and correct index of Diego Rodriguez’s online posts in violation of the court’s permanent injunction entered on August 25, 2023 (“Permanent Injunction”).

3. **Exhibit B** is comprised of Mr. Rodriguez’s posts that violate the Permanent Injunction on <https://freedomman.ws>. True and correct copies of these webpages are set forth individually at **Exhibits B1-B80**.

4. **Exhibit C** is comprised of Mr. Rodriguez’s posts that violate the Permanent Injunction on <https://stlukesexposed.ws> and <https://stlukes.exposed>. True and correct copies of these webpages are set forth individually at **Exhibits C1-C50**.

5. **Exhibit D** is comprised of Mr. Rodriguez’s posts that violate the Permanent Injunction on <https://www.facebook.com/SaveBabyCyrus>. True and correct copies of these webpages are set forth individually at **D1-D90**.

6. **Exhibit E** is a true and correct copy of the Permanent Injunction. The Permanent Injunction includes evaluation of the evidence presented at trial, which included testimony from 24 witnesses and thousands of pages of documentary evidence over the course of an eight-day trial. The Permanent Injunction was duly served on Diego Rodriguez, as reflected in the

certificate of service. Mr. Rodriguez was served in his individual capacity as well as in his capacity as an agent and principal of Freedom Man Press LLC and Freedom Man PAC.

7. **Exhibit F** is a true and correct copy of the Default Judgment entered in this case on August 29, 2023.

8. As an extra measure of notice to Mr. Rodriguez, on September 13, 2023, my office sent him a cease-and-desist letter with a copy of the Permanent Injunction enclosed. **Exhibit G** is a true and correct copy of a cease-and-desist letter sent to Mr. Rodriguez. On September 20, 2023, my office also sent Mr. Rodriguez cease-and-desist letters with a copy of the Permanent Injunction in his capacity as principal of Freedom Man Press LLC and Freedom Man PAC. True and correct copies of these letters are attached hereto as **Exhibit H** and **Exhibit I** respectively. The three cease-and-desist letters were mailed to 1317 Edgewater Drive, #5077, Orlando, FL 32804, the address Mr. Rodriguez provided and used in this litigation, including in his pro se Answer and other captions to court filings. The three cease-and-desist letters were also emailed to Mr. Rodriguez at freedommanpress@protonmail.com. My office has used this email address to communicate back and forth with Mr. Rodriguez throughout this lawsuit. This is also the email address Mr. Rodriguez uses for e-service on iCourt.

9. My office, on behalf of Plaintiffs, are also taking the additional, onerous steps to request from the many third-party platforms that posts be removed based on the findings of fact and conclusions of law accompanying the Court's Permanent Injunction. This should not be Plaintiffs' burden; Mr. Rodriguez has been ordered to remove the same posts. But Plaintiffs are nonetheless taking all steps to combat the ongoing harm that Mr. Rodriguez inflicts with his refusal to obey the Permanent Injunction.

10. After the Permanent Injunction was entered, Mr. Rodriguez added further defamatory statements to <https://stlukesexposed.com>. For instance, on or around October 1, 2023, he added an “FAQ” page to the site, repeating the falsehood that “CPS works together with law enforcement and ‘health care’ organizations like St. Luke’s to kidnap babies under the guise of ‘medical emergencies’ in order to get money provided to them through the Federal Government’s ASFA program” now found at <https://stlukes.exposed> website. **Exhibit C12** at p. 4. On or around October 10, 2023, Mr. Rodriguez added to <https://stlukesexposed.com> defamatory web posts regarding trial witnesses Christopher McGilvery and Sean King, repeating the same lies about them originally posted on his <https://freedomman.org> website, now found on the <https://freedomman.ws> website and <https://stlukes.exposed> website. **Exhibit C29** at pp. 4-5. On or around November 1, 2023, Mr. Rodriguez added a new post linking to a video on “government subsidized trafficking” to his <https://freedomman.org> website. **Exhibits B74 and B75.**

11. Mr. Rodriguez continues to promote himself in the extremist quasi-media. In December 2023, Mr. Rodriguez appeared in an interview with “North Idaho Exposed,” in which he repeats that the Infant was kidnapped illegally by government-subsidized child trafficking. A true and correct copy of this video was downloaded at my direction from <https://rumble.com/v425m7r-diego-rodriguez-sheriff-mack-show-december-19-2023.html> and is attached hereto as **Exhibit J**. On January 22, 2024, Mr. Rodriguez appeared on the John B. Wells show to repeat (among other lies) the false conspiracy theory about St. Luke’s, the Infant, and child trafficking. A true and correct copy of this video was downloaded at my direction from <https://rumble.com/v48nslf-save-our-children-john-b-wells-live.html> and is attached hereto as **Exhibit K**.

12. Mr. Rodriguez did not respond to the cease-and-desist letters. My office did, however, have more success with the take-down requests to third-party platforms. Once served with the Permanent Injunction, third parties took down <https://freedomman.org> and <https://stlukesexposed.com> on or about December 4, 2023.

13. In response to the third parties' take-down of the defamatory webpages, Mr. Rodriguez has re-posted identical content in violation of the Permanent Injunction, using offshore hosts to frustrate third-party removal of the defamatory posts. While the defamatory <https://freedomman.org> posts have been properly taken down by third parties, the same content was posted at <https://freedomman.ws> and <https://freedomman.nl> in blatant defiance of the Permanent Injunction. The content at <https://freedomman.ws> remains online. The content at <https://freedomman.nl> was removed from online on or about April 12, 2024, although it is uncertain whether the <https://freedomman.nl> website will remain down.

14. In the same manner, Mr. Rodriguez reposted the content from <https://stlukesexposed.com> at <https://stlukesexposed.ws> and <https://stlukesexposed.nl>. In February 2024, my office, on behalf of Plaintiffs, filed a complaint in accordance with the Uniform Domain Name Dispute Resolution Policy ("UDRP"). The purpose of the UDRP complaint was to protect St. Luke's trademarks from use by Mr. Rodriguez. The relief in the UDRP Complaint was granted on March 20, 2024, by the Forum on Domain Disputes. The <https://stlukesexposed.com>, <https://stlukesexposed.net>, and <https://stlukesexposed.ws> domain names were transferred to St. Luke's due to the trademark violations in the URLs. A true and correct copy of the order to transfer the domain names, entered March 20, 2024, is attached hereto as **Exhibit L**. As a result of this transfer, the <https://stlukesexposed.ws> has been taken

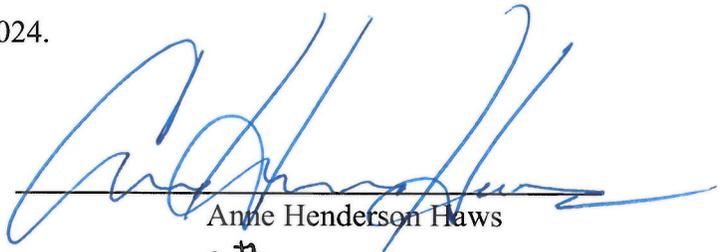

down. Around the same time, <https://stlukeseExposed.nl> was taken down, although it is uncertain whether the <https://stlukeseExposed.nl> website will remain down.

15. Shortly afterward, on or about April 5, 2024, Mr. Rodriguez caused the same defamatory content to again be posted at <https://stlukeseExposed.nl>. A true and correct copy of Mr. Rodriguez's announcement in a Telegram post regarding reposting the defamatory content is attached hereto as **Exhibit M**.

16. Earlier in this case, Mr. Rodriguez refused to show up to hearings regarding Plaintiffs' prior contempt motion charging him with violations of the court's protective order prohibiting witness intimidation. There is an outstanding warrant of attachment for him to be brought before the Court to be arraigned on the earlier contempt charges, which the Court issued on June 7, 2023. A true and correct copy of the record of his outstanding warrant, from the Ada County Sheriff's Office, was downloaded at my direction from <https://apps.adacounty.id.gov/sheriff/reports/warrants.aspx> and attached hereto as **Exhibit N**. A true and correct copy of excerpts from the June 6, 2023 hearing transcript when the Court ruled it would issue a warrant for Mr. Rodriguez is attached hereto as **Exhibit O**. While Mr. Rodriguez could have voluntarily appeared for arraignment on the earlier contempt charges, he failed to do so. This pattern of avoiding hearings that might result in him being held accountable demonstrates the improbability of his voluntary appearance for arraignment for violations of the Permanent Injunction.

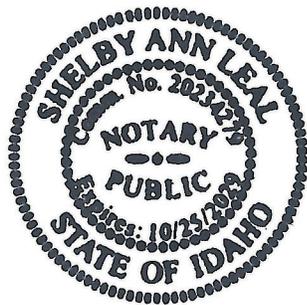

I declare under penalty of perjury of the laws of the State of Idaho that the foregoing is true and correct.

Executed this 8th day of April, 2024.

Anne Henderson Haws

SUBSCRIBED AND SWORN TO before me this 8th day of April, 2024.

At Least 8 Laws Broken by Police, CPS, and Others When Kidnapping Baby Cyrus:

Click here for a review of the Constitutional Rights Violated by Police Officers and Judge Laurie Fortier in Baby Cyrus's Kidnapping

#1 - Idaho Statute 16-1601 was broken

No effort was made to maintain family unity, on the contrary, Baby Cyrus was ripped away from his parents and his breast-feeding mother was arrested and put in jail without just cause and without any evidence to justify her arrest.

TITLE 16
JUVENILE PROCEEDINGS
CHAPTER 16
CHILD PROTECTIVE ACT

16-1601. POLICY. The policy of the state of Idaho is hereby declared to be the establishment of a legal framework conducive to the judicial proceedings, including periodic review of child abuse, abandonment and neglect cases, and the protection of any child whose life, health or welfare is endangered. At all times, the health and safety of the child shall be the primary concern. **Each child coming within the purview of this chapter shall, upon being taken into the care, guidance and control that will promote his welfare and the best interest of the state of Idaho, and if he is removed from the control of one (1) or more of his parents, guardian or other custodian, the state shall secure adequate care for him; provided, however, that the state of Idaho shall, to the fullest extent possible, seek to preserve, protect, enhance and maintain the family unit.** Nothing in this chapter shall be construed to allow discrimination on the basis of disability. This chapter seeks to coordinate efforts by state and local public agencies, in cooperation with private agencies and organizations, citizens' groups, and concerned individuals, to:

- (1) Preserve the policy and unity of the family;
 - (2) Take such actions as may be necessary and feasible to prevent the abuse, neglect, abandonment or homelessness of children;
 - (3) Take such actions as may be necessary to provide the child with permanency including permanent planning;
 - (4) Clarify for the purposes of this act the rights and responsibilities of parents with joint legal or joint physical custody of children at risk; and
 - (5) Maintain sibling bonds by placing siblings in the same home when possible, and support or facilitate sibling visitation when not, unless such contact is not in the best interest of one (1) or more of the children.

You can watch the videos yourself and see that the actions taken by police officers under the direction of CPS/Idaho Department of Health and Welfare did not obey 16-1601. Baby Cyrus was snatched out of his mother's arms, was taken out of his home and the privacy and unity of the family was not preserved even though it was more than "possible."

#3 - Idaho Statute 32-1010 was broken

The government of Idaho did not preserve the fundamental rights of the parents as guaranteed in this statute. They also did not satisfy the requirements noted in section 32-1013 (read below)

TITLE 32 DOMESTIC RELATIONS CHAPTER 10 PARENT AND CHILD

32-1010. IDAHO PARENTAL RIGHTS ACT. (1) This section through SECTION 32-1011, IDAHO CODE, SHALL BE REVOKED AND MAY BE CITED AS THE "Idaho Parental Rights Act."

(2) The interests and role of parents in the care, custody and control of their children are both implicit in the concept of ordered liberty and deeply rooted in our nation's history and tradition. They are also among the unalienable rights retained by the people under the Ninth Amendment to the Constitution of the United States.

(3) The interests of the parents include the right to determine and direct the child's upbringing and education.

(4) The state of Idaho has independent authority to determine and direct the child's upbringing and education.

(5) The protections and rights recognized in sections 32-1011 through 32-1014, Idaho Code, are stated in the New Process of Law guaranteed pursuant to section 11, article 1, of the constitution of the state of Idaho.

(6) Governmental efforts that restrict or interfere with those fundamental rights are only justified if that restriction or interference satisfies the strict scrutiny standard provided in SECTION 32-1013, Idaho Code.

(7) Nothing in this act shall be construed as altering the established presumption in favor of the constitutionality of statutes and regulations.

(8) The provisions of the Idaho parental rights act are hereby declared to be severable, and if any provision of the act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of the remaining portions of the act.

History:
[(32-1010) added 2017, ch. 219, sec. 1, p. 481; am. 2021, ch. 344, sec. 1, p. 482.]

<https://legislature.idaho.gov/statutesrules/idstat/Title32/T32CH10/SECT32-1010/>

The Parental Rights Act was completely disregarded and disobeyed. Section 6 above notes that the Idaho State Government only has permission to interfere with Parental rights if the "strict scrutiny standard" provided in Section 32-1013 is satisfied.

Well that "strict scrutiny standard" reads as follows

32-1013. INTERFERENCE WITH FUNDAMENTAL PARENTAL RIGHTS RESTRICTED. (1) Neither the state of Idaho, nor any political subdivision thereof, may violate a parent's fundamental and established rights protected by this act, and any restriction of or interference with such rights shall not be upheld unless it demonstrates by clear and convincing evidence that the restriction or interference is both:

- (a) Essential to further a compelling governmental interest; and
- (b) The least restrictive means available for the furthering of that compelling governmental interest.

How was kidnapping Baby Cyrus essential to further a compelling government interest? And how is kidnapping him and terminating parental rights the "least restrictive means of furthering" that non-existent "compelling governmental interest"?

This law was broken, plain and simple.

#4 - Idaho Statute 16-1629 subsection 11 was broken

After Baby Cyrus was wrongfully kidnapped by the State of Idaho, he still should have been placed with a "fit and willing" relative according to this Idaho Statute. There were any of a number of fit and willing relatives or "fit and willing non relatives with a significant relationship with the child," but the state made zero effort to place Baby Cyrus with any of them. They broke this law:

(1) At any time the department is considering a placement pursuant to this chapter, the department shall make a reasonable effort to place the child in the least restrictive environment to the child and it so doing shall consider, consistent with the best interest and special needs of the child, placement priority of the child in the following order:

- (a) A fit and willing relative;
- (b) A fit and willing nonrelative with a significant relationship with the child;
- (c) Foster parents and other persons licensed in accordance with chapter 32, title 16, Idaho Code, with a significant relationship with the child;
- (d) ...

<https://legislature.idaho.gov/statutesrules/idstat/Title26/T16CH10/SECT16-1620/>

#5 - Idaho Statute 32-1013 was broken

This law requires that both a "compelling government interest" and "the least restrictive means available for the furthering of that compelling government interest" be demonstrated in order to justify the forceful taking of a child. In Baby Cyrus case, no evidence was presented and Baby Cyrus was simply kidnapped and taken away from his breast feeding mother. All evidence from doctor's who reviewed Baby Cyrus demonstrated that he was healthy and in no imminent danger. This law was broken.

TITLE 32
DOMESTIC RELATIONS
CHAPTER 10
PARENT AND CHILD

32-1013. INTERFERENCE WITH FUNDAMENTAL PARENTAL RIGHTS RESTRICTED. (1) Neither the state of Idaho, nor any political subdivision thereof, may violate a parent's fundamental and established rights protected by this act, and any restriction or interference with such rights shall not be valid unless it is demonstrated by clear and convincing evidence that the restriction or interference is both:

(a) **Essential to further a compelling governmental interest, and**

(b) **the least restrictive means available for the furthering of that compelling governmental interest.**

(2) The foregoing principles apply to **any interference** whether now existing or hereafter asserted.

(3) **Nothing in this act shall be construed as invalidating the provisions of the child protection act in chapter 16, title 16, Idaho Code, or modify the burden of proof at any stage of proceedings under the child protection act.**

(4) **When a parent's fundamental rights protected by this act are violated, a parent may assert that violation as a claim of defense in a judicial proceeding and may obtain appropriate relief against the governmental entity.**

(5) If a parent prevails in a civil action against the state, or a political subdivision thereof, as provided in subsection (4) of this section, the parent is entitled to reasonable attorney's fees and costs.

History:
1991-1813, Added 2015, ch. 219, sec. 4, p. 881.

<https://legislature.idaho.gov/statutesrules/idstat/Title32/T32CH10/SECT32-1013/>

#6 - Idaho Statute 16-1610(2)(i) was broken

This law requires that the government provide PROOF that "reasonable efforts have been made prior to the placement of the child in care to prevent the removal of the child from his home." Absolutely ZERO efforts were made and they even admit this in their own documentation which you can see below:

(i) If the child has been or will be removed from the home, the petition shall state that:

(I) Remaining in the home was contrary to the welfare of the child;

(II) Vesting legal custody of the child in the department or other authorized agency is in the best interests of the child; and

(III) Reasonable efforts have been made prior to the placement of the child in care to prevent the removal of the child from his home or, if such efforts were not provided, that reasonable efforts to prevent placement were not required because appropriate circumstances were present.

<https://legislature.idaho.gov/statutesrules/idstat/Title16/T16CH10/SECT16-1610/>

Again, the State of Idaho requires in State Statute 16-1610 subsection i-3, that "reasonable efforts be made prior to the placement of the child in care to prevent the removal of the child from his home." In other words, it is required in the state of Idaho that CPS demonstrate that it made "reasonable efforts" to ensure that a child is not forcibly removed from its parents when it is not necessary. The proof of these "reasonable efforts" must be attested to in the affidavit. But the only thing Roxanne Prutz put in her affidavit was:

"4. That reasonable efforts to eliminate the need for shelter care were: the Department has no prior history with this family."

parent has Native American or Alaska Native (NA/AN) heritage. The Department will continue to assess for NA/AN heritage.

6. That reasonable efforts to eliminate the need for shelter care were: **the Department has no prior history with this family.**

if you are shaking your head in dismay trying to figure out what that means, you are not alone. This is a clear demonstration of either one, total incompetence or two, blatant disregard for the rule of law. There is no third option. It appears that Roxanne Prutz is using a form letter or template and simply copying and pasting information into this document and that she copied and posted a statement that has nothing to do with "reasonable efforts to eliminate the need for shelter care."

#7 - Idaho Statute 16-1602 was violated

Idaho State Law requires that "abuse" be defined as something that was CAUSED by the parents through "conduct or omission." Therefore if Levi and Marissa Anderson (Baby Cyrus's parents) were to be charged with "abuse," evidence would have to be shown which demonstrated that they were the cause of Baby Cyrus's "failure to thrive." Not a single shred of evidence was provided in the entire process.

16-1602. DEFINITIONS. For purposes of this chapter:

(1) "Abused" means any case in which a child has been the victim of:

(a) **Conduct or omission resulting in skin laceration, bleeding, bruising, burning, fracture or any other form of physical injury, acute illness, swelling, fall, or failure to thrive or death, and such condition or death is not justifiably explained, or where the history given concerning such condition or death is at variance with the degree or type of such condition or death, or the circumstances indicate that such condition or death may not be the product of an accidental occurrence; or**

(b) **Sexual conduct, including rape, molestation, incest, prostitution, obscene or pornographic photographing, filming or depiction for commercial purposes, human trafficking as defined in section 16-8852,**

...AND SO ON, OR OTHER SIMILAR FORMS OF SEXUAL EXPLOITATION HARMING OR THREATENING THE CHILD'S HEALTH OR WELFARE OR MENTAL INJURY TO THE CHILD.

<https://legislature.idaho.gov/statutesrules/idstat/Title16/T16CH16/SECT16-1610/>

#8 - Idaho Statute 16-1608 was violated

Idaho State Law requires that a child may only be taken from his family "where the child is endangered in his surroundings and prompt removal is necessary to prevent serious physical or mental injury to the child or where the child is an abandoned child." Baby Cyrus was neither abandoned nor was any evidence ever provided which demonstrated that he was endangered had he not been "removed" from his parents physical custody. **REMEMBER —they kidnapped Baby Cyrus! If they were concerned for his health and welfare, they could have allowed the parents to accompany Baby Cyrus to the hospital, which the video record demonstrates they were willing to do!**

16-1608. EMERGENCY REMOVAL.

(1) (a) A child may be taken into shelter care by a peace officer without an order issued pursuant to subsection (4) of section 16-1611 or section 16-1612, Idaho Code, only where the child is endangered in his surroundings and prompt removal is necessary to prevent serious physical or mental injury to the child or where the child is an abandoned child pursuant to the provisions of chapter 12, title 22, Idaho Code.

(b) An alleged offender may be removed from the home of the victim of abuse or neglect by a peace officer without an order, issued pursuant to subsection (5) of section 16-1611, Idaho Code, only where the child is endangered and prompt removal of an alleged offender is necessary to prevent serious physical or mental injury to the child.

LIES PEOPLE HAVE TOLD (About the Baby Cyrus Case)

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

#1 LIE—Baby Cyrus was in "Imminent Danger"

The claim of "imminent danger" is the only justification that law enforcement can use to legally kidnap a child. However, "imminent danger" has a very high threshold to reach—it essentially means that a child is about to die within moments if the child is not taken from his parents and put into the care of a physician.

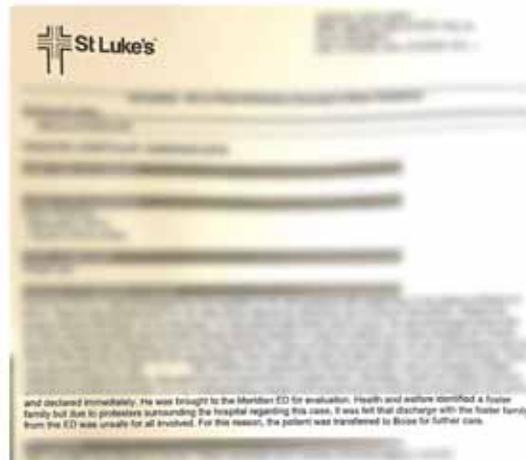

Imminent means "about to happen." It means NOW. It doesn't mean in days or weeks or more. Imminent is imminent!

Generally speaking, "imminent danger" should only be declared when a child is in an environment where he is being abused or assaulted (like what Idaho cops do to innocent people).

Regardless of what these police officers claim, they have not been able to provide one single shred of evidence that Cyrus was in "imminent danger." There is no evidence. It is all a lie!

They claim to only be going off of what "doctors say." But they still have provided no evidence. That means, that unless you and I stand up against this tyranny, any child can be kidnapped at any time and they can claim "imminent danger" because "doctors say so."

Additionally, we have documented proof that CPS knew Baby Cyrus was not in imminent danger and had him kidnapped anyway. As previously reported, Baby Cyrus medical records from St. Luke's said this:

Notice it says that "Health and Welfare had already identified a foster family" but decided not to discharge Cyrus with the foster family because they felt it was "unsafe." Well...their entire case is built around the lie that "Baby Cyrus was soooo sick and malnourished that he needed to be in the care of doctors and medical professionals in the hospital." *But this is an absolute lie as they admit in their medical report above that they had already planned on immediately discharging Cyrus with a foster family!* So evidently Baby Cyrus was not in any type of medical emergency whatsoever! **He was not in "imminent danger."** It was all a lie!

Also watch the video on this page that shows the video evidence that Baby Cyrus was never in "imminent danger." **They Lied to You—New Video Evidence Proves that Baby Cyrus was a Perfectly "Healthy Baby" When He Was Kidnapped By Meridian Police**

#2 LIE—Marissa and Levi had missed multiple doctor's appointments for Baby Cyrus.

Several news outlets have reported that Marissa and Levi missed multiple doctor's appointments for Baby Cyrus. This is a flat lie. The only appointment that was ever canceled for Baby Cyrus was on March 11th with Aaron Dolezal. Aaron Dolezal then called CPS 10 minutes after the scheduled

missed appointment and got the entire kidnapping process started.

Reports that they missed appointment on March 5th or 6th or on any other date are just lies. They never had any other missed appointments.

Meridian Police Department's Statement is FULL OF LIES:

On March 12th, the day after the Meridian Police Department kidnapped Baby Cyrus, they released this statement that was full of lies!

<https://mike.us/DG4ZZ>

Let's chronicle the lies told in this statement....

Police were informed the child had been admitted to the hospital on Tuesday March 1, 2022 after medical personnel determined the child was suffering from severe malnourishment. This is a lie. Marissa and Levi took Baby Cyrus to St. Luke's after their Nurse Practitioner from Functional Medicine of Idaho suggested they go there for Baby Cyrus to be fully re-hydrated with an IV. Cyrus was not "suffering from severe malnourishment." That is a bald faced lie. Nor was the child "admitted to the hospital" as if they were forced there because of Cyrus's "malnourishment." On the contrary, Levi and Marissa took Baby Cyrus voluntarily to re-hydrate him with the understanding that they would return to Functional Medicine of Idaho with their Nurse Practitioner within hours.

During a follow up appointment earlier, this week it was determined the child had again lost a significant amount of weight and when the parents canceled the next follow up appointment and could not be located, the Meridian Police were contacted and advised this child's condition could lead to severe injury or even death if not treated. Baby Cyrus did not lose a significant amount of weight. He lost 35 grams, which is 1.23 ounces. And as far as not being able to be located, that is quite deceptive since the Nurse Practitioner, Aaron Dykstra, with whom the appointment was canceled only tried calling twice, while Marissa was sleeping before calling CPS. He didn't even try to call Levi or the emergency contact on the intake form. So this is just deception, pure and simple.

As far as the child's condition leading to severe injury or death, well, there is no way the police department can know that. So in their defense, we will assume they are just repeating false information they received from Aaron Dykstra.

Health and Welfare was able to contact the child's father, who agreed to bring the child in for an examination, but then failed to show up. Levi never agreed to bring the child in for an examination. He was simply sent the information by Nice Louloua, an aggressive social worker who demanded that Levi take Baby Cyrus to the Faces of Hope Victims Abuse Center. Sorry, but no sane parent is going to a place like that.

Officers attempted to contact the parents and check on the child at a residence in Meridian, but the occupants were uncooperative and refused to let officers check on the child's welfare. This lie is remarkable because I (Diego Rodriguez) was the one who met the officers at the door. They came to my house (not Levi's house) and Levi and Cyrus were not there. I never "refused" to let them in, I simply told them that Levi and Cyrus were not there. I also have 3 witnesses in the front room at the time who watched the entire thing and have signed affidavits testifying to the fact that I never "refused to let the officers check on the child's welfare." The officers who came to the door were Detective Hanson (Badge #3534) and Detective Jeff Fuller (Badge #3138). If these men wrote in their report that I "refused" to let them in, then THEY ARE LIARS.

Ammon BUNDY and several of his followers showed up to St. Luke's Meridian and refused to leave the property when asked to do so. After several attempts to get BUNDY to leave the property and his continual refusal to do so, the Meridian Police Department arrested BUNDY for trespassing. Again, the Meridian Police Department can't stop lying. They just can't. Ammon was never asked to leave the property. And he never once refused to do so. They are liars. Watch the video for yourself!

Twenty-three (23) year old Miranda CHARVOYA and twenty-one (21) year old Marissa ANDERSON were arrested for Resisting or Obstructing at the scene of the traffic stop and booked into the Ada County Jail for one (1) count each of misdemeanor Resisting or Obstructing Officers. Watch the video below and you decide whether or not Miranda and Marissa should have been arrested for "resisting or obstructing officers." Furthermore Miranda was plainly put under false arrest, twice! Once for "felony injury to a child" and second for "falsification to an officer." Both false charges and false arrests. Only after these incompetent buffoons realized they messed up, did they change the charge to "resisting or obstructing".

This is the 8 minute long video that shows how Meridian Police Officers forcefully kidnapped Baby Cyrus and arrested his Mother without any cause, reason, or evidence

This video has gone "viral" and has been viewed over 10 million times. Viewer discretion is advised as this video demonstrates GENUINE TYRANNY from police officers acting on behalf of the Idaho Department of Health and Welfare.

KTVB's Misleading Article is Full of Falsehoods:

Local fake news station KTVB published an article about Baby Cyrus's kidnapping, highlighting the fact that Ammon Bundy was arrested for protesting at the hospital last night. The article was full of misinformation. Here are the facts:

The Meridian Police Dept. said in a news release issued later Saturday morning that police on Friday received an Idaho Health and Welfare referral about a ten-month-old child who had been admitted to the hospital on March 1 "after medical personnel determined the child was suffering from severe malnourishment." This is just a total mischaracterization of the facts. Baby Cyrus had begun vomiting a month or so ago when Marissa started to introduce solid foods to him. Her and Levi spent countless hours researching every possible cause—going to doctors, naturopaths, specialists, and more—and all at great out-of-pocket expense. Cyrus would get better and then relapse. This happened a few times. As part of their continued research and care for Cyrus, they decided (reluctantly) to take Cyrus to St. Luke's so he could get an IV to help re-hydrate him after vomiting so much. The plan/idea was for him to be well so they could try different foods, formulas, or whatever—to see what Cyrus could take and what he could not.

To claim that "medical personnel determined the child was suffering from severe malnourishment" is an outright lie, and is obviously designed to make it look as if Levi and Marissa were not taking care of Cyrus.

Meridian Police said Health and Welfare was able to contact the child's father, who agreed to bring the child in for an examination, but then failed to show up. This is also a gross mischaracterization of the facts. Levi did contact Nice Loufoua, the social worker who had texted Marissa, and asked her what was going on? She refused to give any answers to him. He asked what they thought was wrong with Baby Cyrus since they were given a clean bill of health and discharged from the hospital. Nice refused to give Levi, Cyrus's father, any information and just demanded that he go immediately to a clinic because it is a "medical emergency." But she refused to tell him what the "medical emergency" was. She then texted him the address for "Faces of Hope Victim Center."

Would you take your child to a place called the Faces of Hope Victim Center after being verbally harassed by a social worker? Upon looking up this place, you can see that this is a victim center for child abuse. Levi and Marissa wisely recognized this as a setup.

According to Meridian Police, Bundy "and several of his followers" showed up to St. Luke's Meridian and refused to leave the property when asked to do so. This is a blatant lie. Ammon was never asked to leave the property. The police simply walked up to him and arrested him. You can watch the video above for yourself.

Did you know Cyrus has been in foster care previous to this current whole debacle? He had an open case. This isn't the first time this has happened. A lot of information is being left out to manipulate "the people" to a call to action.

Sarah Anne I'm not trying to start a fight or need sarcasm. I'm simply stating there's more to the story that is not being shared. I agree medical kidnapping is wrong and shouldn't be taking place. I am pro freedom etc. a cps employee, and a foster parent both said he was previously in foster care, this isn't the families first run in with cps.
As with almost anything these days, it would be appreciated if all of the information was being shared.

Sarah Anne I'll correct myself, a department of health and welfare employee, not cps.

Then there's ignorant gossip spreaders who reject truth, civility, and decency by loving to spread lies without evidence. RaeAnn Ellis here is a perfect example of someone who spreads "hearsay," and revels in doing so.

The lies and garbage she spreads could be said about any one—including her. She has no regard for truth, evidence, or reality. This is a wicked spirit of sin, that is prevalent and warned against in God's Word.

Proverbs 17:4 - A wicked doer giveth heed to false lips; and a liar giveth ear to a naughty tongue.

Exodus 23:1 - Thou shalt not raise a false report: put not thine hand with the wicked to be an unrighteous witness.

1 Timothy 5:13 - And withal they learn to be idle, wandering about from house to house; and not only idle, but tattlers also and busybodies, speaking things which they ought not.

Proverbs 19:5 - A false witness shall not be unpunished, and he that speaketh lies shall not escape.

Cyrus was completely unresponsive and exceedingly lethargic.

With St. Luke's, Cyrus had reactions on his cheeks, chin, and around his mouth because the hospital is evidently not cleaning his face when he spits up. He was being neglected by the hospital!

Most troubling are the pricks on his hands which show he has been jabbed at least 4 times!!! They claim it was only for the IV, but it makes no sense to have 4 jabs for a simple IV. Levi and Marissa were promised no vaccines would be given, nor would any medical procedure be performed without their express permission. Yet we see 4 jabs.

March 12th - Original Story of What Happened

March 12th, 2022 | by Diego Rodriguez

Last night, my grandson, Cyrus Anderson, was ripped from the arms of his mother (my daughter), by police officers from the Meridian Police Department. It was a kidnapping, pure and simple! There are no words or emotional expression that can describe the sheer measure of wickedness that we experienced, nor the feeling of being forced at gunpoint to separate from your child.

Make no mistake about it—this is not an extreme claim or emotional over-reaction—Baby Cyrus was kidnapped. This is happening more and more in America as unfettered social workers, in conjunction with arrogant and overreaching police officers forcefully steal children from their parents.

My daughter and son-in-law are wonderful, Christian, God fearing parents who have dedicated their life to loving and nurturing Baby Cyrus:

Marissa, Levi, and Cyrus Anderson on left. Grandpa Diego Rodriguez on right with Baby Cyrus.

THIS IS WHAT HAPPENED:

Baby Cyrus was sick last week and vomiting so my daughter took him to St. Luke's Pediatric Center where after receiving terrible treatment, they were released after about a week, with Baby Cyrus having a clean bill of health, after undergoing every exam, test, and review imaginable. We were all thankful and relieved to see Cyrus home and healthy.

Marissa and Levi continued to take Cyrus to a local pediatric office for additional review and weigh-ins. All was well and good, however Cyrus did have a day where he vomited again after trying goat's milk powder—which was suggested to help add calories to his food intake. Apparently, Cyrus has an issue where his body cannot fully digest proteins yet, so he has to stick to breastmilk still because he is not quite ready for solid food.

After Marissa woke up not feeling well in her stomach yesterday morning (Friday the 11th), she decided to call the Pediatrician's office to let them know she would not come in that day. That was it. That should have been that. But instead, the nurse practitioner called CPS and reported "child endangerment," and had CPS contact Marissa via text message.

Shortly thereafter, two police officers came to their address, asking for Baby Cyrus—but Marissa, Levi, and Cyrus were not there. So they put out a BOLO "Be on the Lookout" for Levi's truck. And last night, Levi, Marissa, and Cyrus, along with the rest of my family, were over at a friend's house enjoying dinner. We all left together in 2 separate cars and were followed by a Garden City police officer to a nearby gas station.

The police officer detained them and then called for backup. Within minutes, multiple officers arrived. The Meridian detectives then arrived along with well over a dozen officers and squad cars. They acted like they were arresting Al Capone. The officers violated multiple rights, did not follow the constitution or other laws and statutes and arrested both of my daughters, handcuffed Levi, and then forcefully stripped Baby Cyrus away from his crying mother (my daughter), for alleged "child endangerment" because they canceled a pediatric appointment and the doctor called CPS claiming that Cyrus was "underweight." Marissa was smart enough to Facebook livestream the whole ordeal because they took her into the ambulance to rip Cyrus out of her arms so it was out of public view.

That's it. That's the sum total of the ENTIRE STORY. An appointment was canceled. My grandson is "underweight." And that was enough for an overzealous Pediatrician, a control-freak social

worker, and scores of tyrannical police officers to violently rip my grandson away from his loving parents under the guise of a "medical emergency."

Only God knows what they are doing to Baby Cyrus. They can abuse him and harm him in irreparable ways. They have no right to take Baby Cyrus away! This is wickedness! If they did it to us, they can do it to anybody. They no longer need "just cause." They just do whatever they want, because NOBODY CARES, NOBODY RESPONDS, NOBODY PAYS ATTENTION, NOBODY DEMANDS JUSTICE!

Please don't let this happen to Baby Cyrus!!

CAN YOU PLEASE HELP US BY DOING THE FOLLOWING 3 THINGS?

We absolutely covet your prayers and ask you to surround Cyrus with your prayers. Additionally, we are humbly, before God, asking for you to help. If you've ever felt like, "what can I do?" then now is your chance! We ask that you do the following three things:

1. Please call St. Luke's Hospital in Boise at (208) 706-5437 and demand that they let Cyrus's parents take custody of Cyrus or at least be present with him.
2. Please post this link along with the attached image to your social media and contact everyone you know to share this story. Use #SaveBabyCyrus
3. Please show up to St. Luke's Hospital in Boise at 190 E Bannock St, Boise, ID 83712 TODAY, Saturday March 12th, @ 12:00 noon to protest with us and pressure St. Luke's to reconnect the Anderson family!

March 12th - Press Conference Tomorrow

Tomorrow at 2:00 pm our family will be holding a [Press Conference](#) at St. Luke's Hospital in Boise, ID. We will be setting the record straight in regards to what happened to Baby Cyrus and how he was kidnapped by Meridian Police, stripped away from his breastfeeding mother, and how they conveniently "lost" her diaper bag which included her wallet, cash, credit cards, driver's license and more.

We will also expose how Meridian Police illegally arrested my daughter Miranda who was sitting in the truck with Marissa and Levi, claiming to arrest her for "felony endangerment to a child" and accused her of being the mother—when she is not the mother! Imagine being arrested for a false accusation made against your sister!

We will also expose how Marissa was lied to and lured away from the support of those filming so she could be arrested in private. *Yes, she was promised that she would never be separated from Cyrus if she just complied.*

March 12th - Your Prayers Are Working!

Thank you for all of your support. We do not have Baby Cyrus back yet, but all of your efforts are working. Your prayers and actions are both making a difference, in spite of insurmountable odds and life-altering trauma, my daughter is holding up remarkably well. This can only be because of the WORK OF GOD through all of your prayers. We can't thank you enough.

Behind the scenes, we have heard from dozens of supporters who are making phone calls, having meetings, putting pressures, calling in favors, and more, to ensure that JUSTICE IS DONE and Baby Cyrus is returned to his mother. Many legislators are working in support and we have heard that even now some legislators are drafting new legislation to ensure this never happens again in Idaho (the legislature is back in session on Monday morning!).

Hundreds of people showed up to protest at St. Luke's hospital to protest the kidnapping. They are still here now (it is currently 3:10 pm Boise Time). **We are humbly asking people to show up every day to protest between 10:00 am and 8:00 pm until Baby Cyrus is back home.** We know that this is a lot to ask, but the People's Rights organization did this in Washington last year and were able to put enough pressure on the hospital there to release the baby they had kidnapped into their mother's care again very quickly! People will come and go throughout the entire day, but we just need a permanent presence until Cyrus is home.

Your support is helping—so much so that the hospital had one of its doctors who is “caring” for Baby Cyrus contact Marissa and Levi via phone. They had a “good conversation,” at least as much as could be hoped for. The doctor promised that Baby Cyrus would not be given vaccines or any other “treatments” without their parental consent. This phone call, communication, and assurance that Baby Cyrus is well and not going to be given any treatments without their consent is nearly miraculous and is only the result of your support, prayers, and efforts to put pressure on them. Thank you so much!

People keep asking what they can do to help, and we appreciate it. Currently, the best thing everyone can do is to simply continue to PUT PRESSURE on “the powers that be.” This is done via Social Media, phone calls, and protesting. If you are local to Boise, please help us protest. If not, if you can continue to pray and offer your support to publicize this, I know that might not sound like much, but that is how things get fixed. “Officials” do not follow the rule of law, but they do concede to social pressure.

I know this entire episode is shocking to many people and you probably think “how could this have happened?” Or “there must be more to the story that we’re not being told.” If you think this, it is simply because you have been so propagandized that you can’t imagine that cops break the law, or that CPS does bad things that are more harmful to children than not. You’re going to have to be smarter than that. Watch the video for yourself (below)—Marissa was groomed and lied to by police officers in order to steal Cyrus. She was told that Cyrus would never be taken away from her and she would always be with him—they lied and used the lie to kidnap Cyrus.

CPS lies all the time. Cops lie. Judges lie. Hospitals kill people for money. This is the reality we live in. You can’t just put your head in the sand and act like it will all go away. This is why, no matter what, we have to stand for THE RIGHTS OF PARENTS. Or they will do this to you and anybody they want at anytime to weaponize these institutions against innocent people. They are doing it to my family right now—you could be next!

And while not ALL cops, social workers, judges, or hospitals are bad, you can’t be so ignorant as to assume the opposite, that all of them are good. We have before us the evidence of the

Evil is real and the source of it is MEN'S HEARTS—it's not the devil. Sorry to burst your bubble, but we humans don't get to blame the devil for the wickedness that exists in the world. The amount of support we have received for Baby Cyrus has been truly awe-inspiring. And during the last day and a half, Marissa and Levi's world has spiraled kind of out-of-control. At least, they obviously can't be focused on anything else except GETTING BABY CYRUS BACK!

They aren't even thinking about finances right now, but there are a tremendous amount of needs already piling up! First of all are just their basic living expenses. Levi can't work while he fights this battle so expenses are going to pile up quickly!

There are also tons of legal expenses, court fees, and who knows what else that will come up. Fortunately people have been asking to DONATE money since this all began but Levi and Marissa were not even thinking about it. So it is a real blessing that people want to give.

Thankfully, a good friend of ours, Rick Green from Wallbuilders and Patriot Academy set up a GiveSendGo campaign for Baby Cyrus, Marissa, and Levi. If you are able to make any donation, it will be greatly appreciated by the family. Thank you again!

March 13th - Positive Development in Baby Cyrus's Case

>>> Click here for Baby Cyrus Menu/Navigation <<<

8:30 pm March 13th - Positive Development in Baby Cyrus's Case:

Thank you for your prayers and support—all you have done is working. There have been hundreds of people showing up protesting at St. Luke's yesterday and today at the Press Conference. Legislators are working to draft and present legislation for the current legislative session to change statutory language to prevent this from ever happening again—and plenty of people are working behind the scenes to RIGHT THIS WRONG, and put Baby Cyrus back with his parents.

As a result, there has been a positive development. Marissa and Levi were "allowed," to have a meeting with Baby Cyrus in person tonight at 7:30 pm. They are in with him right now as I write this email!

Now, we don't want to get too excited because we do not know what type of chicanery or subterfuge the hospital and other officials are using to further their own cause. Marissa and Levi have been warned and counseled about potential (and other unknown) negative outcomes and how every action and/or word can be used, manipulated, and twisted against them.

That being said, there is absolutely NO WAY they were going to deny themselves the opportunity to see their precious Baby Cyrus!

They did make an agreement with the representative from Health and Welfare that during their meeting with Baby Cyrus, that even though police officers and social workers would be present—Marissa and Levi "would not communicate with anybody other than Baby Cyrus." And he agreed.

We will take it one step at a time, but this is definitely a positive development and an answer to prayer. Thank you again for your prayers and support.

St. Luke's is HARMING Baby Cyrus - PRESS CONFERENCE Tomorrow

Immediately after the good news of Marissa and Levi being with baby Cyrus, I regret to inform you that Baby Cyrus is in worse condition than ever! **THE HOSPITAL IS DOING GREAT HARM TO BABY CYRUS!!!**

He hasn't had a bowel movement since he's been in their care (nearly 2 full days), and he is suffering and doing worse. This constipation has happened to him before and likewise causes him to vomit and reject food—because NOBODY WANTS TO EAT WHEN THEY ARE CONSTIPATED!!!

These moronic imbeciles at the hospital aren't taking care of him—and apparently refuse to give him an enema which would take care of the problem instantly! They actually told Marissa, "we aren't concerned about constipation, we're concerned about him getting nutrition." But, you can't get nutrition if you won't eat because you're constipated!!! This is the care that the government is mandating by force at the point of a gun!

I REPEAT—ST. LUKE'S HOSPITAL IS HARMING BABY CYRUS!!! He is in worse condition than ever and according to my daughter and son-in-law, "he's not even the same baby," as he was just 2 nights ago!

Please, we beg you to stand with us to fight for Cyrus's life!

We will have another brief but important PRESS CONFERENCE tomorrow at 6:00 pm at St. Luke's hospital again to give everyone an update on Baby Cyrus's condition and on the upcoming court hearing on Tuesday. If we don't put the pressure on now, we have no idea what could happen to Baby Cyrus! 🙏

Baby Cyrus - BEFORE AND AFTER he was kidnapped

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

March 14th - 11:50 am UPDATE: Baby Cyrus - Before and After He Was Kidnapped:

Baby Cyrus has been in custody of the state and is now at St. Luke's Pediatric Hospital in downtown Boise. He has been in their "care" since approximately 1:00 am Saturday morning (March 12th). Levi and Marissa were "allowed" to see their own child last night for 2 hours—while escorted by Idaho State Police and a social worker.

Baby Cyrus is in worse condition than ever. Levi and Marissa reported that he "is not even the same child. He is unresponsive and lethargic and his spirit has completely changed. He is unrecognizable from the child he was when they stole him away from us."

Cyrus also has two pricks, with bruising, in one of his hands that the hospital claims are from IVs, but there is an IV in his other hand, so these marks are incredibly suspicious. The hospital staff swears that he has not been given vaccines or any other treatment not authorized by the parents.

Cyrus is likewise constipated—he hasn't had a bowel movement since they kidnapped him. A baby who is constipated will not eat—just like adults don't like to eat when constipated. But a baby will just vomit if you try to force feed him when he's constipated. This is common knowledge to any parent.

But the "experts" at St. Luke's who harm and kill babies all the time told Marissa and Levi, "We are not concerned about his constipation, just that he gets nourished." But he cannot be nourished if he doesn't eat because he's constipated!!!! This is so obvious it is ridiculous. Levi and Marissa begged for an enema but the hospital refused. Later in the evening a hospital employee contacted them and they begged again for an enema and he said he would "look into that" and call them back. He then called back and said that the hospital would "let him go through the night and review it again in the morning."

St. Luke's is harming Baby Cyrus. His health is deteriorating BECAUSE OF THEM. He needs Marissa to nurse him and he needs the emotional bond with his family. IT IS A HAZARD TO HIS HEALTH TO BE IN ST. LUKE'S WITHOUT HIS FAMILY. Period. It is that simple.

Below are pictures and videos of Baby Cyrus just last week. This is what he looked and acted like when CPS, St. Luke's, Nurse Aaron Dykstra, and law enforcement worked together to kidnap Baby Cyrus under the guise of there being an imminent threat to Cyrus's health—you decide with whom he is healthier and with whom he is under greater danger:

Happy, healthy, Baby Cyrus crawling on his dad while his dad works on his computer.

Baby Cyrus loves to play with his Grandpa (aka "Pops").

REMEMBER—THESE UNEDITED VIDEOS ARE FROM LAST WEEK!

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the joints of kings... I will go before thee, and make the crooked places straight... that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

Now this is what Baby Cyrus looks like after being in custody of St. Luke's for 2 days, without his mother and without being nursed:

Cyrus is now unresponsive and exceedingly lethargic.

Cyrus has reactions on his cheeks, chin, and around his mouth because the hospital is evidently not cleaning his face when he spits up. He is being neglected by the hospital!

Most troubling are the pricks on his hands which show he has been jabbed at least 4 times!!! They claim it was only for the IV, but it makes no sense to have 4 jabs for a single IV. Levi and Marista were promised no vaccines would be given, nor would any medical procedure be performed without their express permission. Yet we see 4 jabs.

March 15th - EMERGENCY UPDATE - Prayer & Protest Tomorrow at Courthouse @ 12:00 pm

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

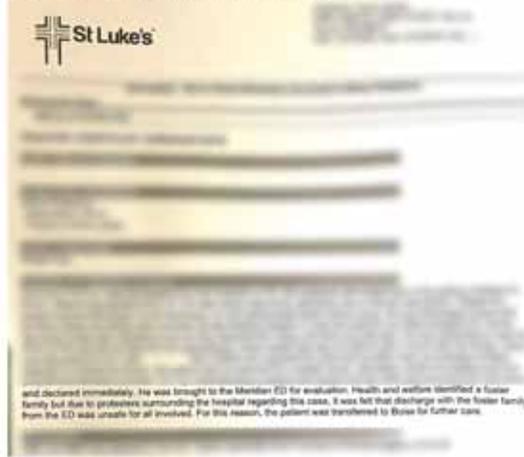

EMERGENCY UPDATE - Prayer & Protest Tomorrow at Courthouse @ 12:00 pm

We have had some incredible developments today since our last Press Conference! I can't reveal everything to you right now, but I want to tell you two very specific things. *First of all, we have documented evidence that protests outside of the hospital in support of Baby Cyrus worked and are working!*

Today, we got a hold of some of Cyrus's medical records from St. Luke's. Interestingly enough, they refused to give Levi the medical records from March 1st - March 4th when Cyrus was in the care of St. Luke's physicians and was discharged with a clean bill of health. It is evident and obvious that they don't want Levi and Marissa to have access to those records because they would be damning to the prosecution and would contradict any case they try to make that Baby Cyrus was in imminent danger of any sort.

But we did find this interesting admission: *"(Baby Cyrus) was brought to the Meridian ED for evaluation. Health and welfare identified a foster family but due to the protesters surrounding the hospital regarding this case, it was felt that discharge with the foster family from the ED was unsafe for all involved. For this reason, the patient was transferred to Boise for further care."*

This literally means that protestors in front of the hospital on the night Baby Cyrus was kidnapped literally prevented Baby Cyrus from being put into the home of strangers where only God knows what could have happened to him! Read it for yourself!

Years of records shared publicly with the consent and permission of Levi and Marissa Robinson.

THIS IS DEMONSTRABLE EVIDENCE THAT YOUR PROTESTING WORKS!!! So let's keep it up! Tomorrow the hearing is at 1:00 pm at the Ada County Courthouse (200 W Front St, Boise, ID 83702). Please show up to both PRAY and PROTEST! *if the judge doesn't rule to dismiss this case tomorrow, then Levi and Marissa won't get another chance for justice for 30 days!* 🙏 *Protesting saved Baby Cyrus last week, and if enough of you show up to blanket him in your prayers and demonstrate your PROTEST for all the world to see—you just might be able to save him again!* Please come and support Baby Cyrus tomorrow at 12:00 noon!

Now, there is a second key component to this admission on the part of the hospital, that is 100% damning to their case. Notice it says that "Health and Welfare had already identified a foster family" but decided not to discharge Cyrus with the foster family because they felt it was "unsafe." Well...their entire case is built around the lie that "Baby Cyrus was sooooo sick and malnourished that he needed to be in the care of doctors and medical professionals in the hospital!" *But this is an absolute lie as they admit in their medical report above that they had already planned on immediately discharging Cyrus with a foster family!* So evidently Baby Cyrus was not in any type of medical emergency whatsoever! It was all a lie!

This evidence (and a whole lot more) has come to light in the very short time our legal team has had to prepare. Please keep praying and pushing. And for those who want to know what else you can do, here's a short list:

1. Show up to pray and protest tomorrow at the Ada County Courthouse at 1:00 pm.

3:08 pm - the hearing is over and will be delayed until tomorrow...we are going to debrief and update everyone later.

2:51 pm - One of Levi and Marissa's doctors in their now testifying on their behalf. That they are good parents and that they did everything possible to take care of Baby Cyrus.

2:22 pm - You really have to ask yourself, WHY? What is the root of this case that has police, hospitals, CPS, and the courts so wound tight? Why are they so insistent on stealing Baby Cyrus? Why will they do everything imaginable, violate every right, break every law, and abuse innocent citizens just to steal a baby? Why?

Once you answer that question--you will open a Pandora's box that will make you so sick, you will not be able to sleep at night. And its going on right here in Idaho.

You always follow the money--when a child is kidnapped and put into CPS, CPS makes tens of thousands of \$\$\$. Once they take a child from CPS into foster care, they get even more money!

This is CHILD TRAFFICKING--PURE AND SIMPLE!!!

2:22 pm - several separate cars are heading off in separate directions. They are possibly/probably decoys.

This transport looks suspicious.

2:12 pm - From a supporter: "We are camped out at the corner of Blannock and Avenue C. 333 E. Blannock. There is a white suburban that appears poised to escort an ambulance out of a closed garage. One of the officials said, are they blocking you... So we don't know what that means but it sounds like it may be possible there is a more secret exit they are planning to make rather than the obvious one."

2:10 pm - This is a screenshot from the internal messaging system at St. Luke's Hospital. This is how they create false narratives. There is no "threat." What there are--are dozens of patriots standing in protest and support of Baby Cyrus being reunited with his parents.

2:05 pm - imagine all of this in order to protect their child-trafficking ring. They've got squadrons of cops like this all around the hospital.

2:04 pm - Apparently, the court hearing has not even started yet, but they are just waiting on paperwork.

2:02 pm - Police officers are not threatening arrests to protestors who are at the hospital.

2:01 pm - Police officers are not threatening arrests to protestors who are at the hospital. They do have a right to be there and to protest on public property (sidewalks).

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subvert nations before him; and I will loose the loins of kings...I will go before thee, and make the crooked places straight...that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

1:59 pm - We now have confirmation from Jeremy Litster, one of our attorneys, that they will not allow him into the courtroom. This is ridiculous! Jeremy said he has NEVER seen this in all of his life or professional career.

1:46 pm - One of our contacts with police radio access has confirmed that the St. Luke's hospital is now on LOCK DOWN. Police are showing up all over the place.

1:05 pm - Our legal team is made up of two local attorneys, Jeremy Litster and Seth Diviney. They are not letting Jeremy into the courtroom. Nobody is allowed into the courtroom. It is a closed courtroom which guarantees corruption.

12:35 pm - We're on our way to the court house and we got a report from a reputable source that they are going to try to take Baby Cyrus right now and sneak him off into foster care today! They are doing so because the protestors are all at the courthouse instead of at the hospital. We have redirected the protestors from the courthouse to the hospital.

12:05 pm - Levi finally got the records and it is a giant fat stack of papers. So regardless of what happens today, these medical records are important.

11:30 pm - Levi has been at the hospital all morning waiting for Cyrus's medical records that they refused to give him yesterday. They've been stalling and trying everything possible to not give them to him.

11:00 am - Levi got a call from an employee of St. Luke's hospital to give him an update on Baby Cyrus. Levi was told that Baby Cyrus is now perfectly healthy according to their metrics and he is ready for immediate discharge. In fact, he said, "there is no medical reason why he can't go back with you today," and then added, "But now it is in the hands of the State and the hearing today."

So there is no medical reason for Baby Cyrus not to be with his family; if they don't release him now with that information, it will be the ULTIMATE DEMONSTRATION of malice or ill-intent, without evidence, against Marissa and Levi. Because there is no legal or medical "reason" to keep Baby Cyrus away.

March 16th - Prayer and Protesting Continues

March 16th - Prayer and Protesting Continues

Prayer and protesting will continue today for Baby Cyrus. The court hearing is at 1:00 pm. Again, there is not a single, solitary, logical reason or argument for Baby Cyrus to not be home with his mother and father.

St. Luke's hospital has cleared him for medical discharge and has said that there is no reason NOT for him to be with his father and mother.

To maximize our effectiveness, we are asking people to be in 3 places to pray and protest:

1. Department of Health and Welfare (this is CPS and they are truly the one's responsible for the entire case). 450 W. State Street (across from the Supreme Court). We'd like to focus our largest group here. They are Priority 1. From 10:00 am to 8:00 pm.
2. St. Luke's hospital (downtown Boise). This is from 10:00 am to 8:00 pm as well.
3. Ada County Courthouse (from noon to 1:00 pm)

Thank you for your continued prayer and support!

March 16th - St. Luke's Doctor Clears Baby Cyrus Medically to be with Levi and Marissa

>>> Click here for Baby Cyrus Menu/Navigation <<<

St. Luke's Doctor Clears Baby Cyrus Medically to be with Levi and Marissa:

Here is the partial transcription from the Medical Doctor at St. Luke's who called Levi (the message was over 7 minutes long, the part below is just the portion relevant to this update):

Doctor from St. Luke's to Levi Anderson on March 15th, 2022:
"I have great news regarding Cyrus. His weight has continued to increase...which is really good news. He's actually been tolerating taking breastmilk from a bottle. He has had no further vomiting."

In talking things over with the team, we haven't identified any really serious medical condition that is causing him to have trouble gaining weight. The thinking is he got behind on his nutrition (from the vomiting), and then his breastfeeding was just burning so many calories that he just couldn't keep up, so he kind of got behind, and by getting his nutrition up again and by getting some of that strength up, there's good reason for optimism that he will be able to keep his nutrition up by taking a bottle or by breastfeeding.

Our team is thinking right now that taking breastmilk through a bottle right now is working really well, and that's a great place to help keep his nutrition up, gradually increasing the amount of actual breastfeeding he is doing.

So what is it that puts him at a spot where he's ready for discharge? He's hit all of those medical goals that would typically allow for a discharge. From a medical standpoint, he is medically stable for a medical discharge. And we've let our state partners know that that is the case and it's really going to be up to them.

Hopefully we can get Cyrus back to you as quickly as the state will allow."

March 16th - Shelter Care Hearing Live Updates

March 16th - Shelter Care Hearing Live Updates

5:03 pm - The judge has ordered Baby Cyrus to be over to the hands of the state. The PRESS CONFERENCE for tonight at 6:00 pm is canceled. We need to have a legal review with our attorneys and we will update everyone as soon as possible.

4:50 pm - When the innocent are persecuted and attacked without cause, it is unjust. When God's people are oppressed, the JUDGE of the Earth hears and knows. Marissa and Levi are suffering without cause. They are not only innocent, they are righteous people.

James 1:2 "My brethren, count it all joy when you fall into various trials, knowing that the testing of your faith produces patience. But let patience have its perfect work, that you may be perfect and complete, lacking nothing."

4:50 pm - We're just waiting here out in the hallway outside of the courtroom.

4:47 pm - No new updates as of yet.

4:26 pm - This is not a standard case of the law, or of right and wrong, or of anything of that sort. This is spiritual wickedness in high places.

Ephesians 6:12 For we wrestle not against flesh and blood, but against principalities, against powers, against the rules of the darkness of this world, against spiritual wickedness in high places.

At this point, only God can give the judge the spirit of Wisdom and Righteousness to rule correctly according to law, logic, and the basic standards of human decency. There is no world in which what happened to Cyrus is just, nor is there any in which the evidence provides justification for the state's actions. But this is a spiritual warfare—and we've done all we can. We need God to intervene and touch this woman's heart (the judge is a woman—we don't know if she is a mother or not).

4:15 pm - Family and friends gathered together in prayer and laid hands on Marissa and Levi before they entered back into the courtroom with their attorney.

3:01 pm - Marissa and Levi have left the courtroom with their attorney. The case is on "recess" and they will come back at 4-15.

2:34 pm - still no update.

2:11 pm - there is no update as of now. We are still outside waiting.

1:00 pm - the hearing has begun. Levi and Marissa are inside with their attorney. The judge hearing the case is Laurie Fortier. Pray that God will give Judge Fortier wisdom and the spirit of justice.

March 16th - Shelter Care Hearing End of Day Update

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

Shelter Care Hearing End-of-Day Update

First of all, thank you for all of your incredible support and your constant prayers. As you now know, Magistrate Judge Laurie Fortier awarded custody of Baby Cyrus to the State of Idaho. *There are no words to describe the horror that our family has experienced.* Unfortunately, from what we've heard, this judge is famous for destroying families and ripping children away from their families without evidence.

Today was what they call a "Shelter Care Hearing" where the court rules what will happen with the child that has been kidnapped. Contrary to ALLEVIDENCE—including a statement from a doctor from St. Luke's Hospital that Baby Cyrus is medically stable and that there is no reason for him not to be reunited with his parents—and tons more evidence to show that there was no DUE PROCESS, and that the state didn't have any right to take Baby Cyrus from his parents for only being "underweight," *the judge still ruled viciously against Marissa and Levi.*

The next hearing is called the "adjudicatory hearing" and it is where they actually decide to reunify Cyrus with his parents or if Cyrus stays in foster care. Yes, Cyrus is now in foster care. This adjudicatory hearing will be on April 8th. This is devastating on so many fronts:

1. The most important of all is the fact that Baby Cyrus is still not healthy or totally well. Based on his history he will be okay for a few days and in a few more days he will start vomiting again. And the foster care parents will not know what to do. And there is no way anybody other than Levi and Marissa will be able to carry Baby Cyrus through. And most of all, Baby Cyrus needs breastmilk. And he needs to be with his mother.

2. Baby Cyrus is emotionally crushed. The social workers today told Marissa and Levi that Cyrus is not sleeping well. The social workers even repeated multiple times that "Baby Cyrus misses his mommy." Well, duh! GIVE HIM BACK! If Baby Cyrus is not sleeping, he cannot heal.

3. Financially speaking, costs are going to skyrocket. Additional medical costs, legal costs, logistical expenses, living expenses, and the loss of income. I kind of hate asking for money—but in this case the family NEEDS it. This is the back-end part of these types of stories that nobody talks about. Behind the scenes, the family's often get crushed financially, and that becomes the reason it all comes to an end. We don't want to see that happen. If you can give a donation to help the family—it would be more than appreciated. One other thing we have heard is that when the state knows you have no money, they rejoice because they have the upper hand. But when they know you have support and the financial means to go the distance, they concede more quickly and end the madness because they know you have the means to FIGHT THEM ALL THE WAY! And believe me, they are watching how much donations come in, they are on our email lists, they are scanning social media—they are all following everything we are doing. You can make a donation here: <https://givesendgo.com/babycyrus>

WHAT CAN YOU DO TO HELP?

- 1. Be a Keyboard Warrior** - there is a ton you can do from your keyboard. For example:
 - Send emails to Health and Wellness and demand that Baby Cyrus go home. These are the emails to the officials and executive staff and Health and Wellness along with the judge: dave.jeppesen@dhw.idaho.gov, mirena.answorth@dhw.idaho.gov, lisa.hettinger@dhw.idaho.gov, cameron.gilliland@dhw.idaho.gov, kelly.shoplock@dhw.idaho.gov, lfortier@adaveb.net, ChildSupport@dhw.idaho.gov
 - Go crazy on Twitter, Facebook, Instagram, and more and post the truth and combat the false narratives
 - Send emails and messages to your friends, neighbors, and more to get informed about this case.
- 2. Call Health and Welfare** - 800-356-9868 (here's the contact info page: <https://healthandwelfare.idaho.gov/contact-us>)
- 3. Help us get media interviews** - do whatever you can to get us media coverage. Contact anybody and everybody who has a platform and have them contact me at contact@freedomman.org
- 4. Make a donation** - again, you can make a donation at: <https://givesendgo.com/babycyrus>
- 5. Stand with us in protest (for those who are local)** - we are asking everyone to protest in front of Health and Welfare in Boise from 10:00 am 5:00 pm every day until Baby Cyrus comes home.
- 6. Pray for Baby Cyrus** - please do not discount the power of prayer. That is what has carried our family through up to this point. And it is the only thing that will sustain us through the end of this nightmare...

Thank you so much for your support and your help! Tomorrow we will have our PRESS CONFERENCE at 5:00 pm at Health and Welfare.

March 17th - Baby Cyrus Doesn't Crawl Anymore

So we have some more bad news, unfortunately. Social workers speaking with Marissa said that Baby Cyrus doesn't crawl or sit up on his own. They were curious about his "development." But of course, **Cyrus has been crawling and sitting up on his own for over 3 months!** He is obviously deteriorating in their custody.

Tomorrow, at the Press Conference I will share more about what we have uncovered concerning the **Child Trafficking Ring** being run by the **Health and Welfare Department**. I will also announce our plans for a **VERY LARGE EVENT** and the long term development of a professional organization in support of Parents who have had their children abducted, and the dismantling of this horrible system.

In short, once you've been through this **IN PERSON**, you can never stop being an advocate for it. We will get Baby Cyrus back, and then we, as an extended family--and that **INCLUDES YOU**--will work together to save more and more innocent families from this evil nightmare.

We'll see you tomorrow at 5:00 pm where I unveil the entire plan--including the creation of a special, digitally secure and confidential whistle-blower system so that honest people on the "inside," can share their stories without fear of retribution.

Isaiah 44:28 "That saith of **Cyrus**, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to **Cyrus**, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings...I will go before thee, and make the crooked places straight...that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

Unfortunately, the fight is not over. Levi and Marissa only have Cyrus with them because they agreed to a measure of state oversight and intrusion. Meaning, CPS has to go with them to all appointments and have unlimited access to "pop in" on Levi and Marissa unannounced and all that. If they decide they don't like any little thing, they can kidnap him again. **But the most important thing is that Cyrus is with Marissa and Levi NOW.** His health and wellbeing depend on it!

The adjudicatory hearing is on April 8th, and if we don't continue this fight non-stop through then, it is still possible for the state to take him away again! 😞

However, for now, we just want to celebrate the blessing of having Baby Cyrus back with his parents. Only through Jesus Christ and his mercy and by your constant, unceasing prayers and support, have we been able to witness this miracle!

We will send you more updated information tomorrow, including an important update regarding a momentous rally we are planning for next week (clear your calendar for March 26th)—but for now, let's just celebrate together and give God thanks!

P.S. Protests at the Department of Health and Welfare are canceled indefinitely—and we will not be calling for any more protests there unless they forcefully take Cyrus away again—but we are not anticipating that happening. Pray with us...

March 20th - America's Frontline Doctors BODY SLAMS Idaho Department of Health & Welfare

America's Frontline Doctors have done their own research and published an article about the Baby Cyrus case that absolutely demolishes the Idaho Department of Health and Welfare and Child Protective Services.

There is really nothing more to say. You just need to read the article—they nailed it. They exposed the incompetence, wickedness, corruption, and illegal nature of the entire thing in one succinct article—which was actually a series of 20 questions sent to Dave Jeppesen (the director of Idaho Health and Welfare) that they demanded answers to. Read it for yourself.

POLICE CHIEF and SHERIFF CHALLENGED!

My family was abused by police officers from the Meridian Police Department on the night of March 11th, 2022, when my Grandson, Baby Cyrus was kidnapped. This tragic event has been seen by hundreds of thousands of people all over the world in the last 10 days. However, Meridian Police Chief Tracy Basterrechea and Ada County Sheriff Matt Clifford have both published public responses that demonstrate their intransigence and arrogance.

I have just published an open letter to both of these officials challenging them to defend 5 specific illegal, immoral, and unethical actions by the officers under their authority. If we the people do not hold them accountable—nobody will. I highly suggest and encourage you to read the article and follow up with an email to both of them demanding a timely response.

Open Letter to Meridian Police Chief Chief Tracy Basterrechea and Ada County Sheriff Matt Clifford

March 22nd, 2022 | by Diego Rodriguez

FOR IMMEDIATE RELEASE

Chief Tracy Basterrechea and Ada County Sheriff Matt Clifford,

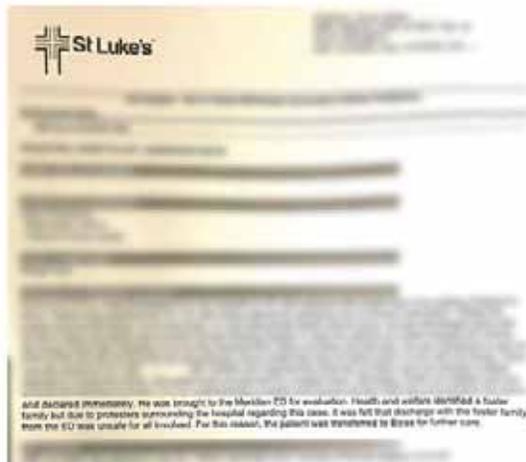

On March 11th, my grandson was forcefully kidnapped by Meridian Police Detectives who were aided and abetted by Meridian Police Officers whom you two are protecting and defending.

Chief Tracy Basterrechea, you have published a platitudinous, boiler plate response, that demonstrates you are either willfully ignorant of what took place the night my grandson was illegally kidnapped by your staff, or you are willfully complicit in their actions. There is no third option.

And Sheriff Matt Clifford, you likewise have demonstrated with your response that you either support police officers breaking the law, violating constitutional rights, and altogether acting like belligerent thugs—or you are simply too lazy to look at the facts and make a reasonable determination. To be clear, you stated plainly that you were "...confident in the officer's decision making" and that you "fully support how they handled [the]... situation." You then go on to unbelievably state, "Given the same circumstances, our investigators would have likely arrived at the same conclusion and made the same decisions." Well, thank you Sheriff Clifford for letting us know that you are completely untrustworthy and that your investigators are likewise a bunch of *thugs with badges* that should never be trusted.

To support my assertions of the both of you, I present the following facts, evidence, and questions for the both of you:

POINT #1 - The premise of the entire kidnapping was the claim that Baby Cyrus was in "imminent danger." This is a medical term expressing that the medical condition of the child is so dire that he is essentially at the point of death. For this reason, the state is authorized to forcefully take a child into its possession to be put in the care of medical professionals to ensure its health and safety. However, medical records obtained from St. Luke's hospital clearly admit that, "Baby Cyrus was brought to the Meridian ED for evaluation. Health and welfare identified a foster family but due to the protesters surrounding the hospital regarding this case, it was felt that discharge with the foster family from the ED was unsafe for all involved. For this reason, the patient was transferred to Boise for further care."

If Baby Cyrus was clearly in "imminent danger" as your officers claim, then why was your planned course of action to dump him off into the hands of strangers immediately, within minutes, on the same night? Clearly the child was not in "imminent danger" if he's not in imminent danger, you have no justification for kidnapping him! So yes, you've been caught, and

your fraud has been exposed.

POINT # 2 - What logical reason do your officers have to tear the child away from his nursing mother who clearly posed zero threat to the health and well-being of the child? She could have stayed with her baby in the ambulance and in the hospital, but you ripped that child away from his primary source of nutrition. This is child endangerment. Please explain your justification—thousands of breastfeeding mothers would like to know.

POINT # 3 - What justification do you have for the Meridian police officer who repeatedly lied to Marissa, on camera, and promised her that she would ~~never be separated from Baby Cyrus~~, and that she would be able to ride with him in the ambulance to the hospital? Does the Meridian Police Department and Ada County Sheriff's department support lying to citizens in order to kidnap children?

POINT # 4 - My daughter, Miranda, was clearly assaulted and both verbally and physically abused by your officers. She was yelled at by a belligerent officer who clearly lacked self-control or the ability to de-escalate a situation—who screamed at my harmless 23 year old daughter to "get your ass out of the car!" Miranda is savvy and knows she can't be arrested for doing no wrong, so she asked, "What crime did I commit?" She asked multiple times and they refused to answer before ripping her arm through the window of the truck—a form of physical assault. Do you support that treatment of innocent citizens? Do you support officers refusing to acknowledge why a citizen is being arrested or detained (which is required by law)? Do you train your officers to de-escalate or to act unbridled and out of control? Please answer.

They then proceeded to tell Miranda, "You are under arrest for felony injury to a child," to which Miranda replied, "That's not my child." Your sardonic and disrespectful police officer, Sergeant Christopher McDelivery, then replied mockingly, "... if that's not your child, then you don't need to be going into handcuffs." The officer then told her she was under arrest for, "falsification to an officer." Your ignorant and incompetent officers arrested my daughter, Miranda, who is not even the mother to the child. And they placed her under arrest for two separate charges: "felony injury to a child," and "falsification to an officer," neither of which she was guilty of, and again she is not even the child's mother, which she stated at least 3 times.

After your obstinate police officers humiliated themselves by arresting the wrong woman—they then gave her the charge of "resisting and obstruction" which everyone knows is the charge corrupt police officers use to arrest anybody at anytime for any purpose. Do you support these actions by your officers? Do you support false arrests? Do you support this behavior? ~~Remember~~ everyone can see it because it was all caught on film. (See video below from :00 to :40)

POINT # 5 - After my daughter Marissa was removed from the truck, officers took Cyrus away temporarily and searched her with a pat down to ensure she did not have any weapons on her. This, I understand is standard protocol—yet, she was patted down by a male officer. That is wholly unacceptable. Do you want your daughters groped by male officers?

Finally, after Marissa had Cyrus forcefully ripped out of her hands, she was put in handcuffs and marched out of the ambulance in the cold where another perverted officer, Sean King, patted her down, groped her, and put his hands up her blouse and down her pants—again, all of this was captured on film. Your officers had already patted her down and checked her for weapons, so what reason could you possibly have to do a second and more intrusive and humiliating pat down, other than the fact that your officers had in their custody, a beautiful young lady who was vulnerable and in handcuffs, and your officer took advantage of the moment to molest her? If you truly felt you were in danger, why wasn't a woman officer called in to check her? This again is all on film and the whole world has watched it and judged your department accordingly. (See video above from 7:40 - 8:10)

Do you support physical molestation, groping, and all-around inappropriate touching of innocent female citizens by your male officers? Because remember—you came out in defense of their actions.

You said that you "fully supported how they handled the situation." So, do you support the violation of rights, lying and manipulation, kidnapping based on proven false pretenses, molestation of young girls by male officers, and false arrests? Because that all happened on that night and it can all be seen in the video above (and the above referenced medical record from St. Luke's hospital).

Now, my family is a Christian family and we are prepared to forgive you and your officers for abusing my family, violating our rights, and kidnapping my grandson. But you must first acknowledge your sin, and repent publicly.

The evidence has been presented to a watching world. And much more is forthcoming, as we have evidence of many more blatant falsehoods and law breaking in this case, on behalf of your officers. But the 5 points above will suffice for now.

We await your response. And we are expecting actual answers to the actual 5 points and not just meaningless, boiler plate, platitudinal responses drafted by your public relations department to minimize public fallout.

Until you both are willing to admit your own errors, chastise and punish your officers for violating rights and breaking the law, and publicly apologize to our family, then ask that the both of you retain your offices in shame, and "go on your merry way."

March 29th Update - Is Baby Cyrus Okay?

I wanted to give you a quick update about Baby Cyrus. We, as a family, are very grateful that everyone is concerned for Baby Cyrus. You have no idea how much it means to know that Baby Cyrus is being prayed over, fasted for, and is on the hearts and minds of thousands of people all over the world. This network of support has been truly indescribable. We can't say THANK YOU enough.

But as to the question, *is Baby Cyrus okay?* The short answer is—NO. For those of you who have been following the story, the entire episode began about 3 months ago when Baby Cyrus started eating solid foods and subsequently began to vomit. This turned into a cycle of vomiting where he would vomit for a few days, and then get better and be fine for a week or so. And the cycle would continue.

Levi and Marissa have been to doctors, nurse practitioners, naturopaths, a craniosacral therapist, lactation consultant, chiropractor, and more to try to find the health problem with Baby Cyrus—and to get him healed for good!

Many of these health professionals have done Baby Cyrus a tremendous amount of good. But still nobody has been able to identify the source of his sickness or the underlying cause. Of course the worst thing that could have ever happened to Baby Cyrus was to be forcefully kidnapped by CPS and taken away from his breastfeeding mother for over a week! And getting him back that fast, as most of you know, was nothing short of a miracle.

Baby Cyrus with his dad yesterday

SOME CONFUSION ON THE INTERWEBS

We have heard that there is a lot of confusion on the internet and on social media where some people are saying that "Baby Cyrus is totally okay and healthy." While others are saying, "Baby Cyrus is not okay and that's why he had to be taken away." Well, as is with most "fake news"—both of those sentiments are wrong.

First, Baby Cyrus is not "okay" if by okay you mean that he is totally healthy and has stopped vomiting. Because he has not. He continues to vomit, lose weight, and then get better and gain his weight back. Then he does it all over again. So his health is not okay and nobody from our family has ever claimed he was. As the official family spokesperson, I have declared on numerous occasions publicly that "we still have not figured out what's wrong with Baby Cyrus or what is causing his vomiting." In fact, we have asked many times for everyone's continued prayers for his health, and for help finding the cause, or for any suggestions others might have from their experience.

And you all have answered that call! One of the main suggestions we heard from people who have experienced what they claimed to be "the exact same symptoms" as Baby Cyrus, was something called a tongue-tie. Fortunately, once Baby Cyrus was back in the arms of his parents, they were able to get this surgery done for Baby Cyrus. This surgery, called a "tongue tie release" was performed last Thursday, March 24th by a wonderful local dentist who was very kind, gracious, and professional.

From what we've read based on clinical studies for babies with tongue ties, positive results (especially and including the end of vomiting for infants), usually can be realized around 7-8 days after the surgery. So we have high hopes for him.

However, the second claim on the interwebs that "Baby Cyrus is not okay and that's why he had to be taken away" is likewise false and truly nefarious. Imagine what kind of precedence that

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

puts in the minds and hearts of parents and our society in general—that a child can and should be kidnapped forcefully, at the point of a gun, from his parents simply because he is sick. Baby Cyrus is sick. We have never stated otherwise. But being sick, losing weight, or missing an appointment is certainly not justification for kidnap, or what is better stated as child trafficking.

Are you a parent? Have your kids ever been sick before? Have they ever vomited? Have they ever had diarrhea? Have they ever been dehydrated? Have they ever had a fever? Chicken pox? A cold or a flu? COVID? There's not a parent in the country who hasn't experienced at least one of these issues. But do any of those sicknesses justify forceful kidnap (for profit, by the way)? If you think so—you've got serious problems and I can't help you, comrade. But Chairman Mao would like to see in his office right away.

Baby Cyrus with his mom yesterday at his Craniosacral Therapy treatment.

POOR TREATMENT FROM ST. LUKE'S

Part of the confusion may stem from the fact that I have repeated on multiple interviews that on 2 occasions, Baby Cyrus was discharged from St. Luke's hospital with a clean bill of health. Now this doesn't mean that Baby Cyrus is "okay" or that he is no longer sick. On the first occasion, it simply meant that after running lab tests, blood exams, and more, they could not find anything wrong with him and could not come up with another reason to keep him in their care.

On the second occasion, after baby Cyrus was forcefully kidnapped, St. Luke's had him in their care again, and after a few days, a doctor from St. Luke's called Levi and stated, "...So what is it that puts him at a spot where he's ready for discharge? He's hit all of those medical goals that would typically allow for a discharge. From a medical standpoint, he is medically stable for a medical discharge."

In short, the Doctor from St. Luke's was saying that there was no medical reason to keep Baby Cyrus in the hospital. Baby Cyrus was "healthy enough" to be discharged. But again, this does not mean that he is or was "okay" in the sense that he has no sickness. Because yes, he is still vomiting from time to time.

In short, St. Luke's had Baby Cyrus in their care on two occasions—once under threat of CPS intervention for 4 days, and the other one after a forceful kidnapping for 7 days—and they still couldn't figure out what was wrong with him. They couldn't determine nor solve the source of his cycle of vomiting. This is not to criticize St. Luke's in terms of their capabilities, as NO ONE Doctor or NO ONE hospital knows everything. However, it is quite heinous to FORCE treatment from an institution who has demonstrated that they can't solve your problem.

Additionally, St. Luke's has been very cruel and cold and has treated my family poorly. It was their doctor, *Natasha Erickson* who first threatened to call CPS on Marissa and Levi if they tried to leave the hospital early, even after Baby Cyrus was rehydrated and his initial tests and lab results came back fine. Under that threat, they complied and stayed, yet she called CPS anyway and with that single action—she put Marissa, Levi, and Baby Cyrus "into the system."

They also refused to give Levi Cyrus's medical records until we threatened legal action—as a Hospital cannot keep your own medical records from you! Once they received the medical records, there was much information that was redacted—which is also illegal.

When Baby Cyrus accidentally pulled out his own feeding tube, Levi and Marissa had to go back and Nurse Tracy Jungman from St. Luke's put it back in without replacing it, sanitizing it, washing her hands, or using gloves. That's right! She took the same tube that had been previously inside Cyrus's stomach, and was now dangling about, and grabbed it with her unwashed hands (and without gloves) and forced it back through his nose into his gut. Does that sound sanitary to you?

At every turn, St. Luke's has demonstrated itself to be unhelpful, tyrannical, and in many ways incompetent. I hope and pray that others have not received this treatment from St. Luke's—but our family has.

NEXT STEPS, OPTIONS, AND HOPE

We have several options that have come to the family very recently. One of them comes from a team of professional nurses—America's Frontline Nurses. They have stepped up to the plate to help Baby Cyrus and are currently reviewing his medical records so they can help give us the best advice and possibly some medical review via videocalls.

Additionally, we have been referred to a well known gut health specialist who has consented to see Baby Cyrus and we are just waiting for the chance to see him as soon as possible.

We have hope that with the support of everyone, and with our faith in Jesus Christ to heal Baby Cyrus, that the solution to the problem is just right around the corner. In the meantime, we covet your prayers and your continued support! Thank you so much!

March 30th Update - They TRIED to Take Baby Cyrus Again!

Not long after I sent out Baby Cyrus's update yesterday, *Levi and Marissa went through a sexual harassment experience with Baby Cyrus.*

In short, Baby Cyrus has not stopped vomiting, as you already know. However, once CPS social workers were alerted to the fact that Baby Cyrus was going to be treated by a gut health specialist who is a Naturopath and that *America's Frontline Nurses* were working on a treatment plan for him— they apparently panicked.

At this point, we know and understand that St. Luke's hospital, CPS, the Department of Health and Welfare, and the Meridian Police Department are all trying to save face and to play cover-up. The world has watched in shock and dismay after seeing the videos of their law-breaking tyrannical actions against my family, and after reading and seeing the evidence of their lawlessness with their own two eyes.

You see—if there never was any EVIDENCE that Baby Cyrus was in "imminent danger," *then how can they justify their abusive actions?* They can't. Therefore, they were all complicit in their actions. So it is obviously in their best interest for Baby Cyrus to not improve his health condition— **because a healthy and strong Baby Cyrus makes them look bad.** They need (and I'm sure they WANT), Baby Cyrus to get very sick so they can broadcast that to the courts and to the left wing, refuse, Mainstream Media, and ultimately so they can justify their abusive tyranny. "Look everybody, *Baby Cyrus is sooo sick, and he's not getting better with his parents, so that's why we had to take him and why he should be with the state and not with his parents!*"

Well yesterday, after Baby Cyrus's weight had been vacillating for the last few days following a few episodes of vomiting, the social worker demanded that Marissa and Levi take Cyrus in to the hospital again. The inference was threatening—that if they did not comply, the police would come knocking on the door.

Marissa and Levi then requested to speak with the nurse making this judgment call, but they were denied. They wanted to express how Cyrus's weight was ABOVE what it was the last time he was discharged so it made no sense to go in again. They also asked for Cyrus to be reviewed via in-home care, which is something they have offered but never fulfilled on. Finally, they let them know that they did not want to go back to St. Luke's because of the horrible treatment and incompetent care they received while there.

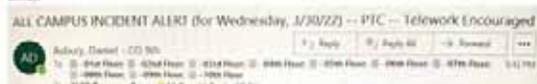

They also explained that to take him in by force, against their own will, would be contrary to their faith (which is a protection enshrined in Idaho law). But CPS rejected all of their comments and denied their requests, except for the request to go to another hospital or medical clinic. So CPS set Baby Cyrus an appointment to go to St. Alphonsus emergency room at 5:00 pm where they would be joined by social workers. We prayed as a family for wisdom, protection, and health, and Marissa and Levi then took Baby Cyrus to the hospital—complying with the demands of CPS.

While there, the hospital ran all the same "labs and blood tests" as before. They took his blood, and then in a show of incompetence took more blood because they "didn't get enough the first time." They then jabbed a catheter up his privates to get a urine sample and when they claimed to not get enough urine, they said they'd just do it again! Marissa let them know she did not want another catheter (it was traumatizing for them), so they said, "Okay, we'll just use a pee bag, then." *Um hello...why didn't you just do that the first time, you freaks!!!!*

They also found out that CPS have placed Baby Cyrus on Medicaid without Levi or Marissa's approval or application. They just did it. They unilaterally placed Baby Cyrus on Medicaid and are now happy to tell the doctors and the hospital to run every test and order every "lab" or whatever— *because its all paid for by Medicaid!* They are all very happy to use Baby Cyrus like a debit card now. Get this, order that, don't worry, it's all paid for by Medicaid! **are you starting to see how these people work?**

The social worker seemed to be trying to influence the Doctor negatively. Like when she said, "Doesn't he appear to be dehydrated?" and the Doctor said, "No, his labs show he is clinically hydrated." Or when Marissa noted that he weighed more at the hospital check-in than he had since all this began, the social worker then piped up, "Yeah, but he just had a bottle!" Of course, they never cared about those details when his weight was lower right after pooping or after having vomited. It was clear that this biased social worker was on a quest to take Baby Cyrus back into "their care" and to cover up their errors, law breaking, and abuse.

In fact, we got an insider tip that the following email was sent out to all Department of Health and Welfare employees working at their downtown office (the same place we protested last time):

Isaiah 44:28 "Thus saith the LORD, he is my shepherd, and shall perform all my pleasure."

Isaiah 48:1-3 "Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings... I will go before thee, and make the crooked places straight... that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

Did you see that? They were already planning on having more protests at their office! They were planning for it. In fact, Levi and Marissa went in at 5:00 pm, and DHW sent this email blast out at 5:43 pm—and we learned they sent a text message warning out with the same information.

It is quite evident that they had planned this. We have published their repeated law-breaking, incompetence, manipulation, and greed and all of the world has seen it. So now they are in major "CIA mode" and are trying to do all they can to cover their tracks and save face.

Fortunately, God didn't allow them to do it! The doctor at St. Al's, who apparently was very reasonable, rational, and professional—Marissa and Levi said he was the best doctor they had worked with amongst these allopathic doctors—again couldn't find anything wrong with Baby Cyrus or any medical reason to keep him at the hospital. So after getting back all the lab results, checking his weight, and observing Cyrus, he discharged Baby Cyrus after 4+ hours in the hospital—contrary to the efforts of the "bad" CPS social worker (they actually have 2 social workers—one seems to have a vendetta against the family while the other one seems to just be trying "to do her job").

Anyhow, we were fortunate and blessed to have Patriots on **RED ALERT** and ready to spring into action should they have tried to take Baby Cyrus again. But thankfully, it was not needed. Baby Cyrus was discharged without incident and came home again last night. So we all sat around, ate Chick Fil-A, and talked about the goodness of God.

Baby Cyrus with Marissa and Levi after coming home last night.

As always, we want to thank you for your prayers and your continued support for our family, for the Constitution, for FREEDOM, and for the rule of law!

April 1st - The Impossibility of CPS Social Worker's Objectivity

April 1st - The Impossibility of CPS Social Worker's Objectivity

by Diego Rodriguez

I have some very damning information in regards to CPS and who they choose to be social workers to rule over families in Idaho.

First of all, everyone should note, that I, Diego Rodriguez, the Grandfather of Baby Cyrus, write all of these posts and speak on interviews *on my own accord* (I do not receive any search for Marissa and Levi, and I will publish and/or speak whatever I deem to be necessary in regards to their case, even if it is not what Levi and Marissa want published).

I have my own opinions about this matter, and I will publish or speak whatever I feel is necessary for the public to know about. Because EXPOSING CORRUPTION has been at the heart and the purpose of the existence of the Freedom Man Press from the very beginning (Matthew 5:13-16).

Also, I am very privy to everything going on in this case as I have now moved in with Marissa and Levi so I can help them take care of Baby Cyrus and help them fight this case. So, I know and hear on a daily basis everything that is going on.

And quite frankly, I'm willing to stay here and fight this wicked system until Cyrus is 18 years old, if that's what it takes! Of course, if they want to get rid of me, they can release Cyrus from their illegal control, and I'll be out of here—on my way to Florida with the rest of my family. But until then—you all are stuck with me!

So this brings us all to what happened yesterday when Marissa and Levi went in for one of their scheduled "weight check" appointments. This was the day right after they tried to take Cyrus back. And the entire story was published [here](#).

Apparently, one of the social workers was very bothered about the whole thing. She is a tyrant and she wanted to demonstrate her authority to Marissa and Levi so she told them at the weight-check appointment yesterday, "You know, these are the conditions (relating to the safety plan) to have him in your care and if it's broken, those are grounds for us to take him back and out him in foster care." And she went on to make threatening statements to Levi and Marissa.

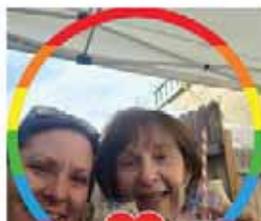

In order to understand all of this, let me clarify a few things...

1. Levi and Marissa agreed to a "safety plan" as a condition for taking back Cyrus into their custody. Under normal circumstances, parents should not sign such safety plans, but this one was first vetted by Levi and Marissa's attorney and agreed upon. Apparently, in comparison with most "safety plans," this one is quite mild. You can see a copy of it [here](#) for yourself.

2. There are now 2 social workers on this case. The first social worker is actually named and mentioned on the safety plan as the "social worker" and "safety monitor" on this case. In the above safety plan you can download, I have redacted her name for the sake of her privacy. From what I can tell, this woman is not harassing Levi or Marissa and is simply "trying to do her job."

However, there is a second social worker named Kristen who, in my opinion, is a vindictive, angry, Christian hating, political leftist, who loves power and seeks every opportunity to destroy godly families with whom she disagrees ideologically. Plainly stated—she is a tyrant. And after speaking with others who deal with CPS cases and know of her—she has that very reputation. Quite frankly, she does great damage to the State of Idaho's case as it can be plainly demonstrated that she is completely biased and makes it impossible for there to be any objectivity on the State's behalf—so long as she is a part of the case.

Furthermore, we have no idea WHY she is on the case, or what role she serves as she is not listed on any paperwork anywhere. She just shows up from time to time to act like a rude jerk and make threatening and/or antagonistic comments. So who is this woman?

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings...I will go before thee, and make the crooked places straight...that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

But Kristen is mad, for whatever reason. Though more than likely, she's mad at the mere existence of Marissa and Levi—considering her own ideology and worldview.

So she has made at least 4 claims against Marissa and Levi which are completely unfounded and outright false:

1. Kristen claims that Marissa and Levi have not been cooperative with finding an agreed upon Pediatrician. This is false. Marissa and Levi have been completely cooperative and they have already agreed upon a Pediatrician with their social worker. And it was Marissa and Levi who tried on multiple occasions to get sooner appointments to see a new pediatrician.

2. Kristen claims that Marissa was not sending in feeding logs for Baby Cyrus. This is a fallacious claim since the safety plan never required it. The safety plan only requires that Marissa "keep" a feeding log. Which she has done. If they were interested in it, they can simply ask for it. But Marissa was in 100% compliance with the safety plan.

3. Kristen claims that Marissa and Levi did not cooperate with getting an appointment set up with a GI doctor. This is a bald faced lie as it was Marissa and Levi specifically who enthusiastically asked the kind doctor at St. Alphonsus if he could get them a referral to a GI doctor. And guess what? They have the entire exchange recorded on video. [Kristen is just lying.](#) Furthermore, Marissa and Levi proactively reached out to the doctor to followup with him so they could ensure they get an appointment for Baby Cyrus to see the GI doctor. (And gratefully they have an appointment with the GI doctor next Tuesday.)

4. Kristen claims that Marissa and Levi have not been properly asking them at DHW for permission before taking Baby Cyrus to certain medical appointments. This is another spurious claim since the Safety Plan does not require them to get permission to take Baby Cyrus to any appointments. The Safety Plan simply states that the Safety Monitor, who is the actual assigned social worker (not Kristen), will "stay informed regarding all safety actions by participation in all medical appointment w/ agreed upon provider and parents. Parents and IDHW (name redacted) will have regular ongoing communication."

And this is exactly what has been happening. Marissa and Levi have clearly communicated every single time BEFORE they have gone to any medical appointment with any health provider. And the actual assigned social worker who they have been communicating with the entire time has been responding and communicating back to them as well. The process has gone well and worked fine. If DHW wanted the social worker to actually accompany Marissa and Levi to these appointments, she could have done so at any time. It is obvious that Kristen is grasping at straws and desperately searching for an excuse to terrorize the family—though she can't find one.

Despite the facts as presented above, Kristen continues in her desperate attempts to harm Marissa and Levi and demonstrates ZERO CONCERN for the safety, welfare, or health of Baby Cyrus. She has an axe to grind. She has a worldview to force on others and she evidently has an agenda that she wants implemented.

The Idaho Department of Health and Welfare should immediately remove social worker Kristen from this case. She is not listed or noted on any agreed upon documentation, she is antagonistic towards the family, she already has a history of falsifying information regarding the family, she has demonstrated much contempt for them at every opportunity, and she clearly has no interest in the health of Baby Cyrus.

April 2nd - Baby Cyrus has Genuine PTSD

April 2nd, 2022 | by Diego Rodriguez

I have a prayer request for something kind of personal on behalf of Baby Cyrus. It appears as though he has been severely traumatized by his kidnapping and has what modern psychology calls "PTSD."

Since Marissa and Levi have had him back, every now and then, if he is in someone else's arms and Marissa is sitting down away from him, he gets this look of horror on his face and starts to scream bloody murder.

Marissa has to then grab him, hold him, and console him. He calms down after a while, but he really freaks out when it happens. I saw it with my own eyes the other day and I have to say, it was one of the saddest, most tragic things I've ever seen. It truly hurt me to see it. This little guy has genuine trauma and I saw it with my own eyes. I saw the look of genuine horror and intense fear in his eyes.

And yet, he was with all of us in the living room. The environment was safe. We assumed something triggered a memory for him and therefore triggered an uncontrolled traumatic emotional outburst.

He also has trouble sleeping now. He shows trauma in his sleep. He whimpers and cries in his sleep, and wakes up in fear, as if he's reliving some traumatic event. God only knows what they did to him when he was kidnapped.

Well, last night we got to review the bodycams from the criminal officers who kidnapped Baby Cyrus. I'll have to write about it later, but needless to say, it was nauseating to go through those videos.

But the worst part was from the bodycam of officer Sean King, who was the same pervert who molested and groped Marissa after he had her in handcuffs. Apparently he was in the ambulance and from his camera we could watch as child trafficker, Detective Steve Hanson, forcefully took Baby Cyrus from Marissa's arms and then demanded that she be handcuffed and taken to jail.

While Marissa was being arrested, you could see Baby Cyrus in the background with a look of horror as his mother was being handcuffed and manhandled by grotesque abusive tyrants. His little arms literally reached out for her and his face of horror and fear—WAS THE EXACT SAME FACE he has made when he has these outbursts of terror and trauma.

We now know and recognize that when he is being held by someone and Marissa is sitting down away from him, it can trigger this memory and he basically relives the horror of that night. ~~After that moment, Cyrus's life changed forever in ways we will never know.~~ He was passed back and forth between complete strangers, most of whom are heartless criminals, involved for years in the largest child trafficking ring the world has ever known. We know he has been forced down on tables and poked, prodded, and had tubes shoved into his nose. To this day, he freaks out if you grab his arms to try to hold him down just to change a diaper or put on his clothes.

Traumatizing and terrorizing little babies and scarring them for life—that is what CPS does! That is what these cops do. That is what Sheriff Matt Clifford and Meridian Police Tracy Bastoreches support and agree with. And that is what the American taxpayer finances with their tax dollars.

Remember, this is what these heartless criminals do on a daily basis all in the name of "doing what is best for the child."

Please pray for Baby Cyrus's trauma. It is real. It is sad. And it can only be overcome through prayer and by the grace of Jesus Christ. We covet your prayers for Baby Cyrus. Thank you.

April 3rd - Adjudicatory Hearing Postponed

We know everyone has been waiting to hear about what is going to happen and what we should do to prepare for the upcoming adjudicatory hearing on April 8th.

Well, it turns out they've postponed it. Now, on April 8th, Cyrus's attorneys will have some sort of "pre-trial hearing" with the prosecutors and Child Trafficker-in-Chief Judge Laurie Fortier, to determine WHEN the adjudicatory hearing will actually be set for. We will keep everyone posted as soon as we have updated information.

Sincerely,
Grandpa Diego Rodriguez

P.S. We've uncovered some very shocking and disturbing information about some of the police officers who were part of the kidnapping and additional foul-play, incompetence, and major failures to obey the law on behalf of many. We'll be sending out detailed information regarding what we've uncovered all week long. Get ready to lose your lunch and to feel some genuine and well-placed righteous indignation. Unless we expose everything and unless WE THE PEOPLE act and react accordingly, what happened to Baby Cyrus can happen to anyone. No child is safe. Literally, nobody.

NO EVIDENCE

There is ZERO Evidence for Imminent Danger

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

April 5th - There is ZERO Evidence for Imminent Danger

April 5th, 2022 | by Diego Rodriguez

At the upcoming adjudicatory hearing (which was originally scheduled for this Friday, April 8th but has now been postponed), the entire trial concerning Baby Cyrus and whether or not the state of Idaho, through CPS (Child Protective Services), acted on good faith when they kidnapped Baby Cyrus, will be based on one single, solitary, issue—whether or not Baby Cyrus was in “imminent danger.”

Now, this term, “imminent danger” actually has a legal meaning that must be met and from a statutory perspective, the state must PROVE, with ACTUAL evidence, that Baby Cyrus truly was in “imminent danger.” And furthermore, that it was his parents, Marissa and Levi Anderson, who caused him to be in “imminent danger.”

Did you all catch that? Legally, the state has to prove two things:

1. Baby Cyrus was in “imminent danger.”
2. Marissa and Levi are the cause of the “imminent danger.”

These are two very high bars to cross, and you will see that every one on this case acted on BAD FAITH, made tyrannical decisions, broke the law, disobeyed both the Idaho and U.S. Constitution, rejected Idaho statutes, and altogether acted criminally beyond belief!

No, your eyes are not fooling you—what you felt when you watched the videos with your own two eyes was real and accurate—it was nothing short of tyranny and abuse by police and the State. For all those who are permanent apologists for the state and all police—there is no excuse—and the evidence will expose it.

While we will be posting a more thorough documentation of the evidence that will be presented in court shortly, allow me to highlight some very simple evidence for you right now:

“Imminent Danger” Means You Are About to Die

The declaration of “imminent danger” to a child is governed by Idaho Law. More specifically it is written in §16-1108(1)(a). The explanation of it can be found in this “Idaho Child Protection Manual” published by the Idaho Department of Health and Welfare. Here’s what it states on page 21:

4. Declaration of Imminent Danger

The first and most common way in which a CPA proceeding is initiated occurs when a law enforcement officer declares a child to be in imminent danger pursuant to Idaho Code section §16-1108(1)(a). A declaration of imminent danger can be made “only where the child is endangered in his surroundings and prompt removal is necessary to prevent serious physical or mental injury to the child or where the child is an abandoned child . . .”²⁰

Generally speaking, for adults and for contexts outside of “child protection,” the term “imminent danger” usually refers to the potential for immediate death.

However, the legal definition in Baby Cyrus’s case (as you can read above) is that they claim Cyrus was “endangered in his surroundings and prompt removal is necessary to prevent serious physical or mental injury to the child.”

However, the only “evidence” that Cyrus was in any danger at all was that he had lost 35 grams (1.23 ounces) and that he was therefore “underweight.” Nobody denies that. Sure, Cyrus might be lung, but he’s a skinny little boy. And this, of course, is due to his episodes of vomiting.

But none of that constitutes “imminent danger.” And most importantly—it was not caused by Cyrus’s parents! You don’t have to be a doctor or professional to know that. Even someone with the limited brain capacity of Child Trafficker Jeff Fuller could see that Baby Cyrus was not in “imminent danger.”

And as has already been demonstrated multiple times, the Idaho Department of Health and Welfare likewise did not believe Baby Cyrus to be in “imminent danger” as they had already identified and approved a foster care family to receive Baby Cyrus. *Therefore, might he not kidnaped?*

Think about it—if you think a child is so sick as to be at the point of death, or in “imminent danger,” do you then rip him out of the hands of his nursing mother and dump him off with a bunch of strangers? Obviously not!

The reason they do it is simple—the state of Idaho gets paid when they take a baby away from its family and then they get paid AGAIN once that baby is placed in foster care. This is child trafficking for profit—plain and simple.

Isaiah 45:1-3 “Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings... I will go before thee, and make the crooked places straight... that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel.”

and declared immediately. It was brought to the Meridian ED for evaluation. Health and welfare identified a foster family but due to protesters surrounding the hospital regarding this case, it was felt that discharge with the foster family from the ED was unsafe for all involved."

The "Doctor" Who Declared Baby Cyrus to be in "Imminent Danger" had never even seen Baby Cyrus!

Yes, it is true. Child trafficker Jeff Fuller openly declared that he himself made the decision to declare Baby Cyrus in "imminent danger" and said that he did so "based on what the doctors have told us." (Watch the first video on this page from 3:15 to 3:25.)

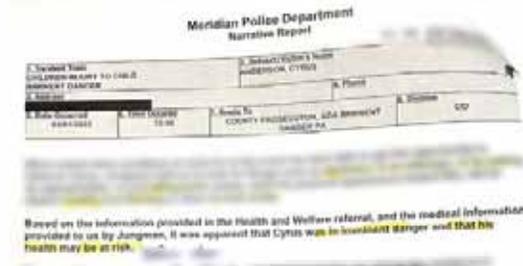

Well, first of all, it turns out there was *not* a single doctor, (i.e. actual physician or M.D.) that had opined on Baby Cyrus's health. The initial referral to CPS came from Nurse Practitioner Aaron Dykstra who contacted CPS just 20 minutes after a missed weight check appointment.

However, it turns out that the main "doctor" referred to by Jeff Fuller in the police report that he himself wrote, was nurse Practitioner Tracy Jungman who works for St. Luke's CARES. She therefore is personally financially benefitting from this Child Trafficking. She also does work at the *Faces of Hope Victim Center* meaning she is a nurse who takes innocent little children that have just been ripped from their families and starts looking at and asking them about their privates. Tracy Jungman is exactly the type of person being referenced in this article where it is stated, *"Even if there is no allegation of sexual abuse, they are still looking at every part of your child's body. We raise our children with the knowledge that no one is to be looking at their private areas, and there they are without their parents being looked over and examined by a perfect stranger."*

Now there is a very key detail you must know about Nurse Practitioner Tracy Jungman—this was all Friday, March 11th, and up to that point, *Tracy Jungman had never even seen Baby Cyrus!* That's right! The "doctor" that Child Trafficker Jeff Fuller claimed to mainly rely upon in order to make his declaration of "imminent danger" had never even seen Baby Cyrus before!!!

According to the police report, Child Trafficker Jeff Fuller writes, *"Based on the information provided in the Health and Welfare Referral, and the medical information provided to us by [redacted], it was apparent that Cyrus was in imminent danger and that his health may be at risk."*

So Child Trafficker Jeff Fuller uses two points of evidence in order to justify his claim of "imminent danger" for Baby Cyrus:

- 1. The Health and Welfare Referral** - this is a completely fraudulent referral and point of evidence because we've already demonstrated with documented proof above that Health and Welfare had prepared a foster care family to receive Baby Cyrus the night he was kidnapped. So Health and Welfare evidently and obviously did not believe Baby Cyrus's health was in "imminent danger" or they would not have planned to take him to a foster home.
- 2. Nurse Tracy Jungman's "information"** - which is preposterous and is borderline nefarious, since Tracy Jungman is giving medical advice and diagnosis about a child she has never seen before! Giving a medical diagnosis that has the potential to harm someone's life without actually seeing that person is grounds for medical malpractice.

They Have NO EVIDENCE, and they HAVE NO CASE

None of this information is new to the Idaho Department of Health and Welfare, to the Meridian Police Department, or to Judge Laurie Fortier. Everyone knows all of these facts. They have all known them before any of us knew them.

They knew they were breaking the law. The cops knew they were being abusive and tyrannical. The Idaho Department of Health and Welfare knew Baby Cyrus was not legally in "imminent danger." St. Luke's hospital knew that Baby Cyrus was not medically in "imminent danger." And Judge Laurie Fortier knew that the parents had done nothing wrong.

Yet they kidnapped Baby Cyrus and justified their actions. We will leave it to you to decide WHY? But when you "follow the money," it is impossible to deny the financial incentive for all involved. And it likewise is impossible to deny that what we are watching is a ring of Child Traffickers right before our very eyes. Remember, everyone mentioned above, gets paid from the funds received by the State of Idaho for kidnapping children.

If they can kidnap Baby Cyrus, with excessive force and ZERO evidence, then nobody in Idaho is safe. Nobody. They will come for your child next! So what are you going to do about it?

April 5th - Show of Solidarity for Baby Cyrus on April 8th

April 5th, 2022 | by Diego Rodriguez

As you know, the adjudicatory hearing for this Friday, April 8th has been postponed. We still don't know when the hearing will be. However, this Friday, on April 8th, at 2:00 Judge Laurie Fortier will be in her courtroom presiding over a "pre-trial hearing" for Baby Cyrus. This is a private meeting on Zoom where Baby Cyrus's lawyers and the prosecution will meet with Judge Fortier to determine certain details of the case, and to set the date for the actual adjudicatory hearing.

It is very important that we don't let Judge Fortier or the rest of those involved in "the system" think that BE THE PEOPLE have forgot about Baby Cyrus and moved on! Not at all. For those who can make it, we would like to have a group of patriots outside of Judge Fortier's court room with signs of protest—in a show of SOLIDARITY for Baby Cyrus. Bring your signs and help us all put an end to this nightmare. We only imagine this lasting about 30 minutes.

When: Friday, April 8th @ 2:00 pm
Where: Ada County Courthouse 4th floor
 200 West Front St
 Boise, ID 83702

Feel free to share the flier below on social media:

P.S. As I've previously stated, we do not plan on protesting the Idaho Department of Health and Welfare building downtown, where we previously held protests, unless they try to forcefully take Baby Cyrus again. However, we will promote and organize rallies and protests anywhere else deemed necessary for justice to prevail for Baby Cyrus. At this time, that is mainly the Ada County Courthouse.

Meet Sean King, Meridian's Finest Groper

Meet Sean King, Meridian's Finest Groper

April 6th, 2022 | by Diego Rodriguez

Today, I have the unfortunate task of introducing you to Sean King, aka "Meridian's Finest Groper," who I can plainly say is nothing more than just another pervert with a badge.

To give you some quick context and background history on this perv, note that he used to work for the Caldwell Police Department until he resigned in September of 2021 (just about 7 months ago).

Why did he resign? Well, the Caldwell Police department was under investigation from the FBI for trading sexual favors in exchange for a female drug user's liberty. Yup! Yay Idaho. Don't you just love backing the blue?

As the story is told in the Idaho Press, "One anonymous alleged victim, who said she has been talking to the FBI for more than a year, said that she had sexual relations with one of the officers allegedly under investigation. She said they had sex while he was on duty, and she was on drugs. 'He traded sex for me not to go to jail, and then he took the drugs,' the 32-year-old woman said."

The article goes on to state, "And at least one officer who left the department last fall was a subject, four sources said." Now we don't know who that one other officer is or was, but we know that Sean King was one of those officers who resigned as the Idaho Statesman reported.

Records obtained by the Statesman show that six officers have resigned from the Caldwell Police Department since October, including Capt. Devin Riley, Amber Walker, Kenneth Branstetter, Ryan Bendawald, Anthony Rojo and Sean King submitted resignation letters.

So why did Sean King resign amidst a federal investigation into sexual immorality and misconduct at the Caldwell Police Department? Well, the investigation is ongoing and we can't know. We can only speculate. But anyone who knows how this works (or who has just watched enough crime dramas has seen), that accomplices to major crimes are often given plea bargains or special deals with minor slaps on the wrist, in exchange for testimony against the primary suspects. Is that what is going on here? Perhaps. It's all just conjecture at this point.

But this much we can all assume to be true—nobody resigns from the police force amidst an FBI investigation over sexual misconduct if they were clean and had done nothing wrong. That's pretty obvious.

So what did Sean King do wrong? What was he involved in? Perhaps only time will tell. But for now, he's just another name in a long list of names of Idaho police officers with question marks over their names for sexual misconduct while wearing the badge. The Idaho Press article lists plenty more examples. And let's not forget Ada County Sheriff, Steve Bartlett who resigned abruptly and disappeared from planet earth amidst sexual misconduct allegations as well. **I mean, what is up with the corrupt culture of Idaho police?**

So why do I bring Sean King up in this article about Baby Cyrus? Well, the Meridian Police department, well known for being one of the worst and most tyrannical, wicked police agencies in America, couldn't let such a good opportunity pass them by, so after Sean King resigned amidst an FBI investigation into sexual misconduct at the Caldwell Police Department, they hired him on as an officer at the Meridian Police Department.

Now it seems as though he did get a slight slap on the wrist, since he's just an officer now, where it appears he was a detective in Caldwell, but he's still wearing the badge.

And wouldn't you know it, of all the 15 or more police officers who showed up to kidnap Baby Cyrus—one of them took it upon himself to grope and molest Marissa after Baby Cyrus was ripped away from her arms and she was put in handcuffs. Yup, you guessed it—it was Sean King, Meridian's finest groper—just another pervert with a badge. If you haven't watched the video already (you can watch the complete video on this page), then you can see Sean in his full blown perversion below, taking advantage of a beautiful young lady, vulnerable and in handcuffs:

Now, other perverted police officers stand ready come to Sean King, Meridian's Finest Groper's defense, by stating that he needed to do a weapons check to make sure Marissa didn't have any weapons on her. But, the full video shows how Meridian Police already patted her down and did a check for weapons when she first got out of her truck. So there was absolutely no need to do it again, unless you're a pervert.

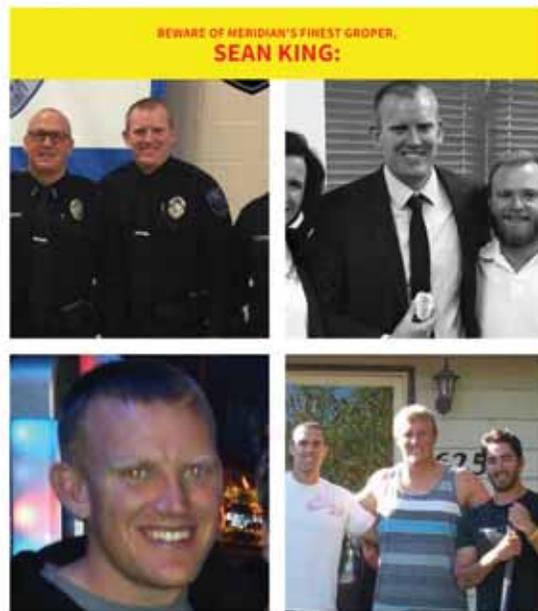

Furthermore according to case law (Terry vs. Ohio), a "Terry pat down," also called "stop and frisk," requires three things:

1. Reasonable suspicion (grounds for the investigative stop).
2. Officer reasonably believes the subject is armed.
3. Officer has an immediate concern for his safety.

In Marissa's case, there was no reasonable suspicion, she was already patted down demonstrating she was not armed, and there is no way any human being on the planet could infer that the officer should have concern for his safety. No, on the contrary, the pervert with a badge, Sean King, took advantage of a beautiful harmless young girl in the most vulnerable moment of her life, when her husband was locked in handcuffs, her baby was just ripped from her hands, she was emotionally destroyed, and physically restrained in handcuffs, so that he could grope her, molest her, and touch all over her body including putting his hands up her blouse and inside her pants around her waist.

And if any perverted police officer still wants to defend Sean King's actions by claiming they were in danger of an imminent attack from a 5'1" petite young lady in handcuffs, then remember that they could have just called a female officer to do the pat down!

Sean King proved to us all that he truly is Meridian's Finest Groper. Citizen's of Meridian, because of Sean King—your children, daughters, and wives are not safe around him. He has demonstrated himself to be armed and dangerous and willing to grope and molest women after falsely arresting them without cause and putting them into handcuffs. If seen, run for your lives. He is a dangerous pervert.

And police officers still have the gall and audacity to wonder why there is a breakdown of public trust. Imagine that.

Why Do They Hate Ammon Bundy So Much?

Why Do They Hate Ammon Bundy So Much?

April 8th, 2022 | by Diego Rodriguez

When great injustices abound, it is easy and common to question so many things and to feel despair and to think that the future is bleak and we remain without hope.

And to see injustice and pure vitriol by wicked authorities over a man like Ammon Bundy, it brings to mind the obvious question—*why do they hate Ammon so much?* The government, police, mainstream media, and nearly all connected to the state absolutely despise Ammon with intensity.

I submit to you that it is not a difficult question to answer. It's just that the answer is not what people want to hear.

You see, this is a spiritual battle. People don't hate Ammon because he stole their money or killed their cat. They hate Ammon because their spirits are wicked and full of darkness, and Ammon shines the light on them. It really is that simple:

John 3:20 "For everyone who does wicked things hates the light and does not come to the light, lest his works should be exposed." *ESV*

All statisticians hate those who promote liberty. Those who are corrupt hate those who expose. Tyrants hate liberators. Statists hate patriots. It really is that simple.

These battles are spiritual—they cannot be explained any other way. Truth be told, those who hate Ammon couldn't even define or articulate *Why* they hate him. They just know that they do. They will say things like, "I don't like his tactics" or "he is just an agitator"—silly claims that are baseless, vacuous, and just plain dumb. Others flat out lie and say things like, "he's a domestic terrorist" or he's a "criminal." Of course, those are just pure lies made up to scare and intimidate the thoughtless, uninformed, zombie class of Americans who gleefully absorb whatever putrid lies the mainstream statist media spews at them like fresh sponges dropped in a polluted gutter.

Remarkably, every public battle Ammon has ever fought, was something that exposed evil and darkness in America. Every time Ammon has been thrown in jail (locked in a cage), it was in the defense of SOMEONE ELSE or SOMEONE ELSE'S RIGHTS. And every time, statisticians and media acolytes rush to condemn him and to speak all manner of evil against him falsely. But fear not; it is actually an honor to be lied about when you are standing for righteousness and the causes of our Lord.

Matthew 5:11 "Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake."

They hate Ammon because he is a leader. Leaders inspire others. Leaders gather crowds and make great societal change. They lead not out of an inward desire to have followers, but out of a sense of destiny to serve a cause greater than themselves. Leaders are not perfect, as they are human and fallen, but they do possess that Christ-like quality of servitude and humility, driven by purpose, that makes them at once—both manly and meek.

They hate Ammon because he takes action. The enemy doesn't much care or pay attention to academics or to those who pontificate with many words yet little action. In a war, there is no time for the verbose, the petty narcissists, or the fearful, who all have many mechanisms to avoid taking action while attempting to appear "above the fray" or more "reasonable" and "level-headed." But these stagnant whiners are destined to become the lost and nameless souls of history who neither affect change nor achieve the proposed end that they blather over.

Contrariwise, action-takers, lead by default—not because they set out to do so, but by reason of their intentional action, they inspire others to pick up their own swords and follow. Like our founding fathers, and the great transforming agents of history—who themselves were persecuted, falsely, imprisoned, and suffered for their respective causes—Ammon takes action, inspires others, affects real change, and will likewise be remembered in history by name and with honor. His enemies will fade into the ash heap of history, and if ever mentioned, will only be known as the evil ones of their day.

Ammon is my best friend. He is my family. And it is easy for those of us who love him, his family and his cause, to be discouraged when we see a righteous man persecuted and put in jail without cause. But we must remember that God Himself will avenge the righteous. It is not our duty to do so.

Romans 12:19 "Dearly beloved, avenge not yourselves, but rather give place unto wrath; for it is written, Vengeance is mine; I will repay, saith the Lord."

Don't Miss Out on Important Information!

This is not to say that we should sit silent—SILENT FURY! It just means that ultimate justice is not in our hands, *but in His.*

And mostly, we must remember that God is just and He is sovereign. From His great throne above He may be orchestrating the greatest victory we have yet to see, and perhaps what we are now seeing is simply one chapter in His cosmic plan, with Ammon being just one of His chosen vessels to bring elements of His will to pass.

And with an eternal perspective, we can and should, rejoice for our friend Ammon, for he has been deemed worthy to be God's vessel, and worthy to suffer for righteousness' sake.

We should all therefore continue to pray for Ammon, but mostly continue to pray that God's Will be done in the earth.

April 9th - Baby Cyrus Health Update

FIRST THINGS FIRST—Baby Cyrus's adjudicatory hearing has been postponed until May 9th.

April 9th - Baby Cyrus Health Update

April 9th | by Diego Rodriguez

Baby Cyrus is fortunate and blessed to have so many people supporting him, praying for him, and helping him—and the family cannot thank you all enough!

Since Baby Cyrus has been back with his parents (thanks to your efforts and the grace of God), his health has been improving significantly. Unfortunately, everything CPS, the police, and St. Luke's did to Baby Cyrus was detrimental and harmful to his health. And that is empirical and not just my opinion.

We have been blessed to watch as the virtual "Avengers of Health Professionals" have assembled to tend to Baby Cyrus's health. This of course, is something that could not and would not EVER HAPPEN in state custody. Particularly, with St. Luke's hospital. We are convinced if Baby Cyrus would have stayed with St. Luke's hospital, by force, he would probably be dead by now. That is how important your valiant efforts to fight for him have been.

Let me explain...

Baby Cyrus loves his mom and his mom loves him!

Baby Cyrus Now Has NO LESS than 7 Experts and Health Care Professionals Tending to His Health

Baby Cyrus has a new primary care physician who we just can't say enough good things about. His name is Dr. Ben Wilson and he was referred to us by one of you—just an email suggestion that a wonderful supporter sent in through our contact form.

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings...I will go before thee, and make the crooked places straight...that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

Dr. Wilson is a "Direct Primary Care" provider meaning he bypasses "the system" and you work with him directly and get unlimited care for one affordable monthly rate. And his service, attitude, humility, and competence are beyond anything you'll get at a typical allopathic hospital. I can't recommend him high enough.

If you're worried about dangerous places like Functional Medicine of Idaho who call CPS on you for missing an appointment, or who haphazardly put you in the purview of "the system" and send you to hell-holes like St. Luke's, then give Dr. Wilson a call immediately!

He's basically just like old-school doctors from the 50s and 60s. He is your family's direct, personal health care provider. You can call him directly at any time, he gets to know you and your family's health and a very personal level so he can provide the optimal care. The only bad news is he is limited to 150 clients. That's it. Once those slots are full, you're out of luck. And once the word gets out, those slots will be gone fast! I wouldn't wait to sign up with him if I were you.

Baby Cyrus leaving an appointment at Dr. Wilson's office.

Baby Cyrus also has another functional Nurse Practitioner, a naturopathic doctor, a professional lactation consultant, a cranio-sacral therapist, a chiropractor, an additional Ph.D gut health specialist, and the entire team of America's Frontline Nurses seeing to his health! The family was also very fortunate to enlist the help of a pediatric GI specialist who works out of St. Al's who is also very professional, reasonable, and helpful in every way.

This is a team that would never be assembled at St. Luke's and their diagnoses, though not 100% complete, is completely different and contrary to any of the "work" or "care" that St. Luke's and CPS kidnapers forced on him.

Interestingly enough, the consensus right now is that Baby Cyrus is suffering from something called Cyclical Vomiting Syndrome. Obviously, this is something that is either genetic or has unknown origins, but it is something that is absolutely not caused by the parents, or by neglect or abuse. Duh!

Of course, CPS and the police are and were too incompetent to care about facts and evidence—but we'll leave that for another article and for the multiple lawsuits that are forthcoming.

For now, the good news is that Baby Cyrus is getting better. His vomiting episodes are not as intense, though they have not stopped. The doctors have prescribed a medicine that is supposed to either lessen the severity of the vomiting or eliminate them altogether—it will all simply take time.

So for now, we are simply walking through the path with this incredible team of medical professionals that God has assembled for Baby Cyrus. We pray, hope, and believe that he will be totally cured soon! And we are forever grateful for your thoughtful care, love, prayers, and support. Our family could not get through this without every one of you! Thank you again from the bottom of our hearts!

P.S. The Ph.D. medical doctors on Cyrus's team all agreed that the NG medical tube that CPS demanded be shoved down Cyrus's throat was totally worthless and needless. And even though the social worker—who obviously is not a doctor or a medical professional—tried to get them to keep the NG tube, the doctors recognized that it was not only needless but that is more-than-likely an irritant causing more damage than good. Baby Cyrus can eat through his mouth—he obviously doesn't need a feeding tube! But the force of government never does things right and always demands things to be done their way, even and especially when their way hurts you and causes harm. Anyhow, Dr. Wilson took the NG tube out and Baby Cyrus is soooooo happy!

Hey everybody check me out! I don't have that nasty tube in my nose anymore! Yay! Thanks Dr. Wilson!

Two time Georgia Senator Nancy Schaefer fought to expose corruption in Child Protective Services, calling their work Legal Kidnapping. She and her husband were murder/suicided with subsequent full cover-up. She will not be forgotten.

The Corrupt Business of Child Protective Services

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

April 13th - The Corrupt Business of Child Protective Services

Original content from Senator Nancy Schaefer (aka Nancy Schaefer, Shafer)

Nancy Schaefer was a Georgia State Senator; from 2004-2006, Nancy was murdered on March 26th 2010. Her, and her husband Bruce, both were shot. Their deaths were ruled a murder suicide, claiming Bruce took Nancy's life and then his own. I have to question that, and anyone who knows what Nancy was attempting to expose, would question it as well. Nancy Schaefer was exposing horrifying corruption involving child protective services. During her 4 years of being senator, Nancy spoke with many parents who's children were wrongfully taken by cps. Nancy refused to be silent, and started exposing the crimes hidden behind the doors of child protective services. Eventually Nancy lost her seat on the senate, over speaking out on the corruption. Some think she lost her life for the same reason. In one of Nancy's speeches she said:

"I will share with you on the unlimited power of child protective services. I served in the Georgia state senate. And after four years of viewing the ruthless and unsparing actions of child protective services I wrote a scathing report entitled The Corrupt Business of Child Protective Services. The report cost me my senate seat however there are causes worth losing over, and this is one."

In Nancy's speeches, she talked about children being removed from their homes for profit due to incentives from the state. In 1997 Bill Clinton passed a bill called the "Adoption and Safe Families Act." It offers financial incentives from the state that increase adoption numbers. Nancy said:

"To receive the adoption incentives or bonuses, local cps must have more children, they must have more merchandise to sell. Funding is available when a child is placed in a foster home with strangers, or placed in a mental health facility and medicated usually against the parents wishes. Parents are victimized by the system, that makes a profit for holding children longer and bonuses for not returning children to their parents. This is abuse of power. It is lack of accountability and it is a growing criminal political phenomenon spreading around the globe. Often times, but not always, poor parents are targeted to lose their children. Because they do not have the wherewithal to hire an attorney or to fight the system. Being poor and lacking proper housing does not mean your children should be removed. CPS has redefined poor to mean psychologically infirm, therefore it is in the best interest of the child to be removed. Best interest of course has also been redefined at the child's expense. It has been reported over and over that six times as many child die in foster care, than in the general public. Once a child is legally kidnapped and placed in official safety the child is far more likely to suffer abuse including sexual molestation and/or rape. Case workers, and social workers are often guilty of fraud, they withhold and destroy evidence, and they seek wrongly to terminate parental rights, while being protected by state immunity. There is a huge bureaucracy made up of judges, court appointed Attorneys, Guardian ad Litem, Social Workers, State Employees, Court Investigators, Therapists, Psychologists, Psychiatrists, Foster Parents, Adoptive Parents, and on and on who are looking to the children in state care for their job security."

Here is part of the report that cost Nancy her senate seat, and possibly her life:

Having worked with probably 300 cases statewide, I am convinced there is no responsibility and no accountability in the system. I have come to the conclusion:

- That poor parents often times are targeted to lose their children because they do not have the wherewithal to hire lawyers and fight the system. Being poor does not mean you are not a good parent or that you do not love your child, or that your child should be removed and placed with strangers.
- That all parents are capable of making mistakes and that making a mistake does not mean your children are always to be removed from the home. Even if the home is not perfect, it is home; and that's where a child is the safest and where he or she wants to be, with family.
- That parenting classes, anger management classes, counseling referrals, therapy classes and on and on are demanded of parents with no compassion by the system even while they are at work and while their children are separated from them. This can take months or even years and it emotionally devastates both children and parents. Parents are victimized by "the system" that makes a profit for holding children longer and "bonuses" for not returning children;
- That caseworkers and social workers are oftentimes guilty of fraud. They withhold evidence. They fabricate evidence and they seek to terminate parental rights. However, when charges are made against them, the charges are ignored.
- That the separation of families is growing as a business because local governments have grown accustomed to having taxpayer dollars to balance their ever-expanding budgets;
- That Child Protective Service and Juvenile Court can always hide behind a confidentiality clause in order to protect their decisions and keep the funds flowing. There should be open

I will go before thee, and make the crooked places straight... that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

records and "court watches!" Look who is being paid! There are state employees, lawyers, court investigators, court personnel, and judges. There are psychologists, and psychiatrists, counselors, caseworkers, therapists, foster parents, adoptive parents, and on and on. All are looking to the children in state custody to provide job security. Parents do not realize that social workers are the glue that holds "the system" together that funds the court, the child's attorney, and the multiple other jobs including DFCS's (Division of Family & Children Services) attorney.

- That **The Adoption and the Safe Families Act**, set in motion by President Bill Clinton, offered cash "bonuses" to the states for every child they adopted out of foster care. In order to receive the "adoption incentive bonuses" local child protective services need more children. They must have merchandise (children) that sell and you must have plenty of them so the buyer can choose. Some counties are known to give a \$4,000 bonus for each child adopted and an additional \$2,000 for a "special needs" child. Employees work to keep the federal dollars flowing;

- That there is double dipping. The funding sometimes as long as the child is out of the home. When a child in foster care is placed with a new family then "adoption bonus funds" are available. When a child is placed in a mental health facility and is on 16 drugs per day, like two children of a constituent of mine, more funds are involved;

- That there are no financial resources and no real drive to unite a family and help keep them together;

- That the incentive for social workers to return children to their parents quickly after taking them has disappeared and who in protective services will step up to the plate and say, "This must end!"? No one, because they are all in the system together and a system with no leader and no clear policies will always fail the children. Look at the waste in government that is forced upon the tax payer;

- That the "Policy Manual" is considered "the last word" for DFCS. However, it is too long, too confusing, poorly written and does not take the law into consideration;

- That if the lives of children were improved by removing them from their homes, there might be a greater need for protective services, but today all children are not always safer. Children, of whom I am aware, have been raped and impregnated in foster care and the head of a Foster Parents Association in my District was recently arrested because of child molestation;

- That some parents are even told if they want to see their children or grandchildren, they must divorce their spouse. Many, who are under privileged, feeling they have no option, will divorce and then just continue to live together. This is an anti-family policy, but parents will do anything to get their children home with them;

- Fathers, (non-custodial parents) I must add, are oftentimes treated as criminals without access to their own children and have child support payments strangling the very life out of them;

- That the Foster Parents Bill of Rights does not bring out that a foster parent is there only to care for a child until the child can be returned home. Many Foster Parents today use the Foster Parent Bill of Rights to hire a lawyer and seek to adopt the child from the real parents, who are desperately trying to get their child home and out of the system;

- That tax dollars are being used to keep this gigantic system afloat, yet the victims, parents, grandparents, guardians, and especially the children, are charged for the system's services;

- That grandparents have called from all over the State of Georgia trying to get custody of their grandchildren. DFCS claims relatives are contacted, but there are cases that prove differently. Grandparents who lose their grandchildren to strangers have lost their own flesh and blood. The children lose their family heritage and grandparents, and parents too, lose all connections to their heirs;

- That The National Center on Child Abuse and Neglect in 1998 reported that six times as many children died in foster care than in the general public and that once removed to official "safety", these children are far more likely to suffer abuse, including sexual molestation than in the general population;

- That according to the California Little Hoover Commission Report in 2003, 30% to 70% of the children in California group homes do not belong there and should not have been removed from their homes.

RECOMMENDATIONS:

1. Call for an independent audit of the Department of Family and Children's Services (DFCS) to expose corruption and fraud.
2. Activate immediate change. Every day that passes means more families and children are subject to being held hostage.
3. End the financial incentives that separate families.
4. Grant to parents their rights in writing.
5. Mandate a search for family members to be given the opportunity to adopt their own relatives.
6. Mandate a jury trial where every piece of evidence is presented before removing a child from his or her parents.
7. Require a warrant or a positive emergency circumstance before removing children from their parents. Judge Arthur G. Christian, Utah Bar Journal, January, 1997 reported that "except in emergency circumstances, including the need for immediate medical care, require warrants upon affidavits of probable cause before entry upon private property is permitted for the forcible removal of children from their parents";
8. Uphold the laws when someone fabricates or presents false evidence. If a parent alleges fraud, hold a hearing with the right to discovery of all evidence.

Before Nancy was murdered, she was working on a video with William Fain. Fain was on the Alex Jones show in 2010, and said he would be releasing the video. It has been years, and the video still has not been released. Fain now claims he is not releasing it in honor of Nancy. The only

thing that stopped Nancy from exposing the corruption of CPS was murder. If Nancy was alive today, I am sure she would release that video. She was a true hero.

Please share this article and help expose the corruption of CPS. Too many families have been ripped apart and destroyed, some for the sole purpose of making a profit. It is the worst corruption and it needs to be exposed.

Below are videos of Nancy speaking out on CPS, and also a link that might be helpful to anyone who has had problems with cps.

Medical Proof Baby Cyrus' Kidnapping Was a Fraud!

Medical Proof Baby Cyrus Kidnapping Was a Fraud!

April 10th | by Diego Rodriguez

We have uncovered another piece of damning evidence against CPS in Baby Cyrus's case. To give context to how damning this evidence really is, you must remember that the entire kidnapping was justified based on the false claim that Baby Cyrus was in "imminent danger."

We have already demonstrated this to be a false claim on multiple counts:

1. First of all, the medical records show that CPS had already determined that Baby Cyrus was NOT an "imminent danger" as they already had identified a foster family to drop Baby Cyrus off with the right he was kidnapped, but decided against doing so because protestors outside of the hospital made them think it was a security risk to take Cyrus to a foster home.
2. Detective Jeff Fuller of Meridian Police Department, a totally wicked and evil man, personally declared Baby Cyrus to be in "imminent danger" and only used the diagnosis of nurse Tracy Jurginiak who had never even seen Baby Cyrus. This is equivalent to medical malpractice—to diagnose a patient with a life-altering diagnosis without ever having seen the patient in person.
3. And now we have physical proof and evidence that the physician who attended to Baby Cyrus the night he was kidnapped declared quite specifically that Baby Cyrus was perfectly healthy and not in any danger whatsoever:

The report, as seen above, from Baby Cyrus's medical records plainly declare:

The sending physician handed us the pt (i.e. patient) secured in his car seat. She indicated the pt was in stable condition and requested that we have privacy. She stated, "Just go! This is a healthy baby with no interventions." —no acute life threats noted.

Imagine that: The physician at St. Luke's hospital literally stated that Baby Cyrus was in her professional diagnosis, "a healthy baby," and did not have or have need of any medical "interventions." In her estimation, Baby Cyrus did not need any medical support—he was just fine!

And remember, the term "imminent danger" specifically means that your life is threatened or that serious harm or injury is imminent regarding this, the physician stated very plainly that there were "no acute life threats noted."

So in Baby Cyrus's case, Meridian Police Department and CPS are using the false claim of "imminent danger" to kidnap Baby Cyrus and arrest Marissa, his nursing mother, even though:

1. CPS itself did not believe Baby Cyrus was in "imminent danger."
2. The attending physician didn't believe Baby Cyrus was in "imminent danger."
3. The only "professional" who declared Baby Cyrus to be in "imminent danger" was a nurse

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

And remember, all of this information was available to Judge Laurie Fortier at the shelter care hearing. In fact, Cyrus's primary care doctor, actually testified in person at the shelter care hearing that Baby Cyrus was not in "imminent danger" and that Marissa and Levi had not done anything to cause his lack of weight gain. But this evil woman didn't care about facts or evidence. You know why? *They all get paid to kidnap children!*

This should terrify every single citizen of Idaho. Especially those of you in the City of Meridian. This means you have tyrannical thugs with badges who work in conspiracy with the Department of Health and Welfare/CPS to kidnap babies WITHOUT A SHRED OF EVIDENCE OR JUSTIFICATION, and who are financially incentivized to do so.

We know, statistically, that this happens approximately 4 times per day, every day, in the state of Idaho. Evil Detective Jeff Fuller and his partner, Detective Steve Hanson (who undoubtedly is a clinical sociopath) are roaming the streets every single day looking for more innocent parents whose children they can kidnap.

And yes, they are supported by the full force of Sheriff Matt Clifford and Meridian Chief of Police—two of Ada County's most wicked public servants. These are two evil men and there is no way to sugarcoat it. They both fully support *kidnapping for profit* and God's judgment for their crimes has already been declared (Exodus 21:16).

Be a Whistleblower, Be a HERO!

April 20th, 2022 | by Diego Rodriguez

If you ever wanted to be a true HERO, now is your chance!

Now, more than ever, we need regular people who have access to proof and evidence of corruption, particularly and especially from the tyrants who abuse the people, to become WHISTLEBLOWERS. Here are some examples:

- Proof of corruption in Child Protective Services (CPS).
- Proof of corruption at the Idaho Department of Health and Welfare.
- Proof of corruption in police departments and Sheriffs departments.
- Proof of corruption of legislators.
- Proof of corruption of hospitals and doctors.
- Proof of corruption of judges.
- Proof of corruption of prosecutors and district attorneys.
- Proof of corruption of lobbying organizations.

Many of you work for or with these types of entities. The amount of "insider information" is rampant. Emails, documents, videos, etc. Freedom Man Press is an online press organization that will protect the identities of our informants 100%. If you have documented evidence and proof of corruption or illegal activity, please send it to:

freedommanpress@protonmail.com

Your identity will be protected. In fact, you don't even have to share your identity. You can just share the evidence and we'll take care of the rest. You can be a hero, and together we can expose evil and corruption and help to truly make the world a better place.

Meet Kelly Shoplock, An Evil Cog In Idaho's Child Trafficking Machine

Meet Kelly Shoplock, An Evil Cog In Idaho's Child Trafficking Machine

April 21st | by Diego Rodriguez

The next "adjudicatory hearing" for Baby Cyrus is on May 30th and between now and then there is one person who currently has more power, control, and responsibility over the case than anybody else. And it is time to introduce her to the world...

Ladies and gentlemen, meet Kelly Shoplock, a social worker in *Idaho's child trafficking machine*, called CPS (Child Protective Services), but better described as *Child Profiting Systems*.

Kelly is the social worker assigned to this case who I previously described as someone who was probably just "trying to do her job," but she has definitely devolved and shown her true colors—and is now acting *completely antagonistically toward Marissa and Levi*. **It is evident she is willing and trying to do anything and everything possible to keep CPS's grip and power over Baby Cyrus.**

Before I describe to you the wickedness of this evil woman, let me state for the record that I, as always, am writing on my own accord. Levi and Marissa do not condone or promote that which I write, and I may publish things they would disapprove of. My words and my opinions are my own.

However, you must remember, I am currently LIVING with Marissa and Levi, and I will continue to do so until justice is properly served and we get Baby Cyrus back from the evil clutches of the state. Until then, these articles will keep coming, and believe me, I have plenty of source material. The list of evil associates and bad actors connected to Child Protective Services in Idaho is basically endless. And now we have a secure email address for whistleblowers to send us even more evidence, and gratefully we are already getting content fed to us there on a daily basis.

Who is Kelly Shoplock?

Kelly Shoplock is the social worker from CPS assigned to Baby Cyrus's case. She is the self-proclaimed "third parent" who represent's the state of Idaho's interest(s) in the Baby Cyrus case. Believe it or not, this is something she likes to call herself when she speaks to Marissa and Levi, "Remember, I'm the third parent," she says. That is like a rapist telling a woman, "Remember I'm your second husband."

It is absolutely disgusting. What kind of a human can happily use the force of government to coerce you against your will to accept her intrusion into your life FOR NO REASON other than extortion? She is not protecting Baby Cyrus—nor is the state of Idaho. They kidnapped Baby Cyrus for money—pure and simple.

What Is Kelly Doing Wrong?

Initially Kelly tried to act like the typical government lackey who was just trying to do her job, and it was her supervisor, Kristin Hane, who demonstrated ill-will and hostility towards Marissa and Levi. But ever since a new safety plan was signed, Kelly has been acting hostile and frustrated because of the following three things that happened:

1. The mutually agreed upon Medical providers (i.e. doctors) have diagnosed Baby Cyrus as having "cyclical vomiting syndrome" and have declared emphatically that he was never in "imminent danger" and that Marissa and Levi had nothing to do with his loss of weight. (As if babies could be in imminent danger for a *single* kidnapping or justification for state terrorism against I

Isaiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the joints of kings... I will go before thee, and make the crooked places straight... that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

2. By the doctor's orders, all medical check-ins at St. Luke's and/or the Idaho Department of Health and Welfare have been terminated. Medical check-ins are all now done in the doctor's own office. This means that Baby Cyrus is no longer on the enemy's turf and Kelly and her goons have less control.

3. Baby Cyrus had his NG feeding tube removed. This tube served no purpose other than to aggravate Baby Cyrus's already sensitive digestive tract and, most importantly to CPS, it gave Cyrus the appearance of being a sick baby. Like facemasks for COVID, the psychological effect of making Baby Cyrus appear sickly to the world was evidently paramount in their perverse and twisted game. So once Cyrus's doctors removed it and noted it as being unnecessary, their major tool of oppression against baby Cyrus was taken from them.

Now admittedly, I don't know if Kelly is being pressured by those above her (more exposés forthcoming on the "higher ups") or if she is acting on her own accord, but what difference does it make—she's still the one doing it!

Kelly is now acting like a frustrated tyrant who is losing her grip and power—like Rapunzel's wicked stepmother. Previously she mostly left Marissa and Levi alone. Now she calls and texts and acts so concerned about Baby Cyrus's health, constantly whining about Cyrus's weight and how she thinks he needs the NG tube again.

Of course, the doctors have told her that this is nonsense and that they are not concerned with Baby Cyrus's weight like Kelly pretends to be. Imagine how frustrating this is for Kelly and CPS considering weight loss was the *only thing* noted as being the baseless justification for kidnapping Cyrus in the first place!

"I'm just so concerned about Baby Cyrus weight, I think he needs to be taken back to the hospital," she laments. Who does this woman think she is? She is just a social worker! She works for a corrupt organization that kidnaps babies for profit! And now she is frustrated because the doctors in this high-profile case are honest and objective (and are not getting paid by CPS,) and are not rubber stamping their wishes like what she is used to. So she has no more control.

Questions for Kelly:

Kelly, I will give you my phone number, and you can call me (I will record the call, obviously) or you can text me (I will save screenshots of the messages) but I want you to answer the following questions:

1. Why are you trying desperately to find a reason or excuse to be "concerned" about Baby Cyrus's health when the doctors are not concerned? Is your training as a mere social worker superior to the extended education of licensed M.D.s?
2. Why are you trying to make Marissa and Levi look culpable when Medical professionals have stated emphatically that they have done nothing wrong?
3. The Idaho Department of Health and Welfare already admitted that Baby Cyrus was not in "imminent danger" when they tried to take Baby Cyrus into foster care the night he was kidnapped, so how do you justify the kidnapping when your own department has tacitly admitted there was no "imminent danger"?
4. St. Luke's attending physician the night of the kidnapping likewise noted that there was no imminent danger and stated that Cyrus was a "healthy baby with no interventions." How do you justify the lie of "imminent danger" when a St. Luke's physician plainly stated the opposite?
5. What makes you think you have the right to interpose yourself as a "third parent" using the force of government when your department has broken every Idaho state statute regarding parental rights in this case?
6. How much money will CPS lose on a monthly basis if Baby Cyrus's case is dismissed and he is no longer under state control?

In the last 6+ weeks I have spoken with many former employees of CPS, whistleblowers, and others associated with CPS and the foster care system. I have also read dozens of articles, watched endless videos, and have read through books from insiders including the excellent, *Legally Kidnapped* by Carlos Morales who was a former social worker at CPS. A common theme amongst them all is this—no clean or honest-hearted person can last within the system for more than a year. A pure heart and a clean conscience simply will not allow it.

In other words, only a sick, twisted, and demented soul could continue to work as a social worker in a place like CPS. Their very paychecks are funded by destroying the lives of families through child trafficking. It's blood money! In Kelly's case, she has apparently worked at CPS for over 7 years, and in that time thousands of children in Idaho have been trafficked—which she has been an accomplice to. She pays her mortgage and feeds her own children with blood money, gathered from the broken lives of children who have been raped, abused, and forcefully separated from their parents at the point of a gun. What type of a sick person stays committed to such a career?

Kelly's Husband and Some Interesting Friendships

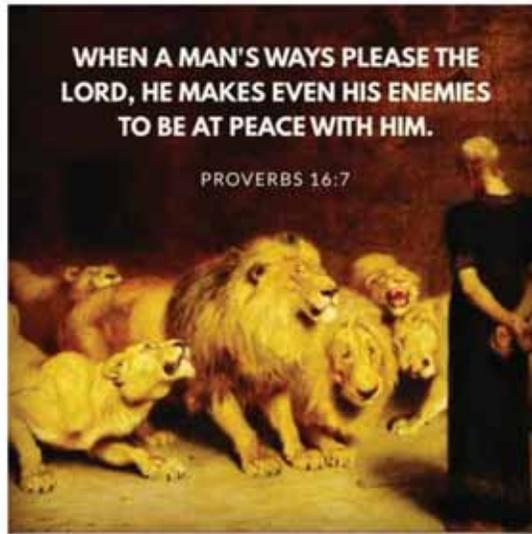

Kelly's full name is Kelly Atkins Shoplock and she is married to Joseph Robert Shoplock. They are both 44 years old and they live in Eagle, Idaho. Joseph is the battalion chief at the Eagle Fire Department. Interestingly enough, just last week he became the President of the Idaho Firefighters Union.

In short, these two are typical statistis who make their money off of government. And Kelly's husband, Joseph, who publishes his name on Facebook as Rob Shoplock, has quite an interesting list of friends on his Facebook page. For example, "Rob" is friends with Brad Little, Scott Bedke, Fred Martin, Greg Chaney, Patti Anne Lodge, Lori Otter, Shawn Keough, and Chuck Winder just to name a few—a virtual "Who's Who" list of statist republicans and RINOs who I personally and publicly have opposed right here on this very blog. Example. Example. Example. Example. Example. Example. Example. Example.

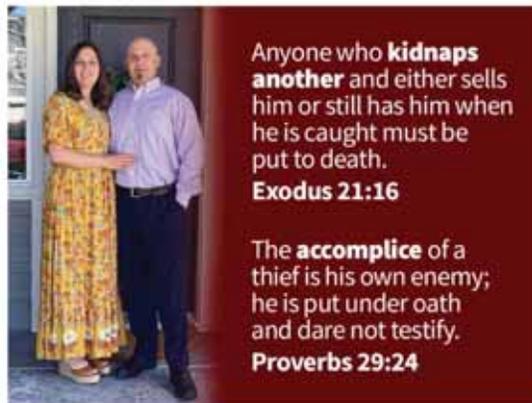

Now you can't draw any definitive conclusions about someone based solely on their Facebook friends, and Rob does have other Republican friends in his list that are not as leftist as these.

But one can only imagine what the dinner conversations are like when Kelly—who is an accomplice to child trafficking and is the assigned social worker to the highest-profile state subsidized baby kidnapping case in Idaho's history—speaks to her husband, the President of the Firefighters Union, who apparently is good buddies with the most leftist, corrupt, and wicked RINOs in the state and who also happen to have been publicly criticized by Baby Cyrus's grandpa!

Remarkably, Kelly's Husband has the following banner with a scriptural reference on it as his Facebook banner:

That is quite an interesting banner to post considering the type of work his wife does on a daily basis. Now I've got a pair of scriptures for the two of you to consider so... **Kelly and Joseph Shoplock, please take into consideration what God said about people like you who are accomplices to kidnapping:**

As far as we know, Kelly has the power to write a report and send it to her superiors letting them know that there is no evidence or reason to continue with this case. Baby Cyrus is in good hands, he is safe, he is not in imminent danger, his parents are caring for him, he has a team of medical professionals looking after him, and there is ZERO evidence to continue the case.

If she refuses to do so—we can only conclude that she is a willing accomplice to child trafficking. There is no other logical conclusion.

Constitutional Rights Violated by Meridian Police and Judge Laurie Fortier

April 22nd | by Diego Rodriguez

The Constitution is the highest law of the land, but it is absolutely worthless and meaningless if we don't force our government officials and representatives to abide by it.

Remember, to break a law is to commit a crime, and someone who commits a crime is called a **criminal**. Since the Constitution is the highest law of the land, when it is broken, the one who breaks it is the **highest form of criminal**. **Therefore, all those who violate the Constitution are, by definition, criminals of the highest order.**

Furthermore, police officers make an oath to protect and defend the Constitution while judges make an oath to "faithfully and impartially discharge and perform all the duties incumbent upon me as ___ under the Constitution and laws of the United States. So help me God."

With that context in mind, let us consider the following Constitutional rights that were violated by the Meridian Police Department and Judge Laurie Fortier in the Baby Cyrus case:

4th Amendment - Kidnapping is Seizing Property

The 4th Amendment protects Americans against unreasonable search and seizure. Specifically, it states, "The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures."

Kidnapping a child, particularly without evidence, is a clear violation of the 4th amendment. It is an unreasonable seizure! You can't just steal a baby because you have a badge and a gun! The Meridian Police Department, specifically the child traffickers Jeff Fuller and clinical sociopath Steve Hanson violated the 4th Amendment and seized Baby Cyrus without due process of law.

5th and 14th Amendments - Due process

The 5th amendment famously requires that all Americans receive due process before being "deprived of life, liberty, or property." Due process means that before a child, which is the legal property of parents, can be forcefully taken away from its parents, there must be actual evidence presented that condemns the parents as abusive or threatening in some matter. Mersey is not sufficient. The opinion of a police officer is also not sufficient. There must be due process.

The 14th Amendment adds the "due process" clause which ensures that each of the 50 states must likewise apply the rights of due process, and that this right isn't limited to the federal government—states like Idaho are subject to this requirement as well.

In the case of Baby Cyrus, he was forcefully ripped out of his mother's loving arms by clerical sociopath, Steve Hanson, by the order of child trafficker, Jeff Fuller, without any evidence presented. There was no court case, no witnesses, no testimonies, no evidence—NO DUE PROCESS.

In fact, the only basis for child trafficker Jeff Fuller to make his claim of imminent danger regarding Baby Cyrus, were the words of nurse Tracy Jungman who had never even seen Baby Cyrus. The violation of the 5th Amendment is clear—and Meridian Police Detectives Jeff Fuller and Steve Hanson violated it. They are, therefore, criminals of the highest order, and all of the police who were on scene at the kidnapping are accomplices.

6th Amendment - Public Trial

The sixth amendment guarantees all American citizens that "in all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury..."

When a child is taken from its parents, the parents are actually being accused of a crime, either of neglect or abuse, or some other related offense. Any trial of this sort must be public and with an impartial jury. Our founding fathers rightfully recognized the unrestrained power a judge could have if they were allowed to try, prosecute, and sentence someone in private—and therefore prevented such actions in the bill of rights—in the 6th Amendment specifically.

Marissa and Levi, and all families who come under the purview of CPS and family court judges like Judge Laurie Fortier, are subject to Constitutionally violating private court hearings. The public is not allowed to enter or know what is going on. And Marissa and Levi are and were forced to abide by a "gag order" which prevents them from speaking about the court proceedings, or risk being arrested.

This is a clear and evident violation of the 6th amendment and it is most egregious. In executing this violation, Judge Laurie Fortier has made herself a conscious accomplice of the kidnappers.

order!

7th Amendment - Right to a Jury Trial

The 7th Amendment clearly states, "In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved..."

In short, any lawsuit which would deprive you of your property or in this case, your child, must preserve the right to a trial by jury. Court precedence exists to establish that this right applies to parental rights cases. And even if it didn't, the right to a jury trial is still covered by the 9th amendment. In either case, Judge Laurie Fortier is in violation of the right to a trial by jury because she is acting as the sole decision maker, and somehow has all power to determine whether or not a child can be ripped away from its parents.

Conclusion:

Tracy Basterrech is the Chief of Police of the City of Meridian. His police department has a national reputation for being one of the worst and most corrupt police departments in the country. Reputations and culture come from the top—so he is personally responsible for it. He swore an oath to protect and defend the Constitution of the United States. He has broken his oath repeatedly. He is therefore a criminal of the highest order and should be treated as such.

Judge Laurie Fortier has likewise violated her oath and violated the Constitutional rights of American citizens who have come into her court room. She should be immediately removed from office and criminally prosecuted. ***If not, then what purpose does the Constitution serve if the "authorities" can routinely violate it without consequence?***

Insider Information from a Whistleblower!

April 29th | by Diego Rodriguez

I have some amazing, yet horrifying news! Ever since we posted our new secure email, freedommanpress@protonmail.com for whistleblowers to send us evidence and information about corruption in government—we have been receiving near daily responses from anonymous people wanting to share private information with us.

And now I have just received private information about Baby Cyrus's case from an anonymous whistleblower who apparently wants me to publish it—as you can assume from the email I received (screenshot below):

insider info

I have downloaded the files which included never before seen bodycam footage from Meridian police and also the court documents that describe the case against Marissa and Levi which they are gag-ordered against speaking about publicly. Most specifically, I now have copies of the affidavit filed by CPS against Marissa and Levi, and also Judge Laurie Fortier's order/sentencing against them!

What I can tell you so far is that the affidavit is LOADED WITH LIES!!! It is just one lie after another, and it is all hearsay. But the most egregious part is that there is now documented evidence that CPS and Judge Laurie Fortier clearly violated the law! It is all there in black and white!

More specifically, they violated Idaho Statute § 16-1610 subsection (d)(ii), which requires that "reasonable efforts be made prior to the placement of the child in care to prevent the removal of the child from his home." The law requires that CPS demonstrate PROOF that they have made these "reasonable efforts" and BOTH the affidavit and the order from Judge Laurie Fortier demonstrate that this was never done!

This is a very egregious violation of Idaho law and it demonstrates that they are either totally incompetent or blatantly disregarding the law because they can get away with it! Remember, they were not legally allowed to take or keep Baby Cyrus away from Marissa and Levi without making these "reasonable efforts." But as I will show you next week when I publish everything—they blatantly disregarded and violated this law!

There are other parts of the documentation that I need to get legal counsel about before I publish everything, but let me just warn you—if you weren't already righteously indignant over what has gone on in the Baby Cyrus case—you're going to ABSOLUTELY FURIOUS when you see what they have been hiding and how they have blatantly broken the law! This is not a matter of opinion—it's a matter of empirical fact and I have the evidence to show you! Get ready because you're not going to believe it!

St Luke's is Suing Us for Exposing Them

St Luke's is Suing Us for Exposing Them

May 16th, 2022 | by Diego Rodriguez

Last week I got a text from a reporter at the Idaho Statesman asking me about a lawsuit with St. Luke's hospital. I had no idea what they were talking about, and later had to read about it from a news website where I downloaded the actual lawsuit (i.e. legal complaint) and read it for myself.

And yes, it is true, St. Luke's Hospital is suing me, Ammon Bundy, and other entities they allege that Ammon and I control.

What is all this about, you might ask? Well, they are claiming that in the course of fighting to get my Grandson back from their clutches after he was kidnapped by child traffickers from the Meridian Police Department and put into the very wicked hands of St. Luke's Hospital, Ammon and I allegedly caused them so much harm and damage that their business has suffered as a result.

The 33 page complaint is so littered with lies, mischaracterizations, falsehoods, and not-so-cleverly-worded propaganda claims, that it makes one wonder if the attorneys spent any time at all doing real research before filing the complaint, or if they're just banking on the assumption that they control the Ada County courthouse and are backed up by the highest levels of Idaho's government—including the Governor, Attorney General, and the entire RINO wing of the Idaho Republican party.

To be certain, the Holland & Hart law firm that was hired by St. Luke's hospital is the most powerful and deep-pocketed law firm in the state, and have themselves worked in cahoots with Idaho state government to build legal barriers to Idaho citizens regaining their freedoms during the fake COVID lockdowns. And they've been at the forefront of many corrupt Idaho policies in conjunction with WCI and Idaho government officials. [You, it's that same law firm.](#)

So yes, their pockets are deep and their ability to financially devastate their opponents is unmatched in Idaho. Yet for all their historical legal prowess and their deep ties to Idaho's corrupt state—they sure have put on a display of utter incompetence in their filing of this lawsuit. I mean, at least, they could have pretended to try to make accurate claims against us!

But in the end, we all know what this is—it's an attempt to silence their opposition. It's an attempt to shut down the voices who are exposing the wickedness of St. Luke's Hospital and the multiple players involved in Idaho's government subsidized child trafficking ring.

We've been shining the light on them, and the darkness doesn't like it. So they are trying to slap us down with what is colloquially referred to in legal circles as a SLAPP suit—a baseless lawsuit designed to silence political opposition. And it's typically done by large, deep pocketed institutions, who have more money than morality, and who don't care how much money or time they have to expend to destroy innocent citizens who are exercising their Constitutional rights and exposing wickedness.

And here's the best part of this case—they have included a number of incredible elements to their list of allegations against us which means that we will now have DISCOVERY and SUBPOENA power to prove in a court of law the veracity (i.e. truth) of our claims. And the amazing thing is that they didn't have to include these things, but they did! So now, thanks to them, the entire country is going to learn things that they previously would have never known. For example, they are alleging:

1. That St. Luke's Hospital, and their CEO, Chris Roth, did not financially benefit from the pandemic. Wow! How does that have anything to do with Baby Cyrus? But we'll take it! Now they have to prove in a court of law that St. Luke's hospital and CEO Chris Roth did not financially benefit from the pandemic. The discovery from this case will obviously extend to all allopathic hospitals that received compensation from COVID money, and we already know in this case that Chris Roth earned multiple millions of dollars in the 2 years since COVID, which is outrageously higher than any CEO had previously earned. So yeah, we get to find out how much money St. Luke's earned by giving Remdesivir to patients or by putting them on ventilators—treatments known to kill people, and treatments for which they were paid quite handsomely! And now they have to provide PROOF of it all in court. And yes, I'm going to publish it far and wide for everyone to see! Thanks guys! Thanks for this opportunity!

2. That St. Luke's hospital is not involved in child trafficking along with police departments, the judiciary, and the Idaho Department of Health and Welfare. Again, this might be the most glorious part of the entire lawsuit! Now, we will get to have discovery on the details of how much money the Idaho Department of Health and Welfare receives for every child they kidnap. We'll also learn in a public trial how much money St. Luke's gets paid for taking these kidnapped children into their care. We will find out how Police Departments get compensated and how the judiciary is allowed to violate the Constitution while acting on behalf of CPS. Dozens of questions

that parental rights advocates and LTR opponents have been trying to throw out for decades are now going to be subject to legal discovery in this case! What a gift! Thanks again!

The next best part is that the foundations for their claims are totally baseless. For example, they claim that we did this for financial gain. Ha! First of all, I have never earned a single red cent for any political activism, and I've never earned anything on behalf of the Freedom Man PAC, or the publishing of our blog here at FreedomMan.org. On the contrary, I've personally subsidized the entire thing! In other words, my activism has cost me money, and I haven't earned a thing!

On the other hand, St. Luke's is a "non-profit organization" that is heavily subsidized by the government, yet its CEO, Chris Roth, has earned millions off of this "non-profit." How about that? A multi-millionaire who earns his money from tax-subsidized compensation (in other words—your money) at a so-called "non profit" is accusing local citizens of attacking his hospital for financial gain when we haven't earned a dime and have actually lost tons of money, out of pocket, for simply exposing them and doing the "exposing work" that our founders recognized citizen's would have to do in order to preserve our Republic. Chris Roth and St. Luke's are making money off of child trafficking, pure and simple. Ammon Bundy and I are losing money trying to expose it. Also pure and simple. And this will be easily demonstrated in court.

And in this case it is sooooo obvious that our fight was not about money, but it was about **getting back my GRANDSON who had been kidnapped!** Even low IQ RINOs can figure that out, but apparently the geniuses at Holland & Hart can't.

They are also are going to have to legally refute the claim that St. Luke's hospital is "world famous for harming patients and killing babies." And we will likewise have to substantiate that claim. This means that we get to invite any of thousands of patients and citizens that St. Luke's has harmed over the years in unimaginable and unconscionable ways, who have had their stories oppressed and have never had their day in court. Imagine the number of witnesses who have been dying for the opportunity for the court to hear what St. Luke's did to them, and who have never had the means or platform to share their story and have been silenced for so long. Thank you, St. Luke's! With this lawsuit, you just opened the door for every single citizen you have harmed over the years to get in line to testify against you.

So yeah, we get it—they want to shut us up. Well fine. Go ahead and try. We already know that in your secret meetings you have made it clear that your intent in this case is to silence us and to totally "bankrupt Ammon and Diego." Well, I've got news for you, we're not shutting up and we're not backing down.

In fact, I will make you this promise—you will see a measure of public exposure and publishing on this case, the likes of which you've never seen in your entire life. And no amount of legal maneuvering or manipulation will shut my mouth or stop me from publishing EVERYTHING, as it is my Constitutional right to do so and I will exercise that right!

I will publish everything. Every. Thing. In other words, EVERYTHING. "Todo" in Spanish. I will make videos, mailing campaigns, social media campaigns, radio ads, TV ads, and more to publish to all Idaho citizens, and to the world, the specific corrupt actions that Holland & Hart along with St. Luke's are taking in this case. I will also publish everything about the discovery we make concerning payments received from COVID money, from the Federal Government for forcefully taking children, and everything else we learn and uncover that is both incriminating and unconscionable, and downright outrageous and offensive to the public conscience.

We will also publish any and all evidence of conspiracy against us on behalf of all the bad actors in Idaho government with the Idaho Department of Health and Welfare, police agencies, the judiciary, prosecutors, and others.

I'm even going to have an entire website built and developed from the ground up to expose everything and to keep a historical archive for all time so that the entire world can see the corruption and wickedness of St. Luke's, the Idaho Department of Health and Welfare, and all other bad actors in the process, and it can be used to permanently shine the light on the criminal government subsidized Child Trafficking ring that exists in all 50 states.

Everyone will soon learn everything—because you guys made it all possible when you filed this lawsuit. So thank you. Thank you for finally seeing to it that this gets done. We'll see you in court!

Miranda's Case Has Been Dismissed!

May 20th, 2022 | by Diego Rodriguez

I wanted to give you a quick update on more good news. First of all, my daughter **Miranda's criminal case has been dismissed!** As you may remember, she was fraudulently charged with "resisting and obstruction" after officers assaulted her, ripped her arms through the truck window, and then handcuffed her (with double locks), while she was first told she was being arrested for "felony injury to a child," and then after she said "that's not my child," the moronic officer Kenneth Caygle then told her she was under arrest for "falsification" because she said Baby Cyrus was not "her kid." Yeah, these "boys in blue" are that unbelievably incompetent. Anyhow, the case has now been dismissed.

My other daughter, Marissa, Baby Cyrus's actual mother, also has a "Resisting and Obstruction" charge against her—though that case has not been dropped yet. We ask your continual prayers for that case. You can see the videos of how my daughters were abused by Meridian Police here: <https://www.freedomman.org/cyrus/videos/>

HOW IS BABY CYRUS?

Baby Cyrus is doing better. He is still sick with his "Cyclical Vomiting Syndrome" however. Nobody knows what it is or what causes it. They just know that it is a syndrome that people get and they have certain ways to mitigate the symptoms. When Baby Cyrus is having a vomiting episode, it's very sad and the family does everything possible to console him. When he's better and not having any issues, we feed him and chunk him up and play and laugh and love and enjoy life! Here's a pic from today:

Marissa has found an herbalist here in Florida who has a track record with solving Cyclical Vomiting Syndrome (CVS) with some herbs and teas, and we are very excited about that appointment coming up next week. She found out about this possible solution from a Facebook group of parents whose children have CVS and who share their struggles and successes. So we're very thankful for this possible solution. We'll keep you posted. In the meantime, we just want to say THANK YOU again to everyone for your incredible love and support of Baby Cyrus and our family!

My Response to the Idaho Statesman Regarding the St. Luke's Lawsuit

My Response to the Idaho Statesman Regarding the St. Luke's Lawsuit

June 30th, 2022 | by Diego Rodriguez

Yesterday I received another text message from an Idaho Statesman reporter about news reports regarding the lawsuit from St. Luke's hospital against me and Ammon Bundy. Here is what the text said (actual screenshot):

6/29/22, 4:24 PM

Hi Diego, I'm working on a story about the St Luke's lawsuit. They hospital says they've made efforts to serve you, but that they haven't been able to locate you. They also said the state has entered a tax lien against you. Would you like to comment on the lawsuit?

Obviously, a newspaper article is only going to pick and choose certain statements to publish (not necessarily maliciously, but there's only so much room available in any given article), so I wanted to give you the entirety of my response here:

First of all, you can bet your bottom dollar that there will be NO REAL JUSTICE in any lawsuit against me or any other liberty minded individual in Ada County. Ada County is bought and paid for by Idaho's "deep state" which is a general cabal made up of Idaho's corrupt politicians, JAC, and other nefarious characters—all of which get their power and money by force—stealing from Idaho's citizens by way of Idaho State Government.

Both recent and past history have demonstrated that there is NO JUSTICE in Ada County. Period. Ammon Bundy was wrongfully prosecuted and found guilty, as well as Casey Baker, Aaron Van Schmitz and untold numbers of innocent Idaho citizens. The details of their court cases demonstrate gross constitutional violations on the part of judges and law enforcement, including at least one police officer who was forced to come back to the courthouse to recant his testimony after evidence was presented that he LIED UNDER OATH, and at least one judge denying Ammon Bundy the right to mention the Constitution in his own case. Any inquisitive citizen can find the details themselves—though the average citizen is too busy or too indifferent to care.

St. Luke's has also hired the Holland and Hart law firm which is the same law firm who has been involved in untold numbers of corrupt actions against the citizens of Idaho, all to enrich themselves. They have been the law firm who have taken hundreds of thousands (probably millions) of dollars from Idaho Citizens from payments they received directly from the Idaho State government. They got paid from Dutch Otter, NonBinary Brad Little, and boards of other state government politicians and corrupt state agencies.

They were the law firm who gave the "legal opinions" that were used to prop up fake and unlawful lockdowns during the COVID scam of 2020 and 2021. Now they have been hired by St. Luke's who also gets millions of dollars of funding from government—meaning that they again are taking money forcefully from the people. In short, by taking lawyer dollars, essentially stealing from the people, they now have essentially unlimited funds to fight against me until the end of time.

So there will be no justice in this case other than PUBLIC EXPOSURE. With the odds stacked against me, it will not matter what evidence is presented at this court trial—I will lose. I accept that.

Nevertheless, I will do everything in my power to expose the corruption of St. Luke's hospital and the Holland and Hart law firm. Their actions in Idaho over the course of decades have been unprincipled, corrupt, indefensible, and are direct attacks on the soul and conscience of the Idaho public.

They are suing me for publicly declaring FACTUAL ACTIONS that they have done taken. Well, that is quite a waste of everyone's time because I am happy to publicly recant any single statement I have made and to publish rebuttals and/or to delete any previous articles or statements about St. Luke's hospital if they can demonstrate ONE SINGLE, SOLITARY FACTUAL INACCURACY that I have stated or published. It is as simple as that—no lawsuit necessary.

They can't and won't do that—because I have not made any false statements about them. On the other hand, they have lied repeatedly about me and my family and the entire Baby Cyrus case and this will be demonstrated both in and outside of the courtroom.

The truth is they are suing me as a means of intimidation—to demonstrate their power and to make me an example to anyone and everyone else who would dare challenge the power

structure of Idaho.

As far as them not being able to serve me properly, well I can't hold that against them as I have been out of the country and I am now a resident of another country where I will be for any future hearings anyway. But I am both happy and willing to participate in all court hearings via Zoom which is the means by which Idaho courts forced Idaho citizens to use during the COVID scam anyway.

I do find it remarkable that they are claiming to not be able to get a hold of me—with all of their limitless resources. Yet Ian Stevenson, a singular individual reporter from the Idaho Statesman was able to do so within a few hours. Sounds to me like they're not trying very hard, or they're just lying.

And as for the state entering a tax lien against me as a result of this lawsuit—I don't know anything about it, but I wouldn't be shocked. It would just go to show AGAIN how corrupt and vile the Idaho court system is—how they could enter a judgment against me for a civil lawsuit where I have not been served, where no evidence has been presented, and where no court hearings have been held. That is called INJUSTICE, and it is par for the course in the State of Idaho.

NOTE - the reporter later clarified that the tax lien mentioned was not as a result of this lawsuit.

August 21st - Baby Cyrus Health Update (from Marissa)

If it wasn't for you, Baby Cyrus wouldn't be HAPPY or safe. Thank you for all your support!

August 21st, 2022 | by Marissa Anderson

This last month has mainly just consisted of running tests on Cyrus. One of the test results showed that he tested positive for C. DIFF. (basically a bacteria infection in the colon). We can't know for sure how he got it, but his current doctor thinks it's possible that he picked up the infection during one of his hospital stays at St. Luke's. (Hospitals are one of the most common places where C. DIFF. is contracted.)

Most specifically, we were originally concerned when Baby Cyrus's forced NG tube (that St. Luke's forced in him) fell out, and according to the "safety plan" that the Idaho Department of Health and Welfare (IDHW) made us agree to in order to get Baby Cyrus back, we had to return to the IDHW for them to put the NG tube back in. The nurse, Tracy Jungman, literally just grabbed the tube, which had been flopping around touching things and getting dirty, and shoved it back into this nose and down into his stomach. She didn't wear gloves, she didn't sanitize the tube, and she didn't switch the tube out for a new one, or anything that would seem obvious for sanitary purposes. We expressed our concern and she just played it off as if it was nothing. According to the American Association of Pediatrics, prolonged use of an NG tube is a common cause of C. DIFF. infection:

The intestine of the newborn infant is sterile, but by 12 months of age, an infant's intestine has flora similar to that of an adult.¹ *C. difficile* carriage rates average 37% for infants 0 to 1 month of age and 30% between 1 and 6 months of age.¹ Vaginal delivery, premature rupture of membranes, and previous administration of antimicrobial agents have little effect on carriage rates, but exposure to environments where *C. difficile* is present (eg, ICU) is important.²⁻⁴ The organism has been recovered from the hands of hospital personnel, baby baths, oximeters, electronic thermometers, and hospital floors. Breastfed infants have lower carriage rates than do formula-fed infants (14% vs 30%, respectively).⁵ At 6 to 12 months of age, approximately 14% of children are colonized with *C. difficile*, and by 3 years of age, the rate is similar to that of nonhospitalized adults (0% to 3%).¹ Recognized risk factors for older children acquiring CDI included antimicrobial therapy, use of proton pump inhibitors, repeated enemas, use of diapers, prolonged nasogastric tube insertion, gastrostomy and jejunostomy tubes, underlying bowel disease, gastrointestinal tract surgery, renal insufficiency, and impaired humoral immunity. Carriage rates in hospitalized children and adults approximate 20%.⁶ Many of these risk factors are common among hospitalized children; the presence of risk factors does not necessarily prove causation of CDI in an individual patient.

We have started some natural treatments for C. DIFF. and have a follow-up appointment this upcoming week to see if the treatment is working. Although we don't know if or how it is related to his Cyclic Vomiting Syndrome, we know it most certainly does not help to have this infection on top of everything he's dealing with health-wise.

We also finally got in with a geneticist, ran the first tests, and are waiting for results there. We're hopeful to find more answers.

I will go before thee, and make the crooked places straight... that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

Last month, Cyrus' doctor put him on a combination of supplements—CoQ10 and L carnitine, and his vomiting episodes were less severe but happening at the same frequency.

We took him off of the supplements for a few days while we were doing some of his tests, and he had one of his worst episodes in the last couple of months. We immediately put him back on the supplements, and his doctor added Riboflavin, which he thought would help (from what he could see on the latest test results), and Cyrus was doing much better. He went the longest he's ever gone in between episodes, the severity is down, and he's doing really well with weight gain this last month.

It seems that his vomiting is being spaced out more. We're very encouraged and hopeful to find more answers as we continue with testing, and his current primary doctor here in Florida has been absolutely amazing to work with. He seems to be taking us on the right path to find answers. We are grateful for him and for all the doctors and health specialists who have helped us along this journey.

This month has given us more hope, and we're so grateful to have Cyrus in our custody and be able to choose a more natural approach to his healing, which is proving to be a much better option for him. Without your help, support, love and concern, we never would have got Cyrus back in the first place. As we have learned, and as has been masterfully described in Stew Peter's documentary, "These Little Ones," our system in America is not designed to protect children nor to restore family unity. It does just the opposite.

Thank you to everyone for your care and concern for Cynus, for reaching out to check up on him, and for your continued prayers, which have helped tremendously. We're so grateful for each and everyone one of you, and your messages absolutely mean the world to us!

P.S. My court date for my criminal trial, where I am being criminally charged for "resisting and obstructing an officer," because I wouldn't give Baby Cynus to Officer Steve Hansen who wanted to forcefully kidnap him from my hands, is still being actively fought. The next hearing has been delayed until October 6th. Please pray for our legal team that they can help us get this case rightfully dismissed. Imagine being charged criminally for not complying with someone who is illegally kidnapping your child! That is what is happening in this case. And I was always told that America was the "Land of the Free."

October 2nd - "Perfect" Baby Cyrus Health Update (from Marissa)

Thanks to your help, support, and prayers, Baby Cyrus is doing great!

October 2nd 2022 | Marissa Anderson

Baby Cyrus is making some progress this month! He is going 1-2 days longer in between his vomiting episodes which has helped him put on some more weight—huge win for him!

Although Cyrus still has C. DIFF, we had an amazing check up appointment with his pediatrician who went over all of Cyrus' lab reports from a stool and urine test and said basically just what our holistic doctor said. His test results show that his gut is in terrible condition and his C. DIFF just makes it worse.

She put him on an 8 step plan that takes 4-5 months and it's to eradicate C. DIFF, heal the gut, and bring it into balance. We'll take all the tests again in 6 months to make sure he's fully healed. No antibiotics needed. She said that one strain of antibiotics could take him up to 2 years to fix his gut from, so we're going the natural route.

I asked if we can do anything else about the vomiting for now, and she said that anyone who has a gut in this condition would be vomiting too. She said that his vomiting isn't a mystery to her, and it makes sense with how bad his gut is. But she thinks it'll all go away.

She said his weight looked "amazing", he gained a perfect amount since his last visit, he grew a perfect amount in length, and she said his muscle tone was "perfect," arm strength was "perfect," and balance was "perfect." She listened to his heart, checked his ears and his mouth, and said it was all "PERFECT." She kept using the word "perfect." She said, "He's doing great. **He's absolutely a perfect boy.** Follow the treatment plan and just enjoy him." 🥰🥰🥰

We're so glad it went so well and that she was very impressed with his weight gain!

She agreed with our holistic doctor's assessment, added a few more supplements, and will have us just watch him closely as he goes through the healing process.

We're still waiting on more genetic testing to see what else there could be as a root cause. It's always a waiting game with the genetics testing because they have us do one test at a time, then wait 6-8 weeks for results and order the next test and wait another 6-8 weeks. The good news is that his first test results came back normal, so the next test they ordered is a lot more extensive, and we're still waiting on that.

But for now, we're just going to enjoy Cyrus and his "perfection"

We feel SOOOOO good and encouraged that his appointment went so well! Thank you Jesus! We're so grateful! ❤️❤️❤️

We will keep everyone updated. Thank you SO MUCH for your prayers and love—all of you who have been with us through this process mean the world to us! We can never express our gratitude fully to each and every one of you!

The True Enemy of America

The True Enemy of America

November 14th, 2022 | by Diego Rodriguez

Recent events, namely the “medical kidnapping” of my grandson by the state subsidized child trafficking ring known as CPS, and run by the Idaho Department of Health and Welfare, has brought about some truths that I believe must be highlighted and articulated.

In moments of dire need and extreme injustice, the true character of individuals shines through. There is an old saying, “You are who you are when you are under the greatest pressure.”

Many of you recently felt that pressure when Baby Cyrus was kidnapped. My family certainly and obviously did—but the world was likewise watching and feeling pressure to do something. To act. To get involved. Or just to “pick sides.”

And this is when people’s true character shines through. When genuine injustice, wickedness, and corruption are on full display, captured on video, and published for the world to see, how do you respond?

I find it fascinating how moments like this transcend politics, rivalries, and past feuds and trivialities amongst people and friends. Some people step up to the plate to support and fight for justice, while others fade away into the shadows hoping that nobody will call on them to do what’s right.

However, the point with a case like Baby Cyrus’s kidnapping is that everybody who sincerely believes in the rights of parents to raise their children and who intuitively recognizes that **FORCEFULLY STEALING A BABY** away from its parents **AT THE POINT OF A GUN** is just flat out wrong, came together and unified, in spite of other beliefs with which they might disagree with.

Republicans and democrats, men and women, black and white, religious and those without faith—everyone coalesced around the cause. And many started to see that even though we all are different and have different belief systems, there are some **CAUSES** that are universal that we can all fight for and unify around.

And when these things happen, it helps people realize they can agree on these “essential” issues, and on other “non essentials,” we can simply agree to disagree.

Who in their right mind can justify what happened to baby Cyrus? No single person who has watched the videos can say, “That all looks good to me! That’s exactly how it should have happened.”

Police, doctors, CPS, the Idaho Department of Health and Welfare, and ultimately the judge (Judge Laurie Fortier) all worked together to violate rights, destroy a family, and physically and emotionally harm the lives of innocent citizens. And it is all 100% documented.

It begs the question—why did this happen? How can this happen? What is the root cause of this?

Ultimately, the answer is rooted in people’s ideology. And this is why it is so important for us to stop labeling people and casting them as being a part of “groups” to which they don’t necessarily belong.

Believe it or not, not all democrats support abortion. Not all white men are racists. Not all people who go to church believe the bible (i.e.). Not all republicans are conservatives. Not all doctors care for people’s health. Not all cops defend the Constitution (or even know what it says). It is time for us to stop assuming we know what people believe because of their association with a particular “group.”

You see, the root cause that allowed all of the aforementioned government organizations to rally together to kidnap Baby Cyrus is an ideology that is held by both Republicans and Democrats. By both police officers and Black Lives Matters adherents. By both judges and laymen, by doctors and drug addicts.

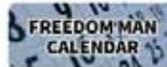

The ideology is—**STATISM**.

Statism is not the same thing as socialism or communism. In short, the simplest way to understand or define statism is this: **statism is the desire to have government solve problems.**

In the case of CPS or “child welfare,” statists believe that the government has the right and authority to make decisions for children over the rights of parents. And so we end up with tyranny.

many people, even those who consider themselves conservatives, are innate statist. They want the government to educate people, provide healthcare, take care of the elderly, rehabilitate addicts, and the list goes on forever! However, both the Bible and our founding documents assert that government really only has two functions:

1. Protect the people from invasion or physical attack.
2. To execute justice.

That's it. Government is not supposed to provide for your health, education, food, housing, clothing, finances, emotions, or any of the other bazillion things that government currently involves itself in.

By default, the vast majority of people who make a living off the state—meaning all or part of their paycheck comes from government—are statist. Police, firefighters, teachers, school district employees, hospital employed doctors and nurses, state employees, politicians, and more, are almost universally statist. It's why so many "Republicans" can't stop voting for bigger government, even though they claim to be opposed to it.

You see, all these people make money from the state and so they naturally want the state to have more power and more money—which in turn gives them more power and more money. This ultimately means that the state will have more power and more control over people's lives.

However, if you believe in freedom, it is the PEOPLE who will ultimately have nearly all the power and the government will be limited to its two aforementioned roles. In a free society, some parents will be better than others. Some people will be more effective than others. People will be free to disagree. Free to fail. Free to succeed. Free to love. Free to hate. Freedom naturally ensures that you will get your feelings hurt. Because in a free society, people are free to dislike you, to make fun of you, to have opinions different than yours, and to not hire you or give you the pay raise you think you deserve.

With statism, only the state has power. The state enriches, the state controls, and the state makes all the decisions. This will go so far as to include kidnapping your children and deciding what marriage is. Think about it. If you think it through, you can come to no other conclusion than the fact that ***statism is the true enemy of America!***

The most recent midterm elections have taught us many things, and while even taking into account the great amount of voter fraud that was involved, we must still realize how many millions of Americans voted for statism. And if you take that growth out to its logical conclusion, it doesn't bode well for the future of our country as a nation.

So ask yourself, are you part of the statist problem? Or are you a true lover of FREEDOM? Do you want more government or less government? Did you vote for statist or freedom-loving patriots? Remember, having an R by their name doesn't make a candidate any more of a friend of freedom than Castro or Salin. And just because you go to church on Sunday doesn't make you any less of a statist than Nancy Pelosi or Barack Obama.

CPS Is Genuinely Government Subsidized Child Trafficking

CPS Is Genuinely Government Subsidized Child Trafficking

November 16th | by Diego Rodriguez

One of the very first things I learned after Baby Cyrus was kidnapped was the fact that CPS is genuinely a **government subsidized child trafficking ring**. I have been proclaiming this since I first learned about it, and it is one of the reasons why I am being sued by St. Luke's hospital and by several of its employed goons.

To the average person, this is an extreme and inflammatory statement, and it is one that most people can't wrap their head around, or that they reflexively reject.

The reason for this is simple—they have bought into the "CPS Myth." The "CPS Myth" is the lie that most Americans believe which basically says that CPS exists in order to protect children from abusive or drug addicted parents. Nothing could be further from the truth!

In reality, **CPS is the greatest threat and danger to any child in America**, as it is the greatest source of child sex trafficking in the world and the largest and most extensive child trafficking ring in the history of the planet.

Plainly stated—nobody who is against child trafficking can support CPS. It is impossible. They are opposite to one another.

In order to understand this, let me give you 2 definitions and a few simple irrefutable facts so that it all makes sense:

DEFINITION ONE:

kidnap: verb To take someone away physically by force.

In the Bible, "kidnapping" was called "manstealing," and it was one of the very few capital crimes in the Bible. In other words, God passed judgment on the crime of kidnapping and plainly declared that it is a crime worthy of death:

New International Version

"Anyone who kidnaps someone is to be put to death, whether the victim has been sold or is still in the kidnapper's possession."

DEFINITION TWO:

child trafficking: Kidnapping children for profit.

Kidnapping alone is worthy of death, but kidnapping for profit, meaning money is exchanged for the transfer of the child from one party to the next, takes the crime to another level.

In the case of CPS, **child trafficking**, by definition, is exactly what is taking place. This is because the Federal Government actually pays state governments every time a child is forcefully taken by CPS. Additionally, payments are made to each of the 50 states when that child is transferred from state custody to Foster Care. And the state receives additionally payments every single month while the child remains in Foster Care. Finally, the state receives a bonus payment when the parents have ultimately lost their parental rights and the child is sold off in adoption—usually to a homosexual couple.

All of this is possible because of the Adoptive Safe Families Act (ASFA) which was championed by Hillary Clinton and signed into law in 1997 by Bill Clinton. This law created the means by which the federal government could steal money from Social Security Title IV, in order to incentive the 50 states to steal as many children as they possibly could.

This is the definition of **child trafficking** and it is going on in America every day. And sadly, every single American taxpayer is funding it.

Were you aware of this? Did you know that the United States Federal Government has literally given every state a financial incentive to kidnap your children? Don't take my word for it, look it up for yourself. I dare you.

Meridian's Mayor and Police Chief are Worthless Slime

January 5th, 2023 | by Diego Rodriguez

The first good news to come out of Idaho in a long time is Attorney General Raul Labrador dismissing Sarah Brady's case after more than 2 years of tomfoolery by the State of Idaho.

For those who don't know, back in 2020, right after Governor Nontbinary Brad illegally locked down Idaho in order to fill his own campaign coffers (and that of his crony buddies at SACI) with free COVID cash, many Idahoans rightfully resisted and rejected this tyranny. Sarah Brady was one of them.

So what was Sarah's crime? Well it was well publicized but in case you missed it—her crime was simply being at the Julius Kline Park in Meridian with her children in the afternoon. The park was open, and it is NOT A CRIME to be at a public park during public hours. Actually, dozens of citizens were there playing at the park that day.

But some Karen somewhere was offended that people would dare go to the park when their Nontbinary governor had issued an order telling everyone to stay home (an order which he later said he never made—and ignorant Idahoans believed him), so the police were called. Yes, some tyrant-at-heart citizen of Meridian called the cops because people were at the park!

Long story short—the cops show up, they tell the mothers to get away from some playground equipment and Sarah essentially talks back to these tyrannical brown-shirts who aren't worth spitting on. They are tyrants. They are despotic. They are evil and wicked at heart. Specifically, Sargent "Meathead" Brandon Fiscus arrested Sarah Brady simply because he's a tyrant and he didn't like Sarah talking back to him. It's that simple. He had no legitimate reason to arrest Sarah, and it is not a crime to talk back to a cop—especially a tyrannical one. And since the lockdown order is and was unconstitutional, he just charged her with "trespassing," a charge which would never hold water in a just court since you can't trespass on public property during public hours! Duh!

Here's the video so you can watch for yourself:

https://www.youtube.com/watch?vrykMP_EAeMvQ

Thankfully, Raul Labrador, the new Attorney General just dismissed the case and rightfully stated, "This case should have never been prosecuted. It has been a profound waste of precious taxpayer resources... going forward, we will focus the people's resources on prosecuting child exploiters and other serious criminals—not mothers who take their kids to the park."

God Bless you, Mr. Labrador! It's about time somebody in office did the right thing! I literally can't remember anyone in Idaho in the last decade at the state level has done "the right thing."

But Meridian Mayor Robert Simison and Meridian Police Chief Tracy Basterrechea are denouncing A.G. Labrador's decision as "political" and "abhorrent." These morons literally don't know anything about law and order and they are supposed to be the Mayor and Police Chief. Simison's statement literally says, "I support the people's right to assemble for peaceful protest, but that right does not include ignoring lawful orders or being free from the legal ramifications of these actions."

What an idiot! First of all, the order was not lawful. You can't make up orders and then demand people obey them just so you can get power and money. Second, if Sarah was actually arrested for disobeying an order, then her charge would have been "disobeying a lawful order." But her

charge was "responding" to Simon's error (every citizen is responsible for the actions of the government) or he's aware of it and is just trusting that he can manipulate Meridian's ignorant voters who shamefully voted him in office in the first place. So he's either dumb or evil, there is no third option.

He also goes on to talk about the fact that this led "to harassment of our police officers at their private homes and doxing public servants." First of all, nobody was "harassed." On the contrary, a group of very peaceful protesters showed up to Meathead Fiscus's home to protest his clear violation of the Constitution and his very evident disregard for human decency (what kind of a sick freak arrests a mother for being at the park with her kids?).

I was one of the first people to show up to Meathead Fiscus's home and I can testify firsthand that nobody was "harassed." So stop lying, Simon! Second, you again show either your total ignorance or total disregard for the Constitution which gives the people the right to BOTH redress their grievances AND peacefully assemble in protest. It's called the 1st Amendment! You should actually read it.

You see, once you go into public office, you no longer get to hide from the criticism of the people. You, and corrupt Police Chief Tracy Basterrechea, and psychopathic Meathead Fiscus don't get to shield yourselves from the people! If you're in office, and we don't like your tyranny, we have the first amendment right to assemble and protest and redress our grievances including in front of your home. That is what the people did and not a single law was broken. **You should be thankful that the people don't treat you today the way the founders treated the tyrants who abused them! Then, you would be wishing that there were only peaceful protests in front of your house!**

So I'll make it simple for you Moron Simon—if you don't want the people to show up at your house and protest your tyranny—**THEN DON'T BE A TYRANT.** It's pretty simple.

As for Meridian Police Chief Tracy Basterrechea, this man is the leader in charge of one of the most wicked and corrupt police agencies in America. He is the one responsible for this culture of tyranny from Meridian police. This is the same agency that justified kidnapping my own grandson and backed up every wicked and demonstrably illegal action taken by Meridian cops when Baby Cyrus was kidnapped. I've already written at length about Basterrechea's wickedness here: <https://www.freedomman.org/2022/open-letter-meridian-police-ada-county-sheriff/> and here: <https://www.freedomman.org/cyrus/archive/constitutional-rights-violated-by-meridian-police-and-judge-laurie-fortier/>

Of course, his partner in crime, former Sheriff Steve Bartlett can't be found because he disappeared after it was allegedly discovered that he was trading promotions for sexual favors in the Ada County Sheriff's department. This, of course, is a story that got squashed and that no one is willing to investigate or publish. Hmm, I wonder why?

Moron Simon goes on to say that the dismissal of Sarah's case is a "a slap in the face of the Meridian police department." No Bobby, Sarah's arrest by your psychopathic sergeant who earns \$117,000 per year in taxpayer money is a slap in the face to all law-abiding citizens, and all Meridian taxpayers. It is particularly a slap in the face to decent human beings everywhere who can't fathom what would possess a man like Fiscus to act as wickedly as Nazi brownshirts.

He then goes on to say, "I call upon the Idaho Legislature to enact legislation to protect all Idahoans from harassment in their homes." Sigh. What do you do when people in positions of power are sooooo stupid and ignorant that they don't even know the basics of the Constitution. Dude, you can't call upon the legislature to take away the rights in the 1st amendment!

So I have one for you—**I call upon the Legislature of Idaho to pass a law to require all police officers, politicians, and bureaucrats who have any power to disrupt the lives of the citizenry, to pass the 8th grade exam on the Constitution or lose their positions immediately.** I guarantee you that without some late night cramming, Simon, Basterrechea, and probably 99% of all cops, politicians, and bureaucrats would lose their jobs tomorrow.

And to add insult to injury, Moronic Simon goes on to say, "We are supposed to be a nation ruled by law, not a nation ruled by politics." **Simon really thinks you guys are stupid!** He thinks he can gaslight you. He thinks he can accuse you and Raul Labrador of doing exactly what he's doing. He is the one denouncing the rule of law by claiming that Sarah should be subject to government tyranny when she BROKE NO SINGLE LAW. Raul is supporting the rule of law while Simon is undermining it!

So Meridian, what will it be? Will you continue to lovingly lick the boots of these ignorant tyrants who rule over you? Or will you make a stand for truth, the Constitution, and the ACTUAL RULE OF LAW?

Very well stated Diego. I have a friend who has been trying to get a bill passed in his state for years which would require a basic requirement test for all state officials. It makes sense to me. How can we ask people to swear to uphold the Constitution if they dont know what the Constitution says. Have you heard what Trevor Loudon has to say about this. You should check out his website at trevorloudon.com. He makes the great point that the easiest way to infiltrate the American government and to destroy America is not with bombs and missiles but through Congress itself. America has no requirements on members of Congress. Basically any idiot can become a member of Congress. Even if they are terrorists or have ties to foreign nations are or are on the payroll of our enemies.

They Lied to You—New Video Evidence Proves that Baby Cyrus was a Perfectly "Healthy Baby" When He Was Kidnapped By Meridian Police

January 12th, 2023

Legacy news, St. Luke's hospital, the Meridian Police Department, specifically Meridian Chief of Police Tracy Basterrechea, and mostly the Idaho Department of Health and Welfare have been lying to the public for months regarding the Baby Cyrus case.

As you may or may not know, every fraudulent charge against Baby Cyrus's family members have been dropped because there were no valid charges they could hold against them.

The truth is that Baby Cyrus was another case of government subsidized child trafficking on behalf of the Idaho Department of Health and Welfare. You see, every time a child is kidnapped from its parents, the state of Idaho gets paid by the federal government. Now, kidnapping for profit is the definition of child trafficking, so this means that the state of Idaho is literally involved in child trafficking.

You shouldn't think that "child trafficking" only involves shady drug cartels smuggling kidnapped children across the border to be sold off to the rich elite or sent to Epstein island. The truth is that the greatest source of child trafficking and even sex trafficking in America is the CPS system, and foster care specifically.

When Baby Cyrus was forcefully kidnapped at the point of a gun back in March of 2022, by corrupt meridian police officers Jeff Fuller and Steve Hansen, they did so under the false premise that Baby Cyrus was in "imminent danger," which is a legal term that indicates that Baby Cyrus was essentially in danger of dying and would need immediate medical attention or he would suffer severe "bodily injury." Furthermore, according to Idaho State statute in order for a police officer to have the legal right to forcefully separate a child from his family, they would not only have to show evidence for imminent danger, but they would have to prove that it was Cyrus's parents, Levi and Marissa Anderson, who were the cause through "conduct or omission" of Baby Cyrus being in "imminent danger." Of course, there was not a single shred of evidence produced in the entire process on behalf of police or doctors that such conduct or omission occurred. Likewise there was not a single shred of evidence that Baby Cyrus was ever in "imminent danger." On the contrary, I am about to show you empirical evidence that demonstrates that all parties involved in Baby Cyrus kidnapping knew that Baby Cyrus was healthy and not in any "imminent danger" as they have stated to the public. **They simply lied to you.**

What you are about to see and hear is the undeniable evidence that all parties involved, especially and including the Meridian Police Department, St. Luke's hospital and the Idaho Department of Health and welfare all knew that Baby Cyrus was not in imminent danger and that they had no legal, moral, or ethical right to kidnap Baby Cyrus. In fact, they all knew that Baby Cyrus was, in the doctor's own words, a perfectly "healthy baby" and that he was, as she said, "medically stable," and that there was very specifically, no "acute life threats" noted, meaning

that he was medically diagnosed by St. Luke's hospital itself as NOT BEING IN IMMEDIATE DANGER.

First, here is the actual medical report from the doctor who first reviewed Baby Cyrus and St. Luke's hospital in Meridian. She very specifically said... (Audio can be seen and heard in the video above)

This means that St. Luke's hospital KNEW that Baby Cyrus was not in imminent danger, yet they went along with his kidnapping anyway!

Now watch as Sargent Christopher McGilvery, who can be seen as the belligerent tyrant in the videos where he and his associates physically assaulted and manhandled Baby Cyrus's father and aunt, and lied to Marissa telling her that she would never be separated from Baby Cyrus—as he speaks with the doctor at St. Luke's hospital. (Video can be seen above.)

The doctor here clearly says that this is a "medically stable patient." This is not a patient in "imminent danger." His life is not in danger. In fact, the doctor wrote in the medical report that the patient had "no acute life threats noted." And that he was a "healthy baby with no interventions." There were no medical interventions necessary because Baby Cyrus was perfectly healthy.

So this means that in addition to St. Luke's hospital, the Meridian Police Department likewise knew that Baby Cyrus was not in imminent danger. And likewise the Idaho Department of Health and Welfare knew Baby Cyrus was not in "imminent danger" as we read in the medical report that they had already identified a foster family to place baby Cyrus into immediately that night, but decided not to do so because godly and heroic protestors showed up at the hospital to demand Baby Cyrus be returned to his family.

The Idaho Department of Health and Welfare is tacitly admitting that they knew that Baby Cyrus was not in "imminent danger" since they were actively planning on dumping off Baby Cyrus with strangers that same night. Why? Because they got paid when they kidnapped Baby Cyrus and they would get paid again when they put him in foster care.

This means that the Meridian Police department, in cooperation with St. Luke's hospital, and the Idaho Department of Health and Welfare, who annually receives millions of dollars of compensation for kidnapping children from the Federal government, is actively involved in CHILD TRAFFICKING and they are kidnapping healthy babies from godly families. This is happening an average of 4 times a day, every day, in Idaho.

If they kidnapped a perfectly healthy Baby Cyrus and caused an untold amount of damage and suffering to the Anderson family, they can do it to you as well. Idaho police officers are kidnapping children without consequence. St. Luke's hospital is holding kidnapped children and making money off of so-called "treatments." And most of all, the Idaho Department of Health and Welfare is making millions and millions of dollars for child trafficking. Will you wait until they kidnap your child at the point of a gun before you do something about it? Or will you act now and demand that the Idaho legislature put an end to this immediately. The responsibility is on you. Share this video now!

Diego Rodriguez Issues Challenge to St. Luke's and Attorney Erik Stidham

February 9th, 2023 | by Diego Rodriguez
(Transcript of the video above)

As many of you know, my good friend Ammon Bundy and I are being sued by St. Luke's Hospital right now. They are attacking us with the fraudulent charges of defamation, invasion of privacy, etc.

All of this is happening because we fought back against them and exposed their evil after they participated in the kidnapping of my grandson, Baby Cyrus.

I know it all sounds ridiculous, but this is how these big corporations who have power and control work. They attack anyone who exposes them using the court system as a weapon to shut down their public opponents like Ammon and I.

In this case, as in most cases just like this, neither Ammon or I have done anything wrong, broke any laws, or stated anything that wasn't factually accurate. But none of that matters in a corrupt court system. The only thing that matters is how much money you can afford to throw at a case so you can drown your opponents in legal fees, wasted time, and endless bureaucratic hoop jumping. A case like this one, if we were to hire lawyers to fight it, would cost several hundred thousand dollars. And that's money you don't get back if you win. You just lose it forever—simply just to prove your innocence. That's why people just quit and give up. It's too expensive and too time consuming.

In this case, St. Luke's has hired the Holland and Hart law firm, the same firm that represents Governor NonBinary Brad Little and the State of Idaho, in general. It also works for the biggest and most powerful lobbyist organizations in Idaho—in other words, this is the law firm of/by/and for, the Idaho Swamp. And since St. Luke's gets millions of dollars from the government, they can write a blank check to Holland and Hart to smother Ammon and I since you, the taxpayer, are ultimately paying for it. So they don't care.

Now, the most recent development in our court case is that Holland and Hart, through its lead attorney on this case, Erik He/Him/His Stidham, has managed to convince Judge Lynn Norton to issue a "Protective Order" against me and Ammon, which essentially states that we are not allowed to "intimidate, threaten, or harass" any person who is associated with this case.

Well duh, Erik He/Him/His Stidham. Threatening people is against my faith and my moral code. It's also illegal in Idaho according to Idaho Statute 18-901. So it's pretty silly to get an order against us to simply tell us that we can't break the existing law. Duh! That's like putting a protective order against us saying, "you can't drive 100 mph on the freeway or you will be in contempt of court." Well, driving 100mph on the freeway is already illegal, so obviously your intent is different. In this case, Erik He/Him/His Stidham has told on himself and let us all know what he's really trying to do.

You see, he just sent me a cease-and-desist letter which refers to this "protective order" in an attempt to force me to remove content on my website FreedomMan.org that exposes them.

That's the whole goal. They want to violate my 1st Amendment right to have freedom of speech, and the overall freedom of the press, and prevent me from publishing FACTS that exposes them and their wickedness. And they're threatening me with contempt of court if I don't comply.

You see this is *not* about justice, this is all just a game to them. And Erik Stidham and his cowardly gamesmanship are on full display for the world to see. He is trying to use this protective order to redefine "harassment" so that anything I have posted or published on my website about parties in this lawsuit could be considered "harassment." It is a thinly veiled attempt at weaponizing the court to destroy the first amendment and to stifle a political/legal opponent.

But I'm going to make it even more obvious for everyone to see with a simple offer I am going to make to you, Erik He/Him/His Stidham. And most specifically to St. Luke's Hospital.

Because this lawsuit evidently has only one of two purposes:

1. Either it is legitimately about defamation and you are trying to get justice for St. Luke's hospital who you claim was maliciously lied about by me and Ammon Bundy. Or,
2. St. Luke's and all parties involved are terrified of being exposed and of the public knowing about their involvement in child trafficking, and in any of another number of wicked and heinous offenses against society and people of faith, specifically. And therefore, this lawsuit is an attempt to use Ammon and I as examples, to shut us up and to financially ruin us so that nobody else ever thinks to do anything similar again. And most importantly for them, to make sure that the public doesn't find out about who they really are and what they really do.

That's it. There's only one of these 2 options. We both know which one it is. But I'll give you a chance to prove it—without even going to court. So here is my offer to you:

If you can demonstrate where I have ever published anything on my blog about anybody named in this lawsuit, that is **FACTUALLY INACCURATE**, then I will do the following:

1. I will immediately take down any information that is not true.
2. I will make an apology video directly to each and every person individually who I published false information about.
3. I will create overall retraction and apology videos for use on Social Media and TV commercials so you can spread the word far and wide.
4. I will create letters and postcards which can be distributed to the public at your leisure and pleasure which proclaim and demonstrate my errors.
5. I will post all of this information on the website DiegoWasWrong.com so everyone in the world can see where and how I published false information about these people.

And if you can demonstrate how all the information I've published about St. Luke's hospital is factually inaccurate, then I will do the same 5 things for St. Luke's, but I will additionally write them a check NOW for \$50,000, which is the amount of money they are asking for in the lawsuit anyway. Or I will donate that \$50,000 to the charity of their choice. So you can get everything you want **RIGHT NOW**, without even waiting for the court case to end.

All you have to do is demonstrate, by simply posting or publishing the factual evidence, that my publications about the people and organizations listed in this lawsuit are factually inaccurate. Cause that's what you're claiming this is about, right? That you want justice for those that you claim I have defamed?

You see Erik He/Him/His Stidham, if you weren't so busy with your cowardly gamesmanship, you would know like the rest of the world knows, that publishing FACTS is not "defamation." So unless you can demonstrate that I've published anything that is factually inaccurate, then you have no case. There is no defamation and this case is all a fraud.

But I'm giving you the chance to win in the court of public opinion, without ever setting foot in a court room. You can win my public apology. You can win my retractions. You can get the pages on my website that you want taken down, **REMOVED** without a judgment or legal order. You can even get \$50,000 for St. Luke's right now. All you have to do is show the world where I have published any **FACTUALLY** inaccurate information, as I've already stated.

For example, I have claimed that St. Luke's hospital participated in the kidnapping of my grandson, as they held him in their custody immediately after he was kidnapped. And they profited off of his stay in their hospital. And I have published that they knew Baby Cyrus was not in "imminent danger" but kept him anyway. All you have to do is publish an article proving those claims false and I'll take it all down, apologize, and do everything else I said.

Furthermore, I have defined "child trafficking" as kidnapping for profit. The Meridian Police Department, Idaho Department of Health and Welfare, St. Luke's hospital, and multiple bureaucratic agencies all participated in this process, either on the kidnapping side or the profiting side. Just publish the evidence showing that the Meridian Police Department didn't break any law or use illegal and immoral force in order to kidnap Baby Cyrus, and that St. Luke's hospital never received a penny for taking baby Cyrus. And show us that the Idaho Department of Health and Welfare didn't receive any money from the federal government for kidnapping Baby Cyrus or for any other children who have been forcefully and illegally removed from their parents custody. Just publish it and prove me wrong.

Or how both St. Luke's Hospital and Holland and Hart Law Firm are two of Idaho's primary sponsors and supporters of the transgender and gay agenda, sponsoring not only the Boise gay pride parade, but by doing so, you and they were knowingly sponsoring a kids drag show. But this should not surprise anybody seeing as though St. Luke's makes big money off of the transgender agenda since, out of over 6,000 hospitals in the United States, St. Luke's hospital in Boise is 1 of only 13 hospitals that we know about, that performs transgender surgery on children. Yeah, children under 18. They do it through what they call the Essence Clinic and even advertise about it on their website.

So this is your big chance, Erik He/Him/His Stidham. Take me up on my offer right now and win the court of public opinion. If I have published inaccurate information about your clients then it should be easy to disprove. So do it. Disprove me. As soon as you do, I'll do everything I said and you and your clients will win.

Of course, if you choose not to take me up on my offer, then the **WORLD** will **KNOW** and **SEE FOR THEMSELVES**, that this entire case is a fraud. And that St. Luke's and the Holland and Hart have no interest in justice and are only fighting this court case against Ammon and I for power, money, and control, and to silence the dissenting opposition who are exposing you, St. Luke's Hospital, and all of the parties involved in the government subsidized child trafficking operation that kidnapped my grandson, Baby Cyrus, in March of 2022. The ball's in your court. The world is watching. Let's see what you do...

Baby Cyrus KIDNAPPED One Year Ago Today!

>>> [Click here for Baby Cyrus Menu/Navigation](#) <<<

Baby Cyrus KIDNAPPED One Year Ago Today!

Can you believe that exactly ONE YEAR AGO TODAY, Baby Cyrus was kidnapped at the point of a gun by *psychopathic police officers*, working at the behest of a *corrupt government subsidized child trafficking machine*? *Yes, it has been an entire year.* It was the night of March 11th, 2022.

However, because people gathered together and each did their part with phone calls, emails, protests, prayers, donations, and more—Baby Cyrus was miraculously returned to our family in less than a week. And the case was completely dropped 3 months later. A few months after that, the false arrest case for my daughter Miranda was dropped. And finally just back in December (just a little over 2 months ago), the case against Marissa (Baby Cyrus's mom) was dropped. Praise God!

Yes, believe it or not, the disgusting prosecutors in Ada County (Boise, Idaho area), were trying to put Marissa in jail for up to a year, simply because she did not hand over Baby Cyrus to the police when they were trying to kidnap him. So they used their favorite tactic—arresting her for “resisting and obstruction,” because we all know you shouldn’t obstruct the thin blue line when its busy illegally tyrannizing innocent people.

But the good news is that Baby Cyrus was returned. Does he still have Cyclical Vomiting Syndrome? Yes. But is he healthy, strong, and growing? Yes! He is loved and cared for and nurtured—probably too much! This kid is spoiled!

Baby Cyrus would probably be lost forever and possibly dead had it not been for your help and support!

Each and every one of you played a huge part in Baby Cyrus’s return by your actions and your prayers. And, we could say a mini-revolution against **government subsidized child trafficking** has been birthed as a result of the entire ordeal. There was even an entire documentary about CPS and child trafficking produced by the Stew Peters Network and it has been viewed over 1.5 million times on Rumble alone (click here to watch the documentary, [THESE LITTLE ONES](#)). There was also an exposé featuring Baby Cyrus’s story done by Epoch Times which has garnered international attention, and Baby Cyrus’s kidnap video has been viewed over 12 million times on social media!

In short, America is learning about immoral government subsidized child trafficking by CPS and action is starting to take place around the country. By God’s grace we can see an end to government subsidized child trafficking, state-by-state, legislature by legislature—until ultimately it is completely eradicated from America!

Words don’t exist and the English language does not suffice for me to express our family’s gratitude to each and every one of you.

It has been said that when you are at your hardest moment in life, that is when you find out who people really are and who will betray righteousness. During that time for us, when Baby Cyrus was kidnapped, we gained some true friends and family members, and lost some false ones. All those of you who supported Baby Cyrus became part of our extended family. We truly believe that and feel that way.

And even though these words are totally insufficient, I still can’t let the day go by without saying again, THANK YOU!

IDAHO DEPARTMENT OF HEALTH & WELFARE

Idaho Department of Health and Welfare is the Bad Guy

Share this page:

Idaho Department of Health and Welfare is the Bad Guy

April 4th, 2023 | by Diego Rodriguez

At a minimum, over 15 million people have seen the video of Baby Cyrus getting kidnapped back in March of 2022—and the world was collectively shocked and enraged at this plain and evident display of tyranny and terror on behalf of the Meridian Police Department, and CPS, in Idaho.

And people all over the country are paying close attention to the lawsuit that St. Luke's hospital has filed against me and Ammon Bundy claiming that we somehow defamed them and hurt their little feelings when we protested against their participation in Baby Cyrus' kidnapping. People just can't believe a hospital would stoop that low and be so wickedly involved in something as grave, serious, and evil as government subsidized child trafficking.

However, from the very beginning, my family has stated and believed that the real "bad guy" in this story is the **Idaho Department of Health and Welfare**. Everybody else are just pawns—including St. Luke's and the Meridian Police. The real evil behind the curtain is, and has always been, the Idaho Department of Health and Welfare (IDHW).

For all intents and purposes, the IDHW is CPS, insofar as they are responsible for CPS and CPS is essentially just a division within the IDHW.

It is the IDHW who gets the primary funding for kidnapping babies (and others all get their hand in the cookie jar along the way and take their share as well). And while kidnapping children is a crime worthy of death according to God's Word (Leviticus 24:17), the Idaho Department of Health and Welfare is also the source of so many other grand evils including:

1. They are one of the number one sponsors of the gay agenda in Idaho. They even sponsored, along with Holland and Hart Law Firm and St. Luke's Hospital, the gay pride event last year in Boise where they funded a kid's drag show!
2. They have paid out hundreds of thousands of dollars to "gay pride" festivals all over Idaho. That's **your money** and they are giving it to fund perversion. And when I say "your money," I'm very specifically talking, not only about your TAX DOLLARS, but I'm talking about Social Security funds. You see, the money the State of Idaho receives (and all other 49 states), comes from the Social Security fund—meaning they are literally robbing senior citizens of the money they promised to give them and giving it to the state to fund child trafficking, gay perversion, and kid's drag shows! They're coming after YOUR KIDS!

IDHW Director Dave "Peltobear" Jeppesen speaks while masked up Government NonBinary Brad Little watches intently from behind

3. Dave Jeppesen, the director of the IDHW, was the one who actually wrote the Stay-At-Home order and who signed it, putting Idaho in a state of perpetual lockdown and government tyranny (supported by Governor NonBinary Brad Little).

4. The Idaho Department of Health and Welfare routinely approves known pedophiles and registered sex offenders to be Foster Care Parents. How can that possibly be justified by any sane person?

5. I've already outlined the potential foul play between the Bureau Chief of Facilities Standards at IDHW (Laura Thompson), who is responsible for compliance with Federal Law to ensure that funding is secured for kidnapped children, and who is the lesbian lover to Judge Laurie Fortner, who is one of the primary judges responsible for taking children away from innocent parents.

Time and space don't permit to give the entire list of evil behind the closed doors at IDHW.

Fortunately, we have a **whistleblower email** and people continue to send us more information from the inside. And we are compiling all the information we need so that we can release it all when the time is right. But let's just say what I've written above is just the tip of the iceberg.

The IDHW and their wickedness knows no bounds—even down to the simplest things, they just can't tell the truth.

In an article published yesterday by the Idaho Capital Sun (that rag read by your grandma who lives in the woods with her cat, and by her friend from the knitting club), Audrey Dutton writes:

The child's mother also requested the case records from the department, in January of this year, and the department provided the records to her, according to an email from a deputy attorney general and Jeppesen.

The IDHW just straight up lied about this. My daughter, Marissa Anderson, who is referred to above as "the child's mother," never received the case records. On the contrary, they sent her back the following email, to which she had not responded until yesterday:

Dear Marissa Anderson,

On 1/23/2023 you requested records from the Idaho Department of Health and Welfare. We cannot release the information without the following documentation justifying your access: Notarized form authenticating your identity or a photocopy of your ID. Thank you.

This documentation can be faxed to (208) 639-5742, emailed to publicrecordsrequest@idhw.idaho.gov, or mailed to the address below.

Sincerely,

Public Records

publicrecordsrequest@idhw.idaho.gov
Phone (208) 334-5554
Fax (208) 639-5742

Even with the most basic facts, Dave Jeppesen and his deputy attorneys can't stop themselves from lying. **They are liars.** Lying is what they do. If they lie about the little things, imagine everything else they lie about! And remember, the IDHW receives the **GREATEST AMOUNT OF MONEY FROM THE IDAHO STATE BUDGET EVERY YEAR!**

And so I say "God Bless You, Attorney General Labrador!" Finally, Idaho has at least one officer at the state level who isn't a complete statist hack, who is willing to actually uphold the law and investigate those who have demonstrated ill-will, incompetence, intransigence, and immorality. Yes, I'm talking about the Idaho Department of Health and Welfare.

And as far as Audrey Dutton's puff piece accusing AG Labrador of having a conflict of interest because I donated to his campaign an entire DECADE ago, well I'll address that soon enough...

DIEGO RODRIGUEZ

**For those worried about defamation for calling Dave Jeppesen, "pedobear," just note that he is a public figure so defamation laws don't apply, and secondarily I am not saying HE IS a pedobear, rather I am saying that I am of the opinion that he is a pedobear. I mean, just look at him. And worse than that, look at what he does.*

Judge Lynn Norton Just Intentionally Broke the Law, Proving That She is Biased and Malicious and Unfit to Preside Over Our Case

Judge Lynn Norton Just Intentionally Broke the Law, Proving That She is Biased and Malicious and Unfit to Preside Over Our Case

April 18th, 2023 | by Diego Rodriguez

Today, Judge Lynn Norton, issued a warrant of attachment for the arrest of Ammon Bundy. **It's hard to explain just how unbelievably wicked of an action this is.** But first let me just demonstrate to you how Judge Norton's actions today were wholly illegal and demonstrate that she is acting with malice against Ammon and is disobeying the Idaho rules of Civil Procedure—the rules that directly and specifically GOVERN her.

The first thing you have to understand is that there are generally two categories of lawsuits: criminal and civil. A criminal lawsuit is one where a defendant is being accused of an actual crime. A civil lawsuit is when a defendant is being accused of having wronged the plaintiff in some manner and therefore has to make amends, which generally speaking, ends up being some form of monetary payment. So, if you are a defendant in a civil case, the very worst thing that can happen to you is that you can have a judgment against you requiring you to pay a specified sum of money to the plaintiff (the person accusing you).

This means that the very worst outcome for a defendant in a civil case is to ultimately be in debt to the plaintiff. However, the Idaho State Constitution prohibits imprisonment for debt, except in the case of fraud.

SECTION 15. IMPRISONMENT FOR DEBT PROHIBITED. There shall be no imprisonment for debt in this state except in cases of fraud.

IDAHO STATE CONSTITUTION SECTION 15. IMPRISONMENT FOR DEBT PROHIBITED. There shall be no imprisonment for debt in this state except in cases of fraud.

So the highest law of the land in Idaho assures that your liberty will never be taken from you in a civil matter, which should only end in a judgment of debt. Nevertheless, here is Judge Lynn Norton issuing an order to ARREST Ammon Bundy in a civil case, for a civil matter.

Now the excuse for this is irrelevant because it should never happen. Nevertheless, let's consider the weak and meaningless excuse that Judge Norton is using. According to the Idaho Dispatch, who was present in the courtroom at the time the warrant was issued, "The purpose of the arrest is to force Bundy to attend an arraignment hearing and to participate in the court proceedings of the case, including the hearing for contempt. The arrest warrant includes a \$10,000 bond."

So Judge Lynn Norton is simply saying that since Ammon refuses to participate in this civil court case, she is going to have him arrested to force him to participate! Not only is this obviously ridiculous, stupid, unethical, and immoral—it is also illegal!

If you are sued and you refuse to participate in the lawsuit, what is supposed to happen is that the court should issue a default judgment against you. In short, by refusing to respond, you are essentially saying, from a legal perspective, "I am guilty of whatever the complaint against me says." (In Ammon's case, he's not guilty of anything, he simply refuse to participate.) And guess what? According to the Idaho Rules of Civil Procedure Rule 55, the JUDGE IS REQUIRED to issue a default judgment in such circumstances. So why didn't Judge Lynn Norton do that? Why didn't she do what she is required to do?

Now, the Idaho Rules of Civil Procedure are basically the rule book that governs court cases in Idaho. Judges MUST ABIDE by these rules. They are basically "the law" for judges—the rules which govern them and which govern the procedures of courts and the entire judicial process. For a judge to disobey these rules is to simply break the law!

So what exactly does Idaho Rules of Civil Procedure Rule 55 say? Read it for yourself:

Idaho Rules of Civil Procedure Rule 55. Default; Default Judgment.

(a) Entering a Default.

(1) In General. When a party against whom a judgment for affirmative relief is sought has failed to plead or otherwise defend, and that failure is shown by affidavit or otherwise, the court must order entry of the party's default. If a party has appeared in the action, that party must be served with 3 days' written notice of the application for entry of default before default may be entered.

Don't Miss Out on Important Information!

Christians Response to Coronavirus is Shameful

Let me repeat what it says placing emphases for how it applies to this case: *When a party against whom a judgment for affirmative relief is sought (that would be Ammon in this case) has failed to plead or otherwise defend (this is exactly what Ammon has done), and that failure is shown by affidavit or otherwise (this has clearly been shown not only publicly but specifically by Holland & Hart law firm to Judge Lynn Norton on multiple occasions), the court must order entry of the party's default.*

This is the rule. Judge Lynn Norton is required by Idaho Rules of Civil Procedure Rule #55 to issue a default judgment against Ammon Bundy. That default judgment will amount to DEBT that Ammon must pay to the plaintiffs in the case.

For the judge to do otherwise is to simply demonstrate for the entire world that she is corrupt, evil, wicked, and totally biased against Ammon and all defendants in this case. We can easily surmise as to WHY she is biased against them, but it is not relevant at this point. The point is that SHE IS BIASED, and her actions today prove for the entire watching world that she is acting maliciously against defendants in a case before her courtroom, which is not only unconscionable, but is an outright assault on the consciences and souls of all decent, law-abiding citizens in Idaho and America.

The evil, wicked, and unjust Judge Lynn Norton of Ada County, Idaho.

Her actions today only feed the narrative that courts are corrupt and that justice is no longer available in America. Judge Lynn Norton has provided ample evidence that citizens have no hope of justice in the so-called "justice system" because judges can and will act maliciously and malevolently against citizens in her courtroom if she doesn't like them for whatever reason—including her ability to break the laws and rules that bind her.

In this case, she is issuing an illegal warrant for arrest—to unlawfully strip Ammon Bundy of his liberty when she has no authority to do so in a civil case.

And do you want to know why evil judges like Lynn Norton do this? Because they can. Because they get away with it. Because nobody holds them accountable. Because modern law enforcement, like stormtroopers and brownshirts, just blindly obey orders, even when their orders are illegal, immoral, and unconscionable.

The only questions now are:

1. Will anyone with the power to do so, in the executive or legislative branches of government, hold Judge Lynn Norton accountable? Or will any of her superiors in the judicial branch censure her and correct her for such a blatant and overt breach of the Idaho Rules of Civil Procedure?
2. Will Idaho Law enforcement FOR ONCE do the right thing and leave Ammon Bundy alone? Idaho law enforcement has a world famous reputation for being tyrannical, overbearing, and downright wicked, particularly since the beginning of the so-called COVID pandemic. This case is cut-and-dry. The warrant for Ammon's arrest is illegal. It's simply wrong. So will law enforcement execute this warrant or will they finally obey the actual LAW and refuse to harass Ammon Bundy?

Only time will tell...

More Proof of the Corruption of Judge Lynn Norton's Courtroom, the Wicked and Vile Nature of Attorney Erik Stidham, and the fact that Sheriff Donnie "the Blunder" Wunder is nothing more than a Stormtrooper:

April 24th, 2023 | by Diego Rodriguez

Ignorant people are crying foul in response to the article I published last week, Judge Lynn Norton just intentionally broke the law, proving that she is biased and malicious and unfit to preside over our case. They are crying and whining like ignorant statisticians always do because they willfully choose to remain ignorant (2 Peter 3:5), or because they are intentionally trying to manipulate the narrative to protect their own hides.

Everyone who has followed the case KNOWS that Ammon's "warrant of attachment" issued by Judge Lynn Norton was issued for the charge of contempt of court. Nobody has ever denied that. But that, of course, was not the point!

The point of the article, that not a single critic has tried to refute, is that had Judge Lynn Norton obeyed the Idaho Rules of Civil Procedure 355, which she is required to do, this case would have never reached this point and Ammon would never have been in a place to be falsely accused of contempt of court! So this entire ordeal is still the fault of her disobedience to the rules that govern her!

Secondarily, the CONTEMPT OF COURT charge against Ammon is so evidently and eminently RIDICULOUS that only a moronic imbecile could ever conclude that Ammon had actually broken the alleged court order and should thereby be held in contempt of court. Let me demonstrate this for you...

On January 19th, 2023, Judge Lynn Norton signed what is called a "Protective Order" which is supposed to prevent Ammon or I from threatening or harassing anybody else in the case. Most specifically, the order stated:

IT IS HEREBY ORDERED that any person, including all Defendants and any agent of any Defendant served with this Order, are prohibited from engaging in the following actions related to this case:

(1) Any person who, by direct or indirect force, or by any threats to a person or property, or by any manner willfully intimidates, threatens or harasses any person because such person has testified or because he³ believes that such person has testified in this lawsuit may be held in contempt of court.

Click here to download the actual "Protective Order" signed by Judge Lynn Norton so you can read for yourself what it actually says.

"IT IS HEREBY ORDERED that any person, including all Defendants and any agent of any Defendant served with this Order, are prohibited from engaging in the following actions related to this case: by any manner willfully intimidates, influences, impedes, delays, threatens, harasses, obstructs or prevents a witness, or any person attached or associated with this case."

So, Ammon would be in violation of this order ONLY if he WILLFULLY "intimidated, threatened, or harassed" any of the plaintiffs or others involved in this case. Now, Ammon plainly has never done that. So there can be no contempt of court!

However, let us read further and see what excuse, the perverted and wicked, Dirty Erik He/Him/His Stidham, provides to the court to justify his desire to have Ammon arrested. Dirty Erik He/Him/His Stidham gives the court the following 3 reasons to justify arresting Ammon, claiming that because of these reasons, Ammon has "intimidated, threatened, or harassed" the plaintiffs. Now, go ahead read it for yourself and tell me if it sounds like Ammon has "intimidated, threatened, or harassed" anybody in this case:

1. Dirty Erik whines that Ammon didn't take down webpages that, "include doxing and defamatory statements about Plaintiffs."

Hello, Dirty Erik, you moron! It's called the 1st Amendment! It's FREEDOM OF SPEECH. And no amount of legal manipulation can distort the truth of the 1st Amendment. Ammon can post whatever he wants to post, particularly and especially when he believes it to be true and has evidence to it's truthfulness, just like I can call you "Dirty Erik He/Him/His Stidham," because you are a dirty and wicked man who is a scoundrel and you have the confidence of those who support you.

Additionally, the webpages in question (which you can see by the links below), do not intimidate, threaten, or harass anybody! They simply posit arguments that Ammon and others (including me), believe to be true and factual. And we've got plenty of proof, that has already been published, to demonstrate that they are facts.

https://www.peoplesrights.org/news_view/come-no-more-upon-me-a-warning-letter-from-ammon-bundy&id=609447c-waf-4062-43b4-e93dfe129733

Now imagine how sick and twisted these people are—they are trying to use the force of government, up to and including VIOLENCE perpetrated upon Ammon by Gem County Stormtroopers and Brownshirt police officers, led by Sheriff Donnie "the Blunder" Wunder, to physically torture Ammon (like they always do), just so that he would remove information that he knows and believes to be true from a website! If that doesn't send a shiver down your spine, I don't know what will! This is totalitarianism! This is a total and complete violation of Ammon's 1st Amendment rights, and it is being signed off on by Judge Lynn Norton. She seems to be a serial violator of the highest law of the land—the Constitution!

2. Dirty Erik Claims that Ammon has declared that "his and PRN's use of violence is justified against his enemies."

This is an altogether false statement. It's just a plain LIE. First of all, he says that "his (Ammon's) and PRN's use of violence is justified." This statement is written in such a way as to define the premise as being that Ammon and the People's Rights Network have already been violent in some way. It is written to convince a lazy or already corrupted judge to believe that Ammon and PRN have already been violent and that a protective order must be filed against them to prevent FURTHER VIOLENCE. After all, according to Dirty Erik He/Him/His Stidham, Ammon and PRN are already violent.

The problem, of course, is the fact that there is not a single moment in the history of Ammon Bundy's life, nor in the history of the People's Rights Network, where either Ammon or PRN members have been violent. Ammon has never been violent in his life. If there is one, I dare Dirty Erik He/Him/His Stidham to provide evidence of it. There is much more evidence that Dirty Erik is a pedophile (which we all know to be true) and is financially invested in the government subsidized child trafficking system that we've already exposed, than there is that Ammon has ever been violent.

On the contrary, Ammon has suffered much harm and abuse at the hands of tyrannical and corrupt government agents in all 3 branches of government! People's Rights Network members have likewise never been violent. Never once. The most threatening thing that a PRN member has ever done is hold a sign and shout. Which, for those who don't know because you've been brainwashed by government school and state controlled media, is actually a protected Constitutional right.

Dirty Erik He/Him/His Stidham goes on to quote Ammon: "There is no silver bullet to securing liberty. It is going to take unity, suffering and the willingness to use violence in defense, like it always has." *Id.*, Ex. C at 3. He also endorses the rule of law, encouraging his followers to take the law into their own hands:

Bundy has even declared that his and PRN's use of violence is justified against his enemies. "There is no silver bullet to securing liberty. It is going to take unity, suffering and the willingness to use violence in defense, like it always has." *Id.*, Ex. C at 3. He also endorses the rule of law, encouraging his followers to take the law into their own hands.

How about that, people! Ammon's quote, which Dirty Erik He/Him/His Stidham is using to claim that Ammon has "intimidated, threatened, or harassed" the plaintiffs in this case, is that Ammon claimed in a general article, making general claims about liberty, having nothing to do with the Plaintiffs in this case, that he believes that in order to secure liberty, some people may have to use force (i.e. "violence") in self-defense! That's right, in defense!

Do you know what "defensive" means? And if so, how can DEFENSE ever be used as a claim of "intimidation, threat, or harassment?" By definition, intimidation, threats, and harassment, must be OFFENSIVE in nature and cannot be defensive. How can anybody with the education beyond kindergarten ever misconstrue general words about the potential need to use violence or force to DEFEND oneself in the process of securing liberty as "intimidating, threatening, or harassing" the very specific plaintiffs in this lawsuit?

And to think, Judge Lynn Norton signed off on this Motion for Contempt! If that is not proof positive that she is a corrupt, bought off, incompetent, and immoral judge—I don't know what is.

The evil, wicked, and unjust Judge Lynn Norton of Ada County, Idaho.

3. He claims that Ammon encourages followers to take the law into their own hands.

In this case, Dirty Erik He/Him/His Stidham quotes Ammon's article here: "Stop thinking that the courts or elected representatives are going to save us. Stop worshiping the police or anyone else that secures more power to the institutions that threaten freedom. Stop wasting your time thinking that congress or the president is where the solution resides. Stop being afraid. Stop

thinking that remaining free is easy, it's not! The people must balance the power that is forming against them. We must peacefully unite, plan and prepare so we are ABLE to defend ourselves as necessary. The right to defend yourself is a right that is given to you from God and a right that is protected in our founding documents. The same documents that mean nothing unless they can be enforced by the people."

Stop thinking that the courts or elected representatives are going to save us. Stop worshipping the police or anyone else that secures more power to the institutions that threaten freedom. Stop wasting your time thinking that congress or the president is where the solution resides. Stop being afraid. Stop thinking that remaining free is easy, it's not! The people must balance the power that is forming against them. We must peacefully unite, plan and prepare so we are ABLE to defend ourselves as necessary. The right to defend yourself is a right that is given to you from God and a right that is protected in our founding documents. The same documents that mean nothing unless they can be enforced by the people.

Imagine the filthiness and the wicked, vile nature of the mind of Dirty Erik He/Him/His Stidham! He is claiming in official court documents, with the intent to convince the judge to arrest Ammon and put him in jail, that Ammon saying that Patriots must "peacefully unite" and that our founding documents, namely the Declaration of Independence and the U.S. Constitution mean nothing unless they are "enforced by the people," somehow means that Ammon is "intimidating, threatening, or harassing" the Plaintiffs in this case!

Seriously! He even emphasized "enforced by the people" in bold. Imagine that! In other words, the document that begins with "We the people" if "enforced by the people" through "peaceful unity" and self-defense (Ammon's own words), is somehow "intimidating, threatening, and harassing" the plaintiffs in this case. And therefore Ammon must be arrested NOW for contempt of court. Judge Norton, please explain to a watching world how a call for "peaceful unity" equates to "intimidation, threat, or harassment."

Now, in any other court in America, this would be a laughable waste of time and the Judge would undoubtedly scold Dirty Erik He/Him/His Stidham for such a blatant and unethical attempt to manipulate a proposed motion in order to attack a political enemy, or in this case, his opponent in a civil trial. But not in Ada County! Not in Judge Lynn Norton's courtroom! No, Judge Lynn Norton somehow agrees with these 3 arguments made by Dirty Erik He/Him/His Stidham and this is the reason why she issued a warrant of attachment to arrest Ammon Bundy.

And this is the justification now being used by Stormtroopers and Brownshirts at the Gem County Sheriff's office led by Donnie "the Blunder" Wunder, to harass Ammon, to threaten him and his family, to violate his 4th amendment rights by illegally trespassing on his property, and now, as of April 24th, to surround his property and send these same ignorant and immoral burthons with badges to violate their oath to protect the Constitution, and to attempt to arrest an innocent man in a CIVIL case, even though he has committed no crime.

There can be only 3 conclusions:

1. Dirty Erik He/Him/His Stidham is a filthy, vile, and morally corrupted evil soul.
2. Judge Lynn Norton is a serial violator of the Constitution and has been compromised ensuring that it will be totally impossible to find justice in her courtroom.
3. Gem County Sheriff Donnie "The Blunder" Wunder is a total moron, having either no respect for the Constitution, or being completely oblivious to its principles and mandates, and is happy to be a meat-headed stormtrooper, blindly following the orders of unelected attorneys and corrupt judges without knowing or caring why. He is a coward and a brownshirt, and history will record him as such. His children, grandchildren, and posterity will look back in shame at the curse put on their family name by Donnie "The Blunder" Wunder.

Judge Lynn Norton and Erik He/Him/His Stidham Have Just Gag Ordered Me

April 27th, 2023 | by Diego Rodriguez

Well here is an interesting update, my friends. In the midst of all the chaos going on with Judge Lynn Norton trying to have Annem Bundt arrested in a civil case, for a false charge of "contempt of court," **she has just snuck through an additional order to gag order yours truly.** Yoo, it's true.

So even though in America we allegedly have "Freedom of Speech" and that right is allegedly so revered and admired and respected, and that lawsuits are allegedly supposed to be public, nevertheless, Judge Lynn Norton has just issued a "gag order" against me preventing me from publishing any discovery from this lawsuit.

Yep! That's right. Everything you want to know about this case is now gag ordered! **I'm prohibited from sharing any of it.** More specifically, I have been denied my 1st amendment rights and am prohibited from publishing any of the actual relevant issues to this case like:

- How much money St. Luke's received from having Baby Cyrus in their physical custody.
- How much money the Idaho Department of Health and Welfare gets every year from the forcible kidnapping of children.
- How many times Dr. Natasha Erickson has used the threat of CPS to control her patients.
- What a typical physical examination by Nurse Tracy Jungmann looks like (when she examines the private parts of children who have been stolen by CPS).
- How much money is given to police agencies through the government subsidized child trafficking ring.
- How much more money St. Luke's CEO Chris Roth has earned compared to previous CEOs (demonstrating how he personally profited off of COVID).
- How much money St. Luke's makes every year by performing genital mutilation surgeries on minor children.
- How many minors have been killed at St. Luke's through incompetence and medical malpractice.
- How many medical malpractice complaints there have been filed against St. Luke's.
- How many people were killed at St. Luke's on ventilators during the fake COVID pandemic.
- How much money St. Luke's received from government agencies for killing people on ventilators.
- How many employees at St. Luke's were terminated for not receiving the COVID vaccine.
- How many people were killed through the administration of Remdesivir at St. Luke's Hospital.
- And all communication between St. Luke's Hospital, the Idaho Department of Health and Welfare, and Governor NonBinary Brad Little's office.

These are just some of the very important and relevant issues that the public ought to know about in this case. And now, **Judge Lynn Norton has legally forbid me from publishing this information to the public.** (The way it actually works is that Dirty Erik He/Him/His Stidham writes up the "gag order," which is technically called a "Confidentiality Protective Order," and then Judge Lynn Norton signs it—which is exactly what happened.) You have got to ask yourself the simple question—**WHAT DO THEY HAVE TO HIDE?**

What are they so worried the public is going to find out? What type of connection does Judge Lynn Norton have to St. Luke's in order to get this type of special treatment? What type of deep corruption is going on between Ada County judges, Holland and Hart Law Firm, St. Luke's Hospital, and the Governor's office?

The public wants to know! But Judge Lynn Norton won't let them. You can read the gag order yourself by clicking on it below:

Confidentiality Protective Order submitted by Dirty Erik He/Him/His Stidham, and signed by Ada County Judge Lynn Norton—effectively serving as a GAG ORDER preventing Diego Rodriguez from publishing any of the relevant information about this case.

Baby Cyrus's First Birthday as A FREE MAN

Baby Cyrus's First Birthday as A FREE MAN

In the midst of a lot of chaos, nonsense, and tyranny, our family took the time today to celebrate the healthy 2nd birthday of BABY CYRUS. Last year, on May 1st, we celebrated his 1st birthday with many of you in the park in Meridian, Idaho. But at that time, he was still under the forceful and tyrannical control of the evil and wicked Idaho Department of Health and Welfare—by FORCE. Baby Cyrus was a legal prisoner 1 year ago.

But God used you and thanks to your prayers, your support, and God's mercy, Baby Cyrus is now 100% FREE and enjoying life with his family (like children ought to be doing). We have said it many times before, though it never seems or feels like we can say it enough—but THANK YOU. Thank you from the bottom of our hearts for all you did to support our family.

And yes, while there is still so much going on with the lawsuit and the continued efforts of the government subsidized child trafficking ring in Idaho which includes the Idaho Department of Health and Welfare, CPS, evil social workers, corrupt police agencies and officers (specifically the Meridian Police Department), the abominable and incompetent St. Luke's Hospital, and the general tyranny of Idaho's political class—sometimes you just have to take a break and ENJOY YOUR FAMILY. Because that is what the fight is all about in the first place—for our families to be left alone to worship God and enjoy one another according to the dictates of our conscience and our faith. And so that's what we did today. And when you see the smile on Baby Cyrus's face and the healthy and wonderful life he's living, you can rest peacefully knowing that you played a part in it all. God bless you and thank you again.

P.S. The question we still get asked is, "How is Baby Cyrus doing?" The answer is he is doing extremely well. His vomiting "episodes" are much fewer and further between and much less severe. And he is even passed the so-called weight standards on the meaningless and worthless government "growth charts." (Not that any of us care about that nonsensical bureaucratic drive.) Baby Cyrus started off with cyclical vomiting syndrome and then got seriously worse after he was kidnapped by St. Luke's Hospital and given whatever horrible treatment he was given with their

flawed allopathic protocols. And the worst thing that has happened to him from a health perspective is his C-DIFF infection which has wreaked havoc on his poor little digestive system—and which we believe he received from St. Luke's hospital (there is no other place he could have got it). Thankfully, now that he is back with his family, and is given (probably way too much) care and attention, he is progressing wonderfully. His mom works with him daily and ensures he gets all of his nutrients along with his healthy and homeopathic treatments for his C-DIFF infection and his cyclical vomiting syndrome. And he has an amazing team of health professionals who he sees weekly that have been invaluable in helping Baby Cyrus heal. After reviewing everything that transpired while he was at St. Luke's, it is evident that had Baby Cyrus stayed in the custody of CPS and St. Luke's Hospital, he would have probably died like so many others do at that hospital. Literally. But thanks to you and your support, and the mercy of God, Baby Cyrus is with his family today celebrating his 2nd birthday AS A FREE MAN!

P.P.S. For those who don't know Marissa (Baby Cyrus's mom and my daughter), she is an incredible cook, baker, and "crunchy" health conscious mother. That cake in the picture above which looks like it could be a diabetes-inducing time bomb is actually a dairy free, gluten free, grain free, Paleo, mostly organic cake sweetened lightly with all natural coconut sugar, made with almond flour, and filled with layers of organic strawberries. It was not only delicious, but safe!

P.P.P.S. Major congratulations to my daughter Marissa who is now a certified doula and last week she had her first delivery! Exciting times!

Today is the 2 Year Anniversary of Baby Cyrus's Kidnapping

Today is the 2 Year Anniversary of Baby Cyrus's Kidnapping

March 12th, 2022 | by Diego Rodriguez

I know this is going to be hard for most of you to imagine, but today marks the 2 YEAR ANNIVERSARY OF BABY CYRUS'S KIDNAPPING. Yes, exactly 2 years ago today, on March 12th, 2022, my grandson, Baby Cyrus, was kidnapped by force at gunpoint by the Meridian Police Department, in cooperation with the Idaho Department of Health and Welfare and St. Luke's Hospital.

All of these entities got paid for participating in this child trafficking ring and specifically were paid for participating in the kidnapping of Baby Cyrus. Of course, we know and are aware of the fact that the Meridian Police Department also did this horrifying act as a means of political retaliation against me and my good friend, Armon Bundy.

Many of you were there when this all happened. From prayers to protests, phone calls, emails, social media posts, financial support, and more, patriots, friends, and family all across Idaho and America got to work and helped our family fight to get Baby Cyrus back.

And with your prayers and support, God did a miracle—and Baby Cyrus was returned in 6 days! A few months later, in May 8th, 2022, Baby Cyrus's bogus court case was completely dropped. And finally, at the end of the year, in December 2022, the fraudulent case against Baby Cyrus's mom was dropped as well.

The story was the subject of national interest and intrigue for a host of reasons. First of all, gubernatorial candidate and well-known Patriotic leader, Armon Bundy, was protecting on behalf of Baby Cyrus and was then arrested fraudulently for the fake charge of "obscuring" the right of Baby Cyrus's kidnapping. This itself made national news.

Second, Marissa was intelligent enough to turn her phone on and to start live streaming when police stopped her to kidnap Baby Cyrus – so the entire thing went viral online. To date, more than 15 million people have viewed the kidnapping video online. The story was even highlighted in a documentary about government subsidized child trafficking called, *These Little Ones*, which likewise has been viewed over 2 million times.

Here's some Cyrus goodness from our family's recent vacation.

Then, back in May 2022, in order to prevent the people from thinking that they could put a stop to Idaho's Government Subsidized Child Trafficking Ring, St. Luke's Hospital initiated a \$50,000 lawsuit against Armon Bundy and I for the fake claim of "defamation."

The corrupt judge, Lynn "Misconduct" Norton, then allowed the case to be amended 4 times which brought the case to \$7.3 million dollars. The trial proceedings exposed so much foul play and government corruption between St. Luke's Hospital, the Holland and Hart Law Firm, AND the Ada County Court System. *How do you think the government could ever trust these entities again?* In fact, even though the 4th amended complaint for the lawsuit amounted to \$7.3 million dollars, at the end of the trial, St. Luke's Attorney, Dirty Erik McMillin, aka Stillman, asked the jury for \$3.7 million dollars, but the corrupt jury had been tampered with (and we have the evidence), and they came back with an award of \$52.3 million dollars.

That's the short summary of how it all went down. But there is light at the end of the tunnel. So let me release 3 pieces of good news for you:

1. Baby Cyrus is home, happy, and healthier than ever! Failed doctor, Isabella "Stridagrenis" Erickson, was never able to accurately diagnose Baby Cyrus. In fact, no doctor at St. Luke's was able to diagnose him properly. The entire hospital staff proved itself to be incompetent and only followed procedures and protocols designed to make St. Luke's money without regard for patient's health or wellbeing. But in time, other doctors and medical professionals outside of St. Luke's hospital have been able to accurately diagnose Baby Cyrus with a condition known as "Cyclic Vomiting Syndrome." This proper diagnosis finally allowed Levi and Marissa (Baby Cyrus's parents) to get Cyrus on a regimen that has allowed him to recover and even thrive. And although the regimen is/has extremely costly (supplements alone cost over \$1,000 per month), the family was able to make it work thanks to the selfless donations of caring people all over the country.

2. The case made people hyperaware of the Government Subsidized Child Trafficking Ring known as CPS. Never before in history have Americans been so aware of how their tax dollars

are being used to harm families and kidnap children for profit. This case and your efforts in fighting this case have helped make the difference.

3. The judgment against me was rejected in Florida. Only further demonstrating the corrupt nature of the defamation lawsuit against me and Ammon is the fact that when St. Luke's lawyers tried to domesticate their judgment for \$52 million against me to the State of Florida (where I actually live and am a citizen), a Florida judge rejected the domestication and closed the case. *This means their judgment against me in Florida isn't even worth the paper it was printed on.* Domesticating a judgment from one state to another is usually a slam dunk and just a matter of filing paperwork. The fact that the Florida judge took a look at what actually happened in this court case and then rejected the domestication of it, goes to show how horribly corrupt the entire court case in Idaho was in the first place! Now, if they want to get a judgment against me, they would have to re-litigate the entire case all over again in Florida!

4. The case against Ammon and I is being appealed. I appealed the case to the Idaho Supreme Court where we fully expect them to ignore or reject the case. This is Idaho, after all, and Idaho has proven itself to be one of the most corrupt and unjust court systems in America. Unfortunately, Idaho is where justice goes to die. However, I will take this court case all the way to the U.S. Supreme Court if that is what it takes. And perhaps that was God's intention all along? Maybe God wants to use this case as a means for greater justice and awareness on a national level? Who knows? Only time will tell...

5. One final big announcement. I am going to make a final announcement that is "super big news" later tonight. You won't want to miss it. Anybody who cares about justice or has been following this case is going to be very excited to hear the announcement.

So, on this 2 year anniversary of Baby Cyrus's kidnapping, our family wants to say one more time—THANK YOU to each and every one of you who gave tirelessly of your time, energy, and resources, and CARED enough about Baby Cyrus to help our family get him home safe again! May God bless you forever!

BIG ANNOUNCEMENT - We Are Suing St. Luke's Hospital, the Idaho Department of Health and Welfare, and the Meridian Police Department

March 11th, 2024 | By Diego Rodriguez

[Click here to read the formal complaint / lawsuit.](#)

TRANSCRIPTION OF THE VIDEO ABOVE:

I have some good news and an important announcement to make today on this 2nd year anniversary of the day my grandson, Baby Cyrus, was viciously kidnapped at gunpoint by fuckles and incompetent Meridian Police officers, as willful participants in the Government Subsidized Child Trafficking Ring known as CPS.

Now, if you've followed this case over the last 2 years, you know how God used this case to highlight and expose the corruption and wickedness that exists not only in the overall CPS child trafficking system, but all the way down to the local participants in this child trafficking ring, like the corrupt Idaho court system, the lesbian judge Laurie Fortier, psychopathic cops like Jeff Fuller, and Steven "Go on your merry way" Hansen, and Belligerent Fyrost Sergeant Christopher McQuinn. Also, St. Luke's hospital and their systems and procedures for terrorizing parents and socking up money out of the system while incompetently misdiagnosing patients was put on full display.

And the majority of you have stood back in horror as you watched St. Luke's Hospital respond to the fact that they finally got caught, and finally were exposed, by suing Ammon Bundy and I defamed and ultimately, by using Idaho's corrupt court system, and specifically corrupt and wicked judges Lynn "Misconduct" Norton and Nancy Buldyke-Baskins, they were able to fraudulently get a judgment for \$12 million dollars while breaking every applicable rule, law, and statute, including both the Idaho State Constitution and the U.S. Constitution. But it's Idaho - we get it. It's wicked and corrupt and there is no justice in Idaho. Okay okay, that's fine, we get it.

Now, I am appealing that case and it is currently before the Idaho Supreme Court where we expect the Idaho Supreme Court to simply dismiss it even though there is a mountain of evidence in our favor. Why? Because it's Idaho. There is no justice there. It's just the good old boys network of corrupt judges and politicians scratching each other's backs and keeping themselves in power. Obviously, God could do a miracle there, but it would literally take a MIRACLE in order to ever get justice in Idaho.

So now, I have some good news for those of you who have been paying attention to the story. Here it is... Last Friday, I filed a \$20 million dollar lawsuit against the Idaho Department of Health and Welfare, the Meridian Police Department, and St. Luke's Hospital, and specifically named multiple bad actors from those agencies in the lawsuit. I am suing them on 12 different causes of action including: kidnapping, child endangerment, intentional infliction of emotional distress, official misconduct, negligent training and supervision, abuse of process, unlawful arrest, intentional battery, unlawful and excessive force, negligence, sexual abuse, and defamation.

We have very specific evidence for each of these charges and claims. They can't be related. They are guilty of these crimes. Of course, the last lawsuit about defamation against Ammon and I was bogus and we weren't even allowed to bring evidence to the case. And all of my responses which included detailed information about facts and evidence were struck from the case by Judge Lynn Misconduct Norton, in violation of due process and multiple other rights, meaning that the jury would never be allowed to see any evidence. But it wouldn't have mattered because the jury was tampered with anyway, and likely had members who were employees or spouses of employees of St. Luke's Hospital itself, and even an employee of the Bureau of Land Management - who all hate Ammon Bundy. And we also have evidence of all that.

So if the court system is so corrupt, then why bother filing a case at all, you might ask? Well, that admittedly is a good question, and I've got 3 reasons why you should be excited to hear the answer:

1. I filed the lawsuit in a Federal Court here in Florida! Article 3, Section 2, Clause 1 of the US Constitution requires that controversies between citizens of different states be handled in a Federal courtroom to help eliminate bias. Well, Idaho Federal Judge David Hye, the same judge who removed Ammon and I from our case, is now in charge of the courtroom in Idaho. I wanted the

Isiah 44:28 "That saith of Cyrus, He is my shepherd, and shall perform all my pleasure."

Constitution and forced the original lawsuit back down to the Idaho district court—even though I was a citizen of Florida when St. Luke's sued us, so that's why the case against Ammon and I was in an Idaho District court and not a federal court. St. Luke's Attorneys desperately need any case to be fought in Idaho where they will win because the system is corrupt there in Idaho. So the good news for this new case I just filed on Friday is that it will not be fought in an Idaho courtroom, but a federal courtroom, and specifically in the Middle District of Florida. So St. Luke's will have to follow actual rules and will not be in cahoots with corrupt judges like they are in Idaho. Now, they will lose any case fought outside of Idaho and they know it. So we fully expect them to beg, borrow, steal, or bribe their way back into Idaho. Undoubtedly they will do whatever they have to do to try to bring this lawsuit back to Idaho, because it is the only place corrupt enough where they could win. We'll cross those bridges as we come to them, but for now, the good news is that the case was filed in Federal Court here in Florida.

go onore mee, and make the crooked places straight...that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

2. A Florida judge has already rejected St. Luke's judgment in Florida. Since I am a citizen of Florida and not Idaho, the judgment St. Luke's has against me had to be "domesticated" to Florida which means that the sovereign state of Florida would recognize the Idaho judgment as being legitimate here in Florida. All 50 states have a procedure for domesticating any judgment from another state to its own. However, once a Florida judge took a look at how fraudulently the lawsuit was handled in Idaho, he denied the domestication and closed the domestication case in Florida. That means that the judgment they have is null and void against me here in Florida. It's not even worth the paper it's written on! So yeah, there is more justice here in Florida where the judges are not on the UCT del.

3. The only case against CPS and a hospital that was ever won was here in Florida last year, at least that I'm aware of. The famous "Take Care of Maya" case which was featured in a Netflix documentary finally came to a close last year in 2023, and the victimized family was awarded over \$210 million from the evil hospital and CPS. Yes, CPS is wicked everywhere as are allopathic hospitals. But for the first time, here in Florida, they got spanked and slapped back. They now have to pay out over \$210 million dollars for kidnapping Maya just like they kidnapped Baby Cyrus. In fact, the evidence and case we have against CPS, the Meridian Police Department, and St. Luke's Hospital, is much worse and more plentiful than the evidence they had in the "Take Care of Maya" case. So the reality of that case hangs over this new case we just filed and it also is a nice carrot for any potential godly law firm who would want to jump in and help us win the case.

Lastly of course, we have God, the TRUTH, and all of you on our side. If in the end, even if we don't "win" anything, I would still count it a WIN if millions of more Americans are exposed to the truth of Government Subsidized Child Trafficking throughout the public promotion of this new lawsuit. If we can save just one more child from being kidnapped and abused, or sex trafficked, or worse, disappearing which happens so frequently with CPS, or we are able to prevent just one more family from being destroyed by this evil system—then it is all worth it.

So there's lots of work to do and I need your help. And the help I need is simply this— I humbly ask you to lift our family up in prayer as we push this case forward. Pray for justice in this case. Whether you believe in the power of prayer or no, please help us to pray. It works. It's powerful and it has got us this far, and we believe it will take us all the way.

So God bless you. And may God bring peace and help to all of the families who are victims of Government Subsidized Child Trafficking in America.

Baby Cyrus Turns 3 YEARS OLD Today!

May 1st, 2024 | by Diego Rodriguez

Today, Baby Cyrus turns 3 years old. I guess he's not much of a "baby" anymore, but somehow I feel that the name "Baby Cyrus" will last with him for the rest of his life!

Anyhow, we all have so much to be thankful for, but I personally just wanted to take the time to share a heartfelt THANK YOU again to every single one of you who helped our family in our moment of greatest need. Your love and selflessness will never be forgotten! Only Heaven can reveal the depth of our gratitude and the ultimate rewards you each will receive for your acts of love towards our family!

My kids and my grandson are all doing very well today—but had it not been for all of you, God only knows the depth of the devastation that would have overtaken my family. I am forever grateful...

Anyhow, on this special day, I want to share with you a little highlight video my daughter Marissa made of Cyrus, along with a heartfelt message from her:

Message from Marissa Anderson (Cyrus's Mom):

Today, our sweet Baby Cyrus turns 3 years old! This past year of his life has been absolutely incredible and beautiful, and I feel so honored to be with him to witness every moment.

From his 1st birthday to his 2nd birthday, I had a lot of prayer requests—a lot of difficult things that we needed the Lord to walk us through to help heal Cyrus.

By the grace and mercy of God, all of those prayers have been answered. How God is so gracious to us, I really don't know. 🙏🏻

We have some major health updates, but his health journey has been long and wild enough that a whole book could be written about it. Since we don't have that kind of time, I'll give you a synopsis!

As most of you know, after we got him home from CPS care, he was in significantly worse condition than when they took him, and we moved to Florida with some serious work cut out for us. We found some of the most amazing holistic doctors and practitioners that worked with him, and we saw immense progress over the first year. The first holistic practitioner and pediatrician helped us to treat the C. Diff infection he got from St. Luke's hospital and having that cleared made a huge difference in his vomiting episodes. We set out on a gut healing journey and saw steady progress. Then, we started seeing a chiropractor for adjustments a few times a week, and within less than a month, he went over 2 weeks without a vomiting episode, which was huge for him! We felt like he got his life back, and we could see his development increase exponentially. He kept getting better and better and eventually went 3-4 months episode free! It was absolutely amazing and miraculous! It was like we finally had our son back! He was still doing chiropractic, clean eating and supplementation in addition to several other holistic treatments, but as we started to wean him off of it, he had a bit of a relapse and had several more episodes—not nearly as bad as they used to be.

We had discussed parasites being a possible root cause when we were back in Idaho, but he was too small to start most of the available parasite protocols, so we sought other treatments. In some God orchestrated events that took place, my dad connected us with an amazing and well sought after parasitologist [from Russia, actually]. She put together a custom protocol for his specific symptoms. Since we've started him on the protocol, he hasn't had a single episode, we've seen parasites passed [in his stool], his speech and language development has been significant, he's gained even more weight (he is now above average for his age), and his mood is so much happier! We're so over the moon for the improvements we have seen, and we haven't even finished the protocol yet! It's actually a very long and intensive protocol, but we're sticking to it and can't wait to see what more results will come from it.

This has been such an answer to prayer, and as much as we would have loved for Cyrus to be

Isaiah 44:28 "That saith of **Cyrus**, He is my shepherd, and shall perform all my pleasure."

Isaiah 45:1-3 "Thus saith the LORD to his anointed, to **Cyrus**, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings...I will go before thee, and make the crooked places straight...that thou mayest know that I, the LORD, which call thee by thy name, am the God of Israel."

miraculously healed and to move on, the process that the Lord has brought us through over the last couple of years has been very important for our family. We have had to learn so much about health and healing, how God designed our bodies to heal, and we are so much of a healthier family now because of it. I feel more equipped as a mother to be able to manage the health needs of all of my family and to keep us all strong and healthy. I am so grateful for what the Lord has brought us through and for what we've learned on this journey.

Lots of tears and sleepless nights came as we tried to navigate the unknown with Cyrus' health issues, but no matter how difficult it was, we were so grateful to be able to have him in our arms and care for him on our terms as parents.

I would also like to note that the 3 major things that made the biggest improvement in his healing are all things that the hospital and CPS would never provide—holistic gut healing care, chiropractic work, and parasite cleansing. If you leave loving parents to care for their children, they will go to the ends of the earth to find healing. We are grateful to have had the opportunity to do that!

From his 2nd birthday until his 3rd birthday today, prayers have looked a little different. I really don't have much to ask for partly because after losing the most precious thing I had, I realized that nothing else in my world mattered, and once we had our sweet Cyrus back, my desires have never been the same. Through all of this, the Lord taught me contentment and my only "ask" has been that it *stays just like this*. With my faith and my family, there is really nothing else I could ask for.

As difficult as some of the things we went through have been, now that we are on the other side of it, it really makes each and every moment and experience so much more rich and vibrant, and we experience them with much more gratitude than we ever would have before. I consider that a gift, and for that reason, I thank God for the difficult times.

Cyrus, my sweet first born...by looking at you, I think I understand the kind of love that our Heavenly Father has for all of us, and for the first time in my life, I think I understand how God sees me, His child. Thank you for showing your dad and I a love that words can't express but overflows our hearts with joy.

I pray you grow up to be a strong man of God, who is honest, hard working, honorable, humble, and kind. I can't wait to see what God has in store for you this next year! I love you so much!

Happy birthday, Cyrus James!

It makes me so angry to read about how St Lukes only harmed Cyrus and did not help him. And how they made money when they kidnapped him! 🤬🤬
But I am happy to hear your positive report and I really appreciate Marissa's words. It seems she has turned out to be a very mature young lady. God bless you all!

First things first—if you know nothing about the case, you should download the Plaintiff's **Fourth Amended Complaint** below (yes, the judge let them "amend" their complaint 4 times, every time increasing how much money they were asking for and finally ending with the ability to ask for "punitive damages" which means there essentially is no limit as to how much money they can demand).

But most important is to read **Diego's ANSWER to the Fourth Amended Complaint** below. This answer was struck from the record by corrupt Judge Lynn "Misconduct" Norton. She did not want anybody, including the jury and the public, to be able to read the truth about this case. Yes, you read that right! The jury was not allowed to read the defendant's response to the lawsuit, nor was Diego allowed to bring any evidence to the trial that to defend himself.

Diego's Answer to Fourth Amended Complaint and Demand for Jury Trial that was Struck from the Record by Corrupt Judge Lynn Norton (they don't want anybody to read this)

For context and reference, you should download the Fourth Amended Complaint from the Plaintiffs here (this is their lawsuit against Ammon and Diego), because Diego's responses below are each numbered based on the claims made against him in the complaint.

To give some scale to the insanity of this frivolous lawsuit, note that there were over 670 documents filed in this case! This is just the docket! This doesn't include evidence and other paperwork associated with the case. You can see and search through all the documents below:

Frequently Asked Questions

Frequently Asked Questions about the Lawsuit

Why did Ammon refuse to participate in the lawsuit? ✕

Ammon made a strategic decision not to participate in the lawsuit simply because the Idaho Rules of Civil Procedure #55 requires a judge to issue a default judgment against a defendant who does not respond or participate in a lawsuit.

The lawsuit took place in the middle of Ammon's run for Governor and would have been a cumbersome burden on Ammon's campaign, so he made the strategic decision to avoid the outrageous costs and time commitment required by a lawsuit like this one and simply accept the default judgment.

Of course, corrupt judge, Lynn "Misconduct" Norton, violated the Supreme Court's rules and refused to issue a default judgment even though she was required to do so, which ultimately led to the lawsuit dragging out for nearly a year, and putting Ammon's life, liberty, and property in jeopardy.

Frequently Asked Questions about the Lawsuit

- Why did Ammon refuse to participate in the lawsuit? ☰
- Why did Diego Rodriguez refuse to participate in the lawsuit? ✕

It is a complete fabrication and lie to say that Diego Rodriguez did not participate in the lawsuit. In fact, Judge Nancy Baskins told the jury at trial that Diego refused to participate in the lawsuit. ***She flat-out lied to the jury.***

The truth is that Diego responded to the first complaint. He also made a lengthy response to the 4th amended complaint (which judge Lynn "Misconduct" Norton struck from the record to intentionally prevent the jury from seeing any evidence presented or hearing the opposing story).

Diego also made over 20 filings into the case which can be seen in the court docket and he even sat for a deposition.

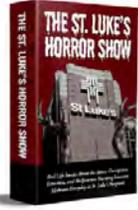

So anybody who says that Diego did not participate is simply lying.

Both Diego and Ammon looked into finding a suitable legal team to defend them. However, the lowest quotes at such a legal defense for this case were between \$250k - \$275k. Others quoted between \$500k - \$750k.

That is just how much money it costs in legal fees to fight a giant monster with an unlimited bank account like St. Luke's. And insider information let us know that St. Luke's essentially wrote Holland and Hart a blank check to, and I quote, "Do whatever you have to do to destroy Ammon and Diego."

And contrary to popular belief, if we were to have spent the \$250k+ that it would have cost for a legal team to defend us, and then ultimately WON THE CASE, which every attorney told us that we would likely not win in Ada County because they are notoriously corrupt with the worst judges who manipulate juries and control evidence, then we still would not get that money back.

This is simply how "law-fare" works in America and particularly in Idaho. Anybody with a big enough bank account can financially ruin you simply by filing a lawsuit against you.

In fact, there is a colloquial term for this, it is called a SLAPP suit—a baseless lawsuit designed to silence political opposition—and many states have laws against them. But Idaho, obviously does not have laws against these types of frivolous suits designed to shut down dissenters because it keeps the "powers that be" in power.

The case has been strongly made that CPS works together with law enforcement and "health care" organizations like St. Luke's to kidnap babies under the guise of "medical emergencies" in order to get money provided to them through the Federal Government's ASFA program.

This is an absolute complete lie and it has been thoroughly debunked repeatedly.

Baby Cyrus suffers from a condition called "Cyclic Vomiting Syndrome" which causes him to vomit repeatedly and which causes him to lose hydration and nutrition over short periods of time. His parents then have to work diligently to help him recover as quickly as possible.

Baby Cyrus was forcefully taken away from his family at the point of a gun by corrupt Meridian police officers who were aware that:

1. The parents had done nothing wrong nor did they neglect Baby Cyrus in any way.
2. Baby Cyrus was perfectly healthy and they were therefore going to give him to a foster parent the night they kidnapped him!
3. The hospital medical records show that Baby Cyrus was not in imminent danger.
4. The Idaho Department of Health and Welfare knew that Baby Cyrus was not in imminent danger.
5. The Meridian Police Department knew Baby Cyrus was not in imminent danger.

The documentation for this has been show repeatedly in multiple online videos, articles, and presentations. You can see the evidence for yourself here:

St. Luke's Sponsors Gay Pride Parade's and Drag Queen Shows

St. Luke's Sponsors Gay Pride Parade's and Drag Queen Shows and Child/Minor/Underage Sexual Exploitation:

St. Luke's Hospital has been a sponsor of "gay pride" events in Idaho for years. This year, in 2022, it was particularly egregious as they were sponsoring the sexual deviancy of minor children by having them perform perverted acts on stage as if they were "drag queens."

You can see St. Luke's sponsorship below:

Remember, St. Luke's is a non-profit organization that does not pay taxes like typical corporations even though they rake in millions of dollars every year from government subsidies and insurance payouts. This means that your insurance premiums and your taxes are now going to support the sexually immoral and deviant lifestyles of perverts:

You have watched the Queens and Kings and now it is time to see the Kids. A drag show like none other the Drag Kids range from ages 11 - 18 and are ready to bring it all to the Boise Pride Festival stage! Come and cheer them on as they bring drag to the younger generation!

Stories read by some of your favorite Drag Queens and Kings. Come gather up close to the stage and enjoy story time from Kenni The Doll, Celeste Latsaheart, and Dante Diamante.

Presenting sexually immoral or suggestive content to minors is a crime in Idaho. However, St. Luke's is actively and financially promoting the sexual corruption of your children. These are all facts that cannot be disputed.

Idaho State Statute § 18-1507:

- "(2) A person commits sexual exploitation of a child if he knowingly and willfully:
 - (a) Possesses or accesses through any means including, but not limited to, the internet, any sexually exploitative material; or
 - (b) Causes, induces or permits a child to engage in, or be used for, any explicit sexual conduct for the purpose of producing or making sexually exploitative material; or

(c) Promotes, prepares, punishes, produces, makes, imitates, offers, exhibits or advertises any sexually exploitative material; or

(d) Distributes through any means including, but not limited to, mail, physical delivery or exchange, use of a computer or any other electronic or digital method, any sexually exploitative material. Distribution of sexually exploitative material does not require a pecuniary transaction or exchange of interests in order to complete the offense.

The disgusting video above is a sample of the type of content viewed at the Boise Pride Festival that St. Luke's sponsors (this video is from their own promotional website). The Holland and Hart Law Firm, who is the law firm in charge of this lawsuit against Ammon Bundy and Diego Rodriguez, is also a sponsor of this sexual perversion.

Erik Stidham, the Holland and Hart Attorney for St. Luke's Hospital in the Bundy/Rodriguez Case, facing Criminal Charges for "Intimidation by False Assertion of Authority"

Wednesday, May 17th 2023

This past week, criminal complaints were filed against Erik Stidham, the lead attorney from Holland and Hart Law firm who is representing St. Luke's Hospital in the lawsuit against Ammon Bundy and Diego Rodriguez.

According to Idaho State Statute 18-3005, it is illegal for anyone to intimidate others by using any actions or documents that appear to be official from a government source, when you know that they do not apply to the person you are intimidating. In short, you are not allowed to intentionally make someone else feel threatened or intimidated by using government documents or orders that don't pertain to them.

Apparently, this is exactly what Erik Stidham did, on multiple occasions. On January 19th, 2023, Judge Lynn Norton issued a "Protective Order" against Ammon Bundy and Diego Rodriguez (you can read it here), which essentially said that neither Ammon or Diego were allowed to "wilfully intimidate, threaten or harass any person" who is a party to the lawsuit. This of course, was a silly and superfluous order as this type of "harassment" is already not allowed in court cases. It was evident that the order was issued as a tactic to set Ammon and Diego up to later be arrested for "contempt of court" charges even when it was not legitimate (because it is up to the judges discretion to determine if Ammon or Diego had disobeyed her order). Additionally, since this is a civil case and not a criminal one, it would be unconstitutional for arrest warrants to be issued against any defendant in the case without a fake "contempt of court" charge being made up against them.

In fact, this is the *exact order* that was fraudulently used against Ammon in order to issue an arrest warrant against him. You can read the details about how fraudulent it was here.

Knowing that the repercussions of this tyrannical action were severe, and that others would rightfully be fearful of such actions being taken against them, **Erik Stidham seized upon the opportunity to intimidate others with the same order.**

However, it must be noted that an order issued by a judge is not valid against people who are not under the judge's jurisdiction or authority. In this lawsuit, both Diego Rodriguez and Ammon Bundy are defendants in the lawsuit and are therefore subject to the judge's rules and jurisdiction. The rest of the citizens of Idaho are simply not bound to any judge's order(s) without that judge first having jurisdiction over them.

In short, only Ammon and Diego can be rightfully ordered to do anything by this judge in this lawsuit. And even this corrupt judge rightfully applies the order only to Ammon and Diego and the other entities which the lawsuit alleges they represent. You can read it here for yourself:

This Order is binding upon Diego Rodriguez and Ammon Bundy, and also any officers, agents, and/or employees of Ammon Bundy for Governor, Freedom Man PAC, Peoples Rights Network, and/or Freedom Man Press LLC, and any other person who receives actual notice of this order by personal service or in any manner allowed for service of a complaint or summons in the Idaho Rules of Civil Procedure.

IT IS ORDERED: 5/16/2023 5:55:18 PM

Lynn Norton
District Judge

Incidentally, the order states that it also applies to "officers, agents, and or employees" of the other legal entities named in the lawsuit. And Garth Gaylord is not an "officer, agent, or employee" of any of these legal entities and Erik Stidham should, and most certainly does, know that.

Even though this is as clear as day, Erik Stidham took the opportunity to use this order to intimidate Garth Gaylord, another Idaho citizen who had posted videos and commentary on his

YouTube channel in regards to the St. Luke's lawsuit. In fact, Erik Stidham sent a cease-and-desist letter to Garth stating, with emphasis, that Garth himself could be held in contempt of court for violating this order that was given to Ammon and Diego:

This is against the law! It is the crime of INTIMIDATION BY FALSE ASSERTION OF AUTHORITY. The law very specifically states, "18-3005. INTIMIDATION BY FALSE ASSERTION OF AUTHORITY. (1) Any person who...Simulates legal process including, but not limited to...subpoenas, warrants, injunctions, liens, orders, judgments, or any legal documents or proceedings; knowing or having reason to know the contents of any such documents or proceedings or the basis for any action to be fraudulent...is punishable by imprisonment in the county jail for a period not to exceed one (1) year, or by a fine not to exceed one thousand dollars (\$1,000) or both"

Erik Stidham simulated the legal process of delivering an order to Garth Gaylord even when he knew it did not apply to Garth, and as a lawyer he should know that this is a crime, yet he did it anyway in order to intimidate Garth by falsely asserting authority against him.

A formal criminal complaint has been filed with magistrate judges, Samuel Hoagland, C. Macgregor Irby, and Laurie Fortier. It is now their statutory duty and obligation to investigate the matter and take appropriate action.

Judge Lynn Norton Has Multiple Counts of Judicial Misconduct Complaints Against Her in the St. Luke's Case Against Ammon Bundy and Diego Rodriguez

May 19th, 2023

The Ada County court system is famous for being corrupt and for being a place "where justice goes to die." That has certainly proven to be true in this lawsuit where corrupt judge and serial violator of the Constitution, Lynn Norton, presides over the case. We have already detailed her corruption here, exposed her lawlessness here, and shown her wickedness here.

It has now come to the place where the corrupt and wicked judge Lynn Norton will have **judicial misconduct complaints** filed against her with the Idaho Judicial Council. The two very specific complaints that will be filed against her are below.

Obviously, *judicial misconduct complaints* must be about real violations of law, ethics, or judicial standards and not just "sour grapes" on behalf of somebody who did not like the results of their case. Unfortunately, in Judge Lynn Norton's case, she has very evidently demonstrated herself to be completely unethical, biased, and willing to break laws and rules in order to execute harsh judgment against Ammon Bundy and Diego Rodriguez:

1. Judge Lynn Norton refused to obey Idaho Civil Rules and Procedure Rule #55 and put Ammon Bundy in jeopardy of his life, liberty, and property by breaking this law/rule.

Ammon Bundy made an intentional decision to ignore the lawsuit and accept the default judgment which would be awarded against him when the lawsuit was initially issued.

This might be difficult for some to understand, but it really comes down to one simple factor—COST. If you've never been involved in a lawsuit, you have no idea how expensive they can be. Not just "expensive" but totally cost-prohibitive for the average citizen. This is how and why lawsuits are now used as a weapon to either silence or to attack political opponents.

In this case, law firms were quoting between \$200,000 - \$500,000 to defend Ammon Bundy and Diego Rodriguez. And that's just the financial cost, which doesn't include the emotional cost and the personal bandwidth needed to give to the lawsuit. At the time, Ammon Bundy had 100% of his attention focused on his gubernatorial campaign, so he had two options:

1. Spend \$200k - \$500k to prove your innocence and essentially end your gubernatorial campaign so you can focus your energy on a lawsuit.
2. Ignore the lawsuit and pay \$50k.

Those are and were the two options Ammon was presented with. When you understand how lawsuits actually work, all of the sudden Ammon's decision makes a ton of sense. Also, it's important to remember that after you win a case like this, **YOU NEVER GET YOUR MONEY BACK**. If you spend \$200k defending yourself in a fraudulent lawsuit, you don't get that money back. For some reason, people are under the false impression that you get your money back, but you don't! That money stays in the bank account of the attorneys who defended your case.

Ammon made this decision because the initial lawsuit only asked for \$50k (which is still a ridiculously high amount of money), and because he knew that Idaho Rules of Civil Procedure #55 requires a judge to automatically issue a default judgment when the accused/defendant in a case refuses to respond or participate. Here's the rule:

Idaho Rules of Civil Procedure Rule 55. Default; Default Judgment.

(a) Entering a Default.

(1) *In General.* When a party against whom a judgment for affirmative relief is sought has failed to plead or otherwise defend, and that failure is shown by affidavit or otherwise, the court must order entry of the party's default. If a party has appeared in the action, that party must be served with 3 days' written notice of the application for entry of default before default may be entered.

Corrupt Judge Lynn Norton has ignored this rule completely putting Ammon in jeopardy of losing his life, liberty, and property. And there can be no mistaking what this rule says—the court must order entry of the party's default. There are no other caveats or requirements. It doesn't say that the Plaintiff has to make special requests, that the defendant has to file certain paperwork,

As you can see here, [everything that corrupt Judge Lynn Norton references in her rulings were before September 7th, 2022. Therefore none of it is lawful.](#) She has admitted that the first order was never served to Diego Rodriguez or Ammon Bundy. It is acknowledged that the order was issued without jurisdiction since Diego had not been legally served yet, and yet it was still used as the premise to issue an [additional order](#) to force Diego to pay over \$5,400 in legal fees to Holland and Hart law firm.

We will leave it to you to determine WHY this corrupt Judge, Lynn Norton, of Ada County Idaho has done such unlawful, evil, and wicked things. But it certainly begs the questions:

- How many other innocent people has she done this too?
- How can anyone have any hope for justice in a courtroom like this?
- What does this kind of corrupt behavior do to the reputation of the Ada County court system and the judicial system overall?
- How long has corrupt Judge Lynn Norton been getting away with this?
- Will there be any consequences for corrupt Judge Lynn Norton?

Judge Lynn "Misconduct" Norton Violates the Constitution Again with Excessive Bail

May 30th, 2023 | by Diego Rodriguez

Last week, serial violator of the Constitution, Judge Lynn Norton, again demonstrated her bias and wickedness by again violating both the U.S. Constitution and the Idaho State Constitution.

Apparently, a warrant of arrest was issued against me for "contempt of court." I was only made aware of this warrant because it was in the news and not because I have been formally served papers or made aware of the warrant directly by the court.

In fact, when I contacted Judge Lynn Norton's assistant to send me a copy of the warrant she responded by saying:

RE: [EXTERNAL] Warrant for Arrest

I am assuming the word "now" is a typo that should be "not." So it should read "I am not allowed..."

So apparently, in America, you can have a warrant issued for your arrest without you knowing, being made aware of it, or being given any documentation describing how, what, or why you have a warrant for your arrest.

I likewise called the Ada County Sheriff's department and was told that while they had the warrant in their possession, they could not give me a copy of it and that they couldn't share with me any details of what it said. Yay, freedom!

Judge Lynn Norton Violates the 8th Amendment:

I have exposed Judge Lynn Norton's judicial misconduct, her incompetence, her corruption, and her biased and partial judgments on multiple occasions as you can see in the links at the bottom of this webpage.

Because I have exposed her, it is quite evident that she is now retaliating against me and is going so far as to break the law in order to exact her retribution upon me.

While I still don't know the details of my warrant for arrest because of a "Contempt of Court" charge, I do know that corrupt Judge Lynn Norton set my bail at a whopping \$25,000!

To put things in perspective, just last week I sat through a video arraignment hearing and watched as a judge issued bail for several criminals for crimes that included things like: assault and battery, possession of methamphetamines, domestic violence, grand theft auto, grand theft larceny, and more—and the highest bail set was \$250. One guy had bail set for \$5 and another for \$10. This was all in Ada County.

But for me, my bail in a CIVIL CASE, not a criminal case, where absolutely no crime has been committed, and where to the best of my knowledge, I have a contempt of court charge for refusing to pay a fee to the plaintiff's attorney because the order issued to me was fraudulent and unlawful, and for refusing to take down offensive pages on my website, which is my 1st amendment right, corrupt Judge Lynn Norton has issued a \$25,000 bail for me.

That figure should haunt and terrify you. The median per capita income for Idahoans is \$31,509 according to the U.S. Census Bureau. That means my bail was set at almost 80% of the entire annual income for the average Idahoan!

It is clearly excessive by any measure. Yet the 8th Amendment to the U.S. Constitution very clearly states:

Eighth Amendment

Eighth Amendment Explained

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

8th Amendment: *Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.*

The law is very simple and very cut and dry. In fact, even the Idaho State Constitution affirms the very same thing:

SECTION 6. RIGHT TO BAIL – CRUEL AND UNUSUAL PUNISHMENTS PROHIBITED. All persons shall be bailable by sufficient sureties, except for capital offenses, where the proof is evident or the presumption great. Excessive bail shall not be required, nor excess fines imposed, nor cruel and unusual punishments inflicted.

IDAHO STATE CONSTITUTION SECTION 6, RIGHT TO BAIL – CRUEL AND UNUSUAL PUNISHMENTS PROHIBITED. All persons shall be bailable by sufficient sureties, except for capital offenses, where the proof is evident or the presumption great. *Excessive bail shall not be required, nor excess fines imposed, nor cruel and unusual punishments inflicted.*

Corrupt Judge Lynn Norton just violated the 8th Amendment. Her "body count" for how many rights she has violated in this case just keeps racking up!

And to add insult to injury, note that even the Idaho State Statute governing "contempt" charges puts a limit of the fine to only \$5,000:

CHAPTER 6 CONTEMPTS

7-610. JUDGMENT – PENALTY. Upon the answer and evidence taken, the court or judge must determine whether the person proceeded against is guilty of the contempt charged, and if it be adjudged that he is guilty of the contempt, a fine may be imposed on him **not exceeding five thousand dollars (\$5,000)**, or he may be imprisoned not exceeding five (5) days, or

So corrupt Judge Lynn "Misconduct" Norton has placed my bail at 5X the amount allowed by Idaho statute for the fine for contempt charges.

Last but not least, the very specific instructions that govern how a judge must act and rule in the State of Idaho, the Idaho Rules of Civil Procedure, state quite plainly in Rule # 75(e)(2) that when issuing a warrant for "contempt of court," that "...the court must set a reasonable bail." You can see the screenshot below:

(e) Nonsummary Proceedings; Warrant of Attachment and Bail.

(1) **Warrant of Attachment.** The form of the warrant may be the same as a warrant of arrest issued in a criminal case a warrant of attachment must not be issued unless the court determines:

- (A) there is probable cause to believe that the respondent committed the contempt, and
- (B) there are reasonable grounds to believe that the respondent will disregard a written notice to appear.

(2) **Bail.** When issuing a warrant of attachment, the court must set a reasonable bail, to be endorsed upon the warrant at the time it is issued.

So the U.S. Constitution, the Idaho State Constitution, and the Idaho Rules of Civil Procedure which govern a judge's actions ALL agree in unity—that excessive bail may not be set. Additionally, Idaho State Statute sets a fine for contempt at a maximum of \$5,000. So Judge Lynn "Misconduct" Norton has only demonstrated herself AGAIN to be a serial violator of the Constitution and individual rights.

So the question now is, ***is there any judge in Idaho's history who has demonstrated more judicial misconduct in a single case than the serial violator of the Constitution, Judge Lynn "Misconduct" Norton?***

12 Counts of Misconduct from Corrupt Judge Lynn "Misconduct" Norton

The corrupt nature of Judge Lynn Norton truly knows no bounds. We have chronicled much of her wickedness in the articles below, but to give you a starting point to recognize her true wickedness, you can read the complaint below which was filed with the Idaho Judicial Council for her judicial misconduct in this case:

Below is the ACTUAL Judicial Misconduct Complaint Filed Against Judge Lynn "Misconduct" Norton with the Idaho Judicial Council on July 5th, 2023:

July 3rd, 2023

Idaho Judicial Council
P.O. Box 1397
Boise, ID 83701

To the Idaho Judicial Council -

I believe and have evidence that Judge Lynn Norton has violated the Code of Judicial Conduct by specifically failing to perform her duties impartially and diligently, and also by prejudicial conduct to the administration of justice that brings the office into disrepute.

Below, I have included 8 very specific things she has done which demonstrate her misconduct as a judge, her violations of both the U.S. Constitution and the Idaho State Constitution, and her general tyranny over American Citizens:

1. She issued an order against Diego Rodriguez without having jurisdiction over him or the case in question.

On July 12th, Judge Lynn Norton issued an order against Diego Rodriguez ordering him to "to respond to those Interrogatories on or before August 5, 2022." However, Diego Rodriguez was not officially served in this matter until September 7th, 2022. Therefore, Judge Lynn Norton did not have jurisdiction over Diego Rodriguez or this case until September 7th. Any orders issued before September 7th, 2022 are unlawful. And in this order itself, Judge Lynn Norton acknowledges the fact that Diego Rodriguez and Ammon Bundy, the defendants in this case, were not notified of the order since it is noted that neither of their address were on file as can be seen in the screenshot below (also attached as Exhibit A):

2. Judge Lynn Norton used her previous unlawful order as the premise to issue another order against Diego Rodriguez forcing him to pay legal fees to the plaintiff's attorney.

On November 29th, 2022, Judge Lynn Norton issued an additional order against Diego Rodriguez, ordering him to pay \$5,408.10 of fees to the plaintiff's attorney based on the claim that Diego Rodriguez did not obey the previous order. However, Diego Rodriguez is not bound to obey an unlawful order.

Her claim is that Diego Rodriguez had to obey the unlawful order simply because Diego did not file a Rule 17(h) motion. However, a Rule 17(h) motion cannot apply in a case where the

defendant still has yet to be legally served. Rule 12(b) applies to Diego's response, which he did file, on September 6th, 2022.

In no wise, does the lack of filing of a 12(b) motion change the fact that the court cannot issue orders against Diego Rodriguez BEFORE Diego has been legally served. (This order can be seen as Exhibit B.)

3. Judge Lynn Norton issued an order demanding that Diego Rodriguez, a citizen of the state of Florida, attend a deposition in Boise, Idaho at his own expense.

On April 24, 2023, Judge Lynn Norton issued an order demanding that Diego Rodriguez attend a deposition in Boise, Idaho as can be seen in the screenshot below:

This is a civil case and this order is therefore a violation of the Rules of Civil Procedure Rule 45 (c) (1) plainly states: For a Trial, Hearing, or Deposition. A subpoena may command a person to attend a trial, hearing, or deposition only as follows: (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or (B) within the state where the person resides, is employed, or regularly transacts business in person.

I live in Florida, over 2,000 miles away from Boise, Idaho, and Judge Lynn Norton is fully aware of that fact and has stated so in multiple rulings and orders. Judge Lynn Norton is intentionally issuing unlawful orders, apparently, just to cause Diego Rodriguez harm and frustration.

4. Judge Lynn Norton refused to obey Idaho Civil Rules and Procedure Rule #55 and put Ammon Bundy in jeopardy of his life, liberty, and property by breaking this law/rule.

Ammon Bundy is a defendant named in this case, and decided to ignore the case and allow himself to suffer by receiving a default judgment as this is what the Idaho Rules of Civil Procedure demand and declare, "When a party against whom a judgment for affirmative relief is sought has failed to plead or otherwise defend, and that failure is shown by affidavit or otherwise, the court must order entry of the party's default."

Judge Lynn Norton refused to obey the Idaho Civil Rules and Procedure #55 and has therefore brought additional harm and injustice to Ammon Bundy.

5. Judge Lynn Norton unlawfully held Ammon Bundy in contempt of court and has put his life, liberty, and property in jeopardy without cause.

Judge Lynn Norton signed a warrant to arrest Ammon Bundy for contempt of court for allegedly violating a protective order that was issued against him. However, Ammon Bundy would never be subject to the protective order in the first place, had Judge Lynn Norton obeyed the I.R.C.P. Rule #55 which she is required to do.

Nevertheless, even if Ammon was subject to such protective order, he plainly did not violate it. The protective order states, and is attached as Exhibit D, "Any person who, by direct or indirect force, or by any threats to a person or property, or by any manner willfully intimidates, threatens or harasses any person because such person has testified or because he believes that such person has testified in this lawsuit may be held in contempt of court."

Ammon Bundy simply never did such a thing. On the contrary, in a general article not aimed or directed at any person, and especially not at any person in this case, Ammon Bundy made a call for peaceful unity. Later in his article, he went on to say, "Stop thinking that the courts or elected representatives are going to save us. Stop worshiping the police or anyone else that secures more power to the institutions that threaten freedom. Stop wasting your time thinking that congress or the president is where the solution resides. Stop being afraid. Stop thinking that remaining free is easy, it's not! The people must balance the power that is forming against them. We must peacefully unite, plan and prepare so we are ABLE to defend ourselves as necessary. The right to defend yourself is a right that is given to you from God and a right that is protected in our founding documents. The same documents that mean nothing unless they can be enforced by the people."

This is the written section of Ammon's article that Judge Lynn Norton claims violated the unlawful protective order that was issued against Ammon. Again, it was unlawful because it never would have been issued had Judge Norton obeyed the rules which govern her behavior. Additionally, even if the order were lawful, Ammon's words were clearly not a violation of the order and anybody can plainly see that to be true.

Judge Norton has thereby violated Ammon Bundy's rights and has put his life and liberty in jeopardy as he has been subject to physical threats, harm, and harassment by law enforcement as a result of Judge Norton's orders. If Ammon, or anyone close to him, is harmed as a result of this order, it will be the fault of Judge Lynn Norton and her violations of law, the Idaho State Constitution, and the U.S. Constitution, which demonstrate her Judicial Misconduct by specifically failing to perform her duties impartially and diligently, and also by prejudicial conduct to the administration of justice that has brought the entire institution of the "Justice Department" of Idaho into disrepute.

6. Judge Lynn Norton issued a warrant for Diego Rodriguez's arrest with excessive bail, violating the US Constitution and the Idaho State Constitution.

The 8th Amendment to the US Constitution plainly states that "Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted." Yet, Judge Lynn Norton issued a warrant for the arrest of Diego Rodriguez in this civil matter with a bail set at \$25,000. That is an unconscionable sum of money and is clearly excessive by anyone's judgment or estimation. There is no reasonable or logical reason for such an excessive amount of bail to be placed, particularly when fines for contempt of court in civil cases in Ada County normally amount to \$250 or less, and it definitely gives the impression to the public that Judge Lynn Norton is simply being vindictive against Diego Rodriguez since he has exercised his 1st amendment right of freedom of speech and has published many articles exposing what he believes to be corruption and tyranny on behalf of Judge Lynn Norton.

The Idaho State Constitution likewise in section 6 states, "Excessive bail shall not be required, nor excess fines imposed, nor cruel and unusual punishments inflicted." And to further demonstrate how excessive this bail is and how it is a deep violation of constitutionally protected rights, it must be noted that Idaho State Statute 6 7-610 puts a limit of \$5,000 as the fine for contempt of court: "Upon the answer and evidence taken, the court or judge must determine whether the person proceeded against is guilty of the contempt charged, and if it be adjudged that he is guilty of the contempt, a fine may be imposed on him not exceeding five thousand dollars (\$5,000)."

7. Judge Lynn Norton issued a warrant for Ammon Bundy's arrest with excessive bail, violating the US Constitution and the Idaho State Constitution.

In the same manner listed above, Judge Lynn Norton issued a warrant for arrest for Ammon Bundy, which was unlawful, and also violated the Constitution with excessive bail issued at \$10,000.

8. Judge Lynn Norton issued an order striking all of Diego Rodriguez's answers from the record, violating his due process rights.

How can justice be served or proper judgments be made by any jury or public enquirer, if the defendant's responses to the complaint and allegations made against him are struck from the record? This is judicial bias and misconduct of the highest order and has brought significant disrepute to the Idaho Judicial system. (Order attached as Exhibit E).

9. Judge Lynn Norton, in the same order, has prohibited Diego Rodriguez from presenting any evidence contrary to the allegations made against him by the plaintiffs.

This is a most egregious and heinous order that makes even the casual observer consider that communist tyranny is more just than Judge Lynn Norton's court room. This is the epitome of judicial misconduct and should never be tolerated.

10. Judge Lynn Norton denied Diego Rodriguez, a citizen of Florida, access to his pre-trial hearing via video when he requested it.

Judge Lynn Norton denied Diego Rodriguez access to the pre-trial hearing via videoconference because a member of the public had previously recorded a hearing and recorded it contrary to her orders. This recording was later posted to a Telegram group where Diego Rodriguez is allegedly an "administrator" of the page. Diego Rodriguez, however, did not instruct this person to make that record, nor did he have any influence over that person, and was not in communication with that person in any way. What another member of the public does should not have any effect or rendering upon judgment for Diego or any other defendant in this case. Judge Lynn Norton is therefore punishing Diego Rodriguez for the actions of another. This is judicial misconduct. (This order can be seen as Exhibit F).

11. Judge Lynn Norton demanded that Diego Rodriguez produce his 2022 tax returns in the year 2022, when they had no relevance to the case and they were not even required to be filed until April 2023.

While this issue might seem like a simple error and oversight on behalf of Judge Lynn Norton, when taken together with the other long train of abuses and usurpations, it demonstrates her continued violations of rights, her disregard for law and order, and her general tyrannical nature. One can only wonder how many people she has tyrannized and how often her tyranny has been exercised upon the citizens of Idaho. (This order can be seen as Exhibit G.)

12. Judge Lynn Norton ordered sanctions against Diego Rodriguez for not providing discovery requests which were entirely irrelevant and would not lead to admissible evidence, but she issued no sanctions against the Plaintiffs in this case for refusing to provide discovery that was entirely relevant and would have lead to admissible evidence.

Discovery requests by Diego Rodriguez that were completely refused and rejected included:

- The amount of money St. Luke's hospital received for having Baby Cyrus in their possession.
- The amount of money St. Luke's receives on an annual basis for receiving children from CPS.
- The salary and total compensation package for Chris Roth in comparison to previous CEOs.
- The amount of children who have died in St. Luke's hospital.
- The number of people who died on ventilator's at St. Luke's hospital during the COVID pandemic.

These, along with other relevant discovery requests, that were made by Diego Rodriguez were simply rejected and Judge Lynn Norton never made any demands or orders against the Plaintiffs for rejecting these required requests, yet she issued sanctions against Diego Rodriguez for not providing discovery requests to totally irrelevant issues that were designed to simply frustrate, harass, and cause injury to Mr. Rodriguez—and would ultimately just serve as a complete waste of time and an unnecessary invasion of his privacy.

I certify that, to the best of my knowledge, the foregoing is true and correct.

Sincerely,
Diego Rodriguez

Below is the ENTIRE TEXT of Diego Rodriguez's ANSWER to the Lawsuit that was filed against him—that Corrupt Judge Lynn Norton struck from the record to ensure the jury could never read it!

July 13th, 2023 | by Diego Rodriguez

As the frivolous S.L.A.P.P. suit against Ammon Bundy and Diego Rodriguez continues this week, one of the main issues that has been brought up repeatedly is that "Ammon and Diego have chosen not to participate in the lawsuit."

This is an outright lie. Ammon Bundy did intentionally choose to ignore the lawsuit as an intelligent strategy to ensure he could focus on his gubernatorial campaign at the time.

However, I, Diego Rodriguez, have been involved and engaged from the very beginning. I have made multiple filings and responses, and have even sat for a meaningless deposition.

But corrupt Judge Lynn Norton has struck all of my responses from the court's record ensuring that the jury can NEVER SEE the truth about the lies told by the Plaintiffs (St. Luke's, et al).

She has also prohibited me from presenting any evidence in the case—essentially saying that whatever the Plaintiff's claim is automatically true and any evidence to the contrary from Diego Rodriguez will not be considered in court.

Now for those who find it hard to believe that such a thing is even possible in the United States of America, take a look at the order for yourself:

To ensure that my response is fully available to the public, I have placed the link to it below. Simply click on the PDF symbol below and download it for your own review.

ANSWER TO FOURTH AMENDED COMPLAINT AND DEMAND FOR JURY TRIAL

Diego Rodriguez, for his Answer to the FOURTH AMENDED COMPLAINT AND DEMAND FOR JURY TRIAL, states:

1. The complete tenor, purpose, and intent of this lawsuit/complaint is flawed, full of lies and deception, based on malice and ill intent, and is shocking to the consciences of decent human beings everywhere.
2. On March 11th, 2022, my Grandson, Cyrus Anderson, known and referred to as "Baby Cyrus" was wrongfully kidnapped by Meridian Police officers who broke no less than 8 laws in the process of kidnapping Baby Cyrus. This information has already been widely disseminated and demonstrated to the public and pending litigation will demonstrate it even further.
3. After Baby Cyrus was illegally kidnapped, he was taken to St. Luke's Hospital and kept in their custody UNLAWFULLY for days, while they profited off of his presence in their hospital.
4. Myself and many others were shocked and appalled to learn that St. Luke's Hospital and the State of Idaho receive compensation for such illegal kidnappings and have been doing so since 1997 when the ASFA law was passed.
5. We went on to protest legally and peacefully in front of St. Luke's hospital and I also personally published in every medium possible the facts we learned about the entire ordeal which included but is not limited to the fact that: St. Luke's Hospital profits off of medical kidnapping; doctors and staff at St. Luke's hospital including the plaintiffs named in this case act knowingly as kidnapers by using CPS as a weapon to steal babies and profit off of them, they do so knowingly and intentionally particularly when parents do not submit to their authority in medical decisions for their children (a tactic they call going "AMA - against medical advice), and they are specifically hostile towards families who choose not to use vaccines for their children; that St. Luke's hospital earned millions of dollars from COVID monies; that St. Luke's hospital has killed babies in the past through incompetence; that relationships, history, and anecdotes all demonstrate that the Idaho Department of Health and Welfare along with many other bad actors in what could only be referred to as the "Idaho Swamp" including police (particularly the Meridian Police Department), judges (particularly Judge Laurie Fortier), the C.A.R.E.S. staff and many others are all participants in this system of profiting from child kidnapping that could only be described as "government subsidized child trafficking."
6. Everything I stated and published is either completely true or is something I believe to be completely true. In America, we have the right to Freedom of Speech and no one can compel me to not speak the truth about any subject—particularly when the welfare and safety of my own grandson is involved.
7. This lawsuit is nothing more than what has been colloquially referred to as a "SLAPP suit"—a baseless lawsuit designed to silence political opposition. As described and defined by Middle Tennessee State University, "A SLAPP suit, or strategic lawsuit against public participation, is a civil claim filed against an individual or an organization, arising out of that party's speech or communication to government about an issue of public concern. At the heart of the SLAPP suit is the petition clause of the First Amendment. 'SLAPP' was coined to recognize lawsuits filed to silence criticism. A SLAPP suit may look like a civil lawsuit for defamation, nuisance, interference with contract, interference with economic advantage, or invasion of privacy, but its purpose is different. About this purpose, Judge J. Nicholas Colabella wrote in *Gordon v. Marrone (N.Y. 1992)*, "Short of a gun to the head, a greater threat to First Amendment expression can scarcely be imagined." Professors George W. Pring and Penelope Canan coined the term SLAPP suit in the 1980s after noting a surge in lawsuits filed to silence public criticism by citizens. SLAPP suits arise when citizens erect signs on their own property, speak at public meetings, report violations of environmental laws, testify before Congress or state legislatures, or protest publicly, among many other similar acts, thereby prompting a party who claims to be aggrieved by such acts—often developers, merchants, and even public officials—to file suit. SLAPP suits can interfere with First Amendment rights. The petition clause of the First Amendment guarantees, in part, "the right of the people...to petition the government for a redress of grievances." The abridgment of this right distinguishes a SLAPP suit from other cases based on similar allegations.
8. This lawsuit is a perfect textbook case of a SLAPP suit, and it is shocking to the conscience of all with human decency that the court system would be used to silence the voice of a grandfather who is criticizing a system that illegally kidnapped his grandson!
9. Additionally, this case if it is allowed to stand is an affront to 1st Amendment rights. I have the right to speak whatever I choose to speak—particularly when what I am speaking is completely true or I believe it to be true.
10. **I plead a defense of petition clause immunity and ask the court to dismiss this case at once.**
11. Additionally, in response to the baseless FOURTH AMENDED COMPLAINT from the Plaintiffs, I issue the following:
 12. PARAGRAPH 1 - How sick and twisted could someone possibly be to even imagine that I was engaging in a "grift" as they call it—that I was trying to gain money and publicity from the kidnapping of my grandson. This level of depravity is rare, and one can only assume that the plaintiffs or their counsel are acting in perfect alignment with the textbook psychological definition of "projection," which means that they accuse you of doing what they would do. Normal, decent and honest citizens with integrity would never think to use the most horrifying experience in their entire life—the kidnapping of a precious baby, in this case my own grandson—for profit! How sick, twisted, and disgusting do you have to be to even consider such a thing? The only intent I had was to get my grandson back! It's pretty simple. You kidnap my grandson and I am going to do everything possible to get him back. And yes, that will include publishing TRUE FACTS about the people who were responsible for his kidnapping, or who had Baby Cyrus in their possession.
 13. PARAGRAPH 2 - There was no "smear campaign." There was the publication and pronouncement of facts. Everything that was published has been demonstrated to be true, and even the plaintiffs have been unable to demonstrate that a single publication or pronouncement that I have ever made was false—even though I have given them the chance to do so. If there is any smear campaign, it is on behalf of the plaintiffs and their counsel. Again, they are using

classic "projection"—accusing me of doing what they are doing. Additionally, I never once incited anyone to violence nor would I do so. I am a Christian minister, and I don't believe in violence except in the case of self-defense. I never encouraged any acts of violence against anyone and the fact that the plaintiffs have been unable to demonstrate a single instance where I did shows again how baseless and immoral this lawsuit is in the first place.

14. PARAGRAPH 3 – I never mischaracterized the Idaho Department of Health and Welfare's "decision to intervene." On the contrary, everything I have published and everything which remains available online for the world to see demonstrates that Baby Cyrus's kidnapping was not only illegal but demonstrably horrific and terrifying to the public conscience. They used the false premise of "imminent danger" to justify taking Baby Cyrus by force when the proof has already been published that all 3 parties involved in his kidnapping: the IDHW, St. Luke's Hospital, and the Meridian Police Department all knew Baby Cyrus was not in "imminent danger." Video evidence along with medical records which declare this to be so have already been published and reviewed thousands of times by the public—the evidence is plain.

15. PARAGRAPH 4 – Of course I claimed and stated that St. Luke's Parties were participants since they were! They received and kept Baby Cyrus in their custody. They financially profited from Baby Cyrus. We don't know how much yet, but through printed communication we have already received, we know that St. Luke's hospital received no less than \$34,000 for having Baby Cyrus illegally in their custody after he was forcefully, violently, and illegally removed from his parents. The kidnapping, of course, was all filmed, and it has been viewed more than 12 million times by a horrified public all over the world.

16. PARAGRAPH 5 – Ammon Bundy and I didn't "coordinate attacks" against anyone or anything. But even if we did "coordinate" our message, so what? Ammon Bundy is my friend and he is a close friend of our family, and he likewise loves Baby Cyrus. I would do for him the same as he did for our family if the situation were reversed. And furthermore, it is not illegal to "coordinate" messages and publications. So each of these baseless assertions amounts to nothing more than whining and complaining about the fact that you are being exposed. Furthermore, their baseless and unscrupulous attempt to rope in any of several organizations that Ammon or I are associated with is truly vile. We had one goal—to get Baby Cyrus back and nothing else. Neither Ammon nor I received a single solitary cent of profit in the course of fighting for Baby Cyrus. On the contrary, we both suffered greatly as a result of this process. My entire family suffered financially. When your child is kidnapped, do you think you can go to work the next day and act like nothing has happened? Families financial situations are ruined as a result of these types of kidnapping cases. My son-in-law could not work. I could not work. Nobody in my family could work. We were emotionally devastated and dedicated every waking hour of every day to do whatever was necessary to get Baby Cyrus back. The websites mentioned by the plaintiffs do not earn money, on the contrary, they cost me money. I have never made a red cent off of that website. And no other entity mentioned used this situation for financial gain. There was a GiveSendGo campaign started for Baby Cyrus's parents to help raise money for legal expenses and their own personal financial support during this time, but that is an obvious response to a kidnapping incident and the monies raised went to Baby Cyrus's parents and not to any defendant named in this case. Shame on the Plaintiffs and their counsel for making such an evil and baseless accusation. In doing so, they are only showing the wickedness of their own hearts and demonstrating to the world that that is what they would do in such a situation because their hearts are evil.

17. PARAGRAPH 6 – the St. Luke's parties evidently and obviously do not bring this lawsuit to protect anything else other than their own exposure. This is an immoral and unconscionable SLAPP suit that should be dismissed.

18. PARAGRAPH 16 – how dare you claim that our church is not a real church but only "purports to be a church." Freedom Tabernacle has operated as a Christian church since 2011, a full 9 years before I ever even met Ammon Bundy. We have Christian services, bible studies, baptisms, marriages, and engage in a whole host of other Christian ministries. We follow the Biblical example of a house church (1 Corinthians 16:19, Philemon 1:2, Romans 16:5) and therefore don't waste God's resources on commercial rent and the like. Just because you don't like the members of the church doesn't give you the right to claim that the church is not real. You should be ashamed of yourselves. Furthermore, you contradicted yourself by stating that Freedom Tabernacle only "purports to be a church" but then go on to claim that I am "financially motivated to grow Freedom Tabernacle," which infers that you recognize it as an actual church. Additionally, you claim that I used an "enhanced profile and manufactured conspiracy relating to the Infant to sell three-day "training" courses through Power Marketing for which he charges \$15,000 per student." This only demonstrates your incompetence, foolishness, and ignorance. I have never used anything relating to Baby Cyrus to sell anything, EVER! What you are evidently referring to is a broadcast on Rick Green's podcast where we discussed the Baby Cyrus case before going on to promote a 3-day Entrepreneurial Boot Camp for young people to learn how to become entrepreneurs. What you failed to pay attention to was the fact that this 3-day course, was given to the 20 students who would attend it for FREE! Again, you have shown that you are so completely possessed with wickedness and evil, that your confirmation bias does not allow you to see any truth, facts, or reality, even when it is clearly described for you. Go back and watch the video again. This is just more evidence that the plaintiffs and/or their counsel are unethical in their malicious intent to try and deny me my 1st amendment right to free speech and to financially destroy me using this very court as a weapon, that they are unable to tell the truth, or at least state facts accurately, in their official court filings.

19. PARAGRAPH 17 – again, the plaintiffs or their counsel are simply unable to get facts right and likewise are attempting to just throw enough mud at the wall in the vain hope that some of it will stick. The corporate entities mentioned have nothing to do with the Baby Cyrus case, but are all separate entities. And even if they weren't, that would have no relevance to the case, particularly and specifically since no defendant named in this case has ever gained a single penny off of Baby Cyrus's kidnapping. On the contrary, we all suffered greatly, both emotionally and financially.

20. PARAGRAPH 18 – FreedomMan.org is my personal blog. There is no "Freedom Man Press, LLC" and the plaintiffs know that. And we do not advocate for the harassment of political opponents through "doxing" as this paragraph claims. But even if I did, that would not be illegal. So again, plaintiffs or their counsel are showing their deep seated desire to bring as much nonsense to the case as possible to frustrate the process and to bury me and the defense in meaningless discussions and debates about irrelevant subjects. This just amounts to more whining and complaining as if the plaintiff is a child on the recess playground using the court system to gripe about others who did or said things they don't like. The court should not allow itself to be abused in this fashion.

21. PARAGRAPH 21 – I do not believe the court has personal jurisdiction over me based on Idaho Code § 5-514 since I have not done any of the acts enumerated in this statute.

22. PARAGRAPH 22 – The venue is not proper according to the Idaho Code §§ 5-401 and 5-404 as no real property is under consideration, and I was not a legal resident of Idaho at the time of Baby Cyrus's kidnapping.

23. PARAGRAPH 24 – Idaho's statute is much more specific than just "concerns about a child's safety." The statute specifically states, that a mandatory reporter must report if a child under 18 "has been abused, abandoned or neglected or who observes the child being subjected to conditions or circumstances that would reasonably result in abuse, abandonment or neglect..." If there is no reason to believe that parents are abusing or causing a child to be abused, abandoned, or neglected, then there is no requirement to make a referral to IDHW. A parent refusing medical advice does not qualify as "abuse." So the entire foundation of any CPS referral for Baby Cyrus is false unless anyone can provide evidence that Marissa and Levi (Baby Cyrus's parents), were abusing Baby Cyrus or were subjecting him to conditions or circumstances that would reasonably result in abuse. Nobody has provided a shred of evidence to this end. Therefore, the entire case was baseless from the start.

24. PARAGRAPH 25 – As already mentioned and already proved repeatedly in public in multiple venues and which can clearly be seen with the evidence provided on this page (<https://www.freedomman.org/cyrus/archive/zero-evidence-for-imminent-danger/> and <https://www.freedomman.org/cyrus/archive/they-lied-to-you-baby-cyrus-was-healthy-baby-when-kidnapped/>), Baby Cyrus was never in "imminent danger" and the police who took him knew he was not in imminent danger. The Idaho Department of Health and Welfare knew he was not in imminent danger, and St. Luke's Hospital knew he was not in imminent danger. The IDHW and the Meridian Police department both knew because they had already prepared to take Baby Cyrus to a foster family within minutes of him being kidnapped but only decided not to do so because protestors had gathered in front of the hospital. This was published in the medical report and the entire world has seen it. If Baby Cyrus was about to die being in "imminent danger" then why would they take him to a foster family, to complete strangers who are not doctors, to be put in their custody? Obviously, he was not in "imminent danger" and they knew it. St. Luke's hospital likewise knew because the doctor who reviewed Baby Cyrus when he was brought in clearly stated in her report that Baby Cyrus was a perfectly "healthy baby" and that there were "no acute life threats" noted. Very specifically, the St. Luke's doctor stated that Baby Cyrus's life was not in danger at all. To keep Baby Cyrus after making this official diagnosis is both evil and diabolical.

25. PARAGRAPH 27 – Baby Cyrus was determined by St. Luke's hospital itself to not be in imminent danger. So the entire case is a farce.

26. PARAGRAPH 30 – It is a complete lie to state that Baby Cyrus would not breastfeed. On the contrary, nursing was at the time his only source of nutrition. To take him away forcefully from his only source of nutrition was, in and of itself, the greatest form of child endangerment imaginable.

27. PARAGRAPH 32 – In this paragraph the plaintiffs are tacitly admitting that Dr. Natasha Erickson used CPS as a threat in order to force Levi and Marissa to obey her. CPS is supposed to be used to protect children not used as a weapon to control parents.

28. PARAGRAPH 33 – Numerous doctors have already stated and will provide affidavits if necessary to describe how the nasal feeding tube given to Baby Cyrus was totally unnecessary. Not only was it unnecessary, but after returning home from St. Luke's custody, Baby Cyrus had a C-DIFF infection which is a terrible infection that is known to come from hospitals and specifically from nasal feeding tubes. Nurse Tracy Jungmann even jammed the tube back into Baby Cyrus's nose after it had fallen out, and had been dangling about for hours, without sanitizing it, sterilizing it, or replacing it. Baby Cyrus did not have a C-DIFF infection before being kidnapped and this infection has taken a serious toll on Baby Cyrus. The only known place where Baby Cyrus could have contracted this infection is at St. Luke's hospital.

29. PARAGRAPH 35 – This is an outright lie and it is shocking that you would include such a lie. It either demonstrates your complete lack of respect and disregard for the court system, or your utter incompetence since you are claiming that "neither Dr. Erickson nor any St. Luke's employee initiated contact with child welfare or any other division of DHW regarding the Infant's hospitalization." However, we have the medical records that clearly state that Dr. Natasha Erickson is the one who made the CPS referral. Why do you lie so blatantly when your own records state the opposite?

30. PARAGRAPH 36 – This is another outright lie. Nobody tried to arrange a visit to the Infant's home on March 5th or 6th. And there are no records demonstrating otherwise. Specifically, there were no voicemails or text messages left for Levi or Marissa to return.

31. PARAGRAPH 40 – How could the Idaho Department of Health and Welfare make the diagnosis of Baby Cyrus being in a "life threatening and/or emergency situation" when no single solitary person at the Idaho Department of Health and Welfare had seen Baby Cyrus personally? How can you make a diagnosis without seeing someone?

32. PARAGRAPHS 44 & 45 – The lies are endless! The police came to a house where I had an office for my business. I did not live in that house, nor did Levi and Marissa. Nobody lived in that house – it was used as an office. The day police came, I answered the door and there were 3 other young men helping me pack since we were tearing the entire office down and were preparing to move it all out of state. So there are 3 witnesses to attest to the fact that nobody "refused to cooperate, provide information, or let the officers see the infant."

33. PARAGRAPH 47 – More lies and/or incompetence demonstrating the inability of the plaintiffs or their counsel to report any factual data accurately. Here it states that "When the police left the house to get a warrant, the Infant and the Infant's parents moved to another location." You people are so ignorant and incompetent and so willing to LIE that you never even check your data to ensure your facts are right. The house they came to was 1876 E Adelaide in Meridian, Idaho, and Levi and Marissa have never lived at that address. Furthermore, they were not present at the time that the police came, so this claim is completely false. If the plaintiffs and/or their counsel can't be trusted to get basic facts right, then how can this baseless case be considered anything more than a frivolous lawsuit with fake allegations that can't be trusted?

34. PARAGRAPH 49 – Levi and Marissa never "refused to cooperate." On the contrary, Marissa kindly and gently cooperated with police officers who promised her she would never be separated from Baby Cyrus and that she could ride with him to the hospital. Millions of people have seen the belligerent thug, Sargent Christopher McGilvery lie multiple times to Marissa's face and tell her she would not be separated from Baby Cyrus. The truth is that Meridian Police refused to cooperate with Levi and Marissa who are the legal parents of Baby Cyrus and who have never done a thing to put him in harm. By kidnapping Baby Cyrus, the police were endangering Baby Cyrus since he has cyclical vomiting syndrome and his only source of nutrition at the time was his mother's breast milk. The police knew this as Marissa told them, yet they took him anyway. This is pre-meditated child endangerment! Additionally, the police abused Levi, Marissa, and Baby Cyrus's aunt by physically harming them, slamming Levi's face against the truck, handcuffing him without cause, ripping Miranda (Baby Cyrus's aunt) through the window

and falsely arresting her without cause, and then arresting Marissa without cause and putting her in handcuffs after suffering the trauma of having her only child ripped from her arms by thugs with guns, and then being subject to physical humiliation when a police officer, Sean King (who had previously resigned his position at the Caldwell police department during an investigation for sexual misconduct), groped Marissa and put his hands up her blouse and down her pants and around her waist. All of this can be seen from the bodycam footage which has been posted for all the world to see. And millions of people have seen it and have been rightfully appalled at the misconduct of these tyrannical police officers.

35. PARAGRAPH 51 – I don't care if St. Luke's had any authority or role in the taking of Baby Cyrus. The point is that St. Luke's received Baby Cyrus after he was kidnapped and kept him in their custody, earning over \$34,000 from him, even after their own doctor diagnosed him as being a "healthy baby" and not having any "acute life threats"—meaning that Baby Cyrus was never in imminent danger.

36. PARAGRAPH 53 – This is simply not true. Baby Cyrus has Cyclical Vomiting Syndrome which is a genetic disorder that causes him to go into long fits of vomiting. St. Luke's doctors were totally unable to diagnose this problem and totally incompetent in their handling of the situation. And Baby Cyrus's health did not "dramatically worsen" under the parent's care. The truth is he dramatically worsened under St. Luke's care and even contracted a C-DIFF infection.

37. PARAGRAPH 54 – Baby Cyrus's health did not improve. He simply gained water weight from the nasal tube and the I.V. But that does not equate to "health."

38. PARAGRAPH 55 – How remarkable that the plaintiffs include this statement when it was Dr. Natasha Erickson from the get-go who could care less to listen to any of Baby Cyrus's medical history from the parents when they first came to St. Luke's. Marissa attempted desperately to explain Baby Cyrus's history, her experiences with Baby Cyrus, and specific accounts and anecdotes regarding his vomiting episodes, but Dr. Natasha Erickson wouldn't listen, didn't care, and would not even let her finish as she simply determined to do what she was going to do and order up all the tests she wanted and to follow her allopathic protocols, whether they worked or not.

39. PARAGRAPH 57 – I never once stated that St. Luke's vaccinated Baby Cyrus. So here they go lying again. How many lies are they going to tell before the court realizes that this is a baseless and frivolous case, based on lies and rightfully throws the case out? However, they certainly did "harm Baby Cyrus in irreparable ways." In fact, Baby Cyrus has suffered since he was returned with what can only be described as PTSD. How sick and disgusting is a hospital that won't even allow a child's parents to stay with him? If they truly cared for Baby Cyrus, they would have allowed Levi and Marissa to stay with him permanently. And if they cared about righteousness and morality, they never would have kept Baby Cyrus in the first place.

40. PARAGRAPH 58 – the assessment that Baby Cyrus's condition improved significantly is doubtful at best, completely erroneous at worst. In any event, it is still subjective as we have other medical experts who would beg to differ. Having St. Luke's make conclusions about their quality of care is like asking the government to review itself to see if they acted tyrannically or not. The conclusion will always be the same, "we audited ourselves and we determined that we have done nothing wrong." Sorry, but that is simply not acceptable or believable. Baby Cyrus's C-DIFF infection alone is sufficient evidence that he did not improve while being held illegally as a medical prisoner at St. Luke's hospital.

41. PARAGRAPH 61 – Baby Cyrus did not have a severe, life threatening malnutrition or dehydration, and even if he did, it was not and would not have been caused by his parents and therefore it was illegal to forcefully remove him from his parent's custody.

42. PARAGRAPH 62 – what "other defendants" are you referring to? You previously stated that People's Rights (which is not a legal entity and does not exist legally) is indistinguishable from Ammon Bundy and that Freedom Man Press (which likewise does not exist legally) and Freedom Man PAC are indistinguishable from Diego Rodriguez. So which one is it—are Ammon Bundy and Diego Rodriguez the only defendants since they are indistinguishable from the entities named as co-defendants? Or are there "other defendants" as you have stated in this paragraph?

43. PARAGRAPH 63 – Here you go again making demonstrably and empirically false claims with no evidence whatsoever. And not only do they make no sense, but they are shockingly ridiculous. Ammon Bundy does not make any money off of his "personal brand" nor do I. My own work and business are not connected in any way to any political activism and all efforts that I have made in regards to Freedom Man PAC, Freedom Man Press (my own personal blog), or the Baby Cyrus case have cost me money and not earned me a dime. A simple browsing of Freedom Man PAC's donation records with the Secretary of State will show that monies donated to the PAC for political marketing campaigns were donated by myself. So I have paid out of pocket for all political activity, and I likewise self-funded any and all costs associated with the Baby Cyrus kidnapping.

44. PARAGRAPH 64 – You just can't stop telling lies and making yourself a psychology textbook example of "projection" where you accuse others of doing what you would do. First of all, the only thing we intended to do was EXPOSE the wickedness of all bad actors in Baby Cyrus's kidnapping story so that we could get Baby Cyrus returned home safely before he was killed by St. Luke's hospital (which was a real and genuine threat since they have a history of killing children through incompetence—a history which has been documented from real stories already published through news websites and even a personal story from a personal friend whose 10 month old son was killed by St. Luke's hospital's incompetence). In the process of doing so, we discovered the government subsidized child trafficking scheme which has been going on since 1997, and I felt duty bound by God to expose this and publish it as far and wide as possible. And I will continue to do so, since it is 100% accurate and true. It is a fact that the federal government financial incentivizes local states to kidnap children without just cause, and it is a fact that nearly all the agencies involved and untold numbers of bureaucracies financially profit off of this child trafficking including the Idaho Department of Health and Welfare and St. Luke's hospital. These are simple facts that cannot be disputed.

45. PARAGRAPH 65 – As previously stated the explanation, exposition, and publication of "state-sponsored child kidnapping and trafficking" that included the plaintiffs is 100% accurate. There is no debate about whether or not what I have published is true. The only issue is whether or not the plaintiffs like the fact that I am publishing it. They obviously do not, and that is why they have initiated this SLAPP suit.

46. PARAGRAPH 66 – Defamation occurs when someone makes a false statement of fact to a third party and causes another harm as a result. In order for me to have defamed any of the plaintiffs, I would have had to make a knowingly false statement with malice for the purpose of intentionally harming the plaintiffs. True statements, or statements of opinion (things that I believe to be true), are not defamatory and cannot be litigated against. This entire case is therefore frivolous because everything I have stated is either 100% true and accurate or it is an opinion that I believe

to be true. Furthermore Idaho State Statute 18-4801. States clearly, "LIBEL DEFINED. A libel is a malicious defamation, expressed either by writing, printing, or by signs or pictures, or the like, tending to blacken the memory of one who is dead, or to impeach the honesty, integrity, virtue or reputation, or publish the natural or alleged defects, of one who is alive, and thereby to expose him to public hatred, contempt or ridicule." In my case, there was no "malicious defamation" at any point of time. I simply published things that are factually true and/or things that I believe to be factually true (my opinions). Additionally, St. Luke's hospital and its employees are pseudo public figures seeing as though a very large portion of their revenue comes from government payments. Also, Idaho State Statute 18-4804 clearly states that malice is only presumed if "An injurious publication is presumed to have been malicious if no justifiable motive for making it is shown." Well, it is very obvious that there are at least two very justifiable motives for exposing state subsidized child trafficking in Idaho (and nationwide). First, it was to see to it that Baby Cyrus was returned to his parent's custody before further harm or death come to him. And second it was to expose the wickedness of the state subsidized child trafficking "ring" which I now believe to be a personal call from God—a duty far superseding any force or compulsion the government would try to tyrannize me with.

47. PARAGRAPH 67 – I never told anyone to "dox" anyone at any time. Furthermore, even if I did, "doxing" is not illegal nor is it slanderous or defamatory. In fact, it is a Constitutionally protected right to have free speech and to assemble (in the case of protests).

48. PARAGRAPH 68 – As has already been described and explained, there was no defamation nor any evidence thereof. On the contrary, everything I have published is 100% accurate and true, or it is my opinion that I believe to be 100% accurate and true. I have personally given the plaintiffs and their counsel the opportunity to prove that any statement I have ever made or published was false, and they have failed to produce a single shred of evidence demonstrating any false statements on my behalf. This lawsuit is therefore frivolous and unconscionable and should be dismissed at once, lest the plaintiffs and their counsel learn to believe that they can manipulate the court system and use it as a weapon for their own pleasure regardless of how many Constitutional rights, civil rights, and other rights they destroy in the process.

49. PARAGRAPH 69 – There were no "false claims," and since the plaintiffs have failed to produce a single shred of evidence that a false claim was made, particularly and specifically when the vast majority of all claims I have made are easily substantiated with publicly available data, then all complaints to the contrary are null and void. Plaintiffs must stop making false assertions immediately.

50. PARAGRAPH 70 – I am not responsible for the fallout which comes after truthful information is published about someone or some entity. I understand that if I willfully spread a false statement with the intention of harming another, that I am responsible for the consequences as that is true defamation. However, if I publish true information about evil activities on the behalf of another party, the consequences of that publication rests on the shoulders of those who committed the evil deeds. If St. Luke's loses business or prestige because the public learns that they profit off of the illegal, immoral, and unconscionable government subsidized child trafficking system that kidnaps approximately 4 children per day in Idaho—then those consequences belong on St. Luke's itself. If they don't want to face those consequences, instead of suing private individuals for exposing them, they should consider the option of simply not participating in government subsidized child trafficking any longer!

51. PARAGRAPH 71 – This is an absolutely ridiculous statement. What I knew and believed to be true at the time, and which has only been confirmed and validated much more profoundly since that time is that there is no justice for families who have been victimized by the government subsidized child trafficking system. Not only are parents forced to jump through endless hoops, logistical obstacles, outrageous legal expenses, total disruption and destruction of their livelihood, and more—but many children are completely lost (yes, they actually disappear forever) by IDHW and Foster Care in general, and many others end up seriously abused or dead. Baby Cyrus's condition as a baby who at the time of his kidnapping could only feed off of his mother's breastmilk was particularly dangerous since he could easily have died from lack of nutrition or care in St. Luke's custody and the hospital would have just blamed it on the parents—a technique that they have used for years in many other cases and which they used quite profitably during the COVID scam. Therefore, time was of the essence as Baby Cyrus's life was literally at risk. So no, there was no legal process or option to "address the custody and welfare of the infant," especially and particularly since the entire kidnapping was predicated on a false premise of "imminent danger" which has already been proven to be false.

52. PARAGRAPH 72 – This is a useless attempt to create a straw-man argument that would only work against an ignorant judge or jury and such arguments are only used by legal teams who have no respect for the intelligence of said judge(s) or jury(ies). What we actually knew and know is that St. Luke's was receiving compensation for maintaining Baby Cyrus in their unlawful custody. We knew and know that the Idaho Department of Health and Welfare is financially incentivized to kidnap as many children as possible being paid millions of dollars annually by the Federal Government to do so. We knew and know that Baby Cyrus was illegally kidnapped by Meridian Police who broke at least 8 laws when they kidnapped him and based the entire kidnapping off of the false lie of "imminent danger" which has already proven to be false (the 8 Idaho laws that were broken can be seen here: <https://www.freedomman.org/cyrus/laws-that-were-broken/>). We knew and know that Baby Cyrus was in physical danger and his life was threatened by being away from his mother's love, care, nurture, and most importantly—her breastmilk, which was the only source of nutrition that Baby Cyrus had received up to the time he was kidnapped, and the only source of nutrition that he demonstrated he could maintain. What we knew and know is that St. Luke's hospital has already killed other babies through incompetence as demonstrated by this article published by the Idaho Statesman <https://www.idahostatesman.com/news/local/article41570394.html> and also by the personal testimony of Ed Danti, a family friend, who had his 10 month old child killed through medical incompetence from the St. Luke's staff (his testimony can be seen here <https://stlukesexposed.com/truth-about-st-lukes/how-st-lukes-killed-a-10-month-old-baby/>). What we knew and know is that this government subsidized child trafficking system is so deep rooted, pervasive, and profitable, and that the bad actors involved have so much to lose by being exposed, that most previous attempts by whistleblowers, investigative journalists, and others end up in their own "mysterious deaths." This includes well known and prominent Georgia Senator who was murdered in her own home after publishing the scathing report, "The Corrupt Business of Child Protective Services" and who simply published and declared many of the same things that I have published and declared. So yes, the issue is serious and yes, I knew and know that everything I said and published was true and that St. Luke's would not want me to publish it. This very lawsuit, as frivolous and unconscionable as it is, simply serves to ratify, verify, and confirm what the public was already thinking and believing—that St. Luke's hospital is in fact guilty of the very things we have said they are guilty of (namely being willful participants in a government subsidized child trafficking system), and that they should not be trusted.

53. PARAGRAPH 73 – We never once engaged in any "wrongful acts." On the contrary, St. Luke's and the other plaintiffs engaged in many unlawful acts. Primarily, "kidnapping," which is defined

by Idaho State Statute § 18-4501 as "KIDNAPING DEFINED. Every person who willfully... Leads, takes, entices away or detains a child under the age of sixteen (16) years, with intent to keep or conceal it from its custodial parent, guardian or other person having lawful care or control thereof, or with intent to steal any article upon the person of the child..." By this legal definition, St. Luke's and all other parties involved in Baby Cyrus's kidnapping committed the illegal acts of legally defined "kidnapping" since they "detained a child under the age of 16 years with the intent to keep...it from its custodial parent...[or] to obtain money, property or reward or any other thing of value for the return or disposition of such person is guilty of kidnaping [sic]." Since Baby Cyrus was illegally taken from his parent's custody, and St. Luke's Hospital was fully aware that his forceful kidnapping was illegal since it was their own doctor who pronounced that Baby Cyrus was not in "imminent danger" and that he was a "healthy baby" who had "no acute life threats," and since St. Luke's did not allow Baby Cyrus's parents to be with him continuously, but rather kept him in their own custody racking up a bill and earning compensation from the government for at least \$34,000 (and likely much more), then this is the exact definition of kidnapping according to Idaho law, and St. Luke's is guilty of it. They are the ones who committed "wrongful acts."

54. PARAGRAPH 74 – This false claim has already been refuted above, but for sake of clarity, the only goal I had in publishing the truth about the plaintiffs was to 1) see to Baby Cyrus's safe return as quickly as possible and 2) to ensure that the public was aware of the evil of government subsidized child trafficking that we uncovered (but were previously unaware of).

55. PARAGRAPH 75 – Again, everything I stated in this regard was factually accurate. Baby Cyrus was reviewed by the doctor onsite at St. Luke's hospital when he was kidnapped and the doctor said that Baby Cyrus was a "healthy baby" and that "no acute life threats" were noted. Likewise, the parents only missed that one single medical appointment (which is not a justifiable reason for medical kidnap anyway), and we have the medical report which plainly declares that Dr. Natasha Erickson is the one who made a referral to CPS. So this paragraph is just "lie after lie after lie" demonstrating again the frivolous nature of this lawsuit.

56. PARAGRAPH 76 – This is the third time in this complaint that the plaintiffs have alleged that Dr. Natasha Erickson never contacted DHW regarding the infant. However, the medical records show this to be false as anyone can see in the screenshot below:

Additionally, Dr. Erickson threatened to call CPS for Levi and Marissa wanting to leave the hospital without her consent (a threat called "AMA – against medical advice") which has already been admitted by the plaintiffs in paragraph 32 of the complaint. And the day after Dr. Natasha Erickson made this threat, Marissa was visited in the hospital by a social worker from CPS.

57. PARAGRAPH 90 – I was not a paid marketing consultant for the Bundy Campaign. On the contrary, I did not earn a single dime of profit for any support I gave the Bundy for Governor campaign. It is against my personal belief system to profit off of political campaigns. You can feel free to ask any other elected official in Idaho's current government including but not limited to Congressman Russ Fulcher, Attorney General Raul Labrador, State Representative Jason Monks, former Secretary of State Lawrence Denney—all of whom I supported and helped their campaigns—how much money I charged them for my "marketing support" or help. I cannot and will not profit off of political activism as it is against my personal convictions to do so. I believe in having a righteous government system and such a system can only be maintained if financial incentives are not held by the individuals involved in the process. Therefore, I support the individual candidates I believe in, and I refuse to earn any profit from the process.

58. PARAGRAPH 93 –

a. "St. Luke's parties were participating in a conspiracy to kidnap, traffic, sexually abuse, and kill children." This statement is mostly true, though it conflates, confuses, and mixes many different elements of the truth and what has been published. It is true that St. Luke's hospital does participate in government subsidized child trafficking, and they likewise profit off of it. However, I have never stated that St. Luke's sexually abuses any children, though I have stated (because it is true), that many children who are taken by the government subsidized child trafficking system and placed into foster care do end up being sexually abused, and the Foster Care system nationwide admits this to be true. Additionally, I have claimed that children are killed while in St. Luke's care, a fact that has already been substantiated in this response above.

b. "St. Luke's parties were running a child trafficking ring in order to profit from tax dollars." No, St. Luke's is not running a child trafficking ring, rather, they are participating in the government subsidized child trafficking ring that is run in Idaho by the Idaho Department of Health and Welfare.

c. "St. Luke's parties were abusing and harming the Infant in irreparable ways." They did harm Baby Cyrus in irreparable ways. That is my subjective opinion, and I stand by it to this day. Additionally, the family and I are in agreement in our belief that Baby Cyrus's C-DIFF infection was contracted at St. Luke's hospital as he did not have the infection previous to his kidnapping, and there is no other likely place for him to have contracted this infection.

d. "St. Luke's parties harmed and killed babies all the time." St. Luke's has harmed and killed babies. I have already given two specific examples above and this does not include the number of children who were killed on ventilators during the COVID scams, through vaccine injuries that were forced on children through intimidation and fear, or any other illegitimate means to which the hospital knows it should not be doing. John Hopkins University published a study declaring death from doctors in allopathic hospitals (including St. Luke's) to be the 3rd leading cause of death in America, and being statistically responsible for 250,000 to 400,000 deaths every year (<https://www.cnbc.com/2018/02/22/medical-errors-third-leading-cause-of-death-in-america.html>). Only God knows how many of those deaths are minors at St. Luke's hospital but the evidence is clear that St. Luke's hospital does kill children, whether on accident or on purpose is not relevant to this case since Baby Cyrus was held in St. Luke's possession against the family's will.

c. "St. Luke's parties kidnapped the infant and other children." No, St. Luke's was a willful participant in Baby Cyrus's kidnapping seeing as though they were the ones who received Baby Cyrus and kept them in their custody after he was forcefully and illegally kidnapped by Meridian police officers.

f. "St. Luke's parties were 'moronic imbeciles' who neglected the infant." I wholeheartedly believe this to this day. St. Luke's did not demonstrate a shred of competence, medically or ethically, in their treatment of Baby Cyrus after he was kidnapped. Baby Cyrus has Cyclical Vomiting Syndrome, and they didn't even properly clean off his face when he vomited causing burn marks to appear on his face as has been shown to the public in pictures taken of baby Cyrus after his parent's first visit with him. Only incompetent and moronic imbeciles would leave a baby ALONE who has Cyclical Vomiting Syndrome and allow him to wallow in his own vomit. That is exactly how St. Luke's treated Baby Cyrus.

g. "St. Luke's parties stole the infant." Technically, it was Meridian Police who "stole" baby Cyrus, but if someone robbed a bank you only knowingly received the stolen money after another robbed the bank, aren't you still guilty of being an accomplice in the crime? Of course you are! Likewise, St. Luke's is guilty of being the knowing accomplice to Baby Cyrus's kidnapping.

h. "St. Luke's changed the infant into someone who was unrecognizable, lethargic, and unresponsive." This is 100% factually accurate, and these are the very words of Baby Cyrus's own mother. And how would St. Luke's know otherwise? Did they raise him for 10 months prior to his kidnap? Do they have a point of reference to know how Baby Cyrus acted before his kidnap? Not the family, particularly Baby Cyrus's parents, would be qualified to make such a conclusion, not St. Luke's hospital or its staff. And this is the quote from Baby Cyrus's own mother which is one I stand by to this day.

i. "St. Luke's failed to keep the infant clean." This is a fact that is substantiated by both medical records and pictures which have already been published.

j. "St. Luke's caused the infant 'suspicious' bruising." This is also true and the pictures of his bruisings have already been published.

k. "St. Luke's lied about the infant's treatment." We definitely still believe this to be true as the doctors were not forthcoming with their treatment, and we didn't get the unredacted medical records back until January of 2023, nearly 9 months later. That is a significant amount of time to pass which would enable many changes to be made in the medical records and history. And the way that the staff handled the records that Levi (Baby Cyrus's father) received early on in the process gave the family reason to believe that the records were tampered with since they would not simply print out the records and hand it to Levi—rather, they made him wait and wait until their lawyer had to call and threaten legal action against St. Luke's for not providing the records.

l. "St. Luke's parties vaccinated the infant against the family's wishes." I never said that. Though I did question whether they vaccinated Baby Cyrus as he had 4 pricks in his body that are consistent with needle pricks, and were not on Baby Cyrus's body before he was kidnapped.

m. "St. Luke's parties were 'medically negligent.'" I wholeheartedly believe this to be true. On many occasions this was demonstrated to our family. Some examples are (but not limited to): Dr. Natasha Erickson refusing to listen to the parents regarding the medical history of Baby Cyrus, Dr. Natasha Erickson refusing to let Baby Cyrus have an enema when he clearly needed one, St. Luke's allowing Baby Cyrus to wallow in his own vomit, Nurse Tracy Jungmann forcing an exposed nasal tube back into Baby Cyrus's nose and stomach without sanitizing it or replacing it, and Baby Cyrus more-than-likely contracting a C-DIFF infection from St. Luke's hospital.

n. "St. Luke's was 'world famous' for 'mistreating people,' 'killing people,' and 'stealing babies from their parents.'" St. Luke's has certainly earned a reputation for mistreating people as can easily be seen by how they treated their own employees who refused to get the COVID vaccine. Also, anecdotal stories regarding horrible treatment from St. Luke's can easily be acquired by simply asking people to tell you their stories in online forums, social media, or the like. St. Luke's has a horrible reputation which was only exacerbated by their tyrannical actions taken during COVID which certainly included killing many people on ventilators when the public knew that the ventilator protocols they were using would definitely kill the people who were on them. And as has previously been established, while St. Luke's hospital does not personally engage in the kidnap of children, they do participate in the process making them an accessory to the crime of kidnap.

o. "St. Luke's forced the infant to take 'toxic poison' which was then allowed to stay in the infant's body for days." This is in reference to the barium contrast that St. Luke's made Baby Cyrus take which the CDC has already recognized as being a toxic substance (<https://www.cdc.gov/mmwr/preview/mmwrhtml/mm5243a5.htm>) and which caused Baby Cyrus harm and discomfort as noted by Baby Cyrus's parents.

p. "St. Luke's parties changed and falsified information in the medical records to protect themselves." I still believe this to be true for the reasons stated above in sub-paragraph K.

q. "Mr. Roth was guilty of criminal accessory of child abduction and deprivation of rights under color of law." I do not remember saying this, nor do I believe that I said it. However, I do agree that St. Luke's hospital is a criminal accessory to kidnapping as defined by Idaho State Statute § 18-4501 and explained in section 54 above in this response.

r. "Mr. Roth personally profited from the pandemic." I believe this to be true by simply comparing the income of Mr. Roth before the pandemic to his income after St. Luke's had received "COVID monies" from the federal government (and comparing said income with other executive staff members before Mr. Roth), one can conclude easily that Mr. Roth did, in fact, profit and benefit personally from the pandemic.

s. "Dr. Erickson was responsible for the infant's kidnapping." Dr. Erickson was the one who first initiated contact with CPS as already noted in section 57 above. For that reason, one can conclude that she bears a measure of responsibility for the entire scenario since she used her position as a doctor and someone who CPS responds to as a weapon to get her way, in evident total disregard for the actual safety and wellbeing of Baby Cyrus.

t. "Dr. Erickson participated in kidnapping 'hundreds of children' with the help of a judge." I definitely believe this to be true, though it could be "thousands" and not "hundreds." If this case is not rightfully dismissed as being a frivolous lawsuit, then discovery on this case will demonstrate just how many children have been referred to CPS by Dr. Natasha Erickson and just how much money St. Luke's hospital has received for having these children in their custody after they were kidnapped. And not just Dr. Natasha Erickson, but ALL of St. Luke's doctors and staff—we will find out how the staff of an organization who receives compensation for having

kidnapped babies in its custody regularly and inappropriately uses this power to be financially rewarded. This type of setup, by the way, in any other industry would be considered a "conflict of interest" and would not be allowed. And in some industries, this type of conflict of interest where "authorities" are financially incentivized to make false or otherwise unethical claims or to give advice that they receive compensation for, is a punishable criminal offense.

u. "The infant 'possibly could lose his life because of the decisions of people [at St. Luke's] who don't even care about the infant." This is demonstrably true as I have already shown above that other infants in St. Luke's custody have, in fact, lost their lives due to St. Luke's decisions and incompetence.

v. "The hospital made the infant 'more sickly.'" This is also true and has already been demonstrated by pictures of Baby Cyrus after he was returned to his parents, and by the testimony of his parents who know better than anybody about the condition of their own child.

w. "Followers should put 'physical pressure' on those 'that are causing the problem.'" I never said this.

x. "Followers should disrupt St. Luke's operations by protesting, calling in, donating money, making noise, and giving the hospital 'hell.'" There is not a single one of those things that are illegal or malicious. What is malicious is kidnapping a baby from his parents and endangering that child by keeping him away from his only source of nutrition (his mother's breastmilk), and doing so because you are financially compensated by the government. That is evil, wicked, and illegal.

y. "God should crush the necks of those that are evil." I certainly do not remember saying this, nor is it in line with something that I would typically say since it is not an actual Bible scripture or a biblical quotation, which I would generally use. However, I am happy to claim it since I do agree that "God should crush the necks of those that are evil." If someone does not want to face God's wrath, they simply should not be evil. And if someone wants forgiveness, they can simply repent of their sins and wicked deeds. And in the case of St. Luke's and the bad actors who were responsible for Baby Cyrus's kidnapping, even my family is prepared to forgive all of those involved in his vicious, vile, violent, and unconscionable kidnapping.

59. PARAGRAPH 94 – If there was a disruption to St. Luke's operations that is St. Luke's fault for participating in child trafficking. They bear the sole responsibility for the consequences of their actions.

60. PARAGRAPH 96 – There was not a single defamatory remark made at my press conferences in front of the hospital, and the plaintiffs have failed to provide any evidence of one. Again, this only demonstrates the frivolous nature of this unconscionable lawsuit.

61. PARAGRAPH 97 – I am not aware of anybody harassing patients or staff, and I certainly never incited anybody to do so. In fact, I would be completely opposed to such harassment if it ever occurred. But again, St. Luke's is responsible for the consequences of their own actions, and let's consider the "anxiety and fear" that they have caused over the years for all of the families they have threatened with CPS, or who have had their children kidnapped by CPS because of St. Luke's inappropriate referrals, or of all of the employees of St. Luke's who were fired and lost their livelihoods for not taking the COVID vaccine, or of all the families whose loved ones were killed by ventilators that St. Luke's put them on, or of the total fear and anxiety of the confused minors whose genitals are mutilated by St. Luke's hospital in disgusting sex change operations that are performed there (being one of only 13 hospitals in the country that we know about who performs such disgusting genital mutilation processes).

62. PARAGRAPH 98 – This is a completely erroneous allegation. I, nor Ammon, nor anybody can "go so far as to cause St. Luke's to go into lockdown." That is a decision that St. Luke's itself would have to make and it is one that we know they made in order to garner public support in their favor—since we had learned from many whistleblowers on the inside of St. Luke's and from the general sentiment of the public at large, that St. Luke's had already lost respect and support both in public and internally with their own employees. St. Luke's therefore had to create a "false flag" in order to turn public support back in their favor and therefore they created this false idea that there was some sort of threat that caused the hospital to go into lockdown. When this "lockdown" took place, we understood immediately that St. Luke's was trying to create this false narrative in order to garner public support, so we had some people go around at that very moment to film the protestors and to capture the exact scene outside of St. Luke's hospital at the moment they claimed they were under threat. This video can be seen as video #4 on this page <https://www.freedomman.org/cyrus/videos/>, and it clearly shows that St. Luke's is simply lying. The video shows mothers with strollers, grandparents, and genuinely peaceful protestors with signs on public sidewalks, who neither posed a threat, nor set foot on St. Luke's private property. St. Luke's has simply demonstrated their own wickedness once again!

63. PARAGRAPH 100 – it would be impossible to ascertain the level of financial ruin that parents and families experience after having their children illegally kidnapped. And most American citizens with decency automatically recognize this level of devastation and want to help with financial support. To this end, a GiveSendGo campaign was setup to help Marissa and Levi, and people voluntarily and graciously donated to their cause.

64. PARAGRAPH 102 – there was not a single defamatory remark ever made and the plaintiffs have still failed to produce any evidence of a single defamatory remark.

65. PARAGRAPH 103 – Solicitations for donations were made on the premise of people wanting to help with legal expenses and the family's expenses and never did I claim that the donations were going to pay St. Luke's medical bills! On the contrary, we would never ask people to donate money to pay off an entity who was an accessory to Baby Cyrus's kidnap in the first place! However, I do believe wholeheartedly, and there is sufficient evidence to build the case that allopathic hospitals like St. Luke's structure all of their protocols specifically to maximize their own profitability and not to ensure their patients' health.

66. PARAGRAPH 104 – This paragraph is a tacit admission on behalf of St. Luke's that they do, in fact, receive compensation from the Federal Government for having Baby Cyrus in their custody. Once in their custody, they knew they could perform any treatment, test, or "service" on him that they chose, and that it would all be paid for by the government. They knew this "free money" was available to them, and they admit it right here in paragraph 104!

67. PARAGRAPH 105 – These statements are in direct contradiction with the testimony of the parents themselves. Levi and Marissa were not made aware that their costs were being covered by government assistance and would not have wanted such assistance if they were made aware of it. It is evident that the only one who wanted this government assistance was St. Luke's so they could use Baby Cyrus like a debit card, simply scanning his barcode (they literally put a barcode on his wrist), and ordering up every test, service, or "treatment" available so that they could

financially profit off of Baby Cyrus with "free money" from the government.

68. PARAGRAPH 106 – Levi and Marissa are an honest, hard working family and did not want any assistance from the government so it is irrelevant that a patient financial advocate tried to get them to sign up for Medicaid. It only demonstrates that St. Luke's true concern was making money off of Baby Cyrus.

69. PARAGRAPH 107 – Marissa and Levi never applied for Medicaid meaning that St. Luke's or some agency connected to St. Luke's made this application without parental consent and did so in order to financially profit off of Baby Cyrus.

70. PARAGRAPH 108 – The kidnapping of Baby Cyrus did absolutely create huge financial liabilities for the Anderson family. This is including but not limited to: loss of income from inability to work, legal expenses, logistical expenses, new medical expenses (not from St. Luke's but from other providers who had to fix St. Luke's errors) and more.

71. PARAGRAPH 114 – I will never cease to publish and proclaim the reality and the wickedness of government subsidized child trafficking. It is real. It is going on every day in America. It happens nearly 4 times per day in Idaho. St. Luke's is profiting off of it as is the Idaho Department of Health and Welfare. And it is my Constitutional right to be able to publish these facts to the world and I will do so, whether I am dead or alive, I will ensure that the publications go on.

72. PARAGRAPH 115 – The People Against Child Trafficking is also not a legal entity. It was simply the name we gave to a conference/seminar/meeting that we had to expose everything we had learned in the process of Baby Cyrus's kidnapping.

73. PARAGRAPH 118 – Every statement ("a" through "d") is accurate and I stand by them to this day.

74. PARAGRAPH 120 – As has already been demonstrated multiple times, no "defamatory speech" was used, and the plaintiffs have failed to provide a single shred of evidence to the contrary.

75. PARAGRAPH 126 – This is true and has already been explained repeatedly in this response.

76. PARAGRAPH 127 – Not only is it true that St. Luke's has profited off of the false kidnapping of Baby Cyrus, but they have admitted to it in their very complaint (by stating that they were paid by Medicaid for Cyrus), and new records demonstrate that they were compensated at least \$34,000 for having Baby Cyrus in their custody.

77. PARAGRAPH 128 – This must be in reference to the StLukesExposed.com website which I have created where I do state that St. Luke's is corrupt and wicked because it is both demonstrably true and also my opinion, which I wholeheartedly believe and can support with evidence.

78. PARAGRAPH 138 – First of all there, is no legally defined concept of "hate speech" in the State of Idaho. Nevertheless, my statements regarding homosexuals or members of the so called "LGBTQ+" community are not based in hate or malice, rather they are factual statements based on the Bible. It is apparent that counsel for the plaintiffs is personally offended by such speech, most likely because he is member of that community.

79. PARAGRAPH 139 – The evidence shows that the government subsidized child trafficking ring, while historically have focused on preying on the poor and "minorities," have made a significant shift toward preying on people of faith—particularly and specifically on people of faith who reject government propaganda and dogma and who choose to homeschool their children, reject vaccinations, and reject homosexuality. It is also a statistical fact that there is a disproportionate number of atheists, homosexuals, transvestites, and other communities of people who are hostile to Christianity who work at the Idaho Department of Health and Welfare and who have unchecked power over the lives of Christian people, up to and including the ability to illegally and immorally kidnap their children.

80. PARAGRAPH 141 (RESPONSE TO COUNT I) – The plaintiffs have failed to provide a shred of evidence that any statement or verbal pronouncement that I have made regarding them was false. Therefore this entire lawsuit is a sham, and it is frivolous and unconscionable.

a. This is true and I already responded to it above. Furthermore, plaintiffs have failed to provide any evidence that these statements were false or that I knew they were false and knowingly stated them in order to harm them.

b. This is true and I already responded to it above.

c. This is true and I already responded to it above.

d. "Defendants falsely and publicly accused Plaintiffs of kidnapping children." As clarified above, I have accurately and publicly accused Plaintiffs of participating in child kidnap as defined by Idaho State Statute.

e. There were no threats to Plaintiffs that I caused. If someone else threatened or harassed St. Luke's, then you can sue them for harassment.

f. I was not involved in the publication of these fliers, but I do support it.

g. Everything stated on the Freedom Man Press website is accurate. Furthermore, plaintiffs have failed to provide any evidence that these statements were false or that I knew they were false and knowingly stated them in order to harm them.

h. It is true that Dr. Natasha Erickson reacted negatively to Marissa and Levi choosing not to vaccinate Baby Cyrus, and likewise, it is also true that the day after she threatened to call CPS for not obeying her, a social worker from CPS did visit Marissa in the hospital to interview her.

i. I do believe and am still of the opinion that Dr. Erickson is incompetent at her profession for the reasons already stated above in this response.

j. I have already provided proof that St. Luke's does kill babies.

k. This is a statement from Ammon, not me, but I believe that Ammon is correct in his assertion.

l. These statements are conflated and confused. But, it is true that Nurse Jungmann does receive compensation from St Luke's hospital, who likewise receives compensation from child kidnapping as has already been demonstrated. It is also true that at the so-called CARES unit where Nurse Jungmann works, these nurses commonly inspect the genitals of little children who

are complete strangers.

m. Nurse Jungmann never once reviewed, viewed, or diagnosed Baby Cyrus in person. Yet, she gave the diagnosis of "imminent danger" to the Meridian Police which was the claim necessary to give the police cover in order to kidnap Baby Cyrus. This diagnosis was demonstrably false, and it is definitely inappropriate and what I could consider "medical malpractice" to make a life-altering medical diagnosis over the phone, through a third party, without ever having looked at a patient in person.

n. St. Luke's was involved in the kidnapping of Baby Cyrus for profit and that has already been demonstrated with evidence in the public domain and by St. Luke's own admission in this very complaint.

o. I do believe St. Luke's, along with all other allopathic hospitals in the country, are connected to what can only be described as a "medical mafia." It consists of Big Pharma companies like Pfizer and others, and it is responsible for being the 3rd highest cause of deaths in America.

p. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

q. This allegedly was stated by Ammon, not me, but I don't believe he actually made this statement.

r. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

s. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

t. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

u. This is true and I already responded to it above. Furthermore, plaintiffs have failed to provide any evidence that these statements were false or that I knew they were false and knowingly stated them in order to harm them.

81. PARAGRAPH 142 – These statements were all true or I believe them to be true, as explained above.

82. PARAGRAPH 143 – Both at the time that I made these statements and still to this day, I know these statements to be true, and I can substantiate them all with evidence, which have already been published in the public domain and can be seen at the website FreedomMan.org/cyrus.

83. PARAGRAPH 145 – I made all of the published statements with the intent to expose the truth.

84. PARAGRAPH 146 – Not only is this not true as an accusation, but it's also not true as a matter of fact since no defendant in this case has earned a single penny of financial gain from this process; rather, on the contrary, we have all suffered financially as a result.

85. PARAGRAPH 147 – The statements are all factually accurate so they are not defamatory at all, neither per se nor per quod.

86. PARAGRAPH 149 – I cannot be held responsible for what others may or may not do in response to the publication of factually accurate information.

87. PARAGRAPH 150 – I have never used any hate speech, which is a term that does not exist or have any legal definition, but if any member of the so-called "LGBTQ+" community is offended by me mentioning Biblical truths in regards to their sin, the proper response is not to whine, complain, moan, or sue, but rather to repent and serve Jesus Christ.

88. PARAGRAPH 152 – Plaintiffs are knowingly, intentionally, willfully, and maliciously making false allegations against me. I have not made a single false statement about them, I have proven it by publishing the evidence to substantiate my claims, and have given them the opportunity to share their evidence and earn a public apology and retraction(s) from me; yet they have failed to provide a single solitary shred of evidence—only demonstrating again that this case is entirely frivolous and not based on any factual evidence whatsoever. The case should be dismissed immediately.

89. PARAGRAPH 154 – I have published no false information whatsoever.

90. PARAGRAPH 155 – No statements that I've made were false, nor did I ever knowingly state any false information.

91. PARAGRAPH 156 – Any exposure of truth that shed light on any of the plaintiffs in this case did not put them in a "false light" but in "true light." I can't help it if evil people and evil entities don't like it when light is shined on their darkness. John 3:19 "And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil."

92. PARAGRAPH 157 – At the time I made the statements I have made I knew them to be true and accurate and still know them to be true and accurate.

93. PARAGRAPH 160 – Not a single act that I partook in was done with any malice nor was any of it false. However, because plaintiffs knowingly are lying about all of their allegations against me, they are weaponizing this very court to use as a tool to destroy me financially, and have even said so in private to others who have relayed the information to at least one Ada County Commissioner who has shared their statements with a member of my family, then this case should be rightfully noted as frivolous, heinous, unconscionable and shocking to the public conscience and to all humans with decency.

94. PARAGRAPH 162 – I have not acted in any extreme or outrageous conduct. How on earth could fighting through peaceful means to restore your grandson to his family after he was illegally kidnapped by force by people who were financially incentivized to kidnap him be considered "extreme or outrageous." On the contrary, what is extreme and outrageous is for an entity or system to be financially incentivized to steal and kidnap children through violent methods, and to willfully participate in such a system while destroying the lives of innocent people. That is extreme and outrageous conduct and that goes way beyond the bounds of any decency in any civilized society. Kidnapping babies and getting paid for participating in such kidnapping is disgusting and outrageous. But peacefully protesting and publishing factual information is not extreme nor outrageous at all. In fact, it is common sense and reasonable. Furthermore, attempting to use the American justice system as a weapon to silence those who have exposed your wickedness is so far beyond the pale, so outrageous and so extreme, that the public have already deemed it and judged it to be evil, wicked, and diabolical. Once again, the plaintiffs and their counsel are demonstrating textbook "projection," where they are accusing me of doing exactly what they are doing.

95. PARAGRAPH 173 – The plaintiffs and their counsel simply can't stop lying. There wasn't any

95. PARAGRAPH 173 – The plaintiffs and their counsel simply can't come up with any other revenue generated for any defendant in this case, period.

96. PARAGRAPH 174 – I was never asked to leave St. Luke's property at any point in time. Furthermore any and all protesting was done on public sidewalks and not on St. Luke's property. Had I mistakenly been on St. Luke's property and had they asked me to leave their property, I would have done so. They are simply intentionally distorting facts to create a false narrative.

97. PARAGRAPH 175 – I never once blocked access to the hospital or disrupted hospital operations with my physical presence outside of the hospital. This is a bald-faced lie and the plaintiffs know it, but evidently don't have enough respect for the judge, the future jury, or the American justice system to tell the truth.

98. PARAGRAPH 185 – Any time spent near St. Luke's property was for the proper purpose of protesting against the illegal kidnapping of my grandson.

99. PARAGRAPH 188 – Again, I was never asked to leave St. Luke's property at any point in time. Furthermore, any and all protesting was done on public sidewalks and not on St. Luke's property. Had I mistakenly been on St. Luke's property and had they asked me to leave their property, I would have done so. They are simply intentionally distorting facts to create a false narrative.

100. PARAGRAPH 189 – Again, I never once blocked access to the hospital or disrupted hospital operations with my physical presence outside of the hospital. They are repeating the same lie as in paragraph 175.

101. PARAGRAPH 190 – My presence outside of St. Luke's hospital did not interfere with St. Luke's ability to provide any service to any other client. That is a complete lie.

102. PARAGRAPH 191 – This paragraph shows the corrupt and twisted nature of the plaintiffs complaint and false allegations. They are now asking for damages from "each defendant" even though they have previously claimed that the defendants are indistinguishable from Ammon and I. In my case, they are claiming Freedom Man PAC (which was a registered Political Action Committee in Idaho), Freedom Man Press, LLC (which does not exist as a legal entity and to which the plaintiffs admit does not exist), and Diego Rodriguez (the individual being myself) should each pay an amount no less than \$250,000. This is such an obvious "scam tactic" which is designed to triple the financial attack against me by forcing my actions to be placed on other entities which either don't exist or were not involved. This is such a blatant abuse of the court system that it goes beyond the bounds of decency in a civilized society. If the court system was honest, true, and legitimate, this case would only have two defendants: Ammon Bundy and Diego Rodriguez. Previous to now, I assumed the addition of the additional entities, particularly two of them which don't even exist (Peoples Rights Network and Freedom Man Press, LLC do not exist as legal entities) was simply another demonstration of incompetence on behalf of the plaintiff's counsel. Now I see that it was part of the plan to triple the requested reward by forcing Ammon and I to pay triple for entities that don't exist or were not a part of the lawsuit.

103. PARAGRAPH 193 – I have never once engaged in political activism for financial gain and would never do so as it is contrary to my personal beliefs and convictions. So this is another outright lie.

104. PARAGRAPH 195 – I have never once used the story of Baby Cyrus to advertise for Power Marketing. That is a bald-faced lie, and there is not a shred of evidence that I have ever done so. The plaintiffs and their counsel have told so many outright lies that it is completely outrageous and no rational nor decent human being could imagine doing so.

105. PARAGRAPH 196 – This assertion again shows the incompetence of plaintiff's counsel in claiming that "FMP" which is "Freedom Man Press" "owns and operates FreedomMan.org." First of all, in paragraph 18, the plaintiffs already admit that they have searched for "Freedom Man Press, LLC" and have determined that it does not exist as it is "not registered as an LLC in Idaho or registered to do business in Idaho." That is because the entity "Freedom Man Press, LLC" does not exist and I have already testified, under oath, to this fact in a deposition with the plaintiff's counsel present and asking the questions. Furthermore, I have never earned a dime directly or indirectly for the existence of FreedomMan.org, which is my personal blog that I personally control and own, and I never will use it as a vehicle to generate revenue as I see it as a personal mission and call from God to use this website/platform as a tool to proclaim truth and expose corruption. Once again, the plaintiffs are making false allegations without any evidence or knowledge of the facts.

106. PARAGRAPHS 201 & 202 – The plaintiff again is engaging in more "throwing mud at the wall in the hope that some of it will stick." There is nothing in Idaho Code § 48-603C that even remotely pertains to this case. The statute plainly states, "48-603C. UNCONSCIONABLE METHODS, ACTS OR PRACTICES. (1) Any unconscionable method, act or practice in the conduct of any trade or commerce violates the provisions of this chapter whether it occurs before, during, or after the conduct of the trade or commerce. (2) In determining whether a method, act or practice is unconscionable, the following circumstances shall be taken into consideration by the court: (a) Whether the alleged violator knowingly or with reason to know, took advantage of a consumer reasonably unable to protect his interest because of physical infirmity, ignorance, illiteracy, inability to understand the language of the agreement or similar factor; (b) Whether, at the time the consumer transaction was entered into, the alleged violator knew or had reason to know that the price grossly exceeded the price at which similar goods or services were readily available in similar transactions by similar persons, although price alone is insufficient to prove an unconscionable method, act or practice; (c) Whether the alleged violator knowingly or with reason to know, induced the consumer to enter into a transaction that was excessively one-sided in favor of the alleged violator; (d) Whether the sales conduct or pattern of sales conduct would outrage or offend the public conscience, as determined by the court." Nothing in this law pertains to the Baby Cyrus case or any of the facts alleged in this case as we have not sold any product or service to any citizen of Idaho. As has already been demonstrated, the only unconscionable acts that have taken place in the context of this case are the acts performed by the plaintiffs in participating in the kidnap of my grandson and subsequently filing this frivolous lawsuit which is a textbook example of a "SLAPP" suit against those of us who they harmed.

107. PARAGRAPH 203 – Again, there is not a single shred of evidence that actions or proclamations that I have made are misleading false or deceptive. On the contrary, this entire lawsuit is misleading, false, and deceptive—while all the statements I have made are factually accurate, true, and provable with evidence already published and available in the public domain.

108. PARAGRAPH 204 – Our conduct and pattern of conduct are not outrageous and offensive to the public conscience, on the contrary, kidnapping children and being paid to participate in it is outrageous and offensive to the public conscience.

109. PARAGRAPH 208 – The plaintiffs are falsely asserting that donations were solicited on behalf of Baby Cyrus's parents so they could pay medical bills owed to SLHS and SLRMC. This is a flat

out lie, and we never solicited donations for this purpose as I have already stated above in this response. Nevertheless, this paragraph 208, again demonstrates that St. Luke's hospital admits to receiving compensation from "government programs" for whatever they claimed to have done to Baby Cyrus.

110. PARAGRAPH 209 - This is another outright lie. I never used any unfair, false, deceptive, misleading, or unconscionable acts and practices. On the contrary, people of good conscience and faith all around the world willfully and happily made donations on their own free accord because they saw the acts of St. Luke's hospital, the Idaho Department of Health and Welfare, the Meridian Police department and all other bad actors pertaining to Baby Cyrus's kidnapping as being unconscionable acts and practices!

111. PARAGRAPH 210 - As already noted, we never falsely represented the amount of liability incurred relating to medical expenses associated with treating Baby Cyrus. The plaintiffs are again just engaging in willful and malicious lying. And I can assure you that the Anderson family would never have given any money to St. Luke's hospital after they participated in his kidnap. You don't reward accomplices to kidnapping with compensation!

112. PARAGRAPH 215 - Again, it was St. Luke's hospital and the plaintiffs who engaged in unconscionable acts and methods, not me.

113. PARAGRAPH 216 - Nothing I ever stated was misleading, false, or deceptive, but it was all true or something I believed and still believe to be true.

114. PARAGRAPH 217 - No, kidnapping children for profit is outrageous and offensive to the public conscience.

115. PARAGRAPH 218 - How do you "donate wrongfully?" Decent and godly people all around the country donated on their own freewill and free accord after watching video evidence and reading and seeing evidence with their own eyes how Baby Cyrus was illegally, immorally, and unconscionably kidnapped. Not a single donor has complained about their donation being used to help the Anderson family. On the contrary, everyone is grateful and thankful to have been a part of restoring Baby Cyrus to his family.

116. PARAGRAPH 220 - The only ones who have misled the public are the bad actors who were responsible for the kidnapping of Baby Cyrus. And this includes all of the false allegations made by the plaintiffs in this very lawsuit.

117. PARAGRAPHS 222 - 227 - Not a single word that I have spoken relating to the Baby Cyrus case or story was false, misleading, or deceptive. This lawsuit is frivolous as has been demonstrated in this response on multiple occasions. Not a single allegation has been substantiated with evidence, and the plaintiffs have rejected my public offer to retract any false claims I have made and offer retractions to each plaintiff individually if they could simply demonstrate or produce any evidence that any claim I have made was false and that I knowingly proclaimed and spread false information. Their failure to provide any evidence only demonstrates that they know the entire case is a fraud, and they are hoping that they can mislead the public with this frivolous SLAPP suit and intimidate any other whistleblowers from exposing their wickedness, corruption, and unconscionable acts of evil.

CERTIFICATION UNDER PENALTY OF PERJURY

I certify under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Signed,
Diego Rodriguez

Evidence that CPS Agents, Meridian Police & St Lukes Staff are Lying about why they took Baby Cyrus

July 24th, 2023

Before this is over you may have to decide who is right. Here is more evidence for you to consider. The information in this video is what Cyrus' grandfather and I exposed and are being sued for. Based on the evidence, you can decide for yourself if St. Lukes, CPS & Meridian Police where right in taking Baby Cyrus.

Proof St. Luke's Performs Sex Changes on Children

St. Luke's Children's Hospital webpage is still advertising minor hormone therapy and sex change surgeries. This video gives proof.

Here is a link to one of St. Lukes Hospital pages advertising transgender surgeries and hormone therapy for minors: <https://www.stlukesonline.org/communities-and-locations/facilities/clinics/st-lukes-childrens-essence-clinic>.

Also here: <https://www.stlukesonline.org/health-services/service-groups/lgbtqia-health-care>

Idaho passed a law that made both minor hormone therapy and child sex change surgeries illegal. However, that Idaho law does not go into effect until 2024. I guess all the children until then are sacrificial lambs to St. Lukes Hospital Executives.

Here are some links to 3rd party news article listing St. Luke's hospital as one of only 13 hospitals in America known to perform gender mutilation surgeries on minor children:

These are the Doctors at the Essence Clinic:

St. Luke's is very embarrassed that the public has found out that they are one of only 13 hospitals that performs sex change surgery on minor children, and they also offer all of the other damaging "treatments" that cause permanent damage to minors like: puberty blockers, and other artificial hormone treatment.

So, St. Luke's has removed their pictures and information from their website. But fear not, we have the screenshots! Below are the screenshots from the St. Luke's Essence Clinic website before St. Luke's removed them due to embarrassment in the community.

**"Idaho Leaders United" have Lied and Defamed Ammon Bundy and Diego Rodriguez And they owe them a public apology and retraction or they must be sued in Federal Court**

August 10th, 2023 | by Diego Rodriguez

On August 8th, 2023, the Idaho Statesman published a guest opinion article titled, "St. Luke's victory over Bundy is welcome. The work of fighting extremism must go on" that was full of defamatory lies. In fact, the authors of the article, *Idaho Leaders United*, a group of statist Republicans and various liberal ideologues, have succeeded in doing the very thing that St. Luke's hospital fraudulently claimed that Ammon and Diego did to them. Plainly stated, Idaho Leaders United, *maliciously and intentionally lied about Ammon and Diego in an attempt to cause them public harm and damage—the definition of defamation!*

In order to actually qualify as legal defamation, it must be demonstrated that what they said was a lie or that the slanderer should have reasonably known it was a lie.

In the case of Diego and Ammon, *every last thing we ever said about St. Luke's is the truth and we still know it and believe it to be the truth.* We also have evidence to prove nearly everything we have stated. However, Judge Lynn Norton issued an order literally prohibiting me from providing any evidence in our case. That is obviously a very important detail that nobody wants to publish because it would strike terror in the hearts of the public if they knew that this type of dishonesty and tyranny took place in their own courts. *Imagine being sued and not being allowed to provide evidence to prove your case!*

But *Idaho Leaders United* has definitely lied about me and Ammon in their article. And they either knew what they were saying was a lie or should have reasonably known it was a lie, and the very tone and language of the article itself evidently demonstrates that their article was published with the specific intent "to impeach the honesty, integrity, virtue or reputation, or publish the natural or alleged defects, of one who is alive, and thereby to expose him to public hatred, contempt or ridicule." (That is the legal definition of libel which is defamation.)

I have no problem with Idaho Leaders United publishing opinions or facts. They can say that Ammon and I are dumb idiots and that Ammon is a hick from the stx and that I'm a greasy Mexican. Have at it. You can even falsely accuse us of being "extremists" or "anti-government" or whatever other nonsensical pejorative terms you choose to use to further your agenda. We couldn't care less about your opinions.

But lies that are defamatory that misrepresent the truth in a case of great public importance is unacceptable. You must stop lying. Here is a short list of the lies that you intentionally published in your deceptive article:

DEFAMATORY LIE #1 - "The incident at St. Luke's Health System was a distressing display of extremist behavior, where Mr. Bundy and his followers trespassed on private property and, more alarmingly, blocked access to emergency services."

Nobody protesting the kidnapping of Baby Cyrus (my grandson) trespassed on private property or blocked access to emergency services. Our protests were on the sidewalk and were entirely peaceful. Had anyone been trespassing, the police would have been called and arrests would have been made. But that never happened. Idaho Leaders United simply lied.

DEFAMATORY LIE#2 - "As a result of their actions, the hospital was forced to shut down, diverting ambulances and blocking emergency department care."

This lie is connected to the first lie where they are claiming that by trespassing and blocking access to emergency services the hospital was forced to shut down. Notice they said, "as a result of their actions." On the contrary, the hospital was voluntarily shut down by St. Luke's on March 15th, 2022 as a distraction so that St. Luke's could transfer Baby Cyrus to IDHW. Not only did we have a whistleblower from within St. Luke's call us to tell us that, but we have video on our website showing how peacefully the protestors were acting in the exact moment that St. Luke's shut the hospital down (Video #4 on this page). Also, St. Luke's refused to provide video footage of their security cameras in a discovery request, which would have shown that nobody blocked access to emergency services on that day. Obviously and evidently, St. Luke's refused to provide this evidence because it would prove them to be liars just like Idaho Leaders United is for making these false statements in their article.

DEFAMATORY LIE #3 - "Subsequently, the hospital and staff members were targeted and defamed with vicious lies."

The truth is that not a single lie was told about a single staff member at St. Luke's. Everything we

ever stated or claimed was true and factual. I provided the factual rebuttals to every single one of St. Luke's false claims, but Judge Lynn Norton likewise issued an order striking my responses from the record. So while nobody can get those responses from the court docket anymore, they are publicly available on my website on this link here.

Additionally, I am so confident that I have not told a single lie about St. Luke's or their staff members that I have made a public declaration offering to immediately take down anything I have published about St. Luke's that is not true. I also offered to make apology videos and other retraction materials for St. Luke's to use to restore their reputation and I even offered to create a website called DiegoWasWrong.com where all of this information could be stored permanently for public access. And finally, I even offered to write a check to St. Luke's for \$50,000 (the initial amount requested by St. Luke's in their first complaint), if they could simply prove that I made any factually inaccurate statements.

Let it be known that St. Luke's never demonstrated in public or in the courtroom that I ever made any factually inaccurate statements about them and as a reminder, all of the evidence that I have to prove my statements accurate were disallowed from being heard in the courtroom.

These are simple facts that Idaho Leaders United should have reasonably known before publishing their defamatory article.

DEFAMATORY LIE #4 - "By peddling misinformation and stoking the flames of fear, extremists like Bundy aim to collect a following of easily influenced individuals who may feel marginalized, frustrated, or disenfranchised."

As noted above, there was not a shred of "misinformation" that was peddled. And you ought to have known that or should have reasonably verified such a claim before publishing it. In fact, your actions are the Textbook example of "projection" where diabolical and psychopathic bad actors accuse you of doing exactly what they are doing.

We demand a public retraction of your defamatory lies. Feel free to speak negatively about us as much as you want. That is your right to do so. And even if you call me a big, fat, stupid, ugly, right wing extremist, I will fight for your right to say so and to call me that. You can publish any opinions you want.

But no, you don't get to LIE in public about Ammon and I with the intent "to impeach the honesty, integrity, virtue or reputation, or publish the natural or alleged defects, of one who is alive, and thereby to expose him to public hatred, contempt or ridicule" all so you can breed fear and division among our communities. You must stop lying just so that you can collect a following of easily influenced RINDs and weak men and women who may feel marginalized, frustrated, or disenfranchised. You must stop lying as a means to prey on the vulnerable and attempt to control them through manipulation and false promises.

Idaho Leaders United is nothing more than a fraternity of rich bullies who use their positions, power, and access to spread lies and disinformation in order to attract more followers and magnify their fame, power, and influence. You all should be ashamed of yourselves and your actions.

And you must start TELLING THE TRUTH. We expect your public retraction within 1 week. Otherwise, expect to see a defamation lawsuit filed against Odette Bolano, CEO, Saint Alphonsus; Tommy Ahlquist, CEO, Ball Venture Ahlquist; Gary Roney; Bill Shawver; Doug Gross, CEO, Gross Farms; and Courtney Lilliard, CEO, Ball Ventures. And please note, according to the Constitution Article 1 Section 8, this lawsuit will be filed in Federal court as I am a Florida citizen who will be suing Idaho citizens, so you will not have the protection of the corrupt Ada County court system.

IN THE DISTRICT COURT OF THE FOURTH JUDICIAL DISTRICT OF THE STATE OF IDAHO, IN AND FOR THE COUNTY OF ADA

ST. LUKE'S HEALTH SYSTEM, LTD; ST. LUKE'S REGIONAL MEDICAL CENTER, LTD; CHRIS ROTH, an individual; NATASHA D. ERICKSON, MD, an individual; and TRACY W. JUNGMAN, NP, an individual, Plaintiffs,

vs.

AMMON BUNDY, an individual; AMMON BUNDY FOR GOVERNOR, a political organization; DIEGO RODRIGUEZ, an individual; FREEDOM MAN PRESS LLC, a limited liability company; FREEDOM MAN PAC, a registered political action committee; and PEOPLE'S RIGHTS NETWORK, a political organization, Defendants.

Case No. CV01-22-06789

NOTICE OF APPEAL

TO: THE ABOVE NAMED RESPONDENT(S), AND THE PARTY'S ATTORNEYS, AND THE CLERK OF THE ABOVE-ENTITLED COURT.

NOTICE IS HEREBY GIVEN THAT:

1. The above named appellant, Diego Rodriguez, appeal(s) against the above-named respondent(s) to the Idaho Supreme Court from the final judgment entered in the above-entitled action on the 29th day of August, 2023, Judge Nancy Baskins presiding. The judgment is attached to this Notice of Appeal.
2. That the party has a right to appeal to the Idaho Supreme Court, and the judgments or orders described in paragraph 1 above are appealable orders under and pursuant to Rule 4 and Rule 11 I.A.R.
3. A preliminary statement of the issues on appeal which the appellant intends to assert in the appeal are below; provided, such list of issues on appeal shall not prevent the appellant from asserting other issues on appeal.

A. Judge Lynn Norton actions in the case were violations of Constitutional Rights and various laws and statutes:

- 1) According to Idaho Rules of Civil Procedure #55, the entire case should have ended with a default judgment within 21 days. Since Judge Lynn Norton disobeyed the Idaho Rules of Civil Procedure, this case was inappropriately extended when it should have ended nearly a year before the final judgment was issued.
- 2) Judge Lynn Norton issued an order striking all of Diego Rodriguez's answers from the record, violating his due process rights.
- 3) Judge Lynn Norton, in the same order, prohibited Diego Rodriguez from presenting any evidence contrary to the allegations made against him by the plaintiffs. This is a complete violation of due process rights.
- 4) Judge Lynn Norton broke the law, the Constitution, various codes and statutes, or the Idaho Civil Rules of Procedure at least 12 different times during the course of this court case demonstrating and unprecedented, unconscionable, and egregious amount of judicial bias which inappropriately prejudiced all aspects of this case. These violations have been noted and filed with the Idaho Judicial Council and will be explained in detail in the forthcoming appeal.

B. The Premise of the Case Infringes on First Amendment Rights.

- 1) I have the right 1st amendment right to freedom of speech, which includes the right to publicly declare things that I know to be true or believe to be true—particularly when I have evidence. Since Judge Lynn Norton prohibited me from providing evidence, I was denied my due process rights and the opportunity to demonstrate that everything I have stated is empirically true and accurate.
- 2) There was no defamation in this case as every statement I made against the Plaintiffs was true and accurate, or something I believe to be true and accurate, and I have evidence demonstrating it to be true and accurate.
- 3) All 8 counts of the case are demonstrably false and have grounds for immediate dismissal if

the case were to be reviewed by an unbiased judge who obeys the rule of law.

C. The proceedings violated Idaho Rules of Civil Procedure and prejudiced the jury against the defendants.

1) The jury selection process was inappropriate and selected biased jury members by allowing jury members who are employed by the plaintiff (or married to employees of the plaintiff), others with a well-established history of antagonism towards the defendants, and Judge Nancy Baskins even permitted a juror to stay on the jury after the juror vocally expressed and admitted she had bias against the defendant(s).

2) Judge Nancy Baskins lied to the jury and claimed that Diego Rodriguez "had a chance to participate but chose not to participate in the case proceedings." This is a false statement and it prejudiced the jury.

3) The Plaintiffs presented empirically false evidence which further prejudiced the jury and which the defendants had no opportunity to refute.

4. There are parts of the record that have been sealed. Most specifically, there was an order sealing trial medical records admitted as evidence. This order was signed by Judge Nancy Baskins on August 29th, 2023, and states, "Due to the sensitive and personal nature of the information contained in the medical records evidence, the Court has determined the evidence must be sealed to protect the confidentiality of the information as to the infant C.A. As such, Plaintiffs' Trial Exhibits 1, 2, 3, and 5 shall be sealed."

5. A reporter's standard transcript is requested in electronic (i.e. PDF) format as defined in Rule 25(c), I.A.R. and specifically supplemented (if the standard transcript does not already include) with the following:

- a) Voir dire examination of jury.
- b) Opening and Closing arguments of counsel.
- c) The testimony of each witness.
- d) Instructions verbally given by the court.

5. The appellant requests the following documents to be included in the clerk's record in addition to those automatically included under Rule 28, I.A.R.:

- a) All requested and given jury instructions.

6. (a) I certify that a copy of this notice of appeal has been served on each reporter of whom a transcript has been requested as named below at the address set out below:
Name and email address: Christie Valcich (cvalcich@adacounty.id.gov)

(b) That the appellant is exempt from paying the estimated transcript fee because the amount requested for the transcripts is over \$6,200, which is an amount I simply cannot pay and will constitute a financial hardship on me.

(c) That the appellant is exempt from paying the estimated fee for the preparation of the record because payment of these fees will constitute a financial hardship on me.

(d) That the appellate filing fee has been paid.

(e) That service has been made upon all parties required to be served pursuant to Rule 20 (and the attorney general of Idaho pursuant to § 67-1401(1), Idaho Code).

First things first—if you know nothing about the case, you should download the Plaintiff's **Fourth Amended Complaint** below (yes, the judge let them "amend" their complaint 4 times, every time increasing how much money they were asking for and finally ending with the ability to ask for "punitive damages" which means there essentially is no limit as to how much money they can demand).

But most important is to read **Diego's ANSWER to the Fourth Amended Complaint** below. This answer was struck from the record by corrupt Judge Lynn "Misconduct" Norton. She did not want anybody, including the jury and the public, to be able to read the truth about this case. Yes, you read that right! The jury was not allowed to read the defendant's response to the lawsuit, nor was Diego allowed to bring any evidence to the trial that to defend himself.

Diego's Answer to Fourth Amended Complaint and Demand for Jury Trial that was Struck from the Record by Corrupt Judge Lynn Norton (they don't want anybody to read this)

For context and reference, you should download the [Fourth Amended Complaint from the Plaintiffs here](#) (this is their lawsuit against Ammon and Diego), because Diego's responses below are each numbered based on the claims made against him in the complaint.

To give some scale to the insanity of this frivolous lawsuit, note that there were over 670 documents filed in this case! This is just the docket! This doesn't include evidence and other paperwork associated with the case. You can see and search through all the documents below:

Frequently Asked Questions

Frequently Asked Questions about the Lawsuit

Why did Ammon refuse to participate in the lawsuit? ✕

Ammon made a strategic decision not to participate in the lawsuit simply because the [Idaho Rules of Civil Procedure #55](#) requires a judge to issue a default judgment against a defendant who does not respond or participate in a lawsuit.

The lawsuit took place in the middle of Ammon's run for Governor and would have been a cumbersome burden on Ammon's campaign, so he made the strategic decision to avoid the outrageous costs and time commitment required by a lawsuit like this one and simply accept the default judgment.

Of course, corrupt judge, Lynn "Misconduct" Norton, violated the Supreme Court's rules and refused to issue a default judgment even though she was required to do so, which ultimately led to the lawsuit dragging out for nearly a year, and putting Ammon's life, liberty, and property in jeopardy.

Why did Diego Rodriguez refuse to participate in the lawsuit? ☰

Why didn't Ammon and Diego just hire a good lawyer to fight back against St. Luke's?

Why was Baby Cyrus taken away if the parents hadn't done anything wrong?

I heard the baby was about to die and was in imminent danger because the parents neglected to feed him and he was malnourished.

Why did Diego Rodriguez refuse to participate in the lawsuit? ✕

It is a complete fabrication and lie to say that Diego Rodriguez did not participate in the lawsuit. In fact, Judge Nancy Baskins told the jury at trial that Diego refused to participate in the lawsuit. ***She flat-out lied to the jury.***

The truth is that Diego responded to the first complaint. He also made a lengthy response to the 4th amended complaint (which judge Lynn "Misconduct" Norton struck from the record to intentionally prevent the jury from seeing any evidence presented or hearing the opposing story).

Diego also made over 20 filings into the case which can be seen in the court docket and he even sat for a deposition.

So anybody who says that Diego did not participate is simply lying.

Both Diego and Ammon looked into finding a suitable legal team to defend them. However, the lowest quotes at such a legal defense for this case were between \$250k - \$275k. Others quoted between \$500k - \$750k.

That is just how much money it costs in legal fees to fight a giant monster with an unlimited bank account like St. Luke's. And insider information let us know that St. Luke's essentially wrote Holland and Hart a blank check to, and I quote, "Do whatever you have to do to destroy Ammon and Diego."

And contrary to popular belief, if we were to have spent the \$250k+ that it would have cost for a legal team to defend us, and then ultimately WON THE CASE, which every attorney told us that we would likely not win in Ada

County because they are notoriously corrupt with the worst judges who manipulate juries and control evidence, then we still would not get that money back.

This is simply how "law-fare" works in America and particularly in Idaho. Anybody with a big enough bank account can financially ruin you simply by filing a lawsuit against you.

In fact, there is a colloquial term for this, it is called a **SLAPP suit**—a **baseless lawsuit designed to silence political opposition**—and many states have laws against them. But Idaho, obviously does not have laws against these types of frivolous suits designed to shut down dissenters because it keeps the "powers that be" in power.

This is an absolute complete lie and it has been thoroughly debunked repeatedly.

Baby Cyrus suffers from a condition called "Cyclic Vomiting Syndrome" which causes him to vomit repeatedly and which causes him to lose hydration and nutrition over short periods of time. His parents then have

St. Luke's Sponsors Gay Pride Parade's and Drag Queen Shows and Child/Minor/Underage Sexual Exploitation:

St. Luke's Hospital has been a sponsor of "gay pride" events in Idaho for years. In 2022, it was particularly egregious as they were sponsoring the sexual deviancy of minor children by having them perform perverted acts on stage as if they were "drag queens."

You can see St. Luke's sponsorship below:

Remember, St. Luke's is a non-profit organization that does not pay taxes like typical corporations even though they rake in millions of dollars every year from government subsidies and insurance payouts. This means that your insurance premiums and your taxes are now going to support the sexually immoral and deviant lifestyles of perverts:

You have watched the Queens and Kings and now it is time to see the Kids. A drag show like none other the Drag Kids range from ages 11 - 18 and are ready to bring it all to the Boise Pride Festival stage! Come and cheer them on as they bring drag to the younger generation!

Presenting sexually immoral or suggestive content to minors is a crime in Idaho. However, St. Luke's is actively and financially promoting the sexual corruption of your children. These are all facts that cannot be disputed.

Idaho State Statue § 18-1507:

"(2) A person commits sexual exploitation of a child if he knowingly and willfully:

- (a) Possesses or accesses through any means including, but not limited to, the internet, any sexually exploitative material; or
- (b) Causes, induces or permits a child to engage in, or be used for, any explicit sexual conduct for the purpose of producing or making sexually exploitative material; or
- (c) Promotes, prepares, publishes, produces, makes, finances, offers, exhibits or advertises any sexually exploitative material; or
- (d) Distributes through any means including, but not limited to, mail, physical delivery or exchange, use of a computer or any other electronic or digital method, any sexually exploitative material. Distribution of sexually exploitative material does not require a pecuniary transaction or exchange of interests in order to complete the offense.

The disgusting video above is a sample of the type of content viewed at the Boise Pride Festival that St. Luke's sponsors (this video is from their own promotional website). The Holland and Hart Law Firm, who is the law firm in charge of this lawsuit against Ammon Bundy and Diego Rodriguez, is also a sponsor of this sexual perversion.

THE ST. LUKE'S HORROR SHOW

The past few criminal complaints were filed against Erik Stidham, the lead attorney from Holland and Hart Law firm who is representing St. Luke's Hospital in the lawsuit against Ammon Bundy and Diego Rodriguez.

According to [Idaho State Statute 18-3005](#), it is illegal for anyone to intimidate others by using any actions or documents that appear to be official from a government source, when you know that they do not apply to the person you are intimidating. In short, you are not allowed to intentionally make someone else feel threatened or intimidated by using government documents or orders that don't pertain to them.

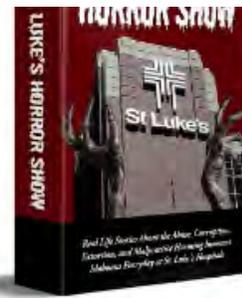

Apparently, this is exactly what Erik Stidham did, on multiple occasions. On January 19th, 2023, Judge Lynn Norton issued a "Protective Order" against Ammon Bundy and Diego Rodriguez ([you can read it here](#)), which essentially said that neither Ammon or Diego were allowed to "wilfully intimidate, threaten or harass any person" who is a party to the lawsuit. This of course, was a silly and superfluous order as this type of "harassment" is already not allowed in court cases. It was evident that the order was issued as a tactic to set Ammon and Diego up to later be arrested for "contempt of court" charges even when it was not legitimate (because it is up to the judges discretion to determine if Ammon or Diego had disobeyed her order). Additionally, since this is a civil case and not a criminal one, it would be unconstitutional for arrest warrants to be issued against any defendant in the case without a fake "contempt of court" charge being made up against them.

In fact, this is the *exact order* that was fraudulently used against Ammon in order to issue an arrest warrant against him. [You can read the details about how fraudulent it was here.](#)

Knowing that the repercussions of this tyrannical action were severe, and that others would rightfully be fearful of such actions being taken against them, ***Erik Stidham seized upon the opportunity to intimidate others with the same order.***

However, it must be noted, that an order issued by a judge is not valid against people who are not under the judge's jurisdiction or authority. In this lawsuit, both Diego Rodriguez and Ammon Bundy are defendants in the lawsuit and are therefore subject to the judge's rules and jurisdiction. The rest of the citizens of Idaho are simply not bound to any judge's order(s) without that judge first having jurisdiction over them.

In short, only Ammon and Diego can be rightfully ordered to do anything by

this judge in this lawsuit. And even this corrupt judge rightfully applies the order only to Ammon and Diego and the other entities which the lawsuit alleges they represent. You can read it here for yourself:

This Order is binding upon Diego Rodriguez and Ammon Bundy, and also any officers, agents, and/or employees of Ammon Bundy for Governor, Freedom Man PAC, Peoples Rights Network, and/or Freedom Man Press LLC, and any other person who receives actual notice of this order by personal service or in any manner allowed for service of a complaint or summons in the Idaho Rules of Civil Procedure.

IT IS ORDERED: 1/18/2023 5:55:18 PM

Lynn Norton
District Judge

Incidentally, the order states that it also applies to "officers, agents, and or employees" of the other legal entities named in the lawsuit. And Garth Gaylord is not an "officer, agent, or employee" of any of these legal entities and Erik Stidham should, and most certainly does, know that.

Even though this is as clear as day, Erik Stidham took the opportunity to use this order to intimidate Garth Gaylord, another Idaho citizen who had posted videos and commentary on his YouTube channel in regards to the St. Luke's lawsuit. In fact, Erik Stidham sent a cease-and-desist letter to Garth stating, with emphasis, that Garth himself could be held in contempt of court for violating this order that was given to Ammon and Diego:

This is against the law! It is the crime of **INTIMIDATION BY FALSE ASSERTION OF AUTHORITY**. The law very specifically states, "18-3005. **INTIMIDATION BY FALSE ASSERTION OF AUTHORITY.** (1) *Any person who... Simulates legal process including, but not limited to...subpoenas, warrants, injunctions, liens, orders, judgments, or any legal documents or proceedings; knowing or having reason to know the contents of any such documents or proceedings or the basis for any action to be fraudulent...is punishable by imprisonment in the county jail for a period not to exceed one (1) year, or by a fine not to exceed one thousand dollars (\$1,000) or both.*"

CRIMES AND PUNISHMENTS

CHAPTER 30
FALSE PERSONATION — FRAUDULENT MARRIAGES

Any person who either:

- (a) Deliberately impersonates or falsely acts as a public officer or tribunal, public employee or any law enforcement authority in connection with or relating to any actual or purported legal process affecting persons or property; or
- (b) Simulates legal process including, but not limited to, actions affecting title to real or personal property, indictments, subpoenas, warrants, injunctions, liens, orders, judgments, or any legal documents or proceedings; knowing or having reason to know the contents of any such documents or proceedings or the basis for any action to be fraudulent; or

Is punishable by imprisonment in the county jail for a period not to exceed one (1) year, or by a fine not to exceed one thousand dollars (\$1,000) or both.

- (2) (a) Nothing in this section shall make unlawful any act of any law enforcement officer or legal tribunal which is performed under lawful authority; and
- (b) Nothing in this section shall prohibit individuals from assembling freely to express opinions or designate group affiliation or association; and

Erik Stidham simulated the legal process of delivering an order to Garth Gaylord even when he knew it did not apply to Garth, and as a lawyer he should know that this is a crime, yet he did it anyway in order to intimidate Garth by falsely asserting authority against him.

A formal criminal complaint has been filed with magistrate judge Samuel

A formal criminal complaint has been filed with magistrate judges, Samuel Hoagland, C. Macgregor Irby, and Laurie Fortier. It is now their statutory duty and obligation to investigate the matter and take appropriate action.

Judge Lynn Norton Has Multiple Counts of Judicial Misconduct Complaints Against Her in the St. Luke's Case Against Ammon Bundy and Diego Rodriguez

May 19th, 2023

The Ada County court system is famous for being corrupt and for being a place "where justice goes to die." That has certainly proven to be true in this lawsuit where corrupt judge and serial violator of the Constitution, Lynn Norton, presides over the case. We have already detailed her corruption [here](#), exposed her lawlessness [here](#), and shown her wickedness [here](#).

It has now come to the place where the corrupt and wicked judge Lynn Norton will have **judicial misconduct complaints** filed against her with the

Get a copy of the books that exposes TRUE STORIES about the

Idaho Judicial Council. The two very specific complaints that will be filed against her are below.

Obviously, *judicial misconduct complaints* must be about real violations of law, ethics, or judicial standards and not just "sour grapes" on behalf of somebody who did not like the results of their case. Unfortunately, in Judge Lynn Norton's case, she has very evidently demonstrated herself to be completely unethical, biased, and willing to break laws and rules in order to execute harsh judgment against Ammon Bundy and Diego Rodriguez:

1. Judge Lynn Norton refused to obey Idaho Civil Rules and Procedure Rule #55 and put Ammon Bundy in jeopardy of his life, liberty, and property by breaking this law/rule.

Ammon Bundy made an intentional decision to ignore the lawsuit and accept the default judgment which would be awarded against him when the lawsuit was initially issued.

This might be difficult for some to understand, but it really comes down to one simple factor—COST. If you've never been involved in a lawsuit, you have no idea how expensive they can be. Not just "expensive" but totally cost-prohibitive for the average citizen. This is how and why lawsuits are now used as a weapon to either silence or to attack political opponents.

In this case, law firms were quoting between \$200,000 - \$500,000 to defend Ammon Bundy and Diego Rodriguez. And that's just the financial cost, which doesn't include the emotional cost and the personal bandwidth needed to give to the lawsuit. At the time, Ammon Bundy had 100% of his attention focused on his gubernatorial campaign, so he had two options:

1. Spend \$200k - \$500k to prove your innocence and essentially end your gubernatorial campaign so you can focus your energy on a lawsuit.
2. Ignore the lawsuit and pay \$50k.

Those are and were the two options Ammon was presented with. When you understand how lawsuits actually work, all of the sudden Ammon's decision makes a ton of sense. Also, it's important to remember that after you win a case like this, YOU NEVER GET YOUR MONEY BACK. If you spend \$200k defending yourself in a fraudulent lawsuit, you don't get that money back. For some reason, people are under the false impression that you get your money back. But you don't! That money stays in the bank account of the

- [Share Your Horror Story](#)

money back, but you don't: that money stays in the bank account of the attorneys who defended your case.

Ammon made this decision because the initial lawsuit only asked for \$50k (which is still a ridiculously high amount of money), and because he knew that [Idaho Rules of Civil Procedure #55](#) requires a judge to automatically issue a default judgment when the accused/defendant in a case refuses to respond or participate. Here's the rule:

Idaho Rules of Civil Procedure Rule 55. Default; Default Judgment.

(a) Entering a Default.

(1) *In General.* When a party against whom a judgment for affirmative relief is sought has failed to plead or otherwise defend, and that failure is shown by affidavit or otherwise, the court must order entry of the party's default. If a party has appeared in the action, that party must be served with 3 days' written notice of the application for entry of default before default may be entered.

Corrupt Judge Lynn Norton has ignored this rule completely putting Ammon in jeopardy of losing his life, liberty, and property. And there can be no mistaking what this rule says—*the court must order entry of the party's default*. There are no other caveats or requirements. It doesn't say that the Plaintiff has to make special requests, that the defendant has to file certain paperwork, or that any other action must take place. It plainly states that if the defendant has "*failed to plead or otherwise defend*" that "*the court must order entry of the party's default.*"

This is the rule binding Judge Lynn Norton. She has to obey it. To disobey this rule is **judicial misconduct**. Yet, she chose to ignore this rule and allow the Plaintiffs to modify their complaint 4 times, and she then issued multiple orders against Ammon including a fraudulent order of "Contempt of Court." These orders have caused great harm to come against Ammon and have even created the environment in which Ammon could face severe physical harm, up to and including his own **murder by overzealous police officers**.

2. Judge Lynn Norton knowingly and intentionally issued an unlawful order against Diego Rodriguez, and then used that unlawful order as her basis for issuing financial sanctions against him which would force him to pay over \$5,400 in attorney's fees to Holland and Hart law firm

Law 11111.

In order for a judge to have jurisdiction over someone in a court case, the person who is being sued must first be properly "served." To be "served" means that you have been given the paperwork that lets you know you are being sued and that you must now legally respond to the lawsuit. Until you have been served, the case cannot begin, and the judge has no legal jurisdiction over you.

In order to put things in proper perspective, you must understand the important dates associated with this case. The case was first filed on May 11th, 2022. Since Diego Rodriguez lives in Florida, they were not able to easily serve him. However, Idaho statute provides for legal service to be made by simply **publishing notice** in a newspaper for **4 consecutive weeks**. Holland and Hart did publish notice in an Orlando newspaper and the final publication was on August 17th, 2022. Diego then had 21 days to respond which meant that he had until September 7th, 2022. This means that, legally speaking, Diego was not under jurisdiction of the Idaho court until September 7th, 2022, because he had not been legally "served" until that date.

Nevertheless, Judge Lynn Norton issued an order against Diego on July 12th, 2022, demanding that he respond before August 5th, 2022. In order to make it easier to understand, take a look at the following chart:

| | |
|---------------------|--|
| May 12th, 2022 | Lawsuit Filed |
| July 12th, 2022 | Unlawful order issued by Judge Lynn Norton against Diego Rodriguez (because he had not yet been "legally served"). |
| August 5th, 2022 | Date that Judge Norton demanded that Diego Rodriguez respond to the July 12th order which he never received. |
| September 7th, 2022 | Date that Diego Rodriguez was actually "legally served." |

The most important thing to note and understand is that Judge Lynn Norton had no jurisdiction over Diego Rodriguez or Ammon Bundy until they had been legally served. This didn't happen for Diego Rodriguez until September 7th, 2022. Any orders issued by Judge Lynn Norton against Diego before September 7th, 2022 are therefore completely unlawful.

In short, a judge may not issue orders against parties in a lawsuit when they have not yet been legally served. That is illegal, unethical, and immoral. Yet Judge Lynn Norton did it anyway. And the most amazing part is that she acknowledges the fact that this order was never sent to Diego Rodriguez in the first place, as you can see in the certificate of service page from the order itself:

CERTIFICATE OF SERVICE

I certify that on this day I served a copy of the attached to:

No known address is court file for:

Ammon Bundy

Diego Rodriguez

Dated: 07/12/2022

Phil McGrane
Clerk of the Court

By: Janine Korsen
Deputy Clerk

Judge Lynn Norton plainly acknowledges that NO SERVICE was made to either Ammon Bundy or Diego Rodriguez because apparently there was no address on file at the court for either of them. Well, ***that means that this order was fraudulent and grounds for judicial misconduct.***

However, to add insult to injury, Judge Lynn Norton used this fraudulent order as her basis to issue an additional fraudulent order a few months later which would then require that Diego Rodriguez pay over \$5,400 to Holland and Hart for "legal fees." You can see below from the actual response from corrupt Judge Lynn Norton that she is demanding that Diego pay these fees to Holland and Hart simply because Diego did not respond to the previous order issued on July 12th, which we've already demonstrated was a fraudulent and UNLAWFUL ORDER:

On July 12, 2022, the court entered an Amended Order Granting Motion for Expedited Discovery allowing Plaintiffs leave to serve expedited Interrogatories on Diego Rodriguez and ordering a response by August 5, 2022. Diego Rodriguez did not respond to the expedited Interrogatories and the Court entered an Order on September 6, 2022 addressing sanctions for the failure to respond to the Interrogatories. In relevant part of the Order the Court stated:

The Court also ORDERS that Defendant Rodriguez is to pay the costs of the deposition that are costs that would not have been incurred but for Mr. Rodriguez's failure to respond to the Interrogatories proposed by Plaintiffs since Mr. Rodriguez was on notice of Plaintiffs' intent to seek this discovery and was mailed the Court's Orders for at least three months prior to the hearing on September 6, 2022.

Further, the Court finds it must award the Plaintiffs' the costs and fees incurred in filing the motion for sanctions and appearing at the hearing on September 6, 2022.

As you can see here, *everything that corrupt Judge Lynn Norton references in her rulings were before September 7th, 2022.* **Therefore none of it is lawful.** She has admitted that the first order was never served to Diego Rodriguez or Ammon Bundy. It is acknowledged that the order was issued without jurisdiction since Diego had not been legally served yet, and yet it was still used as the premise to issue an *additional order* to force Diego to pay over \$5,400 in legal fees to Holland and Hart law firm.

We will leave it to you to determine WHY this corrupt Judge, Lynn Norton, of Ada County Idaho has done such unlawful, evil, and wicked things. But it certainly begs the questions:

- How many other innocent people has she done this too?
- How can anyone have any hope for justice in a courtroom like this?
- What does this kind of corrupt behavior do to the reputation of the Ada County court system and the judicial system overall?
- How long has corrupt Judge Lynn Norton been getting away with this?
- Will there be any consequences for corrupt Judge Lynn Norton?

Judge Lynn "Misconduct" Norton Violates the Constitution Again with Excessive Bail

May 30th, 2023 | by Diego Rodriguez

Last week, serial violator of the Constitution, Judge Lynn Norton, again demonstrated her bias and wickedness by again violating both the U.S. Constitution and the Idaho State Constitution.

Apparently, a warrant of arrest was issued against me for "contempt of court." I was only made aware of this warrant because it was in the news and not because I have been formally served papers or made aware of the warrant directly by the court.

In fact, when I contacted Judge Lynn Norton's assistant to send me a copy of the warrant she responded by saying:

RE: [EXTERNAL] Warrant for Arrest

I am assuming the word "now" is a typo that should be "not." So it should read "I am not allowed..."

So apparently, in America, you can have a warrant issued for your arrest without you knowing, being made aware of it, or being given any documentation describing how, what, or why you have a warrant for your arrest.

I likewise called the Ada County Sheriff's department and was told that while they had the warrant in their possession, they could not give me a copy of it and that they couldn't share with me any details of what it said. Yay, freedom!

Judge Lynn Norton Violates the 8th Amendment:

I have exposed Judge Lynn Norton's judicial misconduct, her incompetence, her corruption, and her biased and partial judgments on multiple occasions as you can see in the links at the bottom of this webpage.

Because I have exposed her, it is quite evident that she is now retaliating against me and is going so far as to break the law in order to exact her retribution upon me.

* Some older Ada County arrest warrants do not have specific charging information available on this page. If you need information on charges, you can lookup specific cases at <https://mycourts.idaho.gov/odysseyportal> or call the Ada County Sheriff's Office warrants department at 577-3090.

To put things in perspective, just last week I sat through a video arraignment hearing and watched as a judge issued bail for several criminals for crimes that included things like: assault and battery, possession of methamphetamines, domestic violence, grand theft auto, grand theft larceny, and more—and the highest bail set was \$250. One guy had bail set for \$5 and another for \$10. This was all in Ada County.

But for me, my bail in a CIVIL CASE, not a criminal case, where absolutely no crime has been committed, and where to the best of my knowledge, I have a contempt of court charge for refusing to pay a fee to the plaintiff's attorney because the order issued to me was fraudulent and unlawful, and for refusing to take down offensive pages on my website, which is my 1st amendment right, corrupt Judge Lynn Norton has issued a \$25,000 bail for me.

That figure should haunt and terrify you. The median per capita income for Idahoans is \$31,509 according to the U.S. Census Bureau. That means my bail was set at almost 80% of the entire annual income for the average Idahoan!

It is clearly excessive by any measure. Yet the 8th Amendment to the U.S. Constitution very clearly states:

Eighth Amendment

Eighth Amendment Explained

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

8th Amendment: Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

The law is very simple and very cut and dry. In fact, even the Idaho State Constitution affirms the very same thing:

SECTION 6. RIGHT TO BAIL – CRUEL AND UNUSUAL PUNISHMENTS PROHIBITED. All persons shall be bailable by sufficient sureties, except for capital offenses, where the proof is evident or the presumption great. Excessive bail shall not be required, nor excess fines imposed, nor cruel and unusual punishments inflicted.

IDAHO STATE CONSTITUTION SECTION 6. RIGHT TO BAIL – CRUEL AND UNUSUAL PUNISHMENTS PROHIBITED. All persons shall be bailable by sufficient sureties, except for capital offenses, where the proof is evident or the presumption great. Excessive bail shall not be required, nor excess fines imposed, nor cruel and unusual punishments inflicted.

Corrupt Judge Lynn Norton just violated the 8th Amendment. Her "body count" for how many rights she has violated in this case just keeps racking up!

And to add insult to injury, note that even the Idaho State Statute governing "contempt" charges puts a limit of the fine to only \$5,000:

CHAPTER 6
CONTEMPTS

7-610. JUDGMENT – PENALTY. Upon the answer and evidence taken, the court or judge must determine whether the person proceeded against is guilty of the contempt charged, and if it be adjudged that he is guilty of the contempt, a fine may be imposed on him not exceeding five thousand dollars (\$5,000), or he may be imprisoned not exceeding five (5) days, or

So corrupt Judge Lynn "Misconduct" Norton has placed my bail at 5X the amount allowed by Idaho statute for the fine for contempt charges.

Last but not least, the very specific instructions that govern how a judge

must act and rule in the State of Idaho, the Idaho Rules of Civil Procedure, state quite plainly in **Rule # 75(e)(2)** that when issuing a warrant for "contempt of court," that "...the court must set a reasonable bail." You can see the screenshot below:

(e) Nonsummary Proceedings; Warrant of Attachment and Bail.

(1) *Warrant of Attachment.* The form of the warrant may be the same as a warrant of arrest issued in a criminal case a warrant of attachment must not be issued unless the court determines:

(A) there is probable cause to believe that the respondent committed the contempt, and

(B) there are reasonable grounds to believe that the respondent will disregard a written notice to appear.

(2) *Bail.* When issuing a warrant of attachment, the court must set a reasonable bail, to be endorsed upon the warrant at the time it is issued.

So the U.S. Constitution, the Idaho State Constitution, and the Idaho Rules of Civil Procedure which govern a judge's actions ALL agree in unity—that excessive bail may not be set. Additionally, Idaho State Statute sets a fine for contempt at a maximum of \$5,000. So Judge Lynn "Misconduct" Norton has only demonstrated herself AGAIN to be a serial violator of the Constitution and individual rights.

So the question now is, ***is there any judge in Idaho's history who has demonstrated more judicial misconduct in a single case than the serial violator of the Constitution, Judge Lynn "Misconduct" Norton?***

12 Counts of Misconduct from Corrupt Judge Lynn "Misconduct" Norton

The corrupt nature of Judge Lynn Norton truly knows no bounds. We have chronicled much of her wickedness in the articles below, but to give you a starting point to recognize her true wickedness, you can read the complaint below which was filed with the Idaho Judicial Council for her judicial misconduct in this case:

Below is the ACTUAL Judicial Misconduct Complaint Filed Against Judge Lynn "Misconduct" Norton with the Idaho Judicial Council on July 5th, 2023:

To the Idaho Judicial Council –

I believe and have evidence that Judge Lynn Norton has violated the Code of Judicial Conduct by specifically failing to perform her duties impartially and diligently, and also by prejudicial conduct to the administration of justice that brings the office into disrepute.

Below, I have included 8 very specific things she has done which demonstrate her misconduct as a judge, her violations of both the U.S. Constitution and the Idaho State Constitution, and her general tyranny over American Citizens:

1. She issued an order against Diego Rodriguez without having jurisdiction over him or the case in question.

On July 12th, Judge Lynn Norton issued an order against Diego Rodriguez ordering him to “to respond to those Interrogatories on or before August 5, 2022.” However, Diego Rodriguez was not officially served in this matter until September 7th, 2022. Therefore, Judge Lynn Norton did not have jurisdiction over Diego Rodriguez or this case until September 7th. Any orders issued before September 7th, 2022 are unlawful. And in this order itself, Judge Lynn Norton acknowledges the fact that Diego Rodriguez and Ammon Bundy, the defendants in this case, were not notified of the order since it is noted that neither of their address were on file as can be seen in the screenshot below (also attached as Exhibit A):

2. Judge Lynn Norton used her previous unlawful order as the premise to issue another order against Diego Rodriguez forcing him to pay legal fees to the plaintiff's attorney.

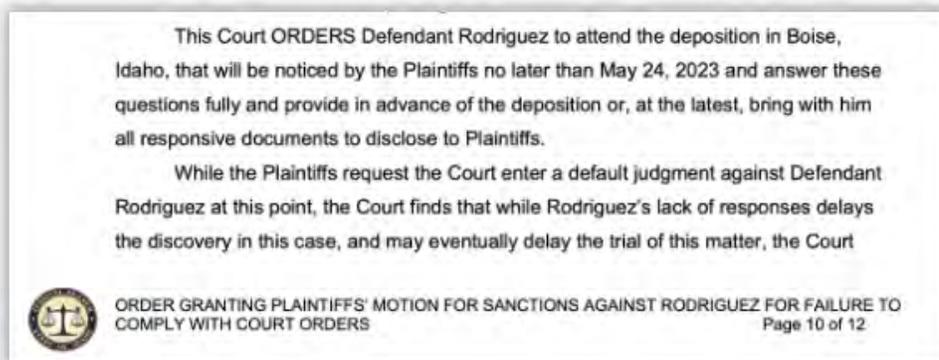

On November 29th, 2022, Judge Lynn Norton issued an additional order against Diego Rodriguez, ordering him to pay \$5,408.10 of fees to the plaintiff's attorney based on the claim that Diego Rodriguez did not obey the previous order. However, Diego Rodriguez is not bound to obey an unlawful order.

Her claim is that Diego Rodriguez had to obey the unlawful order simply because Diego did not file a Rule 12(b) motion. However, a Rule 12(b) motion cannot apply to a case where the defendant still has yet to be legally served. Rule 12(b) applies to Diego's response, which he did file, on September 6th, 2022.

In no wise, does the lack of filing of a 12(b) motion change the fact that the court cannot issue orders against Diego Rodriguez BEFORE Diego has been legally served. (This order can be seen as Exhibit B.)

3. Judge Lynn Norton issued an order demanding that Diego Rodriguez, a citizen of the state of Florida, attend a deposition in Boise, Idaho at his own expense.

On April 24, 2023, Judge Lynn Norton issued an order demanding that Diego Rodriguez attend a deposition in Boise, Idaho as can be seen in the screenshot below:

This is a civil case and this order is therefore a violation of the Rules of Civil Procedure Rule 45 (c)(1) plainly states: For a Trial, Hearing, or Deposition. A subpoena may command a person to attend a trial, hearing, or deposition only as follows: (A) within 100 miles of where the person resides, is

only as follows: (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or (B) within the state where the person resides, is employed, or regularly transacts business in person.

I live in Florida, over 2,000 miles away from Boise, Idaho, and Judge Lynn Norton is fully aware of that fact and has stated so in multiple rulings and orders. Judge Lynn Norton is intentionally issuing unlawful orders, apparently, just to cause Diego Rodriguez harm and frustration.

4. Judge Lynn Norton refused to obey Idaho Civil Rules and Procedure Rule #55 and put Ammon Bundy in jeopardy of his life, liberty, and property by breaking this law/rule.

Ammon Bundy is a defendant named in this case, and decided to ignore the case and allow himself to suffer by receiving a default judgment as this is what the Idaho Rules of Civil Procedure demand and declare, "When a party against whom a judgment for affirmative relief is sought has failed to plead or otherwise defend, and that failure is shown by affidavit or otherwise, the court must order entry of the party's default."

Judge Lynn Norton refused to obey the Idaho Civil Rules and Procedure #55 and has therefore brought additional harm and injustice to Ammon Bundy.

5. Judge Lynn Norton unlawfully held Ammon Bundy in contempt of court and has put his life, liberty, and property in jeopardy without cause.

Judge Lynn Norton signed a warrant to arrest Ammon Bundy for contempt of court for allegedly violating a protective order that was issued against him. However, Ammon Bundy would never be subject to the protective order in the first place, had Judge Lynn Norton obeyed the I.R.C.P. Rule #55 which she is required to do.

Nevertheless, even if Ammon was subject to such protective order, he plainly did not violate it. The protective order states, and is attached as Exhibit D, "Any person who, by direct or indirect force, or by any threats to a person or property, or by any manner wilfully intimidates, threatens or harasses any person because such person has testified or because he believes that such person has testified in this lawsuit may be held in contempt of court."

Ammon Bundy simply never did such a thing. On the contrary, in a general article not aimed or directed at any person, and especially not at any person in this case, Ammon Bundy made a call for peaceful unity. Later in his

article, he went on to say, “Stop thinking that the courts or elected representatives are going to save us. Stop worshiping the police or anyone else that secures more power to the institutions that threaten freedom. Stop wasting your time thinking that congress or the president is where the solution resides. Stop being afraid. Stop thinking that remaining free is easy, it’s not! The people must balance the power that is forming against them. We must peacefully unite, plan and prepare so we are ABLE to defend ourselves as necessary. The right to defend yourself is a right that is given to you from God and a right that is protected in our founding documents. The same documents that mean nothing unless they can be enforced by the people.”

This is the written section of Ammon’s article that Judge Lynn Norton claims violated the unlawful protective order that was issued against Ammon. Again, it was unlawful because it never would have been issued had Judge Norton obeyed the rules which govern her behavior. Additionally, even if the order were lawful, Ammon’s words were clearly not a violation of the order and anybody can plainly see that to be true.

Judge Norton has thereby violated Ammon Bundy’s rights and has put his life and liberty in jeopardy as he has been subject to physical threats, harm, and harassment by law enforcement as a result of Judge Norton’s orders. If Ammon, or anyone close to him, is harmed as a result of this order, it will be the fault of Judge Lynn Norton and her violations of law, the Idaho State Constitution, and the U.S. Constitution, which demonstrate her Judicial Misconduct by specifically failing to perform her duties impartially and diligently, and also by prejudicial conduct to the administration of justice that has brought the entire institution of the “Justice Department” of Idaho into disrepute.

6. Judge Lynn Norton issued a warrant for Diego Rodriguez’s arrest with excessive bail, violating the US Constitution and the Idaho State Constitution.

The 8th Amendment to the US Constitution plainly states that “Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.” Yet, Judge Lynn Norton issued a warrant for the arrest of Diego Rodriguez in this civil matter with a bail set at \$25,000. That is an unconscionable sum of money and is clearly excessive by anyone’s judgment or estimation. There is no reasonable or logical reason for such an excessive amount of bail to be placed, particularly when fines for contempt of court in civil cases in Ada County normally amount to \$250 or less, and it definitely gives the impression to the public that Judge Lynn

Norton is simply being vindictive against Diego Rodriguez since he has exercised his 1st amendment right of freedom of speech and has published many articles exposing what he believes to be corruption and tyranny on behalf of Judge Lynn Norton.

The Idaho State Constitution likewise in section 6 states, "Excessive bail shall not be required, nor excess fines imposed, nor cruel and unusual punishments inflicted." And to further demonstrate how excessive this bail is and how it is a deep violation of constitutionally protected rights, it must be noted that Idaho State Statute § 7-610 puts a limit of \$5,000 as the fine for contempt of court: "Upon the answer and evidence taken, the court or judge must determine whether the person proceeded against is guilty of the contempt charged, and if it be adjudged that he is guilty of the contempt, a fine may be imposed on him not exceeding five thousand dollars (\$5,000)."

7. Judge Lynn Norton issued a warrant for Ammon Bundy's arrest with excessive bail, violating the US Constitution and the Idaho State Constitution.

In the same manner listed above, Judge Lynn Norton issued a warrant for arrest for Ammon Bundy, which was unlawful, and also violated the Constitution with excessive bail issued at \$10,000.

8. Judge Lynn Norton issued an order striking all of Diego Rodriguez's answers from the record, violating his due process rights.

How can justice be served or proper judgments be made by any jury or public enquirer, if the defendant's responses to the complaint and allegations made against him are struck from the record? This is judicial bias and misconduct of the highest order and has brought significant disrepute to the Idaho Judicial system. (Order attached as Exhibit E).

9. Judge Lynn Norton, in the same order, has prohibited Diego Rodriguez from presenting any evidence contrary to the allegations made against him by the plaintiffs.

This is a most egregious and heinous order that makes even the casual observer consider that communist tyranny is more just than Judge Lynn Norton's court room. This is the epitome of judicial misconduct and should never be tolerated.

10. Judge Lynn Norton denied Diego Rodriguez, a citizen of Florida, access to his pre-trial hearing via video when he requested it.

Judge Lynn Norton denied Diego Rodriguez access to the pre-trial hearing via videoconference because a member of the public had previously recorded a hearing and recorded it contrary to her orders. This recording was later posted to a Telegram group where Diego Rodriguez is allegedly an “administrator” of the page. Diego Rodriguez, however, did not instruct this person to make that record, nor did he have any influence over that person, and was not in communication with that person in any way. What another member of the public does should not have any effect or rendering upon judgment for Diego or any other defendant in this case. Judge Lynn Norton is therefore punishing Diego Rodriguez for the actions of another. This is judicial misconduct. (This order can be seen as Exhibit F).

11. Judge Lynn Norton demanded that Diego Rodriguez produce his 2022 tax returns in the year 2022, when they had no relevance to the case and they were not even required to be filed until April 2023.

While this issue might seem like a simple error and oversight on behalf of Judge Lynn Norton, when taken together with the other long train of abuses and usurpations, it demonstrates her continued violations of rights, her disregard for law and order, and her general tyrannical nature. One can only wonder how many people she has tyrannized and how often her tyranny has been exercised upon the citizens of Idaho. (This order can be seen as Exhibit G.)

12. Judge Lynn Norton ordered sanctions against Diego Rodriguez for not providing discovery requests which were entirely irrelevant and would not lead to admissible evidence, but she issued no sanctions against the Plaintiffs in this case for refusing to provide discovery that was entirely relevant and would have lead to admissible evidence.

Discovery requests by Diego Rodriguez that were completely refused and rejected included:

- The amount of money St. Luke’s hospital received for having Baby Cyrus in their possession.
- The amount of money St. Luke’s receives on an annual basis for receiving children from CPS.
- The salary and total compensation package for Chris Roth in comparison to previous CEOs.
- The amount of children who have died in St. Luke’s hospital.
- The number of people who died on ventilator’s at St. Luke’s hospital during the COVID pandemic.

These, along with other relevant discovery requests, that were made by Diego Rodriguez were simply rejected and Judge Lynn Norton never made any demands or orders against the Plaintiffs for rejecting these required requests, yet she issued sanctions against Diego Rodriguez for not providing discovery requests to totally irrelevant issues that were designed to simply frustrate, harass, and cause injury to Mr. Rodriguez—and would ultimately just serve as a complete waste of time and an unnecessary invasion of his privacy.

I certify that, to the best of my knowledge, the foregoing is true and correct.

Sincerely,
Diego Rodriguez

Diego's Answer/Response to the 4th Amended Complaint

Below is the ENTIRE TEXT of Diego Rodriguez's ANSWER to the Lawsuit that was filed against him—that Corrupt Judge Lynn Norton struck from the record to ensure the jury could never read it!

July 13th, 2023 | by Diego Rodriguez

As the frivolous S.L.A.P.P. suit against Ammon Bundy and Diego Rodriguez continues this week, one of the main issues that has been brought up repeatedly is that "Ammon and Diego have chosen not to participate in the

Get a copy of the books that exposes TRUE STORIES about the

lawsuit."

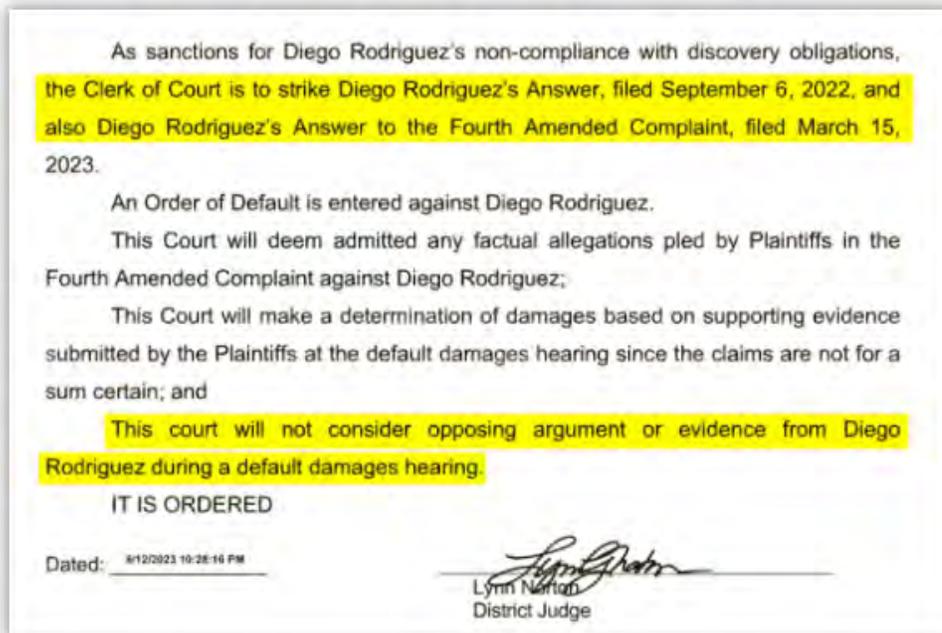

This is an outright lie. Ammon Bundy did intentionally choose to ignore the lawsuit as an intelligent strategy to ensure he could focus on his gubernatorial campaign at the time.

However, I, Diego Rodriguez, have been involved and engaged from the very beginning. I have made multiple filings and responses, and have even sat for a meaningless deposition.

But corrupt Judge Lynn Norton has struck all of my responses from the court's record ensuring that the jury can NEVER SEE the truth about the lies told by the Plaintiffs (St. Luke's, et al).

She has also prohibited me from presenting any evidence in the case—essentially saying that whatever the Plaintiff's claim is automatically true and any evidence to the contrary from Diego Rodriguez will not be considered in court.

Now for those who find it hard to believe that such a thing is even possible in the United States of America, take a look at the order for yourself:

Diego's Answer to Fourth Amended Complaint and Demand for Jury Trial that was Struck from the Record by Corrupt Judge Lynn Norton (they don't want anybody to read this)

For context and reference, you should download the [Fourth Amended Complaint from the Plaintiffs here](#) (this is their lawsuit against Ammon and Diego), because Diego's responses below are each numbered based on the claims made against him in the complaint.

ANSWER TO FOURTH AMENDED COMPLAINT AND DEMAND FOR JURY TRIAL

Diego Rodriguez , for his Answer to the FOURTH AMENDED COMPLAINT AND DEMAND FOR JURY TRIAL, states:

1. The complete tenor, purpose, and intent of this lawsuit/complaint is flawed, full of lies and deception, based on malice and ill intent, and is shocking to the consciences of decent human beings everywhere.
2. On March 11th, 2022, my Grandson, Cyrus Anderson, known and referred to as "Baby Cyrus" was wrongfully kidnapped by Meridian Police officers who broke no less than 8 laws in the process of kidnapping Baby Cyrus. This information has already been widely disseminated and demonstrated to the public and pending litigation will demonstrate it even further.
3. After Baby Cyrus was illegally kidnapped, he was taken to St. Luke's Hospital and kept in their custody UNLAWFULLY for days, while they profited off of his presence in their hospital.
4. Myself and many others were shocked and appalled to learn that St. Luke's Hospital and the State of Idaho receive compensation for such illegal kidnappings and have been doing so since 1997 when the ASFA law was passed.
5. We went on to protest legally and peacefully in front of St. Luke's hospital

or we went on to protect legacy and peaceability in front of St. Luke's hospital and I also personally published in every medium possible the facts we learned about the entire ordeal which included but is not limited to the fact that: St. Luke's Hospital profits off of medical kidnapping; doctors and staff at St. Luke's hospital including the plaintiffs named in this case act knowingly as kidnapers by using CPS as a weapon to steal babies and profit off of them, they do so knowingly and intentionally particularly when parents do not submit to their authority in medical decisions for their children (a tactic they call going "AMA - against medical advice), and they are specifically hostile towards families who choose not to use vaccines for their children; that St. Luke's hospital earned millions of dollars from COVID monies; that St. Luke's hospital has killed babies in the past through incompetence; that relationships, history, and anecdotes all demonstrate that the Idaho Department of Health and Welfare along with many other bad actors in what could only be referred to as the "Idaho Swamp" including police (particularly the Meridian Police Department), judges (particularly Judge Laurie Fortier), the C.A.R.E.S. staff and many others are all participants in this system of profiting from child kidnapping that could only be described as "government subsidized child trafficking."

6. Everything I stated and published is either completely true or is something I believe to be completely true. In America, we have the right to Freedom of Speech and no one can compel me to not speak the truth about any subject—particularly when the welfare and safety of my own grandson is involved.

7. This lawsuit is nothing more than what has been colloquially referred to as a "SLAPP suit"— a baseless lawsuit designed to silence political opposition. As described and defined by Middle Tennessee State University, *"A SLAPP suit, or strategic lawsuit against public participation, is a civil claim filed against an individual or an organization, arising out of that party's speech or communication to government about an issue of public concern. At the heart of the SLAPP suit is the petition clause of the First Amendment. 'SLAPP' was coined to recognize lawsuits filed to silence criticism A SLAPP suit may look like a civil lawsuit for defamation, nuisance, interference with contract, interference with economic advantage, or invasion of privacy, but its purpose is different. About this purpose, Judge J. Nicholas Colabella wrote in Gordon v. Marrone (N.Y. 1992), "Short of a gun to the head, a greater threat to First Amendment expression can scarcely be imagined."* Professors George W. Pring and Penelope Canan coined the term SLAPP suit in the 1980s after noting a surge in lawsuits filed to silence public criticism by citizens. SLAPP suits arise when citizens erect signs on their own property, speak at public meetings, report violations of environmental laws,

testify before Congress or state legislatures, or protest publicly, among many other similar acts, thereby prompting a party who claims to be aggrieved by such acts — often developers, merchants, and even public officials — to file suit. SLAPP suits can interfere with First Amendment rights. The petition clause of the First Amendment guarantees, in part, “the right of the people. . .to petition the government for a redress of grievances.” The abridgment of this right distinguishes a SLAPP suit from other cases based on similar allegations.

8. This lawsuit is a perfect textbook case of a SLAPP suit, and it is shocking to the conscience of all with human decency that the court system would be used to silence the voice of a grandfather who is criticizing a system that illegally kidnapped his grandson!

9. Additionally, this case if it is allowed to stand is an affront to 1st Amendment rights. I have the right to speak whatever I choose to speak—particularly when what I am speaking is completely true or I believe it to be true.

10. *I plead a defense of petition clause immunity and ask the court to dismiss this case at once.*

11. Additionally, in response to the baseless FOURTH AMENDED COMPLAINT from the Plaintiffs, I issue the following:

12. PARAGRAPH 1 – How sick and twisted could someone possibly be to even imagine that I was engaging in a “grift” as they call it—that I was trying to gain money and publicity from the kidnapping of my grandson. This level of depravity is rare, and one can only assume that the plaintiffs or their counsel are acting in perfect alignment with the textbook psychological definition of “projection,” which means that they accuse you of doing what they would do. Normal, decent and honest citizens with integrity would never think to use the most horrifying experience in their entire life—the kidnapping of a precious baby, in this case my own grandson—for profit! How sick, twisted, and disgusting do you have to be to even consider such a thing? The only intent I had was to get my grandson back! It’s pretty simple. You kidnap my grandson and I am going to do everything possible to get him back. And yes, that will include publishing TRUE FACTS about the people who were responsible for his kidnapping, or who had Baby Cyrus in their possession.

13. PARAGRAPH 2 – There was no “smear campaign.” There was the

publication and pronouncement of facts. Everything that was published has been demonstrated to be true, and even the plaintiffs have been unable to demonstrate that a single publication or pronouncement that I have ever made was false—even though I have given them the chance to do so. If there is any smear campaign, it is on behalf of the plaintiffs and their counsel. Again, they are using classic “projection”—accusing me of doing what they are doing. Additionally, I never once incited anyone to violence nor would I do so. I am a Christian minister, and I don’t believe in violence except in the case of self-defense. I never encouraged any acts of violence against anyone and the fact that the plaintiffs have been unable to demonstrate a single instance where I did shows again how baseless and immoral this lawsuit is in the first place.

14. PARAGRAPH 3 – I never mischaracterized the Idaho Department of Health and Welfare’s “decision to intervene.” On the contrary, everything I have published and everything which remains available online for the world to see demonstrates that Baby Cyrus’s kidnapping was not only illegal but demonstrably horrific and terrifying to the public conscience. They used the false premise of “imminent danger” to justify taking Baby Cyrus by force when the proof has already been published that all 3 parties involved in his kidnapping: the IDHW, St. Luke’s Hospital, and the Meridian Police Department all knew Baby Cyrus was not in “imminent danger.” Video evidence along with medical records which declare this to be so have already been published and reviewed thousands of times by the public—the evidence is plain.

15. PARAGRAPH 4 – Of course I claimed and stated that St. Luke’s Parties were participants since they were! They received and kept Baby Cyrus in their custody. They financially profited from Baby Cyrus. We don’t know how much yet, but through printed communication we have already received, we know that St. Luke’s hospital received no less than \$34,000 for having Baby Cyrus illegally in their custody after he was forcefully, violently, and illegally removed from his parents. The kidnapping, of course, was all filmed, and it has been viewed more than 12 million times by a horrified public all over the world.

16. PARAGRAPH 5 – Ammon Bundy and I didn’t “coordinate attacks” against anyone or anything. But even if we did “coordinate” our message, so what? Ammon Bundy is my friend and he is a close friend of our family, and he likewise loves Baby Cyrus. I would do for him the same as he did for our family if the situation were reversed. And furthermore, it is not illegal to “coordinate” messages and publications. So each of these baseless assertions amounts to nothing more than whining and complaining about

the fact that you are being exposed. Furthermore, their baseless and unscrupulous attempt to rope in any of several organizations that Ammon or I are associated with is truly vile. We had one goal—to get Baby Cyrus back and nothing else. Neither Ammon nor I received a single solitary cent of profit in the course of fighting for Baby Cyrus. On the contrary, we both suffered greatly as a result of this process. My entire family suffered financially. When your child is kidnapped, do you think you can go to work the next day and act like nothing has happened? Families financial situations are ruined as a result of these types of kidnapping cases. My son-in-law could not work. I could not work. Nobody in my family could work. We were emotionally devastated and dedicated every waking hour of every day to do whatever was necessary to get Baby Cyrus back. The websites mentioned by the plaintiffs do not earn money, on the contrary, they cost me money. I have never made a red cent off of that website. And no other entity mentioned used this situation for financial gain. There was a GiveSendGo campaign started for Baby Cyrus's parents to help raise money for legal expenses and their own personal financial support during this time, but that is an obvious response to a kidnapping incident and the monies raised went to Baby Cyrus's parents and not to any defendant named in this case. Shame on the Plaintiffs and their counsel for making such an evil and baseless accusation. In doing so, they are only showing the wickedness of their own hearts and demonstrating to the world that that is what they would do in such a situation because their hearts are evil.

17. PARAGRAPH 6 – the St. Luke's parties evidently and obviously do not bring this lawsuit to protect anything else other than their own exposure. This is an immoral and unconscionable SLAPP suit that should be dismissed.

18. PARAGRAPH 16 – how dare you claim that our church is not a real church but only “purports to be a church.” Freedom Tabernacle has operated as a Christian church since 2011, a full 9 years before I ever even met Ammon Bundy. We have Christian services, bible studies, baptisms, marriages, and engage in a whole host of other Christian ministries. We follow the Biblical example of a house church (1 Corinthians 16:19, Philemon 1:2, Romans 16:5) and therefore don't waste God's resources on commercial rent and the like. Just because you don't like the members of the church doesn't give you the right to claim that the church is not real. You should be ashamed of yourselves. Furthermore, you contradicted yourself by stating that Freedom Tabernacle only “purports to be a church” but then go on to claim that I am “financially motivated to grow Freedom Tabernacle,” which infers that you recognize it as an actual church. Additionally, you claim that I used an

“enhanced profile and manufactured conspiracy relating to the Infant to sell three-day “training” courses through Power Marketing for which he charges \$15,000 per student.” This only demonstrates your incompetence, foolishness, and ignorance. I have never used anything relating to Baby Cyrus to sell anything, EVER! What you are evidently referring to is a broadcast on Rick Green’s podcast where we discussed the Baby Cyrus case before going on to promote a 3-day Entrepreneurial Boot Camp for young people to learn how to become entrepreneurs. What you failed to pay attention to was the fact that this 3-day course, was given to the 20 students who would attend it for FREE! Again, you have shown that you are so completely possessed with wickedness and evil, that your confirmation bias does not allow you to see any truth, facts, or reality, even when it is clearly described for you. Go back and watch the video again. This is just more evidence that the plaintiffs and/or their counsel are unethical in their malicious intent to try and deny me my 1st amendment right to free speech and to financially destroy me using this very court as a weapon, that they are unable to tell the truth, or at least state facts accurately, in their official court filings.

19. PARAGRAPH 17 – again, the plaintiffs or their counsel are simply unable to get facts right and likewise are attempting to just throw enough mud at the wall in the vain hope that some of it will stick. The corporate entities mentioned have nothing to do with the Baby Cyrus case, but are all separate entities. And even if they weren’t, that would have no relevance to the case, particularly and specifically since no defendant named in this case has ever gained a single penny off of Baby Cyrus’s kidnapping. On the contrary, we all suffered greatly, both emotionally and financially.

20. PARAGRAPH 18 – FreedomMan.org is my personal blog. There is no “Freedom Man Press, LLC” and the plaintiffs know that. And we do not advocate for the harassment of political opponents through “doxing” as this paragraph claims. But even if I did, that would not be illegal. So again, plaintiffs or their counsel are showing their deep seated desire to bring as much nonsense to the case as possible to frustrate the process and to bury me and the defense in meaningless discussions and debates about irrelevant subjects. This just amounts to more whining and complaining as if the plaintiff is a child on the recess playground using the court system to gripe about others who did or said things they don’t like. The court should not allow itself to be abused in this fashion.

21. PARAGRAPH 21 – I do not believe the court has personal jurisdiction over me based on Idaho Code § 5-514 since I have not done any of the acts

enumerated in this statute.

22. PARAGRAPH 22 – The venue is not proper according to the Idaho Code §§ 5-401 and 5-404 as no real property is under consideration, and I was not a legal resident of Idaho at the time of Baby Cyrus’s kidnapping.

23. PARAGRAPH 24 – Idaho’s statute is much more specific than just “concerns about a child’s safety.” The statute specifically states, that a mandatory reporter must report if a child under 18 “has been abused, abandoned or neglected or who observes the child being subjected to conditions or circumstances that would reasonably result in abuse, abandonment or neglect...” If there is no reason to believe that parents are abusing or causing a child to be abused, abandoned, or neglected, then there is no requirement to make a referral to IDHW. A parent refusing medical advice does not qualify as “abuse.” So the entire foundation of any CPS referral for Baby Cyrus is false unless anyone can provide evidence that Marissa and Levi (Baby Cyrus’s parents), were abusing Baby Cyrus or were subjecting him to conditions or circumstances that would reasonably result in abuse. Nobody has provided a shred of evidence to this end. Therefore, the entire case was baseless from the start.

24. PARAGRAPH 25 – As already mentioned and already proved repeatedly in public in multiple venues and which can clearly be seen with the evidence provided on this page (<https://www.freedomman.ws/cyrus/archive/zero-evidence-for-imminent-danger/> and <https://www.freedomman.ws/cyrus/archive/they-lied-to-you-baby-cyrus-was-healthy-baby-when-kidnapped/>), Baby Cyrus was never in “imminent danger” and the police who took him knew he was not in imminent danger. The Idaho Department of Health and Welfare knew he was not in imminent danger, and St. Luke’s Hospital knew he was not in imminent danger. The IDHW and the Meridian Police department both knew because they had already prepared to take Baby Cyrus to a foster family within minutes of him being kidnapped but only decided not to do so because protestors had gathered in front of the hospital. This was published in the medical report and the entire world has seen it. If Baby Cyrus was about to die being in “imminent danger” then why would they take him to a foster family, to complete strangers who are not doctors, to be put in their custody? Obviously, he was not in “imminent danger” and they knew it. St. Luke’s hospital likewise knew because the doctor who reviewed Baby Cyrus when he was brought in clearly stated in her report that Baby Cyrus was a perfectly “healthy baby” and that there were “no acute life threats” noted. Very specifically, the St. Luke’s doctor stated that Baby Cyrus’s life was not in danger at all. To keep Baby Cyrus after making this official diagnosis is both

evil and diabolical.

25. PARAGRAPH 27 – Baby Cyrus was determined by St. Luke’s hospital itself to not be in imminent danger. So the entire case is a farce.

26. PARAGRAPH 30 – It is a complete lie to state that Baby Cyrus would not breastfeed. On the contrary, nursing was at the time his only source of nutrition. To take him away forcefully from his only source of nutrition was, in and of itself, the greatest form of child endangerment imaginable.

27. PARAGRAPH 32 – In this paragraph the plaintiffs are tacitly admitting that Dr. Natasha Erickson used CPS as a threat in order to force Levi and Marissa to obey her. CPS is supposed to be used to protect children not used as a weapon to control parents.

28. PARAGRAPH 33 – Numerous doctors have already stated and will provide affidavits if necessary to describe how the nasal feeding tube given to Baby Cyrus was totally unnecessary. Not only was it unnecessary, but after returning home from St. Luke’s custody, Baby Cyrus had a C-DIFF infection which is a terrible infection that is known to come from hospitals and specifically from nasal feeding tubes. Nurse Tracy Jungman even jammed the tube back into Baby Cyrus’s nose after it had fallen out, and had been dangling about for hours, without sanitizing it, sterilizing it, or replacing it. Baby Cyrus did not have a C-DIFF infection before being kidnapped and this infection has taken a serious toll on Baby Cyrus. The only known place where Baby Cyrus could have contracted this infection is at St. Luke’s hospital.

29. PARAGRAPH 35 – This is an outright lie and it is shocking that you would include such a lie. It either demonstrates your complete lack of respect and disregard for the court system, or your utter incompetence since you are claiming that “neither Dr. Erickson nor any St. Luke’s employee initiated contact with child welfare or any other division of DHW regarding the Infant’s hospitalization.” However, we have the medical records that clearly state that Dr. Natasha Erickson is the one who made the CPS referral. Why do you lie so blatantly when your own records state the opposite?

30. PARAGRAPH 36 – This is another outright lie. Nobody tried to arrange a visit to the Infant’s home on March 5th or 6th. And there are no records demonstrating otherwise. Specifically, there were no voicemails or text messages left for Levi or Marissa to return.

31. PARAGRAPH 40 – How could the Idaho Department of Health and Welfare make the diagnosis of Baby Cyrus being in a “life threatening and/or emergency situation” when no single solitary person at the Idaho Department of Health and Welfare had seen Baby Cyrus personally? How can you make a diagnosis without seeing someone?

32. PARAGRAPHS 44 & 45 – The lies are endless! The police came to a house where I had an office for my business. I did not live in that house, nor did Levi and Marissa. Nobody lived in that house—it was used as an office. The day police came, I answered the door and there were 3 other young men helping me pack since we were tearing the entire office down and were preparing to move it all out of state. So there are 3 witnesses to attest to the fact that nobody “refused to cooperate, provide information, or let the officers see the infant.”

33. PARAGRAPH 47 – More lies and/or incompetence demonstrating the inability of the plaintiffs or their counsel to report any factual data accurately. Here it states that “When the police left the house to get a warrant, the Infant and the Infant’s parents moved to another location.” You people are so ignorant and incompetent and so willing to LIE that you never even check your data to ensure your facts are right. The house they came to was 1876 E Adelaide in Meridian, Idaho, and Levi and Marissa have never lived at that address. Furthermore, they were not present at the time that the police came, so this claim is completely false. If the plaintiffs and/or their counsel can’t be trusted to get basic facts right, then how can this baseless case be considered anything more than a frivolous lawsuit with fake allegations that can’t be trusted?

34. PARAGRAPH 49 – Levi and Marissa never “refused to cooperate.” On the contrary, Marissa kindly and gently cooperated with police officers who promised her she would never be separated from Baby Cyrus and that she could ride with him to the hospital. Millions of people have seen the belligerent thug, Sargent Christopher McGilvery lie multiple times to Marissa’s face and tell her she would not be separated from Baby Cyrus. The truth is that Meridian Police refused to cooperate with Levi and Marissa who are the legal parents of Baby Cyrus and who have never done a thing to put him in harm. By kidnapping Baby Cyrus, the police were endangering Baby Cyrus since he has cyclical vomiting syndrome and his only source of nutrition at the time was his mother’s breast milk. The police knew this as Marissa told them, yet they took him anyway. This is pre-meditated child endangerment! Additionally, the police abused Levi, Marissa, and Baby Cyrus’s aunt by physically harming them, slamming Levi’s face against the truck, handcuffing him without cause, ripping Miranda (Baby Cyrus’s aunt)

truck, handcuffing him without cause, ripping Miranda (Baby Cyrus's aunt) through the window and falsely arresting her without cause, and then arresting Marissa without cause and putting her in handcuffs after suffering the trauma of having her only child ripped from her arms by thugs with guns, and then being subject to physical humiliation when a police officer, Sean King (who had previously resigned his position at the Caldwell police department during an investigation for sexual misconduct), groped Marissa and put his hands up her blouse and down her pants and around her waist. All of this can be seen from the bodycam footage which has been posted for all the world to see. And millions of people have seen it and have been rightfully appalled at the misconduct of these tyrannical police officers.

35. PARAGRAPH 51 – I don't care if St. Luke's had any authority or role in the taking of Baby Cyrus. The point is that St. Luke's received Baby Cyrus after he was kidnapped and kept him in their custody, earning over \$34,000 from him, even after their own doctor diagnosed him as being a "healthy baby" and not having any "acute life threats"—meaning that Baby Cyrus was never in imminent danger.

36. PARAGRAPH 53 – This is simply not true. Baby Cyrus has Cyclical Vomiting Syndrome which is a genetic disorder that causes him to go into long fits of vomiting. St. Luke's doctors were totally unable to diagnose this problem and totally incompetent in their handling of the situation. And Baby Cyrus's health did not "dramatically worsen" under the parent's care. The truth is he dramatically worsened under St. Luke's care and even contracted a C-DIFF infection.

37. PARAGRAPH 54 – Baby Cyrus's health did not improve. He simply gained water weight from the nasal tube and the I.V. But that does not equate to "health."

38. PARAGRAPH 55 – How remarkable that the plaintiffs include this statement when it was Dr. Natasha Erickson from the get-go who could care less to listen to any of Baby Cyrus's medical history from the parents when they first came to St. Luke's. Marissa attempted desperately to explain Baby Cyrus's history, her experiences with Baby Cyrus, and specific accounts and anecdotes regarding his vomiting episodes, but Dr. Natasha Erickson wouldn't listen, didn't care, and would not even let her finish as she simply determined to do what she was going to do and order up all the tests she wanted and to follow her allopathic protocols, whether they worked or not.

39. PARAGRAPH 57 – I never once stated that St. Luke's vaccinated Baby Cyrus. So here they go lying again. How many lies are they going to tell

before the court realizes that this is a baseless and frivolous case, based on lies and rightfully throws the case out? However, they certainly did “harm Baby Cyrus in irreparable ways.” In fact, Baby Cyrus has suffered since he was returned with what can only be described as PTSD. How sick and disgusting is a hospital that won’t even allow a child’s parents to stay with him? If they truly cared for Baby Cyrus, they would have allowed Levi and Marissa to stay with him permanently. And if they cared about righteousness and morality, they never would have kept Baby Cyrus in the first place.

40. PARAGRAPH 58 – the assessment that Baby Cyrus’s condition improved significantly is doubtful at best, completely erroneous at worst. In any event, it is still subjective as we have other medical experts who would beg to differ. Having St. Luke’s make conclusions about their quality of care is like asking the government to review itself to see if they acted tyrannically or not. The conclusion will always be the same, “we audited ourselves and we determined that we have done nothing wrong.” Sorry, but that is simply not acceptable or believable. Baby Cyrus’s C-DIFF infection alone is sufficient evidence that he did not improve while being held illegally as a medical prisoner at St. Luke’s hospital.

41. PARAGRAPH 61 – Baby Cyrus did not have a severe, life threatening malnutrition or dehydration, and even if he did, it was not and would not have been caused by his parents and therefore it was illegal to forcefully remove him from his parent’s custody.

42. PARAGRAPH 62 – what “other defendants” are you referring to? You previously stated that People’s Rights (which is not a legal entity and does not exist legally) is indistinguishable from Ammon Bundy and that Freedom Man Press (which likewise does not exist legally) and Freedom Man PAC are indistinguishable from Diego Rodriguez. So which one is it—are Ammon Bundy and Diego Rodriguez the only defendants since they are indistinguishable from the entities named as co-defendants? Or are there “other defendants” as you have stated in this paragraph?

43. PARAGRAPH 63 – Here you go again making demonstrably and empirically false claims with no evidence whatsoever. And not only do they make no sense, but they are shockingly ridiculous. Ammon Bundy does not make any money off of his “personal brand” nor do I. My own work and business are not connected in any way to any political activism and all efforts that I have made in regards to Freedom Man PAC, Freedom Man Press (my own personal blog), or the Baby Cyrus case have cost me money and

not earned me a dime. A simple browsing of Freedom Man PACs donation records with the Secretary of State will show that monies donated to the PAC for political marketing campaigns were donated by myself. So I have paid out of pocket for all political activity, and I likewise self-funded any and all costs associated with the Baby Cyrus kidnapping.

44. PARAGRAPH 64 – You just can't stop telling lies and making yourself a psychology textbook example of "projection" where you accuse others of doing what you would do. First of all, the only thing we intended to do was EXPOSE the wickedness of all bad actors in Baby Cyrus's kidnapping story so that we could get Baby Cyrus returned home safely before he was killed by St. Luke's hospital (which was a real and genuine threat since they have a history of killing children through incompetence—a history which has been documented from real stories already published through news websites and even a personal story from a personal friend whose 10 month old son was killed by St. Luke's hospital's incompetence). In the process of doing so, we discovered the government subsidized child trafficking scheme which has been going on since 1997, and I felt duty bound by God to expose this and publish it as far and wide as possible. And I will continue to do so, since it is 100% accurate and true. It is a fact that the federal government financial incentivizes local states to kidnap children without just cause, and it is a fact that nearly all the agencies involved and untold numbers of bureaucracies financially profit off of this child trafficking including the Idaho Department of Health and Welfare and St. Luke's hospital. These are simple facts that cannot be disputed.

45. PARAGRAPH 65 – As previously stated the explanation, exposition, and publication of "state-sponsored child kidnapping and trafficking" that included the plaintiffs is 100% accurate. There is no debate about whether or not what I have published is true. The only issue is whether or not the plaintiffs like the fact that I am publishing it. They obviously do not, and that is why they have initiated this SLAPP suit.

46. PARAGRAPH 66 – Defamation occurs when someone makes a false statement of fact to a third party and causes another harm as a result. In order for me to have defamed any of the plaintiffs, I would have had to make a knowingly false statement with malice for the purpose of intentionally harming the plaintiffs. True statements, or statements of opinion (things that I believe to be true), are not defamatory and cannot be litigated against. This entire case is therefore frivolous because everything I have stated is either 100% true and accurate or it is an opinion that I believe to be true. Furthermore Idaho State Statute 18-4801. States clearly, "LIBEL DEFINED. A libel is a malicious defamation, expressed either by writing

DEFINED: Malice is a malicious defamation, expressed either by writing, printing, or by signs or pictures, or the like, tending to blacken the memory of one who is dead, or to impeach the honesty, integrity, virtue or reputation, or publish the natural or alleged defects, of one who is alive, and thereby to expose him to public hatred, contempt or ridicule.” In my case, there was no “malicious defamation” at any point of time. I simply published things that are factually true and/or things that I believe to be factually true (my opinions). Additionally, St. Luke’s hospital and its employees are pseudo public figures seeing as though a very large portion of their revenue comes from government payments. Also, Idaho State Statute 18-4804 clearly states that malice is only presumed if “An injurious publication is presumed to have been malicious if no justifiable motive for making it is shown.” Well, it is very obvious that there are at least two very justifiable motives for exposing state subsidized child trafficking in Idaho (and nationwide). First, it was to see to it that Baby Cyrus was returned to his parent’s custody before further harm or death come to him. And second it was to expose the wickedness of the state subsidized child trafficking “ring” which I now believe to be a personal call from God—a duty far superseding any force or compulsion the government would try to tyrannize me with.

47. PARAGRAPH 67 – I never told anyone to “dox” anyone at any time. Furthermore, even if I did, “doxing” is not illegal nor is it slanderous or defamatory. In fact, it is a Constitutionally protected right to have free speech and to assemble (in the case of protests).

48. PARAGRAPH 68 – As has already been described and explained, there was no defamation nor any evidence thereof. On the contrary, everything I have published is 100% accurate and true, or it is my opinion that I believe to be 100% accurate and true. I have personally given the plaintiffs and their counsel the opportunity to prove that any statement I have ever made or published was false, and they have failed to produce a single shred of evidence demonstrating any false statements on my behalf. This lawsuit is therefore frivolous and unconscionable and should be dismissed at once, lest the plaintiffs and their counsel learn to believe that they can manipulate the court system and use it as a weapon for their own pleasure regardless of how many Constitutional rights, civil rights, and other rights they destroy in the process.

49. PARAGRAPH 69 – There were no “false claims,” and since the plaintiffs have failed to produce a single shred of evidence that a false claim was made, particularly and specifically when the vast majority of all claims I have made are easily substantiated with publicly available data, then all

complaints to the contrary are null and void. Plaintiffs must stop making false assertions immediately.

50. PARAGRAPH 70 – I am not responsible for the fallout which comes after truthful information is published about someone or some entity. I understand that if I willfully spread a false statement with the intention of harming another, that I am responsible for the consequences as that is true defamation. However, if I publish true information about evil activities on the behalf of another party, the consequences of that publication rests on the shoulders of those who committed the evil deeds. If St. Luke's loses business or prestige because the public learns that they profit off of the illegal, immoral, and unconscionable government subsidized child trafficking system that kidnaps approximately 4 children per day in Idaho—then those consequences belong on St. Luke's itself. If they don't want to face those consequences, instead of suing private individuals for exposing them, they should consider the option of simply not participating in government subsidized child trafficking any longer!

51. PARAGRAPH 71 – This is an absolutely ridiculous statement. What I knew and believed to be true at the time, and which has only been confirmed and validated much more profoundly since that time is that there is no justice for families who have been victimized by the government subsidized child trafficking system. Not only are parents forced to jump through endless hoops, logistical obstacles, outrageous legal expenses, total disruption and destruction of their livelihood, and more—but many children are completely lost (yes, they actually disappear forever) by IDHW and Foster Care in general, and many others end up seriously abused or dead. Baby Cyrus's condition as a baby who at the time of his kidnapping could only feed off of his mother's breastmilk was particularly dangerous since he could easily have died from lack of nutrition or care in St. Luke's custody and the hospital would have just blamed it on the parents—a technique that they have used for years in many other cases and which they used quite profitably during the COVID scam. Therefore, time was of the essence as Baby Cyrus's life was literally at risk. So no, there was no legal process or option to “address the custody and welfare of the infant,” especially and particularly since the entire kidnapping was predicated on a false premise of “imminent danger” which has already been proven to be false.

52. PARAGRAPH 72 – This is a useless attempt to create a straw-man argument that would only work against an ignorant judge or jury and such arguments are only used by legal teams who have no respect for the intelligence of said judge(s) or juri(es). What we actually knew and know is

that St. Luke's was receiving compensation for maintaining Baby Cyrus in their unlawful custody. We knew and know that the Idaho Department of Health and Welfare is financially incentivized to kidnap as many children as possible being paid millions of dollars annually by the Federal Government to do so. We knew and know that Baby Cyrus was illegally kidnapped by Meridian Police who broke at least 8 laws when they kidnapped him and based the entire kidnapping off of the false lie of "imminent danger" which has already proven to be false (the 8 Idaho laws that were broken can be seen here: <https://www.freedomman.ws/cyrus/laws-that-were-broken/>). We knew and know that Baby Cyrus was in physical danger and his life was threatened by being away from his mother's love, care, nurture, and most importantly—her breastmilk, which was the only source of nutrition that Baby Cyrus had received up to the time he was kidnapped, and the only source of nutrition that he demonstrated he could maintain. What we knew and know is that St. Luke's hospital has already killed other babies through incompetence as demonstrated by this article published by the Idaho Statesman

<https://www.idahostatesman.com/news/local/article41570394.html> and also by the personal testimony of Ed Danti, a family friend, who had his 10 month old child killed through medical incompetence from the St. Luke's staff (his testimony can be seen here <https://stlukesexposed.ws/truth-about-st-lukes/how-st-lukes-killed-a-10-month-old-baby/>). What we knew and know is that this government subsidized child trafficking system is so deep rooted, pervasive, and profitable, and that the bad actors involved have so much to lose by being exposed, that most previous attempts by whistleblowers, investigative journalists, and others end up in their own "mysterious deaths." This includes well known and prominent Georgia Senator who was murdered in her own home after publishing the scathing report, "The Corrupt Business of Child Protective Services" and who simply published and declared many of the same things that I have published and declared. So yes, the issue is serious and yes, I knew and know that everything I said and published was true and that St. Luke's would not want me to publish it. This very lawsuit, as frivolous and unconscionable as it is, simply serves to ratify, verify, and confirm what the public was already thinking and believing—that St. Luke's hospital is in fact guilty of the very things we have said they are guilty of (namely being willful participants in a government subsidized child trafficking system), and that they should not be trusted.

53. PARAGRAPH 73 – We never once engaged in any "wrongful acts." On the contrary, St. Luke's and the other plaintiffs engaged in many unlawful acts. Primarily, "kidnapping," which is defined by Idaho State Statute § 18-4501 as "*KIDNAPING DEFINED Every person who willfully Leads takes entices*

...[or] every person who knowingly takes, carries away or detains a child under the age of sixteen (16) years, with intent to keep or conceal it from its custodial parent, guardian or other person having lawful care or control thereof, or with intent to steal any article upon the person of the child..." By this legal definition, St. Luke's and all other parties involved in Baby Cyrus's kidnapping committed the illegal acts of legally defined "kidnapping" since they "detained a child under the age of 16 years with the intent to keep...it from its custodial parent...[or] to obtain money, property or reward or any other thing of value for the return or disposition of such person is guilty of kidnaping [sic]." Since Baby Cyrus was illegally taken from his parent's custody, and St. Luke's Hospital was fully aware that his forceful kidnapping was illegal since it was their own doctor who pronounced that Baby Cyrus was not in "imminent danger" and that he was a "healthy baby" who had "no acute life threats," and since St. Luke's did not allow Baby Cyrus's parents to be with him continuously, but rather kept him in their own custody racking up a bill and earning compensation from the government for at least \$34,000 (and likely much more), then this is the exact definition of kidnapping according to Idaho law, and St. Luke's is guilty of it. They are the ones who committed "wrongful acts."

54. PARAGRAPH 74 – This false claim has already been refuted above, but for sake of clarity, the only goal I had in publishing the truth about the plaintiffs was to 1) see to Baby Cyrus's safe return as quickly as possible and 2) to ensure that the public was aware of the evil of government subsidized child trafficking that we uncovered (but were previously unaware of).

55. PARAGRAPH 75 – Again, everything I stated in this regard was factually accurate. Baby Cyrus was reviewed by the doctor onsite at St. Luke's hospital when he was kidnapped and the doctor said that Baby Cyrus was a "healthy baby" and that "no acute life threats" were noted. Likewise, the parents only missed that one single medical appointment (which is not a justifiable reason for medical kidnap anyway), and we have the medical report which plainly declares that Dr. Natasha Erickson is the one who made a referral to CPS. So this paragraph is just "lie after lie after lie" demonstrating again the frivolous nature of this lawsuit.

56. PARAGRAPH 76 – This is the third time in this complaint that the plaintiffs have alleged that Dr. Natasha Erickson never contacted DHW regarding the infant. However, the medical records show this to be false as anyone can see in the screenshot below:

Additionally, Dr. Erickson threatened to call CPS for Levi and Marissa wanting to leave the hospital without her consent (a threat called “AMA – against medical advice”) which has already been admitted by the plaintiffs in paragraph 32 of the complaint. And the day after Dr. Natasha Erickson made this threat, Marissa was visited in the hospital by a social worker from CPS.

57. PARAGRAPH 90 – I was not a paid marketing consultant for the Bundy Campaign. On the contrary, I did not earn a single dime of profit for any support I gave the Bundy for Governor campaign. It is against my personal belief system to profit off of political campaigns. You can feel free to ask any other elected official in Idaho’s current government including but not limited to Congressman Russ Fulcher, Attorney General Raul Labrador, State Representative Jason Monks, former Secretary of State Lawrence Denney—all of whom I supported and helped their campaigns—how much money I charged them for my “marketing support” or help. I cannot and will not profit off of political activism as it is against my personal convictions to do so. I believe in having a righteous government system and such a system can only be maintained if financial incentives are not held by the individuals involved in the process. Therefore, I support the individual candidates I believe in, and I refuse to earn any profit from the process.

58. PARAGRAPH 93 –

a. “St Luke’s parties were participating in a conspiracy to kidnap, traffic, sexually abuse, and kill children.” This statement is mostly true, though it conflates, confuses, and mixes many different elements of the truth and what has been published. It is true that St. Luke’s hospital does participate in government subsidized child trafficking, and they likewise profit off of it. However, I have never stated that St. Luke’s sexually abuses any children, though I have stated (because it is true), that many children who are taken by the government subsidized child trafficking system and placed into foster care do end up being sexually abused, and the Foster Care system

nationwide admits this to be true. Additionally, I have claimed that children are killed while in St. Luke's care, a fact that has already been substantiated in this response above.

b. "St. Luke's parties were running a child trafficking ring in order to profit from tax dollars." No, St. Luke's is not running a child trafficking ring, rather, they are participating in the government subsidized child trafficking ring that is run in Idaho by the Idaho Department of Health and Welfare.

c. "St. Luke's parties were abusing and harming the Infant in irreparable ways." They did harm Baby Cyrus in irreparable ways. That is my subjective opinion, and I stand by it to this day. Additionally, the family and I are in agreement in our belief that Baby Cyrus's C-DIFF infection was contracted at St. Luke's hospital as he did not have the infection previous to his kidnapping, and there is no other likely place for him to have contracted this infection.

d. "St. Luke's parties harmed and killed babies all the time." St. Luke's has harmed and killed babies. I have already given two specific examples above and this does not include the number of children who were killed on ventilators during the COVID scams, through vaccine injuries that were forced on children through intimidation and fear, or any other illegitimate means to which the hospital knows it should not be doing. John Hopkins University published a study declaring death from doctors in allopathic hospitals (including St. Luke's) to be the 3rd leading cause of death in America, and being statistically responsible for 250,000 to 400,000 deaths every year (<https://www.cnbc.com/2018/02/22/medical-errors-third-leading-cause-of-death-in-america.html>). Only God knows how many of those deaths are minors at St. Luke's hospital but the evidence is clear that St. Luke's hospital does kill children, whether on accident or on purpose is not relevant to this case since Baby Cyrus was held in St. Luke's possession against the family's will.

e. "St. Luke's parties kidnapped the infant and other children." No, St. Luke's was a willful participant in Baby Cyrus's kidnapping seeing as though they were the ones who received Baby Cyrus and kept them in their custody after he was forcefully and illegally kidnapped by Meridian police officers.

f. "St. Luke's parties were 'moronic imbeciles' who neglected the Infant." I wholeheartedly believe this to this day. St. Luke's did not demonstrate a shred of competence, medically or ethically, in their treatment of Baby Cyrus after he was kidnapped. Baby Cyrus has Cyclical Vomiting Syndrome, and they didn't even properly clean off his face when he vomited causing

and they didn't even properly clean off his face when he returned causing burn marks to appear on his face as has been shown to the public in pictures taken of baby Cyrus after his parent's first visit with him. Only incompetent and moronic imbeciles would leave a baby ALONE who has Cyclical Vomiting Syndrome and allow him to wallow in his own vomit. That is exactly how St. Luke's treated Baby Cyrus.

g. "St. Luke's parties stole the Infant." Technically, it was Meridian Police who "stole" baby Cyrus, but if someone robbed a bank you only knowingly received the stolen money after another robbed the bank, aren't you still guilty of being an accomplice in the crime? Of course you are! Likewise, St. Luke's is guilty of being the knowing accomplice to Baby Cyrus's kidnapping.

h. "St. Luke's changed the infant into someone who was unrecognizable, lethargic, and unresponsive." This is 100% factually accurate, and these are the very words of Baby Cyrus's own mother. And how would St. Luke's know otherwise? Did they raise him for 10 months prior to his kidnap? Do they have a point of reference to know how Baby Cyrus acted before his kidnap? Only the family, particularly Baby Cyrus's parents, would be qualified to make such a conclusion, not St. Luke's hospital or its staff. And this is the quote from Baby Cyrus's own mother which is one I stand by to this day.

i. "St. Luke's failed to keep the infant clean." This is a fact that is substantiated by both medical records and pictures which have already been published.

j. "St. Luke's caused the Infant 'suspicious' bruising." This is also true and the pictures of his brusies have already been published.

k. "St. Luke's lied about the Infant's treatment." We definitely still believe this to be true as the doctors were not forthcoming with their treatment, and we didn't get the unredacted medical records back until January of 2023, nearly 9 months later. That is a significant amount of time to pass which would enable many changes to be made in the medical records and history. And the way that the staff handled the records that Levi (Baby Cyrus's father) received early on in the process gave the family reason to believe that the records were tampered with since they would not simply print out the records and hand it to Levi—rather, they made him wait and wait until their lawyer had to call and threaten legal action against St. Luke's for not providing the records.

l. "St. Luke's parties vaccinated the Infant against the family's wishes." I never said that. Though I did question whether they vaccinated Baby Cyrus

as he had 4 pricks in his body that are consistent with needle pricks, and were not on Baby Cyrus's body before he was kidnapped.

m. "St. Luke's parties were 'medically negligent.'" I wholeheartedly believe this to be true. On many occasions this was demonstrated to our family. Some examples are (but not limited to): Dr. Natasha Erickson refusing to listen to the parents regarding the medical history of Baby Cyrus, Dr. Natasha Erickson refusing to let Baby Cyrus have an enema when he clearly needed one, St. Luke's allowing Baby Cyrus to wallow in his own vomit, Nurse Tracy Jungmann forcing an exposed nasal tube back into Baby Cyrus's nose and stomach without sanitizing it or replacing it, and Baby Cyrus more-than-likely contracting a C-DIFF infection from St. Luke's hospital.

n. "St. Luke's was 'world famous' for 'mistreating people,' 'killing people,' and 'stealing babies from their parents.'" St. Luke's has certainly earned a reputation for mistreating people as can easily be seen by how they treated their own employees who refused to get the COVID vaccine. Also, anecdotal stories regarding horrible treatment from St. Luke's can easily be acquired by simply asking people to tell you their stories in online forums, social media, or the like. St. Luke's has a horrible reputation which was only exacerbated by their tyrannical actions taken during COVID which certainly included killing many people on ventilators when the public knew that the ventilator protocols they were using would definitely kill the people who were on them. And as has previously been established, while St. Luke's hospital does not personally engage in the kidnap of children, they do participate in the process making them an accessory to the crime of kidnap.

o. "St. Luke's forced the Infant to take 'toxic poison' which was then allowed to stay in the infant's body for days." This is in reference to the barium contrast that St. Luke's made Baby Cyrus take which the CDC has already recognized as being a toxic substance (<https://www.cdc.gov/mmwr/preview/mmwrhtml/mm5243a5.htm>) and which caused Baby Cyrus harm and discomfort as noted by Baby Cyrus's parents.

p. "St. Luke's parties changed and falsified information in the medical records to protect themselves." I still believe this to be true for the reasons stated above in sub-paragraph K.

q. "Mr. Roth was guilty of criminal accessory of child abduction and deprivation of rights under color of law." I do not remember saying this, nor

do I believe that I said it. However, I do agree that St. Luke's hospital is a criminal accessory to kidnapping as defined by Idaho State Statute § 18-4501 and explained in section 54 above in this response.

r. "Mr. Roth personally profited from the pandemic." I believe this to be true by simply comparing the income of Mr. Roth before the pandemic to his income after St. Luke's had received "COVID monies" from the federal government (and comparing said income with other executive staff members before Mr. Roth), one can conclude easily that Mr. Roth did, in fact, profit and benefit personally from the pandemic.

s. "Dr. Erickson was responsible for the Infant's kidnapping." Dr. Erickson was the one who first initiated contact with CPS as already noted in section 57 above. For that reason, one can conclude that she bears a measure of responsibility for the entire scenario since she used her position as a doctor and someone who CPS responds to as a weapon to get her way, in evident total disregard for the actual safety and wellbeing of Baby Cyrus.

t. "Dr. Erickson participated in kidnapping 'hundreds of children' with the help of a judge." I definitely believe this to be true, though it could be "thousands" and not "hundreds." If this case is not rightfully dismissed as being a frivolous lawsuit, then discovery on this case will demonstrate just how many children have been referred to CPS by Dr. Natasha Erickson and just how much money St. Luke's hospital has received for having these children in their custody after they were kidnapped. And not just Dr. Natasha Erickson, but ALL of St. Luke's doctors and staff—we will find out how the staff of an organization who receives compensation for having kidnapped babies in its custody regularly and inappropriately uses this power to be financially rewarded. This type of setup, by the way, in any other industry would be considered a "conflict of interest" and would not be allowed. And in some industries, this type of conflict of interest where "authorities" are financially incentivized to make false or otherwise unethical claims or to give advice that they receive compensation for, is a punishable criminal offense.

u. "The infant 'possibly could lose his life because of the decisions of people [at St. Luke's] who don't even care about the infant." This is demonstrably true as I have already shown above that other infants in St. Luke's custody have, in fact, lost their lives due to St. Luke's decisions and incompetence.

v. "The hospital made the Infant 'more sickly.'" This is also true and has already been demonstrated by pictures of Baby Cyrus after he was returned to his parents. and by the testimony of his parents who know better than

anybody about the condition of their own child.

w. "Followers should put 'physical pressure' on those 'that are causing the problem.'" I never said this.

x. "Followers should disrupt St. Luke's operations by protesting, calling in, donating money, making noise, and giving the hospital 'hell.'" There is not a single one of those things that are illegal or malicious. What is malicious is kidnapping a baby from his parents and endangering that child by keeping him away from his only source of nutrition (his mother's breastmilk), and doing so because you are financially compensated by the government. That is evil, wicked, and illegal.

y. "God should crush the necks of those that are evil." I certainly do not remember saying this, nor is it in line with something that I would typically say since it is not an actual Bible scripture or a biblical quotation, which I would generally use. However, I am happy to claim it since I do agree that "God should crush the necks of those that are evil." If someone does not want to face God's wrath, they simply should not be evil. And if someone wants forgiveness, they can simply repent of their sins and wicked deeds. And in the case of St. Luke's and the bad actors who were responsible for Baby Cyrus's kidnapping, even my family is prepared to forgive all of those involved in his vicious, vile, violent, and unconscionable kidnapping.

59. PARAGRAPH 94 – If there was a disruption to St. Luke's operations that is St. Luke's fault for participating in child trafficking. They bear the sole responsibility for the consequences of their actions.

60. PARAGRAPH 96 – There was not a single defamatory remark made at my press conferences in front of the hospital, and the plaintiffs have failed to provide any evidence of one. Again, this only demonstrates the frivolous nature of this unconscionable lawsuit.

61. PARAGRAPH 97 – I am not aware of anybody harassing patients or staff, and I certainly never incited anybody to do so. In fact, I would be completely opposed to such harassment if it ever occurred. But again, St. Luke's is responsible for the consequences of their own actions, and let's consider the "anxiety and fear" that they have caused over the years for all of the families they have threatened with CPS, or who have had their children kidnapped by CPS because of St. Luke's inappropriate referrals, or of all of the employees of St. Luke's who were fired and lost their livelihoods for not taking the COVID vaccine, or of all the families whose loved ones were killed

by ventilators that St Luke's put them on, or of the total fear and anxiety of the confused minors whose genitals are mutilated by St. Luke's hospital in disgusting sex change operations that are performed there (being one of only 13 hospitals in the country that we know about who performs such disgusting genital mutilation processes).

62. PARAGRAPH 98 – This is a completely erroneous allegation. I, nor Ammon, nor anybody can “go so far as to cause St. Luke's to go into lockdown.” That is a decision that St. Luke's itself would have to make and it is one that we know they made in order to garner public support in their favor—since we had learned from many whistleblowers on the inside of St. Luke's and from the general sentiment of the public at large, that St. Luke's had already lost respect and support both in public and internally with their own employees. St. Luke's therefore had to create a “false flag” in order to turn public support back in their favor and therefore they created this false idea that there was some sort of threat that caused the hospital to go into lockdown. When this “lockdown” took place, we understood immediately that St. Luke's was trying to create this false narrative in order to garner public support, so we had some people go around at that very moment to film the protestors and to capture the exact scene outside of St. Luke's hospital at the moment they claimed they were under threat. This video can be seen as video #4 on this page <https://www.freedomman.org/cyrus/videos/>, and it clearly shows that St. Luke's is simply lying. The video shows mothers with strollers, grandparents, and genuinely peaceful protestors with signs on public sidewalks, who neither posed a threat, nor set foot on St. Luke's private property. St. Luke's has simply demonstrated their own wickedness once again!

63. PARAGRAPH 100 – it would be impossible to ascertain the level of financial ruin that parents and families experience after having their children illegally kidnapped. And most American citizens with decency automatically recognize this level of devastation and want to help with financial support. To this end, a GiveSendGo campaign was setup to help Marissa and Levi, and people voluntarily and graciously donated to their cause.

64. PARAGRAPH 102 – there was not a single defamatory remark ever made and the plaintiffs have still failed to produce any evidence of a single defamatory remark.

65. PARAGRAPH 103 – Solicitations for donations were made on the premise of people wanting to help with legal expenses and the family's expenses and ~~we did believe that the donations were going to pay St. Luke's medical~~

never did I claim that the donations were going to pay St. Luke's medical bills! On the contrary, we would never ask people to donate money to pay off an entity who was an accessory to Baby Cyrus's kidnap in the first place! However, I do believe wholeheartedly, and there is sufficient evidence to build the case that allopathic hospitals like St. Luke's structure all of their protocols specifically to maximize their own profitability and not to ensure their patients' health.

66. PARAGRAPH 104 – This paragraph is a tacit admission on behalf of St. Luke's that they do, in fact, receive compensation from the Federal Government for having Baby Cyrus in their custody. Once in their custody, they knew they could perform any treatment, test, or "service" on him that they chose, and that it would all be paid for by the government. They knew this "free money" was available to them, and they admit it right here in paragraph 104!

67. PARAGRAPH 105 – These statements are in direct contradiction with the testimony of the parents themselves. Levi and Marissa were not made aware that their costs were being covered by government assistance and would not have wanted such assistance if they were made aware of it. It is evident that the only one who wanted this government assistance was St. Luke's so they could use Baby Cyrus like a debit card, simply scanning his barcode (they literally put a barcode on his wrist), and ordering up every test, service, or "treatment" available so that they could financially profit off of Baby Cyrus with "free money" from the government.

68. PARAGRAPH 106 – Levi and Marissa are an honest, hard working family and did not want any assistance from the government so it is irrelevant that a patient financial advocate tried to get them to sign up for Medicaid. It only demonstrates that St. Luke's true concern was making money off of Baby Cyrus.

69. PARAGRAPH 107 – Marissa and Levi never applied for Medicaid meaning that St. Luke's or some agency connected to St. Luke's made this application without parental consent and did so in order to financially profit off of Baby Cyrus.

70. PARAGRAPH 108 – The kidnapping of Baby Cyrus did absolutely create huge financial liabilities for the Anderson family. This is including but not limited to: loss of income from inability to work, legal expenses, logistical expenses, new medical expenses (not from St. Luke's but from other providers who had to fix St. Luke's errors) and more.

71. PARAGRAPH 114 – I will never cease to publish and proclaim the reality and the wickedness of government subsidized child trafficking. It is real. It is going on every day in America. It happens nearly 4 times per day in Idaho. St. Luke's is profiting off of it as is the Idaho Department of health and Welfare. And it is my Constitutional right to be able to publish these facts to the world and I will do so, whether I am dead or alive, I will ensure that the publications go on.

72. PARAGRAPH 115 – The People Against Child Trafficking is also not a legal entity. It was simply the name we gave to a conference/seminar/meeting that we had to expose everything we had learned in the process of Baby Cyrus's kidnapping.

73. PARAGRAPH 118 – Every statement ("a" through "d") is accurate and I stand by them to this day.

74. PARAGRAPH 120 – As has already been demonstrated multiple times, no "defamatory speech" was used, and the plaintiffs have failed to provide a single shred of evidence to the contrary.

75. PARAGRAPH 126 – This is true and has already been explained repeatedly in this response.

76. PARAGRAPH 127 – Not only is it true that St. Luke's has profited off of the false kidnapping of Baby Cyrus, but they have admitted to it in their very complaint (by stating that they were paid by Medicaid for Cyrus), and new records demonstrate that they were compensated at least \$34,000 for having Baby Cyrus in their custody.

77. PARAGRAPH 128 – This must be in reference to the StLukesExposed.com website which I have created where I do state that St. Luke's is corrupt and wicked because it is both demonstrably true and also my opinion, which I wholeheartedly believe and can support with evidence.

78. PARAGRAPH 138 – First of all there, is no legally defined concept of "hate speech" in the State of Idaho. Nevertheless, my statements regarding homosexuals or members of the so called "LGBTQ+" community are not based in hate or malice, rather they are factual statements based on the Bible. It is apparent that counsel for the plaintiffs is personally offended by such speech, most likely because he is member of that community.

79. PARAGRAPH 139 – The evidence shows that the government subsidized

child trafficking ring, while historically have focused on preying on the poor and “minorities,” have made a significant shift toward preying on people of faith—particularly and specifically on people of faith who reject government propaganda and dogma and who choose to homeschool their children, reject vaccinations, and reject homosexuality. It is also a statistical fact that there is a disproportionate number of atheists, homosexuals, transvestites, and other communities of people who are hostile to Christianity who work at the Idaho Department of Health and Welfare and who have unchecked power over the lives of Christian people, up to and including the ability to illegally and immorally kidnap their children.

80. PARAGRAPH 141 (RESPONSE TO COUNT I) – The plaintiffs have failed to provide a shred of evidence that any statement or verbal pronouncement that I have made regarding them was false. Therefore this entire lawsuit is a sham, and it is frivolous and unconscionable.

a. This is true and I already responded to it above. Furthermore, plaintiffs have failed to provide any evidence that these statements were false or that I knew they were false and knowingly stated them in order to harm them.

b. This is true and I already responded to it above.

c. This is true and I already responded to it above.

d. “Defendants falsely and publicly accused Plaintiffs of kidnapping children.” As clarified above, I have accurately and publicly accused Plaintiffs of participating in child kidnap as defined by Idaho State Statute.

e. There were no threats to Plaintiffs that I caused. If someone else threatened or harassed St. Luke’s, then you can sue them for harassment.

f. I was not involved in the publication of these fliers, but I do support it.

g. Everything stated on the Freedom Man Press website is accurate. Furthermore, plaintiffs have failed to provide any evidence that these statements were false or that I knew they were false and knowingly stated them in order to harm them.

h. It is true that Dr. Natasha Erickson reacted negatively to Marissa and Levi choosing not to vaccinate Baby Cyrus, and likewise, it is also true that the day after she threatened to call CPS for not obeying her, a social worker from CPS did visit Marissa in the hospital to interview her.

i. I do believe and am still of the opinion that Dr. Erickson is incompetent at her profession for the reasons already stated above in this response.

j. I have already provided proof that St. Luke's does kill babies.

k. This is a statement from Ammon, not me, but I believe that Ammon is correct in his assertion.

l. These statements are conflated and confused. But, it is true that Nurse Jungmann does receive compensation from St Luke's hospital, who likewise receives compensation from child kidnapping as has already been demonstrated. It is also true that at the so-called CARES unit where Nurse Jungmann works, these nurses commonly inspect the genitals of little children who are complete strangers.

m. Nurse Jungmann never once reviewed, viewed, or diagnosed Baby Cyrus in person. Yet, she gave the diagnosis of "imminent danger" to the Meridian Police which was the claim necessary to give the police cover in order to kidnap Baby Cyrus. This diagnosis was demonstrably false, and it is definitely inappropriate and what I could consider "medical malpractice" to make a life-altering medical diagnosis over the phone, through a third party, without ever having looked at a patient in person.

n. St. Luke's was involved in the kidnapping of Baby Cyrus for profit and that has already been demonstrated with evidence in the public domain and by St. Luke's own admission in this very complaint.

o. I do believe St. Luke's, along with all other allopathic hospitals in the country, are connected to what can only be described as a "medical mafia." It consists of Big Pharma companies like Pfizer and others, and it is responsible for being the 3rd highest cause of deaths in America.

p. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

q. This allegedly was stated by Ammon, not me, but I don't believe he actually made this statement.

r. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

s. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

t. This was stated by Ammon, not me, but I do believe Ammon was correct in his assertion.

u. This is true and I already responded to it above. Furthermore, plaintiffs have failed to provide any evidence that these statements were false or that I knew they were false and knowingly stated them in order to harm them.

81. PARAGRAPH 142 – These statements were all true or I believe them to be true, as explained above.

82. PARAGRAPH 143 – Both at the time that I made these statements and still to this day, I know these statements to be true, and I can substantiate them all with evidence, which have already been published in the public domain and can be seen at the website FreedomMan.org/cyrus.

83. PARAGRAPH 145 – I made all of the published statements with the intent to expose the truth.

84. PARAGRAPH 146 – Not only is this not true as an accusation, but it's also not true as a matter of fact since no defendant in this case has earned a single penny of financial gain from this process; rather, on the contrary, we have all suffered financially as a result.

85. PARAGRAPH 147 – The statements are all factually accurate so they are not defamatory at all, neither per se nor per quod.

86. PARAGRAPH 149 – I cannot be held responsible for what others may or may not do in response to the publication of factually accurate information.

87. PARAGRAPH 150 – I have never used any hate speech, which is a term that does not exist or have any legal definition, but if any member of the so-called “LGBTQ+” community is offended by me mentioning Biblical truths in regards to their sin, the proper response is not to whine, complain, moan, or sue, but rather to repent and serve Jesus Christ.

88. PARAGRAPH 152 – Plaintiffs are knowingly, intentionally, willfully, and maliciously making false allegations against me. I have not made a single false statement about them, I have proven it by publishing the evidence to substantiate my claims, and have given them the opportunity to share their evidence and earn a public apology and retraction(s) from me; yet they have failed to provide a single solitary shred of evidence—only demonstrating

again that this case is entirely frivolous and not based on any factual evidence whatsoever. The case should be dismissed immediately.

89. PARAGRAPH 154 – I have published no false information whatsoever.

90. PARAGRAPH 155 – No statements that I've made were false, nor did I ever knowingly state any false information.

91. PARAGRAPH 156 – Any exposure of truth that shed light on any of the plaintiffs in this case did not put them in a “false light” but in “true light.” I can't help it if evil people and evil entities don't like it when light is shined on their darkness. John 3:19 “And this is the condemnation, that light is come into the world, and men loved darkness rather than light, because their deeds were evil.”

92. PARAGRAPH 157 – At the time I made the statements I have made I knew them to be true and accurate and still know them to be true and accurate.

93. PARAGRAPH 160 – Not a single act that I partook in was done with any malice nor was any of it false. However, because plaintiffs knowingly are lying about all of their allegations against me, they are weaponizing this very court to use as a tool to destroy me financially, and have even said so in private to others who have relayed the information to at least one Ada County Commissioner who has shared their statements with a member of my family, then this case should be rightfully noted as frivolous, heinous, unconscionable and shocking to the public conscience and to all humans with decency.

94. PARAGRAPH 162 – I have not acted in any extreme or outrageous conduct. How on earth could fighting through peaceful means to restore your grandson to his family after he was illegally kidnapped by force by people who were financially incentivized to kidnap him be considered “extreme or outrageous.” On the contrary, what is extreme and outrageous is for an entity or system to be financially incentivized to steal and kidnap children through violent methods, and to willfully participate in such a system while destroying the lives of innocent people. That is extreme and outrageous conduct and that goes way beyond the bounds of any decency in any civilized society. Kidnapping babies and getting paid for participating in such kidnapping is disgusting and outrageous. But peacefully protesting and publishing factual information is not extreme nor outrageous at all. In fact, it is common sense and reasonable. Furthermore, attempting to use the American justice system as a weapon to silence those who have exposed your wickedness is so far beyond the pale, so outrageous and so extreme

your wickedness is so far beyond the pale, so outrageous and so extreme, that the public have already deemed it and judged it to be evil, wicked, and diabolical. Once again, the plaintiffs and their counsel are demonstrating textbook “projection,” where they are accusing me of doing exactly what they are doing.

95. PARAGRAPH 173 – The plaintiffs and their counsel simply can’t stop lying. There wasn’t any revenue generated for any defendant in this case, period.

96. PARAGRAPH 174 – I was never asked to leave St. Luke’s property at any point in time. Furthermore any and all protesting was done on public sidewalks and not on St. Luke’s property. Had I mistakenly been on St. Luke’s property and had they asked me to leave their property, I would have done so. They are simply intentionally distorting facts to create a false narrative.

97. PARAGRAPH 175 – I never once blocked access to the hospital or disrupted hospital operations with my physical presence outside of the hospital. This is a bald-faced lie and the plaintiffs know it, but evidently don’t have enough respect for the judge, the future jury, or the American justice system to tell the truth.

98. PARAGRAPH 185 – Any time spent near St. Luke’s property was for the proper purpose of protesting against the illegal kidnapping of my grandson.

99. PARAGRAPH 188 – Again, I was never asked to leave St. Luke’s property at any point in time. Furthermore, any and all protesting was done on public sidewalks and not on St. Luke’s property. Had I mistakenly been on St. Luke’s property and had they asked me to leave their property, I would have done so. They are simply intentionally distorting facts to create a false narrative.

100. PARAGRAPH 189 – Again, I never once blocked access to the hospital or disrupted hospital operations with my physical presence outside of the hospital. They are repeating the same lie as in paragraph 175.

101. PARAGRAPH 190 – My presence outside of St. Luke’s hospital did not interfere with St. Luke’s ability to provide any service to any other client. That is a complete lie.

102. PARAGRAPH 191 – This paragraph shows the corrupt and twisted nature of the plaintiffs complaint and false allegations. They are now asking for

damages from “each defendant” even though they have previously claimed that the defendants are indistinguishable from Ammon and I. In my case, they are claiming Freedom Man PAC (which was a registered Political Action Committee in Idaho), Freedom Man Press, LLC (which does not exist as a legal entity and to which the plaintiffs admit does not exist), and Diego Rodriguez (the individual being myself) should each pay an amount no less than \$250,000. This is such an obvious “scam tactic” which is designed to triple the financial attack against me by forcing my actions to be placed on other entities which either don’t exist or were not involved. This is such a blatant abuse of the court system that it goes beyond the bounds of decency in a civilized society. If the court system was honest, true, and legitimate, this case would only have two defendants: Ammon Bundy and Diego Rodriguez. Previous to now, I assumed the addition of the additional entities, particularly two of them which don’t even exist (Peoples Rights Network and Freedom Man Press, LLC do not exist as legal entities) was simply another demonstration of incompetence on behalf of the plaintiff’s counsel. Now I see that it was part of the plan to triple the requested reward by forcing Ammon and I to pay triple for entities that don’t exist or were not a part of the lawsuit.

103. PARAGRAPH 193 – I have never once engaged in political activism for financial gain and would never do so as it is contrary to my personal beliefs and convictions. So this is another outright lie.

104. PARAGRAPH 195 – I have never once used the story of Baby Cyrus to advertise for Power Marketing. That is a bald-faced lie, and there is not a shred of evidence that I have ever done so. The plaintiffs and their counsel have told so many outright lies that it is completely outrageous and no rational nor decent human being could imagine doing so.

105. PARAGRAPH 196 – This assertion again shows the incompetence of plaintiff’s counsel in claiming that “FMP” which is “Freedom Man Press” “owns and operates FreedomMan.org.” First of all, in paragraph 18, the plaintiffs already admit that they have searched for “Freedom Man Press, LLC” and have determined that it does not exist as it is “not registered as an LLC in Idaho or registered to do business in Idaho.” That is because the entity “Freedom Man Press, LLC” does not exist and I have already testified, under oath, to this fact in a deposition with the plaintiff’s counsel present and asking the questions. Furthermore, I have never earned a dime directly or indirectly for the existence of FreedomMan.org, which is my personal blog that I personally control and own, and I never will use it as a vehicle to generate revenue as I see it as a personal mission and call from God to use

this website/platform as a tool to proclaim truth and expose corruption. Once again, the plaintiffs are making false allegations without any evidence or knowledge of the facts.

106. PARAGRAPHS 201 & 202 – The plaintiff again is engaging in more “throwing mud at the wall in the hope that some of it will stick.” There is nothing in Idaho Code § 48-603C that even remotely pertains to this case. The statute plainly states, “48-603C. UNCONSCIONABLE METHODS, ACTS OR PRACTICES. (1) Any unconscionable method, act or practice in the conduct of any trade or commerce violates the provisions of this chapter whether it occurs before, during, or after the conduct of the trade or commerce. (2) In determining whether a method, act or practice is unconscionable, the following circumstances shall be taken into consideration by the court: (a) Whether the alleged violator knowingly or with reason to know, took advantage of a consumer reasonably unable to protect his interest because of physical infirmity, ignorance, illiteracy, inability to understand the language of the agreement or similar factor; (b) Whether, at the time the consumer transaction was entered into, the alleged violator knew or had reason to know that the price grossly exceeded the price at which similar goods or services were readily available in similar transactions by similar persons, although price alone is insufficient to prove an unconscionable method, act or practice; (c) Whether the alleged violator knowingly or with reason to know, induced the consumer to enter into a transaction that was excessively one-sided in favor of the alleged violator; (d) Whether the sales conduct or pattern of sales conduct would outrage or offend the public conscience, as determined by the court.” Nothing in this law pertains to the Baby Cyrus case or any of the facts alleged in this case as we have not sold any product or service to any citizen of Idaho. As has already been demonstrated, the only unconscionable acts that have taken place in the context of this case are the acts performed by the plaintiffs in participating in the kidnap of my grandson and subsequently filing this frivolous lawsuit which is a textbook example of a “SLAPP” suit against those of us who they harmed.

107. PARAGRAPH 203 – Again, there is not a single shred of evidence that actions or proclamations that I have made are misleading false or deceptive. On the contrary, this entire lawsuit is misleading, false, and deceptive—while all the statements I have made are factually accurate, true, and provable with evidence already published and available in the public domain.

108. PARAGRAPH 204 – Our conduct and pattern of conduct are not outrageous and offensive to the public conscience. on the contrary.

kidnapping children and being paid to participate in it is outrageous and offensive to the public conscience.

109. PARAGRAPH 208 – The plaintiffs are falsely asserting that donations were solicited on behalf of Baby Cyrus’s parents so they could pay medical bills owed to SLHS and SLRMC. This is a flat out lie, and we never solicited donations for this purpose as I have already stated above in this response. Nevertheless, this paragraph 208, again demonstrates that St. Luke’s hospital admits to receiving compensation from “government programs” for whatever they claimed to have done to Baby Cyrus.

110. PARAGRAPH 209 – This is another outright lie. I never used any unfair, false, deceptive, misleading, or unconscionable acts and practices. On the contrary, people of good conscience and faith all around the world willfully and happily made donations on their own free accord because they saw the acts of St. Luke’s hospital, the Idaho Department of Health and Welfare, the Meridian Police department and all other bad actors pertaining to Baby Cyrus’s kidnapping as being unconscionable acts and practices!

111. PARAGRAPH 210 – As already noted, we never falsely represented the amount of liability incurred relating to medical expenses associated with treating Baby Cyrus. The plaintiffs are again just engaging in willful and malicious lying. And I can assure you that the Anderson family would never have given any money to St. Luke’s hospital after they participated in his kidnap. You don’t reward accomplices to kidnapping with compensation!

112. PARAGRAPH 215 – Again, it was St. Luke’s hospital and the plaintiffs who engaged in unconscionable acts and methods, not me.

113. PARAGRAPH 216 – Nothing I ever stated was misleading, false, or deceptive, but it was all true or something I believed and still believe to be true.

114. PARAGRAPH 217 – No, kidnapping children for profit is outrageous and offensive to the public conscience.

115. PARAGRAPH 218 – How do you “donate wrongfully?” Decent and godly people all around the country donated on their own freewill and free accord after watching video evidence and reading and seeing evidence with their own eyes how Baby Cyrus was illegally, immorally, and unconscionably kidnapped. Not a single donor has complained about their donation being used to help the Anderson family. On the contrary, everyone is grateful and

thankful to have been a part of restoring Baby Cyrus to his family.

116. PARAGRAPH 220 – The only ones who have misled the public are the bad actors who were responsible for the kidnapping of Baby Cyrus. And this includes all of the false allegations made by the plaintiffs in this very lawsuit.

117. PARAGRAPHS 222 – 227 – Not a single word that I have spoken relating to the Baby Cyrus case or story was false, misleading, or deceptive. This lawsuit is frivolous as has been demonstrated in this response on multiple occasions. Not a single allegation has been substantiated with evidence, and the plaintiffs have rejected my public offer to retract any false claims I have made and offer retractions to each plaintiff individually if they could simply demonstrate or produce any evidence that any claim I have made was false and that I knowingly proclaimed and spread false information. Their failure to provide any evidence only demonstrates that they know the entire case is a fraud, and they are hoping that they can mislead the public with this frivolous SLAPP suit and intimidate any other whistleblowers from exposing their wickedness, corruption, and unconscionable acts of evil.

CERTIFICATION UNDER PENALTY OF PERJURY

I certify under penalty of perjury pursuant to the law of the State of Idaho that the foregoing is true and correct.

Proof St. Luke's Performs Sex Changes on Children

St. Luke's Children's Hospital webpage is still advertising minor hormone therapy and sex change surgeries. This video gives proof.

Here is a link to one of St. Lukes Hospital pages advertising transgender surgeries and hormone therapy for minors:

Idaho passed a law that made both minor hormone therapy and child sex change surgeries illegal. However, that Idaho law does not go into effect until 2024. I guess all the children until then are sacrificial lambs to St. Lukes Hospital Executives.

Here are some links to 3rd party news article listing St. Luke's hospital as one of only 13 hospitals in America known to perform gender mutilation surgeries on minor children:

"Idaho Leaders United" have Lied and Defamed Ammon Bundy and Diego Rodriguez And they owe them a public apology and retraction or they must be sued in Federal Court

August 10th, 2023 | by Diego Rodriguez

On August 8th, 2023, the Idaho Statesman published a guest opinion article titled, "St. Luke's victory over Bundy is welcome. The work of fighting extremism must go on" that was full of defamatory lies. In fact, the authors of the article, *Idaho Leaders United*, a group of statist Republicans and various liberal ideologues, have succeeded in doing the very thing that St. Luke's hospital fraudulently claimed that Ammon and Diego did to them.

Plainly stated, Idaho Leaders United, *maliciously and intentionally lied about Ammon and Diego in an attempt to cause them public harm and damage—the definition of defamation!*

In order to actually qualify as legal defamation, it must be demonstrated that what they said was a lie or that the slanderer should have reasonably known it was a lie.

In the case of Diego and Ammon, *every last thing we ever said about St. Luke's is the truth and we still know it and believe it to be the truth.* We also have evidence to prove nearly everything we have stated. However, Judge Lynn Norton issued an order literally prohibiting me from providing any evidence in our case. That is obviously a very important detail that nobody wants to publish because it would strike terror in the hearts of the public if they knew that this type of dishonesty and tyranny took place in their own courts. *Imagine being sued and not being allowed to provide evidence to prove your case!*

But *Idaho Leaders United* has definitely lied about me and Ammon in their article. And they either knew what they were saying was a lie or should have reasonably known it was a lie, and the very tone and language of the article itself evidently demonstrates that their article was published with the specific intent “to impeach the honesty, integrity, virtue or reputation, or publish the natural or alleged defects, of one who is alive, and thereby to expose him to public hatred, contempt or ridicule.” (That is the legal definition of libel which is defamation.)

I have no problem with Idaho Leaders United publishing opinions or facts. They can say that Ammon and I are dumb idiots and that Ammon is a hick from the styx and that I'm a greasy Mexican. Have at it. You can even falsely accuse us of being “extremists” or “anti-government” or whatever other nonsensical pejorative terms you choose to use to further your agenda. We couldn't care less about your opinions.

But lies that are defamatory that misrepresent the truth in a case of great public importance is unacceptable. You must stop lying. Here is a short list of the lies that you intentionally published in your deceptive article:

DEFAMATORY LIE #1 - “The incident at St. Luke’s Health System was a distressing display of extremist behavior, where Mr. Bundy and his followers trespassed on private property and, more alarmingly, blocked access to emergency services.”

Nobody protesting the kidnapping of Baby Cyrus (my grandson) trespassed

nobody protesting the kidnapping of Baby Cyrus (my grandson) trespassed on private property or blocked access to emergency services. Our protests were on the sidewalk and were entirely peaceful. Had anyone been trespassing, the police would have been called and arrests would have been made. But that never happened. Idaho Leaders United simply lied.

DEFAMATORY LIE#2 - “As a result of their actions, the hospital was forced to shut down, diverting ambulances and blocking emergency department care.”

This lie is connected to the first lie where they are claiming that by trespassing and blocking access to emergency services the hospital was forced to shut down. Notice they said, “as a result of their actions.” On the contrary, the hospital was voluntarily shut down by St. Luke’s on March 15th, 2022 as a distraction so that St. Luke’s could transfer Baby Cyrus to IDHW. Not only did we have a whistleblower from within St. Luke’s call us to tell us that, but we have [video on our website](#) showing how peacefully the protestors were acting in the exact moment that St. Luke’s shut the hospital down (Video #4 on [this page](#)). Also, St. Luke’s refused to provide video footage of their security cameras in a discovery request, which would have shown that nobody blocked access to emergency services on that day. Obviously and evidently, St. Luke’s refused to provide this evidence because it would prove them to be liars just like Idaho Leaders United is for making these false statements in their article.

DEFAMATORY LIE #3 - “Subsequently, the hospital and staff members were targeted and defamed with vicious lies.”

The truth is that not a single lie was told about a single staff member at St. Luke’s. Everything we ever stated or claimed was true and factual. I provided the factual rebuttals to every single one of St. Luke’s false claims, but Judge Lynn Norton likewise issued an order striking my responses from the record. So while nobody can get those responses from the court docket anymore, they are publicly available on my website on [this link here](#).

Additionally, I am so confident that I have not told a single lie about St. Luke’s or their staff members that I have made a [public declaration offering to immediately take down anything I have published about St. Luke’s that is not true](#). I also offered to make apology videos and other retraction materials for St. Luke’s to use to restore their reputation and I even offered to create a website called DiegoWasWrong.com where all of this information could be stored permanently for public access. And finally, I even offered to write a check to St. Luke’s for \$50,000 (the initial amount requested by St. Luke’s in their first complaint), if they could simply prove that I made any factually inaccurate statements.

Let it be known that St. Luke's never demonstrated in public or in the courtroom that I ever made any factually inaccurate statements about them and as a reminder, all of the evidence that I have to prove my statements accurate were disallowed from being heard in the courtroom.

These are simple facts that Idaho Leaders United should have reasonably known before publishing their defamatory article.

DEFAMATORY LIE #4 - "By peddling misinformation and stoking the flames of fear, extremists like Bundy aim to collect a following of easily influenced individuals who may feel marginalized, frustrated, or disenfranchised."

As noted above, there was not a shred of "misinformation" that was peddled. And you ought to have known that or should have reasonably verified such a claim before publishing it. In fact, your actions are the Textbook example of "projection" where diabolical and psychopathic bad actors accuse you of doing exactly what they are doing.

We demand a public retraction of your defamatory lies. Feel free to speak negatively about us as much as you want. That is your right to do so. And even if you call me a big, fat, stupid, ugly, right wing extremist, I will fight for your right to say so and to call me that. You can publish any opinions you want.

But no, you don't get to LIE in public about Ammon and I with the intent "to impeach the honesty, integrity, virtue or reputation, or publish the natural or alleged defects, of one who is alive, and thereby to expose him to public hatred, contempt or ridicule" all so you can breed fear and division among our communities. You must stop lying just so that you can collect a following of easily influenced RINOs and weak men and women who may feel marginalized, frustrated, or disenfranchised. You must stop lying as a means to prey on the vulnerable and attempt to control them through manipulation and false promises.

Idaho Leaders United is nothing more than a fraternity of rich bullies who use their positions, power, and access to spread lies and disinformation in order to attract more followers and magnify their fame, power, and influence. You all should be ashamed of yourselves and your actions.

And you must start TELLING THE TRUTH. We expect your public retraction

within 1 week. Otherwise, expect to see a defamation lawsuit filed against Odette Bolano, CEO, Saint Alphonsus; Tommy Ahlquist, CEO, Ball Venture Ahlquist; Gary Raney; Bill Shawver; Doug Gross, CEO, Gross Farms; and Cortney Lilliard, CEO, Ball Ventures. And please note, according to the Constitution Article 1 Section 8, this lawsuit will be filed in Federal court as I am a Florida citizen who will be suing Idaho citizens, so you will not have the protection of the corrupt Ada County court system.

ST. LUKE'S HEALTH SYSTEM, LTD; ST. LUKE'S REGIONAL MEDICAL CENTER, LTD; CHRIS ROTH, an individual; NATASHA D. ERICKSON, MD, an individual; and TRACY W. JUNGMAN, NP, an individual, Plaintiffs,

vs.

AMMON BUNDY, an individual; AMMON BUNDY FOR GOVERNOR, a political organization; DIEGO RODRIGUEZ, an individual; FREEDOM MAN PRESS LLC, a limited liability company; FREEDOM MAN PAC, a registered political action committee; and PEOPLE'S RIGHTS NETWORK, a political organization, Defendants.

Case No. CV01-22-06789

NOTICE OF APPEAL

TO: THE ABOVE NAMED RESPONDENT(S), AND THE PARTY'S ATTORNEYS, AND THE CLERK OF THE ABOVE-ENTITLED COURT.

NOTICE IS HEREBY GIVEN THAT:

1. The above named appellant, Diego Rodriguez, appeal(s) against the above-named respondent(s) to the Idaho Supreme Court from the final judgment entered in the above-entitled action on the 29th day of August, 2023, Judge Nancy Baskins presiding. The judgment is attached to this Notice of Appeal.

2. That the party has a right to appeal to the Idaho Supreme Court, and the judgments or orders described in paragraph 1 above are appealable orders under and pursuant to Rule 4 and Rule 11 I.A.R..

3. A preliminary statement of the issues on appeal which the appellant intends to assert in the appeal are below; provided, such list of issues on appeal shall not prevent the appellant from asserting other issues on appeal.

A. Judge Lynn Norton actions in the case were violations of Constitutional Rights and various laws and statutes:

1) According to Idaho Rules of Civil Procedure #55, the entire case should have ended with a default judgment within 21 days. Since Judge Lynn Norton disobeyed the Idaho Rules of Civil Procedure, this case was inappropriately extended when it should have ended nearly a year before the final judgment was issued.

2) Judge Lynn Norton issued an order striking all of Diego Rodriguez's answers from the record, violating his due process rights.

3) Judge Lynn Norton, in the same order, prohibited Diego Rodriguez from presenting any evidence contrary to the allegations made against him by the plaintiffs. This is a complete violation of due process rights.

*STORIES ABOUT THE

- [Truth About St. Luke's](#)
- [Share Your Horror Story](#)

4) Judge Lynn Norton broke the law, the Constitution, various codes and statutes, or the Idaho Civil Rules of Procedure at least 12 different times during the course of this court case demonstrating and unprecedented, unconscionable, and egregious amount of judicial bias which inappropriately prejudiced all aspects of this case. These violations have been noted and filed with the Idaho Judicial Council and will be explained in detail in the forthcoming appeal.

B. The Premise of the Case Infringes on First Amendment Rights.

1) I have the right 1st amendment right to freedom of speech, which includes the right to publicly declare things that I know to be true or believe to be true—particularly when I have evidence. Since Judge Lynn Norton prohibited me from providing evidence, I was denied my due process rights and the opportunity to demonstrate that everything I have stated is empirically true and accurate.

2) There was no defamation in this case as every statement I made against the Plaintiffs was true and accurate, or something I believe to be true and accurate, and I have evidence demonstrating it to be true and accurate.

3) All 8 counts of the case are demonstrably false and have grounds for immediate dismissal if the case were to be reviewed by an unbiased judge who obeys the rule of law.

C. The proceedings violated Idaho Rules of Civil Procedure and prejudiced the jury against the defendants.

1) The jury selection process was inappropriate and selected biased jury members by allowing jury members who are employed by the plaintiff (or married to employees of the plaintiff), others with a well-established history of antagonism towards the defendants, and Judge Nancy Baskins even permitted a juror to stay on the jury after the juror vocally expressed and admitted she had bias against the defendant(s).

2) Judge Nancy Baskins lied to the jury and claimed that Diego Rodriguez “had a chance to participate but chose not to participate in the case proceedings.” This is a false statement and it prejudiced the jury.

3) The Plaintiffs presented empirically false evidence which further prejudiced the jury and which the defendants had no opportunity to refute.

4. There are parts of the record that have been sealed. Most specifically, there was an order sealing trial medical records admitted as evidence. This order was signed by Judge Nancy Baskins on August 29th, 2023, and states, “Due to the sensitive and personal nature of the information contained in the medical records evidence, the Court has determined the evidence must be sealed to protect the confidentiality of the information as to the infant C.A. As such, Plaintiffs’ Trial Exhibits 1, 2, 3, and 5 shall be sealed.”

C.A. AS SUCH, PLAINIFFS THAT EXHIBITS 1, 2, 3, AND 5 SHALL BE SEALED.

5. A reporter's standard transcript is requested in electronic (i.e. PDF) format as defined in Rule 25(c), I.A.R. and specifically supplemented (if the standard transcript does not already include) with the following:

- a) Voir dire examination of jury.
- b) Opening and Closing arguments of counsel.
- c) The testimony of each witness.
- d) Instructions verbally given by the court.

5. The appellant requests the following documents to be included in the clerk's record in addition to those automatically included under Rule 28, I.A.R.:

- a) All requested and given jury instructions.

6. (a) I certify that a copy of this notice of appeal has been served on each reporter of whom a transcript has been requested as named below at the address set out below:

Name and email address: Christie Valcich (cvalcich@adacounty.id.gov)

(b) That the appellant is exempt from paying the estimated transcript fee because the amount requested for the transcripts is over \$6,200, which is an amount I simply cannot pay and will constitute a financial hardship on me.

(c) That the appellant is exempt from paying the estimated fee for the preparation of the record because payment of these fees will constitute a financial hardship on me.

(d) That the appellate filing fee has been paid.

(e) That service has been made upon all parties required to be served pursuant to Rule 20 (and the attorney general of Idaho pursuant to § 67-1401(1), Idaho Code).
